OFFICIAL NOTICE.—Mercantile advertisements must be handed in on Saturday Morning to insure their appearance in the sanctum of the paper. Legal advertisements, which cause the printer, usually, require all the type we can spare on Monday.

Local Record.

—Wheat is needing rain.

—Flour has advanced to from $9 to $10 per barrel. The price of wheat is still going up.

—Mr. Edward S. Harrison is building a new house in Oxford.

—The ground was slightly frozen one morning last week, and overcoats were not uncomfortable on Friday and Saturday.

—Miss Mollie Stewart, daughter of the late Capt. James Stewart, has been appointed Post Mistress for Oxford.

—Go to McGinn's while his stock is full, and order your bedding plants. He has a large assortment at his green house on Dover road.

—Lane, next door to Minnick's news depot, keeps up a retailing trade. Persons sometimes come all the way from Tilghman's Island, just to buy a lot of his cheap goods.

—Try your cigars and tobacco of Silas Lane, opposite the Penguin House, and help a good, old disabled man, to make a living for his family. Silas keeps good cigars and tobacco, and sells as cheap as anybody.

—Messrs John W. Gheesum & Co., have just opened a new and large invoice of goods, of every description, and are selling them exceedingly cheap. Those in search of bargains should give them a call.

—Mr. A. H. Lerrimore has rented Mr. Thos. C. Kind's large store room, to carry on the tinning business. He leaves for the North today, and next week will have on hand for sale a full stock of all kinds of carriages.

—Benson & Co., at Oxford, have launched the new schooner they have been building for Capt. C. E. Leonard. The model is said to be very handsome, and the boat will doubtless be a fast sailer, as Benson & Co's vessels are famous for their sailing qualities.

—The fishermen tell us, this has been the worst season for fishing on the Choptank ever remembered by the oldest fishermen. Many days they do not average one shad for two nets. This is a losing business. It is supposed that the fish have been blown off their course by the almost constant high easterly wind.

—We print this morning an interesting article on Schobeth Beach. A detailed description of a place of so much interest, located so near us, ought to interest our readers, some of whom may be meditating building a "cottage by the sea" as a summer resort.

—Now is the time for the ladies to send their orders for flower seed to James Vick, Seedsman, Rochester, N. Y., so as to have them ready to sow in the open ground by the first of May. Vick is as reliable as any florist in the world, and in ordering from him, persons will be sure to get good seed, and just what they order.

—About the 1st, 2nd and 3rd of May, the M. E. Sunday School will give three Art Entertainments, somewhat on the plan of Professor Gatewell's exhibitions. The entertainments will embrace pictures and music. The superintendent of the school has the matter in charge, which is a guarantee that it will be top-class in all respects.

—Mr. Joseph T. Tunis' saw mill, at Claiborne, was destroyed by fire on Tuesday afternoon, together with a quantity of lumber in and about the mill. Mr. Tunis' loss is estimated at $3,000, with only $2,000 of insurance, in R. R. Dixon's agency. Mr. Tunis has lost by fire in the last five years $27,000 worth of mill property, with only $10,000 of insurance.

—The report of the Trustees of the Almshouse, which we print this morning, makes a very fair showing. The Trustees appear to have managed the establishment economically during the past year, and only ask for a levy of $7500, to meet the expenses of the present year. The sanitary condition of the Almshouse is represented as good. The average number of inmates is about 45, half white and half black, and only 9 deaths are reported to have taken place during the year. The farm products appear to be satisfactory, and considerable produce was sold.

—Mr. Patchett, the elder, has been clerking in Mr. Jesse H. T. Hubbard, at his grocery and feed store on Dover street, while Mr. Hubbard has been fishing on the Choptank. On Friday morning, two negroes—Charles Tolly and another boy—called at the store and asked the price of bran, and said they wanted a half bushel. Charles stood at the other end of the room, near the counter, opposite the money drawer, while the other boy went with Mr. Patchett to the bran bin. While Mr. Patchett was measuring the bran, he kept one eye on Charles, and both ears wide open. Shortly he heard Charles operating on the money drawer, over the counter, and made a rush by the time he got the drawer half out, and before he had time to get any of the money, which was in the back part of the drawer. As soon as he was detected, Charles ran out of the store, the boy pretending to get the bran following him, which shows that it was a made up job between them. Mr. Patchett locked the store and followed them. The boys ran too fast for him to overtake them.

—For Sale.—A Grover & Baker Chain-Stitch Sewing Machine. Inquire of the editor of the Star for particulars.

—Dodgers, handbills, pamphlets, cards, circulars and other JOB WORK neatly and rapidly printed at the STAR Office.

—Land Sale.—Mr. J. A. F. Neal, guardian, has sold the Alexander Jones farm, near Bozwyds, 40 acres, to Charles E. Kemp, of Dennis, for $300.

—The Markets.—Wheat has gone up to $2. Sales last sold for $2 on Friday. The price has been $1.90 to $2 according to quality. Corn is worth from 57 cents to 60 cents. Oats 44 cents to 48 cents. Rye 85 cents. Farmers have commenced to ship wheat to Europe, and should the Chinese take to eating rice instead of rice, China will require more than California can supply.

—Harper's Magazine for May is received. It is an exceedingly fine number, and profusely illustrated.

—The Galaxy for May is at hand. Among the good things contained in it, is a very interesting article on "The London Theatres," by Henry James, Jr., and a paper on "English Poets," by Richard Grant White.

—Demorest's Magazine for May brings us the latest fashions for ladies, beautifully executed colored plates.

—Church Burner.—The colored people of the Methodist E. Church, situate on the Bay Side portion of Easton, was destroyed by fire Friday morning, between 9 and 10 o'clock. The fire commenced on the roof, and was caused by a spark from the adjoining building, occupied by an old colored man named Charles Thomas. Charles' house was about four feet from the Church, and narrowly saved by hard work and good management, the force fighting the fire being directed by Mayor Wm. E. Stewart, Joseph Lowe and Peter C. Killen. The Ashley brothers are building a new brick Church on the burnt building, and the fire will only accelerate them, to push ahead their new church edifice, so that they will not be without a place of worship. The old Asbury has been the scene of many lively meetings, but, alas! it will witness no more of them.

—During the past winter several circuses have monopolized the invention of the New York Museums, each endeavoring to manage its business by the organization of a "humbug" larger than the other, which we must say for the exhibition of good judgment on their part, as the people are always sure to patronize the largest and the best. Of course, the managers, jealous of his rival, was ever ready to tell of the other's movements, and put the money expended, now one would think, in his neighbor. For several years past Mr. John O'Brien, a wealthy showman and merchant importer, has had an enormous tent in circuses and menageries, travelling each year, in different directions, but ever the same, and as high as six companies at the same time, making the one last season larger and better than the previous one, and managing the same in person. By experience he has learned that the public like every humbug, if attractive, if novelty and possibility the fables were made the most money. This fact, and a desire of rival managers to outdo, induced him to change all his old stock, and this season he takes the field, confident of success in 1877, and with the humbugs and novelties of his present attraction he will cheat the public, the entire six shows must give satisfaction in an honest value, for, while he presents six times the number of exhibits and six times the amount of attraction in the ring, there is no amount in the price of admission, which remains the same as that asked by the smaller shows travelling the country, the manager depending upon the enormous crowds of humanity which his vast pavilion is sure to bring him for his enormous display. O'Brien's Six Consolidated Shows of Antiquity, will exhibit here Monday, April 23rd.

—Amusements.—The young people connected with the Methodist Church are preparing for a Dairy Social, preparatory to be held in Temperance Hall, on next Friday evening, commencing at 3 o'clock, to which the ladies of this town are cordially invited. The young people of this town understand how to get up entertainments and, we have no doubt, will have a very pleasant affair. Admission 15 cents.

—The Theatricals.—On Monday and Tuesday nights of last week, the Harper Dramatic Company gave an entertainment in our Academy that was highly creditable to the manager and actors. At each night the town hall was crowded. On the first evening they played "The Sparrow Family," S. D. Hopkins' Yankee Clock, and Mr. Georgeson's Book and Lady Gravesby Generally, and "Here Then One," Barney Williams' Mr. Lorry O'Rourkeen. On the second they played "The Lottery Ticket," George W. Sanford Wentwood, and J. H. McHale Chandos, and "A Gentleman from Ireland," Barney Williams McHale or Good Pilot character. The "Bars" were well crowded by the company, and the performance was so well that, at the public demand, the first evening programme had to be repeated on Wednesday evening. Mr. Samuel B. Hopkins, Jr., was Stage Manager. The Mozart Band Orchestra, under Capt. Hahn, filled up the interludes with delightful music, expressly prepared for the occasion. We understand that the company have an engagement "The Sparrow Family," and "Here Then One," at Centreville, on the 20th inst. Our neighbors of Queen Anne's may confidently expect a real enjoyable entertainment. The Band will go with the company.

FOR SALE

A very good second hand Piano. Inquire of the Editor of the STAR.

—P. L. Stolzius, the ready-made clothing dealer, on Dover street, has just returned from the city with a very large and very elegant stock of clothing, dress coats, business coats, boys' coats, pants, vests, and under clothing. His long experience and thorough knowledge of the clothing trade, enables him to buy where the best bargains are to be had, and his large business has been built up by selling at a very small profit. He offers now greater bargains than ever before. In fine coats, vests and pants, he defies competition, and earnestly invites those wanting new suits to call and see for themselves.

—Scriptural.—"Simmons's Regulator is certainly a specific for that class of complaints which it claims to cure. Of its beneficial effects we do know something; and, from personal experiments, it is our opinion that its virtues have not been exaggerated by the many flattering notices of the press. If any of our fellow beings are suffering from hepatic disorders, and have doubts in relation to the efficacy of this popular preparation, we can only offer them the simple and candid argument of Philip to Nathaniel, 'Come and see.' Try the proposed remedy, and then you can judge for yourselves.

REPORT

OF THE TRUSTEES OF

TALBOT COUNTY ALMS HOUSE,

FOR THE YEAR ENDING APRIL 4TH, 1877.

TO THE HONORABLE
COMMISSIONERS FOR TALBOT CO.

Gentlemen:—The time has arrived to make our written report of Talbot County Alms House for the year ending April 4th, 1877. The Trustees have held regular meetings once in each month, mostly attended by all the members, including the Physician, Dr. I. A. Barber, who has given general satisfaction to the Trustees and also the inmates of this Institution. His attention has been regularly given weekly, and oftener when necessary. The health of most of the inmates has been generally good, with the exception of some very old and infirm persons, whose diseases are of such a chronic form as to render them doubtless incurable. The care and attention bestowed on these unfortunate invalids by our worthy Matron, Ethel M. Collins, assisted by an attentive Supervisor, has been the means of maintaining good order and at the same time administering to their wants in a suitable and becoming manner. The average number of inmates for the past year being 46, about an equal number of white and colored; they have been furnished plentifully with good and wholesome food, and clothed in a sufficient and comfortable manner. By reference to the previous year's register we find the number of inmates to be about the same as the present, and the number of deaths to be 13; the present year's record shows the number to be 9. The present medical system has been a saving to the County of over $100 in medicine alone. With reference to the financial condition of the Institution, we consider it proper to give a full and accurate statement.

You will find by reference to previous levies for a number of years past the expenditures have been from three to five thousand dollars per annum, besides the products of the farm. Not knowing what amount would be required for the past year, we respectfully asked at your hands $3,500. At the time there was standing to the credit of the Alms House $5.28 in Bank, and in your hands a balance of $800, which was duly paid over to us. The amount of bills which had been passed and payment ordered by the prevous Board of Trustees, together with bills which had been contracted during their term of office now on file, and paid by us, amounted to.....$ 633 97

To which add 3 mos. accrued wages to hands for work on farm up to April 1st, 1877..... 97 50

This sum deducted from balance of previous year levy &c., of $865.-28..... $ 731 47

Left a balance in our hands April 4th, 1876.....$78 96
To which add 205 bushels corn sold out of crop raised in '75 as per bill filed..... 96 11 } 169 07

There was raised on the farm last year (1876) according to the report of late Supervisor 561½ bushels wheat, 320 bbls corn, 4,500 lb pork and a quantity of vegetables for use, 100 bushels of wheat reserved also for use, and 55 bushels of wheat sown on farm. We have sold from the farm the following products of last year (76) viz: beef, wheat on per account of sales filed..... 449 94
475 bbls corn as per account of sales filed..... 213 65
6 calves $24, 3 heifers $42 50, 49 pounds wool $14 49, hogs & sheep $598; &c., $125 52..... 87 49
To which add amount levied for current year..... 3500 00

And we have available assets to meet the various expenses of farm and Alms House.....
From which deduct bills and accounts paid and now on file..... $1255 00
Also outstanding accounts to be paid up to April 4th, 1877, amounting to..... 421 00 } 1676 00

Leaving a surplus out of previous year's levy of..... 823 76

We meet the economic argument that only we guess what we want, and call on your hands a levy of 1200 dollars.

All of which is most respectfully submitted for your consideration.

WM. H. POWELL, Sec'y.

E. V. HIGGINS desires to keep it before the public that she is still at the *OLD MILLINERY STAND*, adjoining the M. E. Church, Easton, and has already laid in quite a stock of New Spring goods, viz:

Latest Style Flowers,
Latest and Finest Grade Silks,
Cheap and Fine Straw Hats,
Shade Hats and Dress Hats,
Corsets, Bustles,
Gloves, Zephyrs,
Mottoes, Searfs,
Edgings, Insertions,
Ornaments, Ruffling &c

all of which she is selling at the usually reasonable prices. She will from time to time be adding to her stock as the season progresses. mh20

1877. SILK HATS! 1877.

I HAVE for several weeks had my SPRING STYLE SILK HATS! on exhibition, and any young man desiring to lead the style can secure one at a low figure at the Hat and Shoe Store of

mh20 M. M. Higgins.

Wool Hats! Wool Hats!

WHILE in the market last week I paid special attention to the selection of a line of WOOL and cheap FUR HATS for

Men and Boys;

and desire to call the attention of my trade to them. Fine Wool Hats are now in style that are equal in style and beauty to a fur for less, and my fur hats are now lower, for such a hat call at the cash market and he will sell them at prices to suit. M. M. Higgins
