Ayer's Hair Vigor

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy and effectual for preserving the hair. Faded or gray hair is restored to its original color, with the glow and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Neither the oil nor dye, the mere stain which some preparations leave, nor the gluey sediment which others deposit, can be found in this preparation. Its effects are permanent, and depend upon the healthy action it induces upon the scalp. Thus dandruff, a cause of baldness, is cured by it, and the hair, when once restored to its original color, remains unchanged for months or years. Nothing can be more unfounded than the assertion that the hair, when once gray, can never be restored to its original color. Not a few only, but many persons, whose hair has been restored by this preparation, have given their testimony for the benefit of others who are still gray. Neither can any other preparation be found which will do the work of this. Its effects are not those of a mere stain, but of a healthy vigorous growth. It contains no oil or dye, and does not soil the finest linen. It is not a liquid, but a delicate fluid, which will not injure the most fragile fabric. It is not sticky or adhesive, but so refined that it will be found the most agreeable of all hair dressings. It is not a sudden stimulant, but a gentle tonic, which will not injure the most sensitive scalp. It will keep the hair from falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit, but not harm, it. If a wanted article for the HAIR DRESSING, nothing will ever be found so desirable. Containing neither oil nor dye, it does not soil white embroidery, and yet lasts long on the hair, giving it a rich, glossy lustre and a grateful perfume.
