$999 Can't be made by every agent every month in the business we furnish those who will work with us. Any active man or woman can easily earn a dollar a day and upwards in their own localities. We have no room to explain here, but if you write you will see that we mean what we say. We want one active person in each town or county to take the agency for our publications. Business entirely honorable. Any one can succeed who follows our plain directions. Those who are already employed are rapidly earning from $100 to $200 per month. We supply the business. We furnish everything needed. We explain the business fully, and we make the offer that we will pay $100 to any person who will show that our statements are false in any respect. We also offer $1000 for a single case we cannot supply with employment at home. We publish three large papers, and have 20 years' experience in the business. We mention these facts to show that we are responsible. Any person who sees this notice may write to us, and address their letter in the manner they think will be most likely to attract our attention. Many persons who are now in affluent circumstances, have stated that they commenced business with us when they were comparatively poor. Those who commence at once will have a great advantage over those who delay. Now is the time to commence. Address, TRUE & CO., Augusta, Maine.
