LOCAL RECORD.

The Markets.

The grain market was firmer last week. Choice southern wheat in Baltimore sold on Saturday at $1.27. Best Maryland will bring $1.25. Corn is worth 60 cents. Oats 35 cents. Rye 80 cents. Refined Coal Oil 14½ cents. Gold is quoted at $1.04½.

—The State Teachers' Association will meet in Easton on the 10th of July.

—Business is said to be very dull and money scarce in Baltimore.

—We call special attention to the new freight list of the Maryland Steamboat Company published in this morning's STAR.

—How can I have a clear and brilliant complexion? Simply by using Dr. Bull's Blood Mixture and observing the rules of health.

—The Teachers' Association of Queen Anne's county will hold its next meeting at Centreville, on the 21st of July.

—Mr. T. T. Martin has sent us a sample of new potatoes, of the Early Rose variety. He has them for sale at his store at 15 cents per peck.

—We had a fine rain here on Sunday, which will make the wheat grain finely. Yesterday was cloudy and cool, with a fine breeze, first rate weather for the wheat crop.

—Edward B. Emory, Esq., and Miss Rita Tilghman, eldest daughter of the late Col. Lloyd Tilghman, were married at Centreville last Tuesday by Rev. James A. Mitchell.

—Arrangements are making for a big trot at Hambleton Park course on the 4th of July. Circulars will soon announce what horses are entered. The public may expect fine sport.

—Frederick Emory, Esq., a reporter of the Baltimore *Evening Bulletin*, is visiting his father, Mr. Blanchard Emory, in Queen Anne's county. He was serenated by the Centreville Cornet Band one evening last week.

—The Peak Family Swiss Bell Ringers gave concerts at the town hall in Easton, on the evenings of Monday and Tuesday of last week. They had good houses and delighted our people wonderfully. Their entertainments are excellent.

—Three Talbot horses, Gray Squirrel, Potato Bug, and the Middleton horse, are entered in the trotting matches soon to take place at Oxford, Pennsylvania. We bet that Gray Squirrel will win his race.

—Jarrell, Nichols & Cox have just received a large stock of groceries and queensware and are now ready to supply farmers with their harvest goods. They offer special inducements in large quantities.

—The M. E. Sabbath School of Easton have chartered the magnificent Steamer Samuel J. Pentz and will give their grand annual Excursion to Baltimore city, from Miles River Ferry and St. Michaels on Thursday, July 5th. Don't forget the date.

—Professor Minnick has just had the front of his dwelling and store newly painted with Bradley's Enamel Paint, which he has for sale at $2 per gallon. The house has been painted a light stone color, almost a pearl, and presents a glossy and beautiful appearance.

—The Maryland Steamboat Company have put the Kent on the Choptank as a night boat, and put down the fare to only 35 cents. She will leave Baltimore every Monday, Wednesday and Friday night at 6 P. M., for Denton, and returning, will leave Denton every Tuesday, Thursday and Saturday.

—The Chestertown *Transcript* says somebody is taking up and removing the iron from the Kent County Railroad. There ought to be a law prohibiting the taking up and removing the rails, except for repairs, on railroads in the State built in part by the State, or the counties through which they run.

—The art exhibitions given at the town hall last week by Professor C. H. Hopkins afforded our people an opportunity to see representations of many of the most noted works of art and scenes in both the old and the new world. Such exhibitions are both instructive and entertaining. Those who failed to attend missed something worth seeing.

—Last Tuesday was a bad day on wheat. It was damp, warm, and calm, just the kind of a day to rust the wheat and spoil the crop. Wednesday was showery again, but there was a fine breeze, to shake the water off the straw. Wheat is now in a precarious condition. A few warm, damp, calm mornings would be fatal to the crop.

—The Band Excursion to Baltimore on Thursday was in all respects a pleasant affair. About 350 persons went to Baltimore. But for the liberality of the Weems Company, the excursion would have brought the Band in debt. They added $25 on the charter money and allowed the Band to let the staterooms while returning home at night, which brought them out nearly whole. The Band speaks in very complimentary terms of Capt. Gourley, who is every inch a gentlemen.

—The ladies will please remember that the cheapest place at which to purchase their summer supply of millinery and fancy goods is the Fashionable Bazaar of Mrs. M. S. Norris, opposite the court house in Easton. Her stock is very large, has been selected with the utmost care, and includes all the very latest summer styles. She is determined not to be undersold by any other establishment. All goods warranted to give satisfaction. Call and examine before purchasing.

—Over indulgence in eating and drinking, whereby the liver is disorganized, and the system deranged. The suffering resulting from dyspepsia is very terrible, and the sooner the patient can get relief the better. There is no remedy so effectual for the cure of this disease as Simmons' Liver Regulator. D. B. Dobson, M. D., of Deer Park, Ala., says: "I have used the Regulator for eight months, and find it has cured me entirely of dyspepsia. It is the best medicine I ever used for that disease, or, rather, it is the only one that has proved satisfactory."

—If Mr. Henry Nicols will read the official proceedings of the court in the *Ledger*, he will find the facts of his case stated precisely as they appeared in the official proceedings published in the STAR. In our local notice of the case, we stated the facts precisely as we received them from the Judge. Mr. Nicols says he distinctly wishes the public to understand that he has been a law-abiding citizen. We hope he will hereafter make good his claim to that distinguished honor by avoiding giving further cause to be prosecuted under the local option law.

Gone to the Penitentiary.

On Tuesday, Sheriff Grace took the prisoners convicted at the May term of our Court and sentenced to the penitentiary, to Baltimore, and placed them in the State prison. There were six of them as follows: Alexander Trippe, Perry Dorsey, Frank Young, Mary E. Nicols, William Mason, and Josiah Skinner, all negroes.

Maryland Steamboat Company.

The steamer Samuel J. Pentz has been placed on the Miles River route for the summer, and will come to Miles River Ferry every Tuesday and Friday, leaving Baltimore at 6:30 A. M., returning will leave Miles River Ferry at 11 o'clock A. M. She makes the first trip to-day. Those going to Baltimore should be at the wharf before 11 o'clock, or they may miss the boat.

Another Grand Excursion.

The Trappe Methodist Episcopal Sunday School Excursion from Easton, Double Mills, Oxford, and Tilghman's Point to Baltimore, takes place Wednesday, the 13th of June, in the steamer Samuel J. Pentz. Fare $1; children 50 cents. Tickets for sale by William G. Ball, at J. J. Jump & Co's, and by John Straughn, at Shannahan & Straughn's, Easton. All who want to participate in the excursion, and have a pleasant day on the water and in Baltimore, should secure a ticket.

Spring Season.

Now the human system is more than ever disposed to get out of order by the insufficient efforts of the liver, to disgorge the excess of the bile. If it is not assisted in this work, bilious attacks must necessarily follow. Simmons' Liver Regulator, prepared by J. H. Zeilin & Co., Phila., sole proprietors, has proven itself to be the Great Regulator of the Liver, and in the spring especially should this valuable medicine be taken. It can be found for sale by all first-class druggists.

A Gold Ring Story.

About two years ago, a young lady of Easton, while staying at "Cedar Point," the residence of Joseph R. Price, Esq., lost a fine gold ring while bathing in the river. Last Thursday she was at "Cedar Point," again, and went out rowing in a boat. While rowing over the place she lost her ring two years ago, she saw the ring on the bottom of the river. She stopped the boat, marked down the place, and succeeded in recovering the ring. She caught now to point in very knowing, for it seems to be a lucky ring.

The Methodist Protestant Sunday School Excursion.

The Methodist Protestant Sunday School excursion from Miles River Ferry to Baltimore, announced last week, takes place next Friday. The large steamer Marietta, of the Weems line, has been engaged, which is an assurance that all who want to go will be accommodated. Tickets may be had of either of the drug stores in Easton, and also at the stores of Professor Minnick and Jarrell, Nichols & Cox. The boat will touch at St. Michaels going and returning. Price of tickets 75 cents; children 50 cents. Nothing will be left untried to render the excursion pleasant in all respects to those who may go.

The American Farmer.

The June number is at hand, presenting the usual complete and varied index of valuable contents appropriate to the season and to the needs of our farmers, who should not be without the advice and suggestion of this now venerable farm journal. The use, the preparation and the application of fertilizers is always a prominent topic in its pages, as also are the advantages of improved stock of some celebrated individuals, of which there are in this number several engravings. The staple crops, fruit culture and ornamental gardening all find due space, and no country home but should have the monthly visits of the *Farmer*. Published by Sam'l Sands & Son, Baltimore, at $1.50 a year, or $1 to clubs of five or more.

Tuckahoe Bridge.

We understand that the parties interested in the construction of Tuckahoe bridge are about to take a new start, with a view to go ahead and have the bridge constructed. Thomas R. Coward, Esq., of Baltimore, who owns the property at Doane's Landing, in Caroline county, where it is proposed to bridge Tuckahoe Creek, came over here on Tuesday, with a plan and drawings of the bridge and draw, prepared by Shoemaker & Co., of Baltimore, with a view to push forward the work. The estimated cost of the bridge, draw, and causeway, made by Shoemaker & Co., is only $2,300. We do not think it would be difficult to raise this sum for so important a work. The Easton merchants, who are interested in the trade of Tuckahoe Neck, would doubtless subscribe a good portion of the stock. We trust the bridge will soon be built.

The Queen Anne's Game in Caroline.

It is known that Thompson & Kersey were prosecuted by the grand jury of Queen Anne's county at the late term of court, for selling goods by sample in Queen Anne's county. Somebody in Queen Anne's county must be interested in preventing cheap goods being sold in that county. The case was removed to this county and tried at the May term of our court, but the decision of the judges was withheld. Thompson & Kersey contend that as "drummers," or sample clerks, from the city are at liberty to sell goods anywhere in the State without a license, they have a legal right also to send out sample clerks and take orders from any one who may feel disposed to order their cheap goods, the law making no distinction in this respect, between retailers and wholesalers. Should the court decide that in doing so they violate the law, they will at once take out a peddlers license, and keep their man in the field in defiance of opposition. They have capital, enterprise, and pluck, and they do not intend to be driven out of the field they are working with profit to themselves and a great saving to those who buy their goods. Last week J. J. Jump & Co. sent one of their clerks to Caroline to solicit orders. He was promptly nabbed by an officer and taken before a Justice of the Peace, who fined him $25 and costs for selling without a license. The costs were paid under protest, and an appeal was taken. Jump is not the man to be thus driven off, and we soon expect to hear of his renewing the war in some shape or other. Our Easton houses keep large stocks and sell cheap goods, and people come a long distance to buy goods here; but as all cannot find time to come, our merchants are determined to afford all who are inclined to do so an opportunity to buy. The decision of the court in the Thompson & Kersey case is anxiously awaited. They have no disposition to violate the law, but as they have a right either with or without a license, to sell goods anywhere on the Eastern Shore, they intend to push the business they have started against all opposition.

The Assessment Tax Cases.

The following are the orders of the Court filed in the Miller Lodge and Easton and St. Michaels Building Association Tax cases.

DECISION OF THE COURT.

Miller Lodge No. 18 of Independent Order of Odd Fellows
vs.
The County Commissioners of Talbot County in the Circuit Court for Talbot County, Petitions, etc.

It is admitten that the Miller Lodge No. 18 of the Independent Order of Odd Fellows, is a charitable institution. It is also admitted that it owns a valuable brick building and lot in the town of Easton, a part of which is occupied by the association for the transaction of its business but that the other part of the building namely, the whole lower floor, is occupied as a store, for which the petitioners receive an annual rent of $300. In our opinion so much of the building as is used by the association for the transaction of its business, should not be valued and assessed to it. It appears, however, that only that portion of the building which is leased, and for which the petitioners receives an annual rent of $300, has been assessed and valued to it, which is manifestly the fact, as the property is only assessed at $6000, a moderate sum in view of the income derived from it.

It is also our opinion that the shares of the capital stock of the Workingmen's Permanent Building and Loan Association of Talbot county and the private securities owned by the petitioner as stated in its petition, are rightly and properly valued and assessed to it.

It is therefore ordered this fourth day of June, A. D., 1877, that the brick building and lot, private securities and shares of the capital stock of the Workingmen's Permanent Building and Loan Association of Talbot county, owned by Miller Lodge, No. 18, of the Independent Order of Odd Fellows, are rightly and properly valued and assessed to it. And the County Commissioners of Talbot county are hereby enjoined and directed, to retain the same, and not to strike the said property from the list of property valued and assessed to the petitioner.

JOSEPH A. WICKES.
FREDERICK STUMP.

James Benson
vs.
The County Commissioners of Talbot County.
In the Circuit Court for Talbot County.
Petitions, etc.

We are of opinion that the shares of the capital stock of the Workingmen's Permanent Building and Loan Association of Talbot County and of the Workingmen's Building and Loan Association of St. Michaels, owned by the petitioner James Benson, as stated in his petition, are rightly and properly valued and assessed to him.

By exhibit C. it appears that the property belonging to the Workingmen's Permanent Building and Loan Association of Talbot County, and to the Workingmen's Building and Loan Association of St. Michaels, consisting of certain real estate and a small amount of personal property, has been assessed to those corporations respectively. Although the associations have not appeared, yet we deem it proper to say that in our opinion, the property owned by the said corporations should not be assessed to them: but that the shares of capital stock held by each stockholder should be assessed to him.

It is therefore ordered this 4th day of June 1877, that the shares of the capital stock of the Workingmen's Permanent Building and Loan Association of Talbot county; and of the Workingmen's Building and Loan Association of St. Michaels, owned by the petitioner James Benson, and assessed to him, are rightly or properly valued and assessed to him, and the County Commissioners of Talbot county are hereby ordered and directed to retain the same on the list of property valued and assessed to the said James Benson.

JOSEPH A. WICKES.
FREDERICK STUMP.

Senator Ransom, of North Carolina, whilst appreciating President Hayes' liberality and fair dealing toward the South, spoke the idea that it will produce sufficient disaffection in the democratic ranks in North Carolina or Tennessee to give the Republicans control of those States. General Ransom is a sensible man.

CLOTHING.

Wanamaker & Brown,

In the Old Place at the Old Stand.

All the best talent, experience and advantages we can command, continued at OAK HALL, to produce the BEST and CHEAPEST *CLOTHING* for man and boy.

For sixteen years we have lived at the old corner of SIXTH and *MARKET*, and the business done there has been so satisfactory to the public and ourselves, that we have decided not to change or remove the *Clothing* business away. The people like the place and we like to please the people, and we believe that we can do it better than ever at the old place.

The sales of the past year far surpassed anything we ever dreamed of, and this puts it in our power to start the Spring of 1877 with a STILL LOWER SCALE OF PRICES, and a class of goods so excellent that we are not afraid to follow each sale with our warrantee, or receive back the goods unworn and hand over to the customer the money paid.

The store has been largely refitted, and there never was such a splendid stock of Men's, Boys' and Children's clothing under the roof, nor were we ever able to sell so cheaply. Our word for it, and we are your friends of sixteen years.
