TUESDAY, JUNE 19, 1877.

☞ Mercantile advertisements must be handed in on Saturday morning to insure insertion in next issue. Legal advertisements, which cannot be omitted, require all the time we can spare on Monday.

LOCAL KNOCKS.

The Markets.

Gold is down to $1.18. The wheat market is firm, with a shade lower. Best Southern from store. Corn steady at eight cents. Oats 40 cents. Rye 85 cents. Petroleum refined, 13½, 14¼ cents, 17 cents.

—Cucumbers have arrived.

—Red cabs are abundant.

—Strawberries have played out.

—The corn crop looks splendid.

—Early potatoes are 30 cents per peck.

—Green peas are down to 20 cents per peck.

—Spring chickens are selling at from 40 to 50 cents in the Easton market.

—Over $20 worth of cherries have been shipped from the town of Oxford this season.

—The Pleasure Excursion from Miles River will celebrate Saturday, July 21.

—Capt. Leonard's boatsman all ready for freight—he thinks stop to market as soon as it is in order to be shipped.

—We have received a communication respecting the K. P. Excursion, but regret that we have room this morning to insert it.

—The apricot trees are full, and there is a prospect that we shall have an abundance of this delicious fruit this season.

—Clear thought and vigorous action depend upon that perfect condition of system resulting from pure blood. When symptoms preventive of dullness and inactivity present themselves, take the remedy at once Dr. Bull's Blood Mixture.

—The Methodist Protestant Sunday School excursion from Miles River to Baltimore on Friday in the steamer Matilda, was a great success. Between 500 and 600 persons went. There were four bands on board, all free. The day was pleasant, there was no accident, and the committee cleared about $75 after paying all expenses.

—The advice to our farmers is, to cut their wheat as soon as it will bear it, and machine it off and send it to market as soon as possible—while the war is raging, and it is worth a good price, for peace might be declared at any time, when the price of wheat will decline. Make hay while the sun shines—make a good price while you have the opportunity—do do so.

—The Court of Appeals has affirmed the judgment obtained by Dr. L. C. Cox and wife against Dr. L. Stiles and William J. Trippe, sureties on the guardian bond of the late Wm. R. Clark for $6,000. The judgment was obtained in the Circuit Court for Talbot County, and was appealed on by Mr. Stiles, of Baltimore. The counsel in the case were O. Tilghman Esq., of this county for Mrs. Cox, and W. Shepard Bryan Esq., of Baltimore for Mr. Stiles.

—It does not make any difference how severe the case of bilious derangement is, Simmons Liver Regulator will cure it speedily and effectually without salivation, or that prostration of the system ensuing from the use of drastic purgatives. As there are many spurious imitations of this valuable medicine, take care you get the genuine. "We have been selling your medicine for some time, and we find it better adapted to the cure of *bilious* attacks than any other medicine we have ever used or sold. James M. Beasley & Co., "Magnolia, Ark."

—Trappe Sunday School of the M. E. Church South, will give an excursion to Washington, and Mount Vernon about the 23d of August from the different landings on the Choptank from Dover to Cambridge, and intermediate landings. One of the finest steamers on the bay will be chartered, and best accommodations furnished to the public. This splendid excursion offers to the people of the Eastern Shore an opportunity to visit the home and grave of Washington, and the Capitol of our country, at an extremely low price. Further particulars will be furnished in due time.

—We omit our usual variety of local and general news this morning, in order to give our readers the important speeches of Samuel J. Tilden and Thomas A. Hendricks, delivered at the Manhattan club, New York, last week. It is the first speech Gov. Tilden has made since the November election, and all will be anxious to learn what he thinks of the infernal fraud that deprived the country of the benefit of a Democratic administration, elected by more than a majority of the electoral, and over a quarter of a million majority of the popular vote, of the country. Gov. Tilden very properly denounces the fraud as a great crime, and declares that the people of the country should not cease to denounce it until fraud is made odious. He confidently believes that the right will ultimately prevail. None should fail to read these important speeches.

OXFORD, PA., June 15, 1877.

EDITOR STAR:—Hambleton Park stables were winners in both purses that were trotted for at this place yesterday. The time was very fast.

CARELESS BOY.

Barn Burnt.

Capt. E. L. F. Hardcastle's barn on "Plain Dealing" farm was destroyed by fire last Wednesday. Mr. Alcade Pratt is the tenant on the farm, and lost a quantity of blade fodder.

Harvest.

The early harvest has already commenced. The general harvest will begin the last of this week. The grain is very fine and the crop promises to be larger than has been raised since 1868.

—There will be a Musical and Literary Entertainment on Thursday evening, June 21st, at the Perry Neck M. E. Church, by the young people of the congregation, for the benefit of the Sunday School. Admission 25 cents; children 15 cents. Come one, come all. JAS. McK. BENNINGTON, PASTOR.

Farm for Sale.

Matthias Merrick, Esq., Trustee, will offer at public sale, in Easton, on the 10th of July, the Perry farm, of 100 acres, situate in Bambary. See advertisement in the STAR.

Another Robbery.

The paint shop of Mr. Eli Furniss was broken into one night last week and robbed of a number of paint brushes, and a quantity of paint, putty, etc. Mr. Furniss has no idea who committed the robbery, but is keeping a sharp look out for him.

Another Store Improvement.

Messrs. J. W. Cheesman & Co. will soon commence to remodel their store. They have caught the long store fever, and intend to be up with the times. They will lower the floor, add about 20 feet to the depth, and 6 feet to the width of the front part of the store. Their store-room will be very handsome when finished.

Preacher Robbed.

On Friday night last a thief broke into the dwelling of the Rev. Mr. Tompkinson, Methodist Episcopal preacher, on Dover street, entered the room where he slept, and stole his pocket book, and what money he had in it—about $10—and some other articles. He has no idea who committed the theft. If the vagabonds about town are going to play this game, every one of our people should prepare fire-arms, and be ready to give them cold lead, when they break into houses. Somebody will then be wakeful enough to catch them before they go through the town.

A Generous Attention.

The managers of the Methodist Protestant Sunday school excursion very kindly remembered the children of the "Orphans' Home," by sending each one of the little orphans a free excursion ticket, thus affording them an opportunity to visit the city and see something of the world outside of their little "Home," and at the same time quaff the healthful air of the Chesapeake bay. Such a considerate kindness shows a christian spirit quite in contrast with the sectarian spiteful venom everywhere too prevalent. The orphan children went and enjoyed the excursion amply.

The Mormon Convention of the Diocese of Easton.

The ninth annual convention of the Diocese of Easton commenced at Cambridge on the 9th inst. Bishop Lay presided. The usual routine business was transacted. The old standing committee was re-elected. The following are the delegates elected to represent the Diocese in the next General Convention of the Protestant Episcopal Church, which meets in Boston next October:—Clergymen—Rev. John Crosdale, D. D., Rev. T. P. Barber, D. D., Rev. E. J. Stearns, D. D. Laymen—George R. Goldsborough and William S. Walker, Esquires, Dr. I. L. Adkins, and Dr. R. C. Marshall. The reports of committees show that the church in the Diocese is prospering and extending its field of usefulness.

Church Improvement.

Messrs. Adams & Bell have the contract for making the improvements in the Methodist Episcopal Church in Denton. The contract price is $1,700. They have brought a new 3,700 pipe organ, which just fits into the place intended for the organ, and which it will be necessary to place the building of the church, by cutting the front gallery out, and re-arranging the ventilator. The job will be finished in October, so as to harmonize with the interior of the building. The improvements, when completed, will make the church one of the prettiest on the Eastern Shore.

Fast Sailing in Kent.

Yesterday Douglas visited St. Michaels with an excursion from Baltimore on Sunday. He made a public speech at Cable Park, which was listened to by a large crowd of whites and blacks. He emphasized he were the colored people under bold advice, and warned the colored people against the wiles of the white people. The colored people at the south would be benefitted by the collapse of the rule of the Democratic Bourbons. While at St. Michaels he paid a flying visit to his old master, Capt. Thomas Auld, for whom he has the highest respect, notwithstanding he did the captain great injustice in a book he once published. He returned to Baltimore in the evening on the excursion boat. It is the first time he has been to Talbot since he ran away from Capt. Auld in 1859.

In Kent.

Deputy Sheriff Baker arrived from Baltimore on the Highland Light on Sunday morning with H. H. Chase, the Philadelphia swindler, who swindled Mr. J. M. K. Shannahan out of $20. Chase has been locked in jail. He would probably have gotten off had not Mr. Gibson, State's Attorney been on board the excursion boat, as Mr. Shannahan's dispatch to Baltimore did not quite a distinct charge against him. Mr. Gibson made the charge of "obtaining money under false pretenses," and upon that Marshall Guy held him until Mr. Baker arrived with a State's writ. Chase appears to be very much subdued, but as he is a slippery customer, the sheriff had better keep a close watch upon him, or he may break out of our rickety old jail and make his escape.

The July Magazines.

HARPER'S MAGAZINE for July, just received, is one of the best numbers of the present year. The illustrated article on "*Westminster Abbey*" is an especially fine one, and cannot fail to be read with pleasure by all who feel an interest in that most interesting of English edifices.

LIPPINCOTT'S MAGAZINE for July commences a new volume, and now is a good time to subscribe to it. It opens with "Down the Rhine"—third paper—by Lady Blanche Murphy, and abounds with articles of unusual interest.

GODEY'S LADY'S BOOK, for July contains the latest Fashion Plates, and is replete with interesting literary miscellany. Old age does not impair Godey's freshness. It is now as good as it ever was.

PETERSON'S LADIES NATIONAL MAGAZINE for July is beautifully illustrated, and contains numerous stories calculated to entertain and delight. *Peterson* is one of the best Magazines of its class.

WHEREAS, The Easton Mozart Band having decided to make their annual excursion to the city of Baltimore on the 7th of June, and said excursion having been successful notwithstanding various obstacles were encountered, Therefore be it

Resolved, 1st. That to our generous friends we extend our many thanks in acknowledgment of their very liberal patronage to our enterprise and for the excellent good order and intense interest manifested in our efforts to discharge our laborious duties and for the appreciative manner in which they evinced their delight by a continuous appeal for repetition.

2nd. That the most profound thanks of this association be tendered the Weems Transport Company for their extraordinary kindness in our behalf, and that we ever cherish a high esteem for them collectively and individually.

3rd. That to Capt. Gurley and officers of the steamer Weems we owe a debt of gratitude for their kindness and unceasing efforts to please both our patrons and association.

4th. That the committee of this association receive our many thanks for their successful accomplishment of the arduous duties connected with said excursion.

5th. That the aforegoing resolutions be recorded on the minutes of the association and printed in the papers of the town.

ROBT N. LARRIMORE, PRESIDENT.

J. H. MCHALE, Sec'y.

Another Cal. Bayne in Town.

A man purporting to hail from Philadelphia, who called himself Henry E. Chase, came to Easton last week and attempted to victimize Mr. John M. K. Shannahan. Mr. Shannahan being in the wool business, Chase made his acquaintance, and represented himself as a large Philadelphia wool dealer, having made thousands of dollars on transactions in wool. He also talked of buying a farm here for a friend. Mr. Shannahan showed him around the country, invited him to his house and entertained him hospitably. After getting Mr. Shannahan in the proper frame of mind for operating on him, Chase asked him to cash a check of $20 for him, on the Corn Exchange Bank of Philadelphia. Mr. Shannahan cashed the check and afterwards telegraphed to Philadelphia to ascertain if it was good. The answer of the bank satisfied Mr. Shannahan that Chase was a swindler, and his bank account was a myth. In the mean time Chase had started to Baltimore on the excursion boat on Friday. Shannahan telegraphed to Police headquarters in Baltimore to arrest him on the arrival of the Matilda, which was promptly done, and deputy sheriff Baker, with the proper papers, went to Baltimore on Friday night after the light-fingered gentleman.

The News.

President Hayes has commissioned Col Jack Wharton U. S. Marshal of Louisiana, vice Butler's Pitkin Squelched.

President Hayes has turned Marshal Goldsborough out of office, and commissioned John McClintock Esq., of Baltimore, U. S. Marshal for Maryland.

Ex-Gov. Thomas A. Hendricks of Indiana, and his wife, sailed from New York for Europe on Wednesday, to be absent four months. Mr. and Mrs. Hendricks dined with Gov. Tilden the day before they sailed. Magnificent farewell banquets were given Gov. Hendricks both at Indianapolis and New York, before he left for Europe. He goes abroad for the express purpose of studying the workings of foreign governments.

President Hayes is said to be in trouble about the currency question. The Ohio Republicans are in favor of a silver currency, if they can't get greenbacks. The New England Republicans are for gold exclusively as a standard of value. The New Englanders want Hayes to stand by them, but he is disposed to stand by his friends in Ohio. The silver question is destined to give the Republicans trouble.

A nice young man a little worldly minded, walked to church once with a very pious young lady. Arrived at the church door, worldly minded young man declined entering. Whereupon, the pious young lady seized his hat, and placing it under her cloak, sailed into church, leaving the worldly-minded young man standing at the door minus a hat. The last heard of the worldly-minded young man, he was wending his way down the church aisle as demurely as if nothing had happened.

Wanamaker & Brown,

In the Old Place at the Old Stand.

All the best talent, experience and advantages we can command, continued at OAK HALL, to produce the BEST and CHEAPEST CLOTHING for man and boy.

For sixteen years we have lived at the old corner of SIXTH and MARKET, and the business done there has been so satisfactory to the public and ourselves, that we have decided not to change or move the Clothing business away. The people like the place and we like to please the people, and we believe that we can do it better than ever at the old place.

The sales of the past year far surpassed anything we ever dreamed of, and this puts it in our power to start the Spring of 1877 with a STILL LOWER SCALE OF PRICES, and a class of goods so excellent that we are not afraid to follow each sale with our warrantee; or receive back the goods unworn and hand over to the customer the money paid.

The store has been largely refitted, and there never was such a splendid stock of Men's, Boys' and Children's clothing under the roof, nor were we ever able to sell so cheaply. Our word for it, and we are your friends of sixteen years.
