LOCAL RECORD.

The Harvest.

There was a break in Baltimore & Ohio Railroad stock last week, which fell down to $2. It has sold at high figures. Gold is worth $1.00. Wheat from $1.25 to $1.35. Choice lots of new would bring $1.40. Corn is worth 45 cents. Oats 35 cents. Rye 70 cents. Petroleum 12½ cents per gallon.

—Strawberries are ripe.

—Many of our farmers are done harvesting.

—A very heavy rain storm passed over this place last Thursday night.

—Our farmers now are in the midst of their wheat harvest. Some are done cutting.

—Last week the weather was all that could be desired for harvesting the wheat crop.

—Special attention of the reader is invited to advertisement of W. T. Hopkins, in this issue. He is old and reliable house.

—Mr. Charles H. Stewart has had a coat of paint on his store front, which improves its appearance greatly.

—If success depends upon health surely health depends upon pure blood. Dr. Bull's Blood Mixture sustains the blood in a state of purity, and health is the result.

—Surgeon N. Pinkney, U. S. A., has returned from Chicago, where he went to attend the National Medical Association. Dr. Pinkney says Chicago is a great and enterprising city.

—Mr. Andrew B. Pritchett has put up a new fence in front of his dwelling on Railroad Avenue. It is made of solid walnut, and is the handsomest fence in town.

—Mr. Daniel Lloyd is the agent for Talbot county for the sale of Rasin & Co's fertilizers, said to be among the best commercial manures in the market. See his advertisement in the STAR, and order some for your next wheat crop.

—J. H. Johnston, Esq., of Bailey's Neck, is about to build himself a handsome new dwelling on his farm on Tred Haven river. When his new house is done, he will have one of the handsomest residences in the county.

—To the lead sedentary lives—Printers, Tailors, Shoemakers, &c., will find a great relief for the constipation from which you so often suffer, by taking Simmons' Liver Regulator. It is a simple, harmless, vegetable compound, sure to relieve you, and can do no injury.

—We publish this morning an able article from "A Southern Democrat" on the negro question in the South. The author is a gentleman of literary distinction, and is thoroughly informed on all matters respecting Southern affairs. We trust none will fail to read it.

—Captain David A. Martin is having the Hopkins lot on Dover street, which he recently purchased, enclosed with a wire fence. He is also having the porch of the dwelling house repaired. The property has been rented by Mr. George Gosler.

—Mr. Frank B. Adkins, son of Dr. L. L. Adkins, of this town, has just won a handsome gold medal at the Shenandoah Valley Academy, Winchester, Virginia, for the best essay written for the commencement of the Academy, which took place week before last. Mr. Adkins is studying for the ministry, and is a young gentleman of superior talents and acquirements.

—But little is doing in the local politics of this county. Parties are so closely divided here, and success is so uncertain, that there are very few candidates. After harvest we presume more will be said upon the subject. However close parties are, there are always found gentlemen ready and willing to accept a nomination and take the chances of an election.

—The Maryland Steamboat Company has voluntarily reduced the Highland Light fare between Easton and Baltimore to $1.50, and $2 for round trip tickets good for five days. This is all right, as $1.50 now is worth about as much as $2.50 was when the fare was fixed at $2. The Highland Light is the best boat on the bay, and $2 for a round trip ticket from Easton to Baltimore is low enough.

—Hubbard has for sale at his provision and feed store, on Dover street, ham, shoulder and side bacon, pork, dried beef, bologna sausage, No. 1 mackerel, No. 3 pickled cod fish, flour, sugar, coffee, corn, corn meal, chops, oats, and mill feed of all kinds, for sale in any quantity. Prices as low as the strictest economy will permit of. Call and see him.

—Mr. Alpheus A. Townsend, late of this county, now residing in Baltimore, has reformed his habits, and is laboring in the cause of temperance. He lately made some very effective temperance speeches in Wilmington, Delaware, and his efforts are highly praised by the Wilmington papers. A great temperance revival is spreading in Pennsylvania and Delaware. Major Harris, of this place, has been making temperance speeches in Pennsylvania.

Masonic.

The following are the officers of Coates' Lodge No. 102, elected for the ensuing year:—C. E. Shanahan, W. M.; R. J. Trippe, S. W.; Dr. E. R. Trippe, J. W.; R. H. T. Comegell, Treasurer; W. E. Shanahan, Secretary.

More Robberies.

Mrs. Trippe's pantry was robbed again last Wednesday night. Our citizens have suffered by the depredations of the thieves long enough. The town commissioners should establish a night watch and put a stop to them.

Whitelock's Vegetator.

We direct attention to the advertisement of Whitelock & Co., stating they have reduced the price of their popular fertilizer. No brand stands higher than the Vegetator on this shore, and this reduction in price must result in a largely increased demand for wheat sowing.

Excursion to Denton.

The Southern M. E. Sunday School of Easton have chartered the steamer Highland Light for the 4th of July, and will make a Holiday Excursion from Easton to Denton, stopping at Cambridge and other landings on the Choptank going and returning. The boat will leave Easton Point at 6 A. M. Fare for the round trip 50 cents.

Md. & Del. Railroad.

Superintendent Caldwell placed another train on the Md. & Del. railroad yesterday, leaving Easton at 4:30 P. M., returning, will arrive here at 11 o'clock at night. By this train passengers will make close connection with the 4:04 P. M. train at Clayton. The morning train will continue to start at 4:30. A telegraph office has been established at Woodland station, and the railroad agent will be there all day, from 4:30 A. M. to 8:30 P. M. Freight sent to that station will be promptly forwarded. Persons can now leave here in the early morning train, have seven hours for business in Philadelphia, and return home the same evening.

Splendid Wheat.

Hon. C. M. Jump, of Chapel district, brought us on Saturday a dozen and a half heads of his new Texas wheat, to examine. It is white, and very pretty. The heads are about four inches long, containing from sixteen to eighteen bars each, with from four to five grains to the bar. A good many of the bars contained five grains, which is a very heavy yield. He sowed it on the 10th of October, one bushel and a half to the acre, and cut it on the 21st of June. He has reaped thirty-two shocks, which he is satisfied will yield four bushels to the shock, or thirty bushels to one of seed, or forty bushels to the acre. He says he intends to sow fifty bushels of it next fall, and shall sell the balance of it to his neighbors for seed, if they want it. The seed was procured from Calvert county, Texas.

[COMMUNICATED.]

Mr. Editor:—Please allow me a little space in the Star to call the attention of the Town Commissioners to a great nuisance, which ought to be abated. All of the filthy drainage from the Brick Hotel runs through a gutter and is emptied on West street, back of the hotel stables where it is left to putrify and poison the air of the neighborhood. A brick gutter on West street would not abate the nuisance; it would only diffuse the stench over a longer space, for there is no way of washing out the gutter. The owner of the hotel property ought to be required to make a sink in the stable yard, deep enough to reach the sand, so that the filthy water might be carried off under ground, and West street relieved of this abominable nuisance. This is the only effectual way that I know of for abating the nuisance. The cost of such a sink would be insignificant; the advantages to those who have to travel West street would be inestimable. I hope the Town Commissioners will take the matter in hand at an early day and have this long standing nuisance abated.

TAX PAYER.

Sad News.

"THE GALAXY" comes to us with its usual budget of good things. The opening article is a very clever article by Theo. Bacon, on "Our Summer Guests," in which he tells us what we are likely to see and hear at the watering places, namely, Dr. Dio Vane, Prince Rudolph, Admiral A. Boom, Jeremy Sawyer, Mr. Bonanza Stocks, Mr. Jonas Lessee, M. B. Fortune, Mr. Bonanza Bull, Miss Morning Whistle, C. E. Lewis, Miss Forty and Mistress Good White.

Miss Rebecca Harding Davis, in "Waiting for the King," illustrated, by Marion Thompson. Dr. Holland's story, "Nicholas Minturn," reaches his last chapter in the July number. "Statistics Since the War," is a very clever illustrated article, by M. W. Wright. "The Statesman of the Season," by Sam Cox, and "The Last Indian Council on the Cimarron," by David Gray, both illustrated articles, will be found interesting.

St. Nicholas for July is replete with articles that will delight the little folks.

The Peach Crop.

What is best to be done to make money out of the peach crop? If the grower ships it, he gets the Northern and Western markets, and gets the choicest fruit, and for payment he waits the uncertain arrangements to can or dry the remainder of their crop. By this arrangement the Northern and Western markets would not be over stocked, and good prices would be maintained, while, at the same time, the inferior fruit would be utilized and made to pay a profit to the grower. Every peach growing neighborhood might sustain a canning or drying factory, or both. It only requires a moderate amount of enterprise and capital to make the peach business pay, and pay handsomely; but it requires combination of capital and enterprise in the canning and drying business to do it. The price of the good fruit is subject to ruinous fluctuations, by the market an overstock of inferior fruit. The cost of transportation and commissions eat up the entire value of inferior fruit. It would be better to feed it to the swine than to ship it, when it brings nothing to the grower, and only tends to ruin the prices of good fruit.

4th of July.

The commodious and elegant steamer Highland Light, popular commander Capt. Ed. Leonard, will give an Excursion to Cambridge and Denton on the 4th of July, in the charge of the Sunday School of the M. E. Church, South. This S. School has for years given their annual excursion to Cambridge, and has always enjoyed a very large patronage. There is every reason to expect a larger company this year than at any of the previous. The 4th of July is a general holiday, when every one desires and seeks recreation. Cambridge is one of the most beautiful towns in the State, and situated immediately upon the Choptank, is a popular resort for excursions. This year the excursion will be extended to Denton, giving a delightful all day trip on the water. The early hour of the evening at which the boat reaches Easton Point renders this excursion one of the most desirable for the young and old, while the hour of departure in the morning is the very best to be upon the water. Families and friends may not only have an excursion, but may encamp on the bank at Cambridge, and have a family pic-nic. Persons who may prefer, can take the boat on its return trip, at Dover bridge, and enjoy a delightful sail on the Choptank to Cambridge and Easton. This is a very popular trip, and many families are in the habit of making it in the summer. The steamer Pentz will make an excursion to Cambridge on the 4th of July, from Baltimore, with the celebrated Itzel's band, who will give one of their grand concerts, free, at the court house. Other attractions—Fare only 50 cents.

An Ohio Don Juan.

Dayton, Ohio, is socially disturbed over the remarkable doings of a well-known young man, who went to his father with the wonderful statement that he was in trouble—woman, prospect in issue, etc. The father replied that he would probably have to marry the girl, whereupon the son stunned his dad with the statement that there were three of them, and that all were in condition to sue him. The story goes that there was a compromise as to two girls and a widow and a marriage arrangement as to the most fondly loved, under influence of the alternatives, from the girl's father, of death at the muzzle of a pistol, or a settlement of $10,000.

BRICKS! BRICKS! TILE! TILE!

BRICK AND TILE.

Salmon Brick, Arch Brick, Red Brick, Paving Brick, Well Brick, Pressed Brick, and

TILE

from 2 to 7 inches vent, at all prices, from $12 to $75 per thousand.

WE are now prepared to deliver bricks in any part of Talbot county, or anywhere on the water or our railroad out of the county, at 20 *per cent* below our previous *for the cash*. We have a heavy stock on hand, of splendid quality, and are determined to command the the brick trade of this section, if superior goods and low rates will do it.

Our stock of Tile is very heavy, and we sell it very low for cash; but are prepared to enter into arrangements with farmers, who may want to put in tile, and who may not have the cash, to give them six or nine months credit. The tile ought to go in, and the spring hand be made productive, and we are willing to help those who are short of money.

We invite a call from all those in want of either brick or Tile.
