LOCAL RECORD.

The Markets.

Gold is reported at $1.00½. Best Southern Wheat is quoted at from $1.75 to $1.85. The quantity arriving is large, and prices are tending downward. Corn from 60 to 65 cents. Oats 44 cents. Rye 75 cents. Petroleum 12½ cents. Inferior wheat is quoted as low as $1.65. Farmers cannot ship wheat in bad condition except at a loss. Care should therefore be taken to ship only when grain is in good condition, if a good price is expected. Damaged wheat will not bring a fair price on a falling market.

—Our farmers are now engaged threshing their wheat. It is turning out finely.

—Attention is directed to the Mot Blast Stove, advertised in to-day's STAR, and manufactured by Whitney & Hall, of Philadelphia.

—Much of the larger corn in this county was badly blown down by the storm on the night of the 3rd of July, but the Sun is bringing it up erect again, so it may be worked.

—The Denton *Journal*, whose editor lately visited Easton to get news from headquarters, says Mr. Charles E. Shanahan, of this town, will be the Republican candidate for the State Senate. It also says that Sheriff Grace is spoken of for the House of Delegates.

—Professor Minnick has secured the agency for the celebrated Burdette Organs, considered among the best manufactured. His thirty years experience in the music trade, and his thorough knowledge of music gives him advantages in selecting a musical insrument equalled by few. Those who buy of him will be instructed in performing gratuitously.

—All babies are diminutive Cæsars, since they come, they see, they conquer, sometimes by their gentle stillness but oftener by continued and uproarous crying induced by colic, toothing, flatulence, etc. Dr. Bull's Baby Syrup by its gentle, yet specific influence, quiets the little ones with out ever producing the least injurious effect. Price only 25 cents per bottle.

—The "Invincibles" of Dorchester, having failed to put in an appearance at Hambleton Park on the 4th of July, after having challenged the "Buckeyes" of Trappe to play them a match game of base ball, gives the Buckeyes the championship of the Eastern Shore, according to the rules of the game. The Buckeyes were on the ground at the time appointed, and were much disappointed at the failure of the Invincibles to appear.

—Temperance is attracting much attention, showing itself in local option laws, societies, crusades and restrictions upon liquor production; but with all these efforts, the consumption is enormous, and, undoubtedly, the reason is because the reason is strenuously advocated to relieve and destroy the craving for stimulants. But, if the disease was treated rationally, by arousing the torpid Liver with Simmons' Liver Regulator, the dispirited drunkard would find his cravings soon dissipated, and with cleared head and active liver, he would not want liquor.

The levy this year in this county, has been fixed by the county commissioners at 67½ cents on the $100; fifty cents for county and school taxes, and seventeen and a quarter cents for State tax; 33 cents on the $100 for county tax is lower than the taxes have been for many years, and shows that the county finances are well managed by the present board of county commissioners. In 1871 the county tax was but 55 cents on the $100, on a lower assessment of property than we now have, which shows that, if the finances are economically managed, and there are no extraordinary expenses, on an assessment of $6,300,000, our county and school taxes together ought not to be much, if any, over 50 cents on the $100.

The Courts.

Centreville court meets next Monday, the 16th inst.

Methodist Sunday School Excursion.

On the 5th, the M. E. Sunday School excursion from Miles River to Baltimore, in the steamer Pentz, took place. About 400 persons participated in it; and, of course, they had a nice time, as the excursions of this school are always well managed and popular.

Musical and Literary.

Messrs. George C. Garey and W. R. Suman will give a musical and literary entertainment at the town hall, next Monday evening. They are both poor students in Western Maryland College, and are trying to raise the means to pay their school expenses. Mr. Garey is a good reader, and Mr. Suman a fine musician. Go and help them. The piano to be used is one of Huppman's celebrated make, kindly furnished for the occasion by Professor G. W. Minnick, agent for the manufacturer.

The Next Excursion.

The Farmers' Excursion, to come off on the 26th inst., will have the Easton Mozart Band on board to furnish the music, besides which there will be cotillion music, for the benefit of all those who may wish to dance. The excursion will be a grand affair.

Another Excursion.

We learn that there will be a grand Excursion to Chestertown, via Miles River Ferry and St. Michaels under the auspices of the M. E. Church Easton—about the second week in August—leaving the Ferry at 7 A. M., returning at 8 P. M. It promises to be the finest excursion of the season from this point.

Excursion to Cape May.

Arrangements having been made by the committee having in charge the excursion to Cape May with Mr. Caldwell, superintendent of the Maryland & Delaware railroad, an excursion train will start from Easton at 4:30 A. M., to connect with the excursion train at Clayton, from Chestertown, thence by rail to Bombay Hook, thence by steamer to Cape May, at $3 for the round trip. Those who go will return by the evening train on the Md. & Del. road, leaving Clayton at 8:10 and arrive at Easton at 11 P. M. Every arrangement has been made for a delightful trip. The cars will stop at all the stations on the Md. & Del. road, going and returning. We understand that a large number of our citizens are going. They will have about five hours at Cape May, which will afford ample time to see the place and take a bath in the Atlantic.

Commencement—St. Michaels High School.

The Commencement of the St. Michaels High School took place last Saturday, at 10 o'clock A. M., at the town hall, which was filled with the patrons and friends of the school. The Junior class of the school, in white kids, officiated as ushers, and were very polite and efficient in seating the visitors. The school is in excellent condition and conducted by Geo. E. Haddaway Esq., Principal, Miss M. Emma Wrightson, Vice Principal, and Miss Alice McDaniel, Assistant. Miss McDaniel was educated at the school, graduated with the highest honors, and immediately thereafter was elected assistant teacher. The musical part of the exercises were under the charge of Miss Wrightson, the Vice Principal. The graduates, five in number, each read an original paper, which showed that they had been ably trained by their teachers. The following was the order of the exercises: Prayer; a chorus by the school, with organ accompaniment; Salutatory, Master J. Oliver Harrison; Class Historian, Master Joseph B. Wrightson; Class Orator, Master Wm. R. McDaniel; Class Essayist, Miss Mary Harrington; Valedictory, Master Frank D. Harrison. The Diplomas were awarded by Professor Haddaway. The exercises closed with an address on Education, by Rev. Dr. Nelson, of St Johns College. The doctor has had large experience in teaching, and possesses a most happy facility for interesting the young. He said many good things to the graduates, which they should store up and keep green in their memories. The St. Michaels High School is one of the best of our public schools, the atmosphere about it being redolent with longings for high culture and literary aspirations, imparted to it by its very accomplished and talented board of teachers, who teach as much through a love of the profession as for the pay, although they have no objections to a liberal salary. The class of 1877 is one of the best the school has yet graduated. Master Frank D. Harrison, son of Joseph H. Harrison, Esq., who took the highest honors, is a young gentleman of great promise. The school next year expects to graduate a much larger class, if parents do not take their children away, to be placed at boarding, before they have completed their course, a great injustice to their children, which no parent should commit who can possibly avoid it.

The Fourth.

Monday was celebrated as the anniversary of our National Independence, on the Fourth, and most of our citizens spent the day from home to spend the day. The town looked deserted and dull. Few persons were to be seen on the streets.

THE FOURTH ON THE WATER.

Early in the morning the Southern Methodist Sunday School party, numbering between four and five hundred excursionists, embarked on the Highland Light for Cambridge and Denton. The excursionists had a most delightful day on the water. The boat did not reach Denton until about o'clock P. M., and returning, reached Baltimore about midnight. Everything passed off splendidly, and the school made a snug little sum clear of expenses.

A SAILING PARTY.

A large party of ladies and gentlemen went down the river from Easton Point, in Capt. C. H. Leonard's schooner Clara M. Leonard. There was a stiff breeze, just enough to make the sailing lively. The party stopped at Oxford, and were handsomely entertained by Col. Samuel Wheatill, at his beautiful residence on the strand. The boat sailed down the river as far as the Lighthouse at Benoni's Point. On their return, the wind ceased while the boat was between Double Mills and Easton Point, which prevented their arriving home until near midnight. It was cool and pleasant on the water, and the party did not lack expedients to pass the evening pleasantly.

THE FOURTH AT OXFORD.

The Methodists of Oxford made large preparations for entertaining visitors, and during the day feasted several hundred, making a handsome sum for their church. They had booths and tents erected near the water, and a large dining table spread in real old camp meeting style, and both ladies and gentlemen, and servants, were busy all day waiting on the crowd. The steamer Sam'l J. Pentz brought down a large excursion party from Baltimore, and another steamer brought a party from the Little Choptank. Many of the people of Trappe district and not a few from Easton, spent the day at Oxford. Mr. Leonard, at the River View House, was as busy as a bee all day waiting on his guests. Besides the excursionists who dined and supped at the hotel, he has at this time over sixty regular boarders from Baltimore, New York, Philadelphia and other parts. The River View House is a delightful and popular summer resort, and Mr. Leonard cannot accommodate anything like all who apply for rooms for the summer. Oxford needs two or three more hotels. Major William E. Stewart, of this place, delivered an oration at Oxford on the Fourth, which is highly spoken of as a patriotic production.

THE FOURTH AT HAMBLETON PARK.

The trotting announced to take place at Hambleton Park Fair Grounds attracted a large crowd. The horsemen were out in force. The ladies also made a charming appearance. The trotting was spirited and entertaining. The colt race was won in two straight heats by the Baltimore colt Dandy. There was a spirited race between Capt. Long's colt, and Mr. Wooters' little black pacer, Capt. Long's colt carrying off the laurels. The race between Mr. Bewley's mare Fannie Fern, Mr. J. K. Caulk's brown horse Rough and Ready, and Middleton's horse Ripton, offered fine sport. Fannie Fern is a splendid stepper and was driven by Mr. Powers and won easily in two straight heats. The big race of the day, however, was between the Baltimore bay horse Orange Billey, and T. T. Seymour's gray horse Careless Boy, formerly Gray Squirrel. Orange Billey is a splendid goer, and claims to have made 2:35. Careless Boy has just speed and bottom enough to beat everything that visits the Park. He had no difficulty in beating Orange Billey in three straight heats. Powers drove the gray and a Baltimore driver held the ribbons for the bay. The running race did not come off in consequence of Howard injuring himself the day before. He was too lame to run. Everybody expressed themselves highly pleased with the day's sport.

The following is the result of the trotting:

First Race.

M T Goldsborough, S G Ned Morgan,	1. 1. 2. 1.
J. Leonard, G. G. Gray Eddy,	2. 2. 1. 2.

Second Race.

J. Nichols, B. G. Brown Dick,	1. 1. 1.
C. Leonard, B. G. Little Frank,	2. 2. 2.

Third Race.

R. Hough, B. G. Dandy,	1. 1.
C. E. Bowdle, S. G. Jupiter,	2. 2.

Fourth Race.

T. T. Seymour, G. G. Careless Boy,	1. 1. 1.
R. Russell, B. G. Orange Billey,	2. 2. 2.

Fifth Race.

Frank Long, S. G. Frank Long,	1. 1.
J. Wooters, B. M. Crow Queen,	2. 2.

Sixth Race.

W. Bewley, B. M. Fannie Fern,	1. 1. 1.
J. K. Caulk, B. G. Rough and Ready,	2. 2. 2.
C. E. Bowdle, B. G. Oxford Boy,	3. 3. 3.

Exhibited.

At the earnest request of the visitors Whalebone was shown amidst great applause.

Rocky Hill was also trotted around the track to show his fine speed and action.

Not Exhibited.

Mr. Powers had a number of fine young horses at his stables, which he has in training, but they were not exhibited. Some of them are reported very fast trotters.

The Flying Horses.

Mr. Buker was on the ground with his flying horses, and the boys found much greater sport in riding them round the circle than they did in witnessing the trotting.

PIC NICS.

Many of the pleasure seekers of the Fourth spent the day in pic nicing. There were pic nic parties at Plater's and Hollyday's Islands, on the Tred Haven, and one at a grove in Miles River Neck, on Pickering's Creek—a branch of Wye River—about a half mile from its mouth. The latter place was decorated with a large number of American flags, and the ladies showed their patriotism by wearing red, white and blue sashes, and the gentlemen had rosettes of the same colors.

THE FOURTH AT LLOYD'S SPRINGS.

Quite a number of persons spent the day at Lloyd's springs, drinking calibiate water, and cooling themselves off with Mr. Lloyd's ice cream. The springs are the place to go for health, but there is not sufficient bustle and excitement about it to compete with mess and excursions. People will congregate together on such occasions where there is the largest crowd.

Easton High School Commencement.

The commencement exercises of the Easton High School took place at the town hall on Friday evening. The hall was appropriately decorated and crowded with the citizens of the town. Professor A. Chaplain County Examiner, William R. Martin, Esq., Principal of the School, and Miss Maggie Tilghman, Vice Principal, occupied seats on the platform with the scholars. Miss Tilghman presided at the organ. The vocal music was furnished by the school. The exercises commenced with a chorus, "Happy Welcome to All," and was very well rendered. Then followed readings and declamations by the Junior class, the following young ladies and young gentlemen taking part: Masters Milton Campbell and Robert H. Carrington, and Misses Mary Belle Parker, Pattie J. Checnum and Bettie Catrup. The reading of the young ladies was excellent. Then followed the original essays and orations by the graduating class, as follows: Salutatory, Llewellyn Tharp; Anniversary Address, Alex. Fountain; Oration, Lemmon J. Catrup, and the Valedictory by Chas. S. Carrington. The essays all did credit to the young gentlemen who read them. The valedictory of Mr. Carrington, especially, was excellent, much above the ordinary run of such papers. He is a young gentleman of talent, and has only to apply himself to become a man of prominence and influence. The exercises were interspersed with music. The announcements were made by Mr. Martin, the accomplished and talented principal of the school.

After the applause which greeted the valedictory had subsided, Professor Chaplain made a brief address to the graduates, which was replete with good advice and appropriate suggestions. At the conclusion of his address, the Professor delivered the diplomas to the four graduates, Messrs. Carrington, Catrup, Fountain and Tharp, who had fairly earned their parchment by their good deportment and diligence in study. The examination this year was unusually rigid, but the boys all came out with distinguished honors. The school is in a very fine condition, the spirit of emulation and ambition to excel in study pervading all its departments. During the last year Professor Chaplain has devoted a large portion of his time to teaching at the High School, which has been a great assistance to the Principal and Vice Principal, and contributed largely to the thoroughness of the education imparted to the class of 1877. The large audience present appeared to take a lively interest in the exercises, and were quick to appland everything good that was said or sung.

West Point.

A West Point cadetship being at the disposal of Hon. Daniel M. Henry, member of Congress for the First Maryland District, by his direction, a competitive examination of applicants will take place at Cambridge on the 18th inst.—tomorrow week. The candidates must be between 17 and 22 years of age, at least five feet in height, of sound constitution, and good health. The successful candidate will have to report for duty on the 28th of August. At the late examination at West Point, five of the six cadets representing the Maryland districts were rejected. One of the that entered a year ago, the class was cut down to about 50.

WE are now prepared to deliver bricks in any part of Talbot county, or anywhere on the water or or railroad out of the county, at 20 *per cent.* BELOW OLD PRICES, *for the cash.* We have a heavy stock on hand, of splendid quality, and are determined to command the brick trade of this section, if SUPERIOR BRICKS and LOW FIGURES will do it.

Our stock of Tile is very heavy, and we sell it very low for CASH; but are prepared to enter into arrangements with farmers, who may want to put in tile, and who may not have the cash, to give them SIX or NINE months credit. The tile ought to go in, and the springy land be made productive, and we are willing to help those who are short of money.

We invite a call from all those in want of either brick or Tile.
