LOCAL RECORD.

The Markets.

Wheat cleared off nicely on Saturday and it looks now as if we should have a good market.

Prices sold rapidly in the city markets last week at from $1.20 to $1.25 per bbl., which is a good price for peach growers.

Continued effort impoverishes the blood unless it be kept pure by suitable food and when all in, Tutt's Blood Mixture.

The assessment of Dorchester county for the year 1877 is $1,000,000 less than last year, the county tax is 78 cents on the $100 State tax 16 cents, the two together 94 cents on the $100.

We call all the attention of our readers to the advertisement of Keller's Vegetable Life Drops and recommend such as need a reliable medicine to try this valuable remedy which we know more than it promises, and admits to be unsurpassable by the use of any other medicine. It is peculiarly adapted to the treatment of many diseases and their prevention when used in time, that it should be kept in every house. The Drops are for sale by all druggists.

Justice is contingent not so much upon the merits of positivity as upon inherent worth; and the fulfillment of the truth of this statement is in the prosperity of those men who have strictly pursued the plan of furnishing the public with goods of intrinsic value. Keller's Robertsons and Keller's Vegetable Life Drops are valuable household remedies—are the product of a practical chemist, who, for years, has earnestly pursued the investigation and observed the effects of medicine. The fact that the great drug house of A. Vogeler & Co., has taken the influence and reputation of nearly a century's growth with the introduction of Keller's medicine—that great popularity has been attained to them wherever they have been made known, and that their moderate price places them within the reach and use of all classes—are considerations which are convincing as to the essential merit of these valuable remedial agents.

The act of Assembly of 1876, chapter 187, prohibits seining on the Choptank River and its tributaries, from the 20th of May to the 1st of July. The 1st of August having past, the seiners can now go to work and catch all the fish they can find.

The special attention of farmers is directed to the advertisement of The Eastern Shore Dover Guano, manufactured by F. M. Nicherson Co., Stores of Talbot farmers used this fertilizer on their wheat last fall, and all testify to its superiority and cheapness as an active and permanent manure.

The late wet spell delayed some of our farmers a few weeks in threshing, and a good deal of the wheat was sprouted, and spoiled in the field. This is bad, but then the rains have assured a big crop of corn, which more than compensates for the small quantity of wheat lost by sprouting.

The Chesapeake excursion boat which leaves the River Forge on the morning of Jan. 14th will pass through Kent Narrows on her way to Chestertown. Go, and see the Narrows. It may never have another opportunity, unless we go to Baltimore in the steamer Olive, which will make her trips through the Narrows.

Many cases of fever and ague, dumb ague, and neuralgic chills were promptly arrested and entirely banished, by the use of your Simmons Liver Regulator. You dont say half enough in regard to the efficacy of your valuable medicine, in cases of ague, intermittent fevers, &c. Every case has been arrested immediately, after use, when I say I was a sufferer for years with the liver disease, and only found relief by using your medicine. When your medicine is taken, it seems to send a thrill through the nervous system. Robert J. Weeks, Batavia, Kane Co., Ill."

To wheat crops and permanent fertility may be secured by using I. P. Thomas' Raw Bone Superphosphate.

Farm Sold.

Robert Hough Esq., of Baltimore, has bought of Mr. Winder estate, in Miles River Neck, farm on "Knightly," 225 acres, for $6,825. He intends to make his future residence at "Knightly."

Laying of a Corner Stone.

The corner stone of the new M. E. Church of Cambrentown will be laid on Sunday, August 4th. Rev. Charles Hill, P. E., and other able speakers are expected. The public and former members are cordially invited. E. L. Hoffecker, Sec.

Important to Peach Growers.

We can now leave Easton on Md. & Del., road at 10.10 and 10.30 A. M. and arrive at 2 and 10.50 P. M. The new arrangement went into operation Monday.

The Steamer Olive now leaves Wye Landing at Nelson, Tunis Wharf at 2 P. M., St. Michaels at 3 P. M. This arrangement is for the accommodation of fruit growers.

Personal.

Easton at this time is well represented at Annapolis. Among those sojourning there from this place, are Right Rev. H. C. Lay, Bishop of Easton, and Charles H. Gibson, George R. Goldsborough, E. H. Harrington, L. C. W. Powell, J. F. Newman, William R. Martin Esqs., and Mrs. Col. R. Holliday, Mrs. George R. Goldsborough, Dr. J. C. Earle, Mrs. L. C. W. Powel, Miss Fay Goldsborough, Miss Maggie Tilghman and Miss Bessie Powell.

History of the Strike.

The Baltimore *Weekly Sun* of July 28th and August 4th, double numbers, contains a complete history on the Great Railroad Revolt, and the military Campaign which suppressed it. The numbers of the *Weekly Sun* will be specially worthy of preservation on this account. Besides this they contain a large amount of literary miscellany. The Baltimore *Weekly Sun* is one of the best papers published. Price $1.50 per annum. Published by A. S. Abel & Co., Baltimore.

Excursion Postponed.

Sometime ago it was announced that the Southern Methodist Sunday School of Trappe, would give an excursion to Mount Vernon and Washington early in August. The School had been able to secure a suitable boat for the trip proposed; in fact it could not get one before the last of August or the first of September, just during fodder season, which is too late for a excursion. In consequence of which the excursion has been postponed till next season. We hope to make arrangement for it to come off in June 1878.

Sailing of the Fleet.

The Miles River yacht fleet consists of four handsome, fast sailing yachts; the *Cora*, Capt. James C. Morris, commander; the *Carlow*, Capt. Clarence Holliday, commander; the *Fairy*, Capt. Edward A. Martin, commander; the *Linda*, Capt. Thomas Ready, commander. The fleet makes a trip down the bay in the summer. It sailed from Miles River Ferry last Saturday under the command of the Commodore J. G. Morris. The Oyster Police boat E. B. Groome, Capt. Hodges commander, sailed with it.

The fleet was bound for Crisfield, and Tangier Cobb's Island. The following gentlemen and perhaps others, were to go as passengers: O. Tilghman, Esq., and H. M. Mason, of Easton, and J. Harold Wheeler, William Owens, Kennedy R. Owens, and Owen Owens, Esquires, of Miles River Neck. We wish them a pleasant cruise and a safe return.

Kent Narrows Open to Navigation.

On Saturday week the steamer Olive made a through Kent Narrows successfully, and will hereafter make her trips regularly by that route. Mr. Caldwell, U. S. Engineer, is having the channel straightened outside the Narrows, so as to render it navigable. Most of the money spent in opening the old crooked channel was just so much money thrown away, which shows that the engineers may learn something by experience. A wharf is to be immediately built at the Narrows for the Olive, and that point will soon become an important shipping place for a large section of Queen Anne's farmers. Fruit, truck and grain will be shipped in large quantities by the Olive to Baltimore from the Narrows, and are informed the Centreville Observer will learn that the opening of the Narrows to navigation will not be a useless thing to the people of Queen Anne's.

Sunday Schools.

The East Baltimore District Conference, M. E. Church (South) will be held at Tuppers, August 22nd, at 10 A. M., and continue 3 days.

On Thursday, 22nd, at 2½ P. M., a Sunday School Mass Meeting will be held, at which addresses will be made, and all Sunday School workers of all denominations are cordially invited to attend.

Eminent speakers will be present, and it is hoped that the good cause of Sunday Schools will be advanced. Come all to this Sunday School Feast.

Sudden Death.

Mr. William Hopkins, who had been blind since the war, died suddenly of apoplexy at the Continental, Wayne Inn, Baltimore, on Saturday week. He was 65 years old, and left an estate of $80,000. Mr. Harker was an amiable and good citizen, and much respected here, where he spent much of his time prior to 1861.

Robert H. Wilson Esq., son of Mr. George W. Wilson, left the place, died suddenly last week, at his home in Florida. Mr. Wilson was long visiting his friends, only a short time ago, in appearance a young man. He left Easton for New York for Florida on the 16th of July, was attacked with inflammatory rheumatism; on his way South, and died of congestion of the brain soon after reaching home. He was an intelligent, cultivated and high toned gentleman, and, had he lived, would doubtless have brought a high position in his adopted State. He was foreman of the grand jury of his county, which recently investigated the Carpet Bag Swindles, and brought so many Carpet-baggers to grief. We lament the loss of such a valuable man.

The Reward of Industry.

Mr. William Myers has bought of Capt. R. K. Cooper, of Baltimore, the homestead of the late General Tench Tilghman, known as "Plimhimmon," situate in Oxford Neck, Talbot county, 300 acres, for $7,000, paying over half the purchase money cash down. We remember very well, some forty years ago, when Mr. Louis Myers, the father of Mr. William Myers, came to this county from Germany, and engaged to work as a poor laborer for General Tilghman on "Plimhimmon." He remained on the same farm, or in the immediate neighborhood, during the balance of his life, and moderately saved money. His two sons succeeded him, and have been industrious and economical farmers. Mr. Louis Myers lives on a farm he owns in Ferry Neck, opposite Oxford, purchased, we believe, by his father in his life time. Some time ago, Mr. William Myers, the other son, bought of Dr. S. A. Harrison the farm in Oxford Neck called "Anderton," the former residence of the late James Thomas. And now he has bought the splendid estate upon which his father labored when he first came to America. Mr. Myers is an intelligent and prosperous farmer, and his wealth has been acquired by the sweat of his brow. He has made money, and made it fast, by renting land, which shows that industry and economy will pay as well by farming here as any where.

Fine Trotting at Westminster—Hamilton Park Stables Win a Purse of $300.

The annual meeting of trotters at the new fair grounds at Westminster, Carroll county, Maryland, took place last week. A large number of fast horses were present, and the trotting is reported as very fine. There was a large crowd of people present to witness the sport. The track, one of the prettiest in the State, is a half mile, and was in splendid condition. Hamilton Park stables were represented by Mr. Bowlsey's Fannie Fern, and Mr. T. T. Seymour's Careless Boy. Fannie Fern was in the first race of the first day, got distanced in the first heat, and was ruled out. The race was won by Sam French in 2.38¼. Careless Boy was in the second race of the second day. His competitors were Silas Wright's g. g. Silas, the winner of the second race of the first day, and A. Watson's b. g. Al. Watson. The race was one of the most exciting of any trotted at the meeting. Silas was the favorite, and the race was considered really between him and Watson. Careless Boy not attracting much attention before the start. Silas and Watson lead off, Careless Boy a sulky's length behind, until the home stretch of the first half mile was reached, when Powers pushed the Boy to the front, lapping the others, as all three, head and head, passed under the string, with yells of delight by the crowd for Careless Boy. The second half mile was trotted under the whip, and the heat won by Careless Boy, to the utter dismay of the backers of Silas and Watson. Careless Boy won the second and third heats, and consequently the race, amid loud applause from the grand stand, and shouts from the ground below. Time 2.41, 2.37, 2.37¼. The Frank Pierce blood will tell. We congratulate Mr. Powers on the success of the Boy. The race establishes the superiority of the training at Hamilton Park stables.

TRAPPE, July 31, 1877.

[Correspondence of the Star.]

MR. EDITOR:

Notwithstanding the riot in Pittsburgh, Trappe is just sleeping off the effects of another festival. So far, the workmen here have shown no disposition to strike. In fact, they are so weak in number that any effort to "mob" would necessarily prove fatal, and the incendiary's torch is rendered harmless by the fact that all of our public buildings are fire-proof. We have been pursuing the even tenor of our way except that we attended the festival. It was gotten up by the scholars of Mr. Mullikin's classes. It was a grand affair on a small scale. Ice cream boys were the "boss" attraction, but there were also two lands, one for substantials and the other for the same purpose with the prefix ice. We understand that the proceeds, about $30, are to go toward getting new furniture for the school rooms. Last year a fine organ was bought for the school with money raised in the same way. Doubtless good results are brought about by these festivals of a more momentous, though less substantial character than the mere money making. "Oofish" lovers are encouraged, and such sweet hearts as are inclined to hait with two opinions run a dreadful risk when they take part in a childrens' festival. Our medicine men look happy this morning, and I am writing by the bedside of a victim. Combining these two facts, Mr. Editor, I deduce a moral; it may of you metropolitans should ever come to Trappe during festival season bring your stomach pumps.

Yours experimentally and correspondingly.

Regretfully, MR. MICAWBER.

PERUVIAN SYRUP
PERUVIAN SYRUP

Protected Solution of Protoxide of Iron.

READ THE FOLLOWING

West Point, Va., Jan. 11, 1871.

Dear Sir—For seven or eight years past I have been in poor health, and for the past year or more very feeble. My health continued to decline, and my flesh and strength wasted away, until I was unable to work, or even go up stairs without great exhaustion. I suffered from frequent and distressing attacks of palpitation of the heart, my food distressed me, causing debility and pain in the stomach; the least exertion produced nervousness, extreme debility and debility of the system generally, my blood being thin and poor, my strength in vacillation, and I was for years suffering all the torments of a confirmed dyspeptic. After the advertisement of PERUVIAN SYRUP, I determined to try a bottle of the PERUVIAN SYRUP, and received of my surprise and joy, before I had taken the bottle more, and have continued the use of the SYRUP until quite recently. It has restored my health to such an extent that I feel myself as good as new. My digestion is good and my weight has increased in the past four months from 130 to 150 pounds, thus wonderfully improved, and I can truly say I owe it all to the use of your PERUVIAN SYRUP. I earnestly recommend all sufferers from Dyspepsia and debility to give it a trial, hoping it will do them as much good as it has me.

Yours very truly, REV. S. S. BERRY.

PERUVIAN SYRUP
PERUVIAN SYRUP

FROM A MERCHANT.

Newark Sharpsburg, Md., Sept. 6, 1876.

Dear Sir—It gives me very great pleasure to inform of the benefit received from the use of PERUVIAN SYRUP in my own family. My wife, for the past ten years has been in feeble health—very much debilitated generally. Last Spring she concluded to try a bottle of PERUVIAN SYRUP, and was so well pleased with the result, continued its use until three or four bottles had been used, and she is now in better health than at any time for ten years, and has increased in weight from 115 pounds to 150. I have employed physicians and used a great variety of patent medicines, to the extent of hundreds of dollars, and I know she received more benefit from the PERUVIAN SYRUP than all the rest together.

My sales of the syrup are very large and constantly increasing, and I do not hesitate to recommend and even warrant it to give satisfaction, to you desiring you are at liberty to use this recommendation as you see fit, as it gives me pleasure to recommend so good an article to suffering humanity. Yours truly,

ISRAEL FRANK.

PERUVIAN SYRUP
PERUVIAN SYRUP

RESTORED TO COMPLETE HEALTH.

Bacons, Md., Sept. 7, 1876.

Dear Sir—From early youth I was in feeble health, troubled with humor in my blood, dyspepsia and debility of system generally; was unable to labor much, and only at some light business, and then only with great caution.

Seven years ago the past Spring I had a severe attack of Diphtheria, which left my limbs paralyzed useless, so I was unable to walk or even sit up. Reading the advertisement of PERUVIAN SYRUP I continued to give it a trial, and to my great joy soon found my health improving. I continued the use of the SYRUP until three bottles had been used, and was restored to complete health, and have remained so to this day.

I attribute my present health entirely to the use of PERUVIAN SYRUP, and hold it in high estimation. I cannot speak too highly in its praise. I have in several cases recommended it to cases very similar to my own with the same good results.

Yours truly,

ANCHORED

AT OAK HALL.

6TH AND MARKET STS.

STILL TO BE HEADQUARTERS FOR

CLOTHING.

Wanamaker & Brown,

In the Old Place at the Old Stand.

All the best talent, experience and advantages we can command, continued at OAK HALL, to produce the BEST and CHEAPEST CLOTHING for man and boy.

For sixteen years we have lived at the old corner of SIXTH and MARKET, and the business done there has been so satisfactory, to the public and ourselves, that we have decided not to change or move the Clothing business away. The people like the place and we like to please the people, and we believe that we can do it better than part of the old place.

The sales of the past year far surpassed anything we ever dreamed of, and this puts it in our power to start the Spring of 1877 with a STILL LOWER SCALE OF PRICES, and a class of goods so excellent that we are not afraid to follow each sale with our warrantee, or receive back the goods unworn and hand over to the customer the money paid.

The store has been largely refitted, and there never was such a splendid stock of Men's, Boys' and Children's clothing under the roof, nor were we ever able to sell so cheaply. Our word for it, and we are your friends of sixteen years.

WANAMAKER & BROWN,
OAK HALL.

PURE ESSENCE JAMAICA GINGER,

Prepared and for Sale by

Henry & Goldsborough.

It is particularly recommended as a tonic to persons recovering from fever and other diseases, a teaspoonful in a tumbler of hot water gives a glow and vigor equal to a wine glass of brandy or other stimulant, without any of the debilitating effects which are sure to follow the use of liquor of any kind, and it is therefore especially serviceable to the travelling public, laborers and children in correcting the bad results arising from a change of water and diet. Sold in quantity to suit, at the Drug Store of

Henry & Goldsborough.
