LOCAL RECORD.

The Markets.

Gold continues to stand at $1.08½. The demand for Wheat is active. Best Southern amber and red $1.20@1.25; Common $1.45. Corn, best Southern 55@60 cents. Oats, 32@35 cents. Rye 67 cents.

—Intermitting application will induce disease unless the blood be kept constantly pure and rich. For all hard workers the remedy to keep the blood in the best condition is Dr. Bull's Blood Mixture.

—Mrs. Julia Frazier, late of Knoxville, Tenn., writes us that she has been a great sufferer with inflammatory Rheumatism and Neuralgia, and in every attack Keller's Roman Liniment has given her relief, very often upon one application. She adds: "Indeed, in relieving pain on every part of the body I know of nothing superior." Her's is the experience of all who use it as a pain-destroyer.

—Peaches are selling low in the cities.

—No good farmer will fail to buy the justly celebrated I. P. Thomas Raw Bone Super-phosphate.

—Another rain about this time would benefit the corn crop.

—The tramps have all disappeared from about the Easton depot.

—Sweet potatoes have made their appearance in the Easton market.

—Prepare to register. Register. See the advertisement of the officers of registration published in to-day's STAR.

—A Methodist Episcopal camp meeting will commence at the old Wye camp ground on the 22nd inst.

—It seems now a settled fact that the proposed railroad between Lewes and Rehoboth is soon to be put through. The work is in charge of parties who will push it rapidly towards completion.

—Concord camp-meeting closed yesterday. The preaching during the camp is reported as excellent, and the conversions numerous. As a religious meeting the camp was a great success.

—Mr. E. Q. Sewall, Engineer of the Delaware Railroad, has completed the preliminary survey of the proposed road from Dover to Rehoboth, making the distance to Rehoboth 42 miles—25 miles shorter than by the J. & B. Railroad.

—William H. Councell, Esq., Post Master of Easton, and Editor of the Easton *Gazette*, left here last Wednesday evening for Boston, via Baltimore and Norfolk. He took the sea route for the benefit of his health.

—On Sunday evening week while Mr. John Beachamp, residing near Concord, was attending the camp at that place, some unknown person broke into his house and stole about three hundred and twenty five dollars.

—Mr. William E. Shannahan, of the firm of Shannahan & Wrightson, has gone to New York to purchase a stock of goods for their new hardware store, which they will open about the 1st of September.

—Col. Richard Henry Spencer, Chief of Ordnance of the St. Louis National Guard, will please accept our thanks for St. Louis papers, giving full particulars of the suppression of the great riots in that city during the railroad strike.

—Henry Tilghman was arrested and committed to jail last week for cutting Abe Price with a knife. They are both negroes. Abe attempted to collect a bill of $1 out of Tilghman, and received a bad cut on the arm instead of the money.

—Shannahan & Wrightson are making good sales of the Star-Bone and other fertilizers. Mr. Wrightson will meet Mr. Shannahahan in Baltimore this week and aid in selecting their stock of farming implements, machinery &c. The new firm mean business.

—J. W. Cheezum & Co. will move back into their old store-room (which they have just enlarged and remodeled) to-morrow. They will have one of the prettiest stores in town, and the least attractive feature about it will be the large stock of cheap goods, which they will have on their counters.

—Mr. John T. Brady, late of Easton, who went to his native country (Ireland) for the benfit of his health, has been permanently restored to health and was married on the 2nd of July, at Castlebar, county of Mayo, to a Miss Hughes, the fifth daughter of the late Patrick Hughes.

—A number of our citizens went to Cape May on Wednesday, with the Chestertown Odd Fellows' excursion. Some made the mistake of halting and spending the day at Sea Grove, under the impression that they were at Cape May, to the infinite amusement of their fellow excursionists, who did up the great watering place in splendid style. The unfortunates will know the ropes better the next time they go to Cape May.

—Mr. Burglar Johnson, says the Denton *Journal*, who has been staying at the jail for several months past, took a notion yesterday to change his quarters. Accordingly, in the absence of Sheriff Collins, about three o'clock in the afternoon, he unlocked his cell door, walked out, carefully locked the door again, walked leisurely out the front door of the jail and bade good-bye to Denton.

—This town is overrun with "tramps," who are the worst nuisances that have ever afflicted the people, and will surely cause serious trouble unless something is done to rid the town of them. We think it the duty of the Town Council to take measures to protect the citizens against this class of people, who roam about the streets and walk with impunity into every one's house. Women are sometimes left alone, and it is not right nor proper that they should be left to the mercy of such men; therefore there should be an ordinance passed, compelling these fellows to quit the town or be punished. We do not doubt that there are those among them that are harmless and would work if they could get it to do, but a majority of them are worthless, debased creatures, capable of committing any crime, and the sooner we are freed from them the better. We hope that the council at its next meeting will take the matter in hand and rid the community of these pests before it is too late.—*The Dover Delaware of Aug. 4.*

Last Tuesday there were over 300 tramps at Clayton. About 80 took possession of the cars and started in this direction. Some stopped at the different stations on the road, and the balance, about 25, reached Easton in the afternoon, causing no little excitement here, by their walking unceremoniously into people's houses in search of food. Some of them got excellent suppers, and went away pleased. They appeared to be a harmless set of fellows. Some of them were well dressed and had money. They were looking for work, but could find none. This is a bad country for tramps; the farm houses are too far apart, which gives them more walking than they are accustomed to, and then such walks use up shoe leather. In the evening, the hardware stores in town were busy selling revolvers to our alarmed citizens. The Town Commissioners got a large special police on duty Tuesday night, to patrol the town and protect it from danger. The tramps all slept at the depot, some under the sheds, and some in the cars. They all left in the 10 train Wednesday morning, quite disgusted with the place, and to the great relief of our citizens. They pile into the cars in such numbers that the conductors cannot control them, and they go where they please, without paying any fare. The railroad managers, both on the Md. & Del. and the Delaware road, cannot afford to quarrel with them, lest in their desperation, they should tear up the track, or place obstructions on the rails, and throw off the trains. They all claim to be looking for work, and are to be pitied. While the Republican party has spent all its energies for the last 17 years in legislating and fighting for the benefit of the negroes, and doing them no benefit whatever, it has legislated thousands of white men of the country into tramps, and rendered their condition infinitely worse than the very worst kind of African slavery. Now, what are the people going to do about it? Trust to those to cure the evil who have caused it? Not if they are wise, will they do it. The great tramp evil is the direct result of Republican folly.

Turner's Excelsior.

J. J. Turner & Co's standard fertilizers are advertised in this morning's STAR. They are so well and favorably known by our farmers, that there is no necessity for praising them. They are equal to the best in the market.

New Steamboat Line.

Attention is directed to the advertisement of the steamer Ruggles, now running as a general freight boat on the Choptank river. Messrs. I. M. Parr & Son, of Baltimore, owners; Capt. Wm. E. Turner, agent on the Choptank. This line is intended to be permanent, and the farmers on the river both in Talbot and Caroline, can now ship their peaches and grain at the shortest notice. The Ruggles receives and delivers freight at all the landings on the river, as far down as Jamaica Point.

Extract from the Telegraph and Messenger, Phila. Co.

We had tested its virtue personally, and know that for dyspepsia, biliousness and the troubles arising therefrom, it is the best medicine the world ever saw. We had tried many other remedies before the Simmons Liver Regulator, but none of them gave us more than temporary relief, but the Regulator not only relieved but it cured us.

Special Notice.

We have kindly revised our subscription list. We found upon it the names of a number of persons, who have paid us nothing for a long time. If any of these fail to receive the STAR hereafter they may readily surmise the cause. Money matters are too tight these times for us to buy paper and print it, and then pay postage on it, and send it to subscribers for nothing. In the mean time, we would be particularly obliged if all those in arrears, in the county and out of it, in the state and out of it, would send us the amount due on subscription. They will find the date they have paid to printed with their names.

Personal.

J. F. Bateman, Esq., has left Ocean City for New York.

Bishop Lay's health has been much improved by surf bathing at Ocean City. He is still there.

B. H. Harrington, Esq., has returned from his trip to Jordan Allum Springs and Ocean City.

Walter H. Thompson, Esq., was at Rehoboth last week.

Another Hotel for Oxford.

Mr. Samuel Norris, of this place, has purchased the Mrs. Mary Willis house and two acre lot, in Oxford, for $3,500, cash, and intends immediately to build a new hotel on the lot, to accommodate over 300 guests, and intends to furnish it and have it in operation by next summer. The hotel accommodations at Oxford are altogether insufficient for the business. The River View House cannot accommodate one half of those who desire board there during the summer months. Oxford is a very healthy place; the bathing there is excellent; the salt air is refreshing and invigorating; and it is just the place for those who desire to spend the summer months quietly. The site chosen for the new hotel is one of the best in the town, where there is always a delightful breeze from the water, and a splendid view down the river. The new hotel is to be fitted out with billiard tables, ten pin alleys, bath houses, fishing boats, livery stable, and every thing necessary to the comfort and pleasure of visitors.

TARRANT'S SELTZER APERIENT

The Crucial Test of the value of a medicine is time. Dest experience confirms the claims put forth in its favor at the outset in the grand question. Apply this criterion, so simple, yet so searching, to TARRANT'S EFFERVESCENT SELTZER APERIENT. How has it withstood the test of time? Ask the thousands who have used it. What has been its history? How does it stand to-day?

Tarrant's Seltzer Aperient,

Is a household name throughout the United States. It is administered as a specific, and with success, in dyspepsia, sick headache, nervous debility, liver complaint, bilious complaints, bowel complaints (especially constipation), rheumatism, gout, gravel, nausea, the complaints peculiar to the maternal sex, and all types of inflammation. Its mild is in its operation that it can be given with perfect safety to the feeblest child; and so agreeable is it to the taste, so refreshing to the palate, that children have to be taught to take it. PERUVIAN SYRUP
PERUVIAN SYRUP

Protected Solution of Protoxide of Iron.

HEAD THE FOLLOWING

WEST FAIRLEE, Vt., Jan. 11, 1871.

Dear Sir—For seven or eight years past I have been in poor health, and for the past year or more very feeble. My health continued to decline, and my flesh and strength wasted away, until I was unable to work; or even go up stairs without great exhaustion. I suffered from frequent and distressing attacks of palpitation of the heart, my food distressed me, causing acidity and pain in the stomach; and I suffered from extreme nervousness, constipation, and debility of the system generally, my blood being thin and poor, my sluggish in circulation, and I was for years suffering all the tortures of a confirmed dyspeptic. Abouteix months since I concluded I would try a bottle of PERUVIAN SYRUP, and receiving as much benefit from it that I purchased five bottles more, and have continued the use of the SYRUP until quite recently. It has restored my health to such an extent that I feel myself as good as new. My digestion is good and my weight has increased in the past four months from 120 to 138 pounds; thus wonderfully improved, and I can truly say I owe it all to the use of your PERUVIAN SYRUP. I earnestly recommend all sufferers from dyspepsia and debility to give it a trial, hoping it will do them as much good as it has me.

Yours very truly, MRS. S. S. BENIS.

PERUVIAN SYRUP
PERUVIAN SYRUP

FROM A MERCHANT.

NORTH BRANSWICK, Me., Sept. 9, 1876.

Dear Sir—It gives me very great pleasure to inform you of the benefit received from the use of PERUVIAN SYRUP in my own family. My wife, for the past ten years has been in feeble health—very much debilitated generally. Last Spring she concluded to try a bottle of PERUVIAN SYRUP, and was so well pleased with the result, continued its use until three or four bottles had been used, and she is now in better health than at any time for ten years, and has increased in weight from 110 pounds to 126½. I have employed physicians, and used a great variety of patent medicines, to the extent of hundreds of dollars, and I know she received more benefit from the PERUVIAN SYRUP, than all the rest together.

My sales of the syrup are very large and constantly increasing, and I do not hesitate to recommend and even warrant it to give satisfaction. If you desire you are at liberty to use the communication as you see fit, as it gives me pleasure to recommend so good an article to suffering humanity. Yours truly, ETHEL PEASE.

PERUVIAN SYRUP
PERUVIAN SYRUP
RESTORED TO COMPLETE HEALTH.

BROOKS, Me., Sept. 7, 1876.

Dear Sir—From early youth I was in feeble health, troubled with humor in my blood, weakness and debility of the system generally; was unable to labor much, and only at some light business, and then only with great caution.

Seven years ago the past Spring I had a severe attack of Diphtheria, which left my limbs paralyzed useless, so I was unable to walk or even sit up. Noticing the advertisement of PERUVIAN SYRUP I concluded to give it a trial, and to my great joy soon found my health improving. I continued the use of the SYRUP until three bottles had been used, and was restored to complete health, and have remained so to this day.

I attribute my present health entirely to the use of PERUVIAN SYRUP, and hold it in high estimation. I cannot speak too highly in its praise. I have in several cases recommended in cases very similar to my own with the same good results.

Yours truly,
CHAS. E. PEARCY.

STILL TO BE HEADQUARTERS FOR

CLOTHING.

Wanamaker & Brown,

In the Old Place at the Old Stand.

All the best talent, experience and advantages we can command, continued at OAK HALL, to produce the BEST and CHEAPEST CLOTHING for man and boy.

For sixteen years we have lived at the old corner of SIXTH and MARKET, and the business done there has been so satisfactory to the public and ourselves, that we have decided not to change or move the Clothing business away. The people like the place and we like to please the people, and we believe that we can do it better than evert a the old place.

The sales of the past year far surpassed anything we ever dreamed of, and this puts it in our power to start the Spring of 1877 with a STILL LOWER SCALE OF PRICES, and a class of goods so excellent that we are not afraid to follow each sale with our warrantee, or receive back the goods unworn and hand over to the customer the money paid.

The store has been largely refitted, and there never was such a splendid stock of Men's, Boys' and Children's clothing under the roof, nor were we ever able to sell so cheaply. Our word for it, and we are your friends of sixteen years.

The Matchless

BURDETT ORGAN.

I TAKE pleasure in announcing to the public that having completed my arrangements as agent for the sale of the above very superior instruments, and having obtained of the manufacturers unsurpassed advantages for the purpose of introducing them in this locality, I am prepared to sell at as heavy discount from Price-list as can be gotten of any city Agent.

My thirty years experience in this particular line may be counted worth something to my customers. Call and see (and hear) sample instruments at my store room.

Sensible hints upon the management of the various stops and general principles of construction on the organ given gratuitously.
