LOCAL EDITED.

Baltimore Markets.

The market at the end of last week and here of choice samples of Southern Wheat prime is quoted at $1.05@1.10. Corn, Night cents. Oats, seven cents. Rye, 60@65 cents. Gold is down to $1.00.

—By every consideration of profit and propriety, the blood should be kept absolutely pure by using Dr. Bull's Blood Mixture.

—"Allow me herewith to express my thanks to you for the benefit myself and family have derived from the use of Keller's Roman Liniment. I have used it for Rheumatic pains, Bruises and Sprains, Hoarseness, Sore Throat, and in cases where external applications were required, and found it to effect a perfect cure in every instance. I value it so highly that I shall never be without a supply of it.—W. H. Bell, Baltimore, Md."

—Don't fail to register.

—This is the last day of registration.

—If you would raise a good wheat crop, use I. P. Thomas' Raw Bone Super-phosphate.

—Have you registered? If not, register to-day. It is your last chance.

—Read Jarrell, Nichols & Cox's advertisement in another column.

—The weather last week was warm enough for July.

—There was a tournament at Hillsborough on Thursday, for the benefit of the Hillsborough Band.

—A. A. Hughes has just received a large stock of cheap boots and shoes. The public are requested to call and examine. Advertisement next week.

—J. J. Jump, Esq., returned from New York Friday night. Jump & Co's stock is now just immense, over $15,000.00 worth of choice goods. Ladies' and Gentlemen's Dress Goods, Carpets and Clothing are their specialties.

—Mrs. Kate Waddell was arrested and placed in jail again last Tuesday, this time under a peace warrant, charged with threatening to burn Messrs. N. C. Fitzgerrell and Thomas S. Sewell's property.

—William M. Abbott, Esq., of the Annapolis *Republican*, paid a visit to Talbot last week, and went from Easton to Hambleton Park, to enjoy the trotting. Mr. Abbott was raised at Trappe, and has many friends there who were glad to see him.

—The Liver is more frequently the seat of disease than is generally supposed, for upon its regular action depends, in a great measure, the powers of the stomach, bowels, brain, and the whole nervous system. Regulate that important organ by taking Simmons' Liver Regulator, and you prevent most of the diseases that flesh is heir to.

—A fraud has been playing detective and working up the Fitzgerrell murder case in Chapel district. He managed to obtain small sums of money from several people, to secure as much snake-bite as he could guzzle, and borrowed an overcoat, and then pulled out for parts unknown' six cents reward is offered for his arrest and the recovery of the borrowed property.

—At the district meeting held last Saturday, in Easton district 45 ballots voted for Dr. C. H. Gibson to go to the State Convention, and 1 voted for Mr. J. A. Johnson to go. That was the meaning of the vote, although delegates were voted for. Because the 45 Gibson men mostly voted printed tickets, the *Ledger* calls it a "packing job, put up by a ring." The "kibs" in this case, however, constituted the whole, with one solitary exception, and he is welcome to scratch his head until he makes it sore. There are none, unfortunately, to moulter with him.

—There is an ugly report in circulation connected with the arrest of Mrs. Kate Waddell last week, to the effect that the officer that made the arrest attempted to seduce her on their way to jail, and failing to do so, he threatened to shoot her if she did not yield to his wishes. We forbear to mention names, and trust there is no foundation for the report. If the facts are as reported, however, the officer has placed himself in a very unenviable position, even upon his own reported statement of the case. If there is no truth in the matter, the report ought to be corrected.

N. B.—Since the above was in type, we learn that Constable Sewell, the officer implicated, has been arrested and held to bail, to answer to the charge.

New Goods.

Covington & Hatemah have been busy for several days, receiving and opening goods. Their store-room is packed full with everything desirable in the dry goods line.

The Last Chance.

This is the last day for the registration officers to sit. Those who fail to register to-day will be unable to vote in November. Do not let yourselves miss the last chance. Go and get registered.

Death of Dr. Duncan.

Rev. James A. Duncan, D. D., of the M. E. Church, South, and President of Randolph Macon College, died last week. Dr. Duncan was one of the finest pulpit orators in America. His death will be a great loss to his church and to pure christianity. He was well known in Talbot, having visited here repeatedly.

Death of John H. Love, Esq.

John H. Love, Esq., Deputy Clerk of the U. S. District Court, in Baltimore, and a prominent and wealthy citizen of this county, died suddenly of heart disease, at "Mary's Delight," in Bayside, on Wednesday morning, just as he was about to go out bird shooting. He fell dead in his yard. His death cast a gloom over the whole community.

Theatrical.

The Metropolitan Dramatic Company, from Baltimore, will give three entertainments at the town hall this week, commencing this evening. The company is composed of respectable ladies and gentlemen. They play Rip Van Winkle and The Two Orphans. Mr. Ward is said to be an excellent Rip Van Winkle. See advertisement in another column.

Woman Shot.

A negro man named Spencer Rodgers was arrested and committed to jail last Tuesday, on the charge of having shot a negro woman named Eliza Graham. They both worked for F. H. Johnston, Esq., in Bailey's Neck. The shooting grew out of a quarrel which took place between Eliza and Rodgers' wife. He shot her in the thigh with a small pocket revolver. Dr. E. R. Trippe was called in, and probed the wound, which was a slight flesh wound, but failed to find the ball. Rodgers evidently aimed to kill her.

Caught in the Eye.

On Tuesday morning Dr Arthur Mitchell displayed for sale on the street, near the market house, some kind of a patent arrangement for drying clothes on a new kind of clothes horse. "Blind John Wilson," in passing by, ran into it, and as he broke off, took the hook fairly in the eye of an iron hook. John sang the music and Bailiff Rathell lifted him up and unhooked him. Dr. Trippe dressed his eye, and found the injury but slight. John said he couldn't see much before, and he thought his eyes were entirely out. He was very naturally much alarmed. Rathell soon made the doctor take in his patent extinguishers and man catchers.

Judges of Election, Appointed by the Commissioners.

Easton—M M Thawson, H Tharp, James H Covington.
St. Michaels—Edward Harrison, Robert A Dodson, John C Harper.
Trappe—A C Multikin, William P Wright, Montgomery Lloyd.
Oxford—William P Bloxom, A H Stewart, Edward S Hartshorn.
Chapel—Thomas Covey, William B Lee, John Reese.
Bay Hundred—William Covington, Jas H Cooper, Thomas Lowe.

The first named are Clerks in each. We may expect to get the Chapel returns about Thanksgiving day, for certainly a slower team could not have been selected in that district.

The New Fire.

A small negro girl, who has been living with Major Wm. E. Stewart about one week, set his house on fire five times last Wednesday, while the Major was at Hambleton Park. Fortunately, no harm or damage other than scorch, or possibly singed apparel. An hour of this without sleep, she gave up the darn, and the fire was soon extinguished.

The Baltimore Daily Gazette has been a very refined Democratic paper, generous, polite, courteous, liberal. On Thursday night, Ex-Gov. Philip F. Thomas, by special invitation, addressed the Democracy of Baltimore at the Maryland Institute, calling on to rally, and was followed by Gov. Warfield and others. The next morning, this very courteous and chivalrous Democratic paper, was profuse in complimenting Gov. Whyte editorially, but made no allusion whatever in the article to Gov. Thomas, or to his able and eloquent speech. Yet Gov. Thomas went to Baltimore expressly to aid in turning the labor tide against the democratic party, and if the party in Baltimore is saved from defeat through the exertions and the exertions of others, none will profit more by it than the Gazette; and it knows very well that if the Democrats lose the city and State, it will lose its life for a paper on its last legs is not likely to survive such a catastrophe. Certainly some malign influence must have cast its shadow over and around this exceedingly refined, generous, and courteous Democratic paper, or it would not have been guilty of such a glaring piece of rudeness towards one of the oldest, ablest and most highly honored Democrats of the State. The matter is of no consequence to Gov. Thomas, his friends have a right to resent the Gazette's rudeness towards him after his taking the trouble to respond to the invitation of the Baltimore Democracy.

DEMURRER.

The trial of Henrich Wahles for the murder of Max Hugo Hoehne, near Elm Station, Md., on the night of the 16th of October, 1876, was concluded on Tuesday, and the jury rendered a verdict of guilty of murder in the first degree. Counsel for defense moved for an arrest of judgment and were given until October 15 to file reasons for a new trial.

NO EXCUSE FOR ANY ONE BEING OUT OF EMPLOYMENT.

Our attention has been called to some new and useful cooking utensils, recently invented which make baking and cooking a pleasure, instead of a dreaded necessity. One of which, the Patent Centennial Cake and Bread Pan, made of Russia iron, is so constructed that you can remove your cake which baked, instantly from the pan, without breaking or injuring it, and you can remove the tube, and convert it into a plain bottom pan, for baking jelly or plain cakes, bread, etc. Another—the Kitchen Gem—a plated wire boiler or steamer to hang inside of an ordinary iron pot, for boiling or steaming vegetables, etc., which when done, can be removed perfectly dry, without lifting the heavy scoop pan out of the stove, avoiding the danger of burning the hands with the steam in pouring off the hot water, and the vegetables can set ready for dish, perfectly hot but dry, as the steam does not touch the bottom of the pot. These goods are sold exclusively through agents to families, and every housekeeper should by all means have them. A splendid opportunity is offered to some reliable lady or gentleman canvasser of this county to secure the agency for a pleasant and profitable business. For terms, territory, etc., write to L. E. Brown & Co., Nos. 214 and 216 Elm Street, Cincinnati, Ohio. sep25-4w
