LOCAL RECORD.

Baltimore Markets.

Gold last Thursday touched its lowest point since 1873. It went down to $1.02¼, and it was heavy at these figures on Friday. Choice Southern Amber Wheat is quoted at $1.35, prime $1.30 @1.32. Best Southern White Corn, 68 cents; Yellow, 67 cents; Oats are worth 35 cents; Rye, 65 cents. The grain market is rather dull, shippers holding off, and millers only purchasing. The market is heavy in England, which accounts for the indisposition of shippers to purchase freely at present prices.

—The "Baby's Best Friend" is the most appropriate title for Dr. Bull's Baby Syrup. It is absolutely free from Opium, Morphia and other powerful agents, is perfectly safe and reliable under all circumstances and by allaying the usual Stomach and Bowel Disorders of Babyhood keeps the child from fretting and crying, so injurious to itself and annoying to all. Price 25 cents.

—Exercise is absolutely essential to the healthy condition of the body, yet there are very few forms of exercise entirely free from the liability to sprains or extreme muscular soreness; to remove these pernicious effects of exercise, Keller's Roman Liniment is the best remedy known.

—A fearful wind and rain storm passed over this section last Thursday.

—The heavy rain on Thursday stopped the wheat seeding

—Now is the time to travel. The fare to Baltimore is only 50 cents by the Highland Light.

—Thomas Donaldson, an eminent lawyer of Baltimore, died last week.

—There was frost here Friday and Saturday nights of last week.

—Last Thursday's storm did great damage to shipping on the coast.

—Baltimore was near having another Jones' Falls overflow last Thursday.

—The tide on Thursday was very high; almost as high as the great high tide of a year ago last September.

—There is said to be considerable dissatisfaction with our ticket nominated last Tuesday, in both Trappe and Chapel districts, and not a little in Easton district.

—The Republican wire-pullers were busy canvassing here last Saturday, probably fixing up a programme for to-day. The colored brethren were not allowed to participate.

—The Centreville *Record* is crowing over the new Centreville court house, which will be done by the 15th inst., and is said to be one of the finest public buildings on the Shore.

—The Delaware papers report that Ex-Gov. Groome, solicitor for the bond holder, has obtained a final decree for the sale of the Md. & Del. Railroad, and it is probable the road may be sold before next spring.

Mr. Henry T. Maloney has been appointed Deputy Clerk of the U. S. District Court of Maryland, in Baltimore, to fill the vacancy caused by the death of John H. Lowe. Mr. Maloney is a native of this county and a first-rate clerk.

—Capt. Larrimore said on Saturday, the Workingmen's party intended to put a third ticket in the field, as soon as the other two parties completed their nominations. This move, we suppose, is intended to give somebody a big scare, for the new party cannot hope to win.

—Wm. H. Bruff, Esq., Ex-Judge of the Orphans' Court for Talbot County, and lately a merchant at St. Michaels, has gone with his family to Texas to reside. He intends to engage in stock farming. Mr. Wrightson Price and his family went to Texas with Judge Bruff.

—No new light was thrown on the Fitzjarrell murder last week. There is said to be nothing to implicate Joe Waddell, beyond the fact that he gave his wife a ten dollar bill the day before she was arrested, which a negro woman stole from her house after her arrest.

—Last Saturday we heard the name of Mr. R. R. Dixon mentioned in connection with the Republican nomination for State Senator. The name of Mr. D. C. Avery, in connection with the nomination, had previously been mentioned in these columns. The convention to-day will decide between Harrison, Avery, and Dixon.

—Mr. James W. Shaw, of Chapel, it is now reported, will be the Republican candidate for sheriff, since Mr. Thomas S. Sewell is out of the contest. If the Chapel Shaw, at the election, does not do better than the Cambridge Shaw did at the Hambleton Park races, on the night of the 6th of November, many a Republican will be heard to mutter, "*O, Shaw, Shaw, Shaw, Shaw, Shaw*" for Griffin is bound to come out ahead and take "first money."

—Mr. Thomas S. Sewell requests us to say he is "not guilty of the charge preferred against him by Mrs. Waddell." We hope what he says is true, and hope it may be proved so when his trial takes place. He had a hearing last Tuesday before Esquire Robinson, and was held to bail in the sum of $500. We think there has been a disposition about Jarrelltown to persecute Mrs. Waddell, which has resulted disastrously to some of her persecutors. Mr. Sewell should learn wisdom by experience.

—The Talbot horses were badly cleaned out at the Middletown races. None but Charlie Bennett's mare, Lady May, took any money, and she only took fourth money in a three minute race. With eleven starters. Powers says but for his being taken ill as soon as he reached the grounds, things for Hambleton Park stables would have turned out better. He hopes to be ready for the New Jersey sharpers next year.

—For sometime past, Mr. John H. K. Shannahan has been receiving his ice from Baltimore. By some means he failed to get his supply Sunday morning, but telegraphed Sunday evening about it, and in answer to the telegram, received his regular supply via Dover Bridge yesterday afternoon, and this morning his customers were supplied notwithstanding his failure to receive his supply on Sunday. So much for the extra boat the Md. Steamboat Company is running on the Choptank.

—Draper Gibson is in trouble again. Draper is a Frenchified darkey. He is very dressy, and very polite. He went to the penitentiary not long ago, from this county, for stealing a watch. He served out his term and returned home. We next heard of him at Annapolis, where he was arrested for stealing another watch. By hook or by crook he appears to have gotten off. We now hear of his arrest in Delaware, for stealing clothes in Smyrna. If he should succeed in trying the merits of the whipping post, we have no doubt but that it will do him good. A little Delaware law, well laid on his bare back, is just what such scamps as Draper need.

—The Baltimore County Reformers have done well for the Republican printers, since they got possession of the county. They have audited and paid them, from January 1st, 1876, to September 1st, 1877, the generous sum of $16,980.53, and there is yet due them over $4,000. The amount of printing for the two previous years, under the Democrats, from January 1st, 1874, to September 1st, 1875, was but $8,627.82. The other expenses of the county have been increased in about the same ratio. So much for Republican Potato Bug reform. Baltimore county will go Democratic this fall, notwithstanding the Republicans are trying to use the Workingmen's party for their own purposes, as they did the Potato Bugs two years ago.

—The dissatisfied Democrats and Potato Bugs of Dorchester county have put out an independent ticket for the Republicans to vote for, with Dr. Washington Smith for Senator, at the head of it. Why cannot the Republicans of Dorchester nominate a ticket for themselves? It would be more business-like and more consistent to call in "John L. Thomas and myself" to assist them, if they are incompetent to do it, than for them to surrender their manhood and principles to Dr. Smith and his brother Democratic scarecrows, who appear to have completely bulldozed them. Col. Clem. Sullivane is too smart to let Dr. Smith defeat him in that way. He is going for the Republican vote himself, as the Republicans have no candidates, and it is said there are lots of Republicans in Dorset who are ready to meet him more than half way, and assist in giving Col. Sullivane a triumphant election.

—Mrs. Mary Ann Stewart has opened her fall styles of millinery goods. Her opening created almost as much excitement at her store among the ladies last Tuesday, as the Democratic Convention created among the men at the court house. Mrs. Stewart expects to keep up the excitement at her establishment until after the election, and the ladies, one and all, are free to participate in it. Indeed, she invites them to come in all their strength, and says, "now is the accepted time;" for hats, bonnets, ribbons, flowers and other millinery were never so cheap or pretty as they are at present. No wonder there is so much excitement about her establishment.

Son among the ladies, it is, who must have the first pick of the hundred and one pretty things she has upon her counters. Ladies, don't all go at once. She has enough to supply you all. A few hundred a day are as many as she can well attend to.

—Thompson & Kersey are again before the people in a new advertisement, with a revised list of prices. These gentlemen have not managed the leading Dry Good business in Easton thirty years for nothing, but are continually giving the people benefits arising from their long experience. They have done a big thing for all those in want of Carpets this season, as they bought their goods direct from the mills, and present them to the people in the newest patterns and at prices far below what they can be had in the city. No such variety of Carpets, from a fine Brussels to a cheap Hemp, can be found on the Eastern Shore, as are now on exhibition at their "Carpet Depot." They receive to-day a large invoice of Ladies' Coats direct from the manufacturers, which will be sold at a small advance over cost. Their determination to do the largest business in Easton has made them popular all over the Shore, as their prices cannot fail to attract the people.

Horses Killed by the Storm.

Mr. Thomas J. Reynolds, living in King's Creek neighborhood, had a barn blown down and a horse and mule killed, during the storm on Thursday evening.

Important Change in the Cars.

There will be a change in the time-table of the Md. & Del. railroad next Monday. On and after that date, the train will leave Easton at 7 A. M., instead of 8:20 A. M. Returning, will arrive at Easton at 3 P. M., as at present. The 10:20 train will be withdrawn, and there will be but one train a day. Shippers must have their freight to the cars by 6½ o'clock A. M. or it may be left till next day.

A Lady Shot at by a Negro.

In the afternoon of Monday week, Mrs. William Carey, living near Hayland school house, went to Stitchberry's store, at Tavrnerr's woods, to do some shopping. On her return, in the woods between the Centreville road and her home, she was attacked by a negro man, and becoming very much alarmed, she ran back towards the store. Failing to overtake her, the scoundrel shot at her with a pistol. Mrs. Carey did not know the man, but says she could identify him if she could see him.

Theatricals.

The Metropolitan Dramatic Company from Baltimore opened a season at the town hall last Wednesday evening, and gave our citizens a fine entertainment by playing "Rip Van Winkle," "The Two Orphans," and a number of amusing farces. Mr. J. F. Ward, the star of the company, is a very excellent Rip Van Winkle. The company played at St. Michaels Saturday night, and Mr. Bokee will take a farewell benefit at the town hall in Easton this evening, when they will play "The Hidden Hand," Mr. S. B. Hopkins, Jr., of this place, volunteering as Wool. Go and see it. It will be good.

Boats Ashore.

Thursday's high tide and storm did much damage to vessels in our waters. Three schooners are high and dry on Mrs. Harrison's point, near St. Michaels, one of them the Alabama. Capt. George Tyler's schooner Harriet R. Ford, was driven into a cove near Mrs. Harrison's point. She is within ten feet of navigable water, and will be easily gotten off with lighters. A schooner from Annapolis was driven ashore on Tenant's beach, in Miles river. Another oysterboat is ashore on Long Point, in Broad Creek Neck Rd. S. Harrison's schooner the Chas. H. Gibson' and Nathaniel Leonard's schooner, the Albert Dobbins, at Oxford, were both driven ashore, but have since been gotten off.

Town Improvements.

Moses Hers has just had a pair of show windows put in the front of his store, and this week, will open his fall stock of clothing.

Samuel Patchett has enlarged his furniture warerooms on Dover street. He and Mr. Henry M. Bennett, of Cambridge, intend entering into partnership with him, and will leave to-morrow night for the city for a general assortment of furniture.

Mr. Edward Street, on Dover street, has improved his store by taking out his show windows and putting in a glass front. He is also improving his dwelling house, so as to make two dwellings of it.

The firm of Saulsbury & Bromwell, carpenters, has been dissolved. Mr. Saulsbury has gone back into the pump business, and Mr. Bromwell has gone into business with Charley Gatten.

The Registration.

At the registration in Easton district the present year, there were 77 whites registered, and 26 blacks. 36 whites were stricken from the list, and 25 blacks.

In St. Michaels district there were 83 whites registered and 23 blacks. 23 whites and 2 blacks were stricken from the list.

In Bay Hundred there were 25 whites and 8 blacks registered. 11 whites and 7 blacks were stricken off.

In Chapel there were 55 whites and 17 blacks registered, and 15 whites and 9 blacks stricken from the list.

In Trappe, including Oxford precinct, there were 22 whites and 28 blacks registered, and 17 whites and 3 blacks taken off.

TOTAL IN THE COUNTY.

	Whites.	Blacks.	Total.
Registered,	232	107	339
Stricken off,	162	46	208
Increase,	60	61	121

The Hillsborough Tournament.

The crowded state of our columns last week prevented our noticing the Hillsborough Tournament, held in John W. Knott's field, near that place, on the 26th of September. It was gotten up for the Hillsborough Band, and was in all respects a pleasant affair. P. A. Morgan, Esq., was Chief Marshal: W. J. Dukes, Charles R. Wooters, W. J. Wilkinson and Garrison Smith were Assistant Marshals; David Knotts was Herald. Couriers, James Flemming, Albert Morgan and William Mason. Dr. Charles H. Rose delivered a handsome address to the knights, and Surgeon N. Pinkney, U. S. N., delivered the coronation address, which was in the Doctor's best style, humorous and entertaining. The knights were William Sherwood, Knight of Wye; John Rose, Knight of Rose Hill; Charles Rose, Knight of Oak Hill; George Dyer, Knight of Tuckahoe; Thomas Brown, Knight of Auber Band; William Clements, Knight of Queen Anne's; James Morris, Knight of Hillsborough; John Seward, Knight of Lloyd's Hill; John Long, Knight of Caroline.

THE TILTING.

Knight of Wye,	13
" Rose Hill,	11
" Tuckahoe,	11
" Hillsborough,	9
" Auber Band,	7
" Lloyd's Hill,	5
" Caroline,	5
" Oak Hill,	4
" Queen Anne's,	4

15 was the highest possible score.

The Knight of Wye took the first prize, which was a fine set of harness, and the honor of crowning the Queen of Love and Beauty. He crowned Miss Blanche Crouch.

The knights of Rose Hill and Tuckahoe having tied, they had to decide the honors by a second tilt, the Knight of Tuckahoe winning. The second prize was a handsome lap blanket, and the honor of crowning the First Maid of Honor. Tuckahoe crowned Miss Lulie Jump.

The Knight of Rose Hill won the third prize which was a fine carriage whip, and the honor of crowning the second Maid of Honor. He crowned Miss Gettie Jump.

The Knight of Auber Band won the fourth prize, which was a tin cup, and the honor of crowning the third Maid of Honor. He crowned Miss Morris, of Hillsborough.

After the crowning of the ladies, and the coronation address, an elegant supper was served followed by a dance in a pavilion erected for the purpose, ice cream, cake, lemonade, &c., &c. It was a most enjoyable season for all engaged in it.

A CARD.

Dr. Kenney, of Middletown, Dr. Caulk, of St. Michaels, and other friends who so kindly attended to me while ill at the Middletown fair, will please accept my sincere thanks for their kindness, but for which, I am certain I should now be *training* in another world.

JAMES H. POWERS.

NO EXCUSE FOR ANY ONE BEING OUT OF EMPLOYMENT.

Our attention has been called to some new and useful cooking utensils, recently invented which make baking and cooking a pleasure, instead of a dreaded necessity. One of which, the Patent Centennial Cake and Bread Pan, made of Russia iron, is so constructed that you can remove your cake when baked, instantly from the pan, without breaking or injuring it, and you can remove the cake, and convert it into a plain bottom pan, for baking jelly or plain cakes, bread, etc. Another—the Kitchen Gem—a plated wire boiler or steamer to hang inside of ordinary iron pot, for boiling or steaming vegetables, etc., which when done, can be removed perfectly dry, without lifting the heavy sooty iron pot off of the stove, avoiding the danger of burning the hands with the steam in pouring off the hot water, and the vegetables can not possibly burn if the water boils dry, as the steamer does not touch the bottom of the pot. These goods are sold exclusively through agents to families, and every housekeeper should by all means have the privilege of examining the merits of this valuable invention. Unusually low terms, doubtless with a view to secure the agency for a pleasant and creditable business. For terms, descriptive circulars, &c., address, L. E. Brown & Co., No. 81 and 83 Sycamore street, Cincinnati, Ohio. sep25-1w

$5,000

Worth of Boots and Shoes thrown on the Easton Market.

The daily increasing demand for a certain quality and style of Boot and Shoe, is an evidence of the popular favor in which our stock is held by the community generally. We keep none but the best make, and sell at the very lowest prices, and we venture to assert that

The "Mongomery Boots" and "Plow Shoes"

have not their equal in the market. We have just received the largest invoice that we have ever before ordered of those celebrated boots and shoes, being almost an impossibility to keep the demand supplied and we are offering them still, at the same low price. Persons in want of a good Boot or Shoe, should examine our stock, and they will be sure to purchase, as they commend themselves to purchasers at sight, to say nothing of the wide reputation by the hundreds who have purchased the same make before. In addition to this class, we have the most complete stock of

Ladies and Misses, Boys and Youths Boots and Shoes,

of every quality, style and price, and we defy competition. Call early and see for yourselves, as our stock is just opened. Our stock of

Fall & Winter Dry Goods

is very large and complete and goods are marked down! *down!!* down!!! so that all can buy without embarrassment. Our stock of

GROCERIES

was never larger and more complete than at present, and we are selling them very close, indeed. An examination will be all sufficient to prove what we here assert. We respectfully invite our many friends and customers to call and see us at our old stand in Market Space. SAMUEL NORRIS.

Piano Tuning.

CHARLES O. GARRIOTT, No. 146 M. st., very street, Baltimore, Tuner and Repairer of Pianos, Church and Parlor Organs, Melodeons, &c., will visit Talbot and Queen Anne's counties regularly twice a year, in May and November, to tune and repair Pianos. Orders addressed to him, through the Easton or Cambridge Post Offices will receive prompt attention.

May 15th, 1877-yr

NEW ENTERPRISE IN EASTON!

Important to Farmers

FERTILIZERS &c.

THE undersigned have formed a co-partnership and will therefore conduct business in Easton under the firm name of SHANNAHAN & Wrightson.

We beg leave to make known that we have secured the agency for the sale of some of the leading Fertilizers among which are to be found the celebrated

Star Bone Phosphate, Piedmont Guano, and P. G. Ammoniated Superphosphate of Lime, and will also sell for the Lorentz & Rittle Ammoniated Soluble Phosphate, the Alta, Allen's Pelican and Marine Guanos, Coe's Phosphate and others, which we will deliver at the most convenient landings at factory prices and free of freight. We can furnish all kinds Fertilizer Ingredients at

LOWEST FIGURES.

We are also prepared, and are offering the famous

Hagerstown Grain, Seed & Fertilizer

DRILL;

Called the BEST or KELLER, one of the finest Drills manufactured, which has been used by some of our most practical Farmers with the highest degree of satisfaction. It has stood the test, and will stand second to none in the market. Call and examine before purchasing.

We call attention to the fact that on September 1st we will occupy our store room (opposite the Court House), and be fully prepared to offer to the public a full and complete line of

Hardware, Tinware, Stoves, Harness, Pumps, Cart and Carriage Materials, etc.,

together with a stock of

Agricultural Implements,

in great variety. We take occasion to state that among the Agricultural Implements, we are already introducing a new and popular PLOW known as the

ADAMANT.

In other localities it has grown in favor, and gives entire satisfaction, as being one of the Best and Cheapest Plows in use, and we confidently believe a fair trial in our section must carry it where it belongs, to the front. Orders filled at once.

Until the 1st of September we can be found at the store of J. A. Shannahan, opposite the Post Office. Orders by mail promptly and faithfully attended to.

Hoping by strict attention to business fair dealing, low prices and promptness to merit a fair share of public patronage, we respectfully ask a trial from all desiring goods in our line.

Wm. R. Shannahan,
Chas. T. Wrightson.

Skipton, July 24th-3m

To Wheat Growers.

EXCELSIOR.

ANALYSIS

Ammonia	6.20
Soluble Bone Phosphate of Lime	25.50
Undecomposed Bone Phosphate of Lime,	6.20
Sulphate of Potash	2.88

The most concentrated, universal and durable fertilizer ever offered to the farmer—combining all the stimulating qualities of Peruvian Guano, and the ever durable fertilizing properties of Bones. In fine dry powder, prepared expressly for drilling.

After nineteen years experience by the Farmers of Md. and Va. in the use of 'Excelsior,' it is their unanimous opinion that an application of 100 pounds of 'Excelsior' is equal to from 200 to 300 pounds of any other fertilizer or guano, and therefore fully 100 per cent. cheaper.

UNIFORM QUALITY GUARANTEED BY THE MANUFACTURERS.

☞ Farmers should see that every bag is branded as above, with the ANALYSIS and OUR NAME in RED LETTERS. All others are counterfeits.

PRICE $50 PER TON,

FIRST INSTALLMENT

FOR

Fall & Winter 1877-78

OF

BOOTS, SHOES, HATS AND CAPS.

THE fine crops of wheat and corn raised this year, and the fair prices realized, (and likely to be realized) for them by the farmers of our county, has furnished the model for me to convince myself that brighter days have dawned for them, and that therefore the

PROSPECT FOR TRADE FOR 1877-78

is superior to any I have had for many years.

Relying upon the business qualities of the people, I have made my arrangements accordingly.

Greater Preparations, Greater Efforts

AND OFFER

Greater Inducements!

than ever before, to those that purchase their goods in Easton.

I am desirous of increasing my sales to an aggregate that will enable me to sell to the trade at a lower profit still, and it can only be done by consumers concentrating their patronage upon the one that strikes at the root of the evil.

In addition to my usual profits this season, I have made arrangements to control in this market, several makes of very superior boots, each pair of which must be specially warranted to give satisfaction.

Accommodating terms of credit give to responsible parties paying customers.

Purchasers large stock, but a fortnight now of what is to follow.

Please give me a call.

Respectfully,
M. M. HIGGINS.
