LOCAL MOORD.

—No opium! No morphia or other dangerous drug is contained in Dr. Bull's Baby Syrup, for the relief of colic, teething, etc. Price 25 cents.

—Volumes might be written whose influence would be less effectual in securing a certain result than would a few words from a man of prominence. Horace Greeley's "Go West!" has done more for the West than have volumes of argument. Go West if you wish to see things in their greatness, and notice the quantities of Keller's Roman Liniment used and the esteem in which it is held by farmers and stockraisers for diseases of horses and cattle.

—Our farmers had delightful weather last week for wheat seeding.

—The negro band on Friday night serenaded Capt. Tharp, the Republican candidate for Senator.

—The Democratic meeting for Broad Creek has been changed from Bridges' store to Newnitt's store.

—D. C. Avery has been appointed a judge of election in this district, vice Reuben Tharp, nominated candidate for the State Senate.

—William J. Marshall is about to open another livery stable in Easton, and is having a new omnibus built at the shop of Peter C. Killen.

—Mr. Thomas J. Warren, of St. Michaels, declines the honor of a Republican nomination for county surveyor.

—Mr. D. S. Lewis, photographer, has returned to Easton and taken Stebbins' gallery. Mr. Stebbins will itinerate for a while.

—Moses Hern's store, with its new show windows stocked full of new clothes, is quite an improvement on the old front.

—Covington & Bateman's large and handsome stock of cloaks is attracting the attention of the ladies.

—The Highland Light and Kent are running passengers to the Baltimore races this week at ONLY 50 CENTS *for the round trip*. This is the time to travel.

—The registration in Chapel district this year was 74 whites and 12 blacks. There were 44 whites and 14 blacks stricken from the registration lists on account of deaths and removals.

—Jarrell, Nichols & Cox wish us to inform the ladies that they have just received a magnificent stock of cloaks, ranging in price from $5 to $20.

—Mr. T. T. Martin advertises to sell all his live stock and farming implements, at his farm, "Montrose," on the Glebe road, near Easton, on Wednesday week the 31st inst.

—Attention is directed to the advertisement of Mr. George W. Beck, in another column of the STAR. He has some very handsome stoves for sale. We have tried his "Golden Sun" stove, and can recommend it as the best we ever used.

—Every family ought to have a "Hot Blast" coal oil stove. They will be found very convenient in winter, and invaluable in summer. Those made by Whitney & Hall, Philadelphia, are the best.

—We have no particulars of the meeting at Trappe last Saturday, beyond the fact that Wm. Goldsborough, Jr., Esq., made a speech in the afternoon, and that the night meeting was prevented by the rain.

—The firm of George W. Beck & Co., dealers in stoves and tinware, has been dissolved. Mrs. Beck will continue the business at the old stand. Mr. George W. Beck has rented Joseph Kerlin's store room, and will keep a full line of stoves and tinware at that place.

—Mr. Joseph A. Baynard, the gentlemanly conductor on the Md. & Del. railroad, was married at the M. P. Church, by Rev. Mr. Reed, on Tuesday last, to Miss Hennie M. Chambers, and immediately took the steamer for Baltimore on a wedding tour. We tender the happy couple our congratulations.

—"A Budget of Home-Made Christmas Gifts, with forty-six illustrations and diagrams," is the leading contribution to *St. Nicholas* for November. It is timely and complete and gives ample instructions to girls and boys how to make, by themselves, more than seventy Christmas presents.

—J. J. Jump & Co's sample clerks are operating on the Western Shore, and the house is now filling large orders from places almost in sight of Baltimore. They are also waking up the sleepy retailers of Annapolis, and delighting the ladies of that ancient city by the cheapness and beauty of their samples. This is enterprise and no mistake.

—The Workingmen of Easton made out a ticket Tuesday night. With the exception of sheriff, it is made up of persons on either one or the other of the two tickets in the field. They did not nominate a Senator or surveyor. The ticket is as follows:—(Those in italics are Republicans.) Comptroller, Thomas J. Keating; Legislature, Capt. E. L. F. Bartchelle, *H. C. Dalton*; County Commissioners, J. H. Jump, *Joseph Horney*, *Edward Y. Davis*; Sheriff, John Leonard.

—Mr. Jacob Williams has been improving his store on Market Space, by building an addition of about 40 feet. The front storeroom will now be 40 feet deep, and the grocery room in the rear of the building is 35 feet deep. The partition is up, and the shelving of the front part has been commenced. The finishing of the back part, now enclosed, will be postponed until the front is done. When the job is completed he will have a large and conveniently arranged store, in which to display his cheap shoes, dry goods, and groceries.

—Easton may feel proud of her enterprising merchants, but when one of them has grit and pluck enough to turn the tables upon our friends of the Western Shore, and sell goods in the capital and metropolis of our State, we hold our breath and wonder what will come next. Last week Jump & Co. sent a salesman to Annapolis with a line of samples representing their stock, and sold lots of goods. On Friday he went on to Baltimore and took large orders there. Truly mountains are but molehills to this enterprising firm. The revolution made in the dry goods trade by them is really wonderful, and it is but right they should have credit to which they are entitled. Buying from first hands only, they are prepared to offer goods as low as any house in the United States. Long may they wave and reap the reward due their large conceptions of business.

Coon Hunting.

T. F. Smithers, Dr. Barber, Mr. Thomas Hughlett, Jr., and Mr. Seymour went coon hunting in Goldsborough's Neck, Wednesday night. The sport was very fine. They caught five coons and three opossums, and did not get back before sunrise Thursday morning.

Eastern Shore Marble Works.

Mr. R. Tomlinson has established his marble works at the north end of Washington street, at Mr. A. W. Fountain's carriage factory. He is now prepared to build monuments, get out tomb stones, or any other jobs in marble or granite. This is a new industry in Easton and ought to be encouraged. See his advertisement in another column.

Blind Staggers.

Dr. J. H. W. G. Weedon, of Kent Island, says of blind staggers in horses:—

"As far as my limited researches go, the disease is confined to malarious sections of country, and prevail only as epizootic during the malarial seasons.

"Assuming the above as basis, Miasmatic troubles would be clearly indicated. I therefore subsequently used as soon as symptoms were recognized pointing to the disease as follows:—Calomel, Sulph. Quinine and Comp. Extra Colocynth, each one hundred grains at a dose, followed every six hours thereafter with fifty grains of Quinine, half ounce Sweet Spirits of Nitre and one drachm Muriate Tincture of Iron with the most remarkable beneficial results."

The Cambridge Fair.

The Cambridge Fair last week was poorly attended, except on the last day. The seeding of wheat by the farmers is given as the reason for the slim attendance. The exhibition of stock was ordinary, but the display in the ladies' department was the most interesting feature of the fair.

First Race—The Colt Race was won by Captain Long in two straight heats, Lillie, Wolford second. Time 2:01.

Second Race—The Five County race was won by Rob Roy in three straight heats, Lady Harrington, second, and Nellie Rawleigh, third. Time, 2:40¼.

Third Race—The 2:30 race was won by Lady May in three straight heats, Potato Bug second, Zephyr third, and Howard distanced. Time 2:24¼.

Fourth Race—The Five Year Old Race was won by Gun Bearer in four straight heats, Long Tom second, Lady Hardin third, Joe Bowie fourth, Sunrise fifth. Time 2:46.

Fifth Race—The Stallion Race was won by Billy, Jr., Harry Wagner second, Joe Bowie third. Time 2:41.

Sixth Race—The Wagon Race was won by Jimmy; Harry second, Talbot third. Betsdemarie out. Time 2:51.

Seventh Race—The Atlantic Race was won by Lady May in three straight heats, Clem Morgan second, Potato Bug third, and Selim and Howard distanced. Time 2:27.

Eighth and Last Race—The Sweepstakes was won by Rob Roy, Gun Bearer second, Lady Hardin third, Joe Bowie fourth, Sunrise fourth. Time 2:39¼.

Baltimore Markets.

Gold is $1.02½. Prime Red and Amber Wheat $1.20@$1.22. Southern Corn is dull with an uncertain demand; it is quoted at 60@ 65cts. Oats 31½cents. Rye, 85 cents.

Another Store Improvement.

Covington & Bateman are about to make an important store improvement. The building adjoining their grocery room, now occupied by Mrs. Norris as a millinery store, has been purchased of Mr. Benjamin Taylor; the floor is to be lowered to a level with the pavement, some thirty feet will be added to the depth of the room, a new plate glass front with iron columns is to be put in, and all other necessary improvements done to make it the handsomest store on the street. When they occupy it, Mrs. Norris will move into Covington & Bateman's dry goods room. When this improvement is completed, Easton will have another store equal to the finest city establishments. Covington & Bateman's business is becoming too heavy for their present quarters, hence the improvement.

Senator Davis of West Virginia has the sympathy of all the honest public in his persistent effort to secure an explanation of the mysteries of Treasury Department bookkeeping.

The election for Mayor and City Council in Baltimore takes place to-morrow. The candidates for Mayor are, Col. Geo. P. Kane, Democrat, Joseph Thompson, Workingman, and Henry M. Warfield, Independent.

HARPER'S MAGAZINE for November opens with a fine illustrated article entitled "Ten Years' Acquaintance with Alaska," followed by "The King of the Conjurers," "San Antonio De Bexar," "Madelena, A Story," "Yachting in Blue Waters," "Back to Back, A story of To-day," "Erema, or My Father's Sin," "A Year of American Travel," "The Miners of Scranton," "My Mother's Objections, A Story," poems, and editorial miscellany. A fine number.

THE NEWS.

The Maryland State Agricultural Fair was held at Westminster last week.

The Dorchester County Fair was held at Cambridge last week.

The Republicans and dissatisfied Democrats of Prince George's county have a union ticket, made up of Democrats and Republicans. William B. Hill, Democrat heads it as candidate for Senator.

There was a Centennial celebration of the surrender of Burgoyne at Schuylerville, New York, last Wednesday, the 17th inst. Gov. Horatio Seymour delivered the oration.

The Republicans, by a party vote in the U. S. Senate on Thursday, refused to allow Judge Henry M. Spofford, the Senator elect from Louisiana, to be sworn in, but referred his credentials to the committee on privileges and elections, of which Morton (absent on account of sickness) is chairman. Hipell Mitchel is chief cook and bottle-washer. The credentials of William Pitt Kellogg, the contestant, were referred to the same committee also by a party vote. On both motions Judge David Davis voted with the Democrats. Conkling is leading the fight for the carpet-baggers, but it is doubtfull whether Senators Christiancy, Booth and Conover will sustain him when the committe reports in favor of Kellogg, which it will probably do.

Why Not Renew the Pledge.

One of the first and one of the best acts of the House of Representatives of the Forty-fourth Congress was to pass the following resolution:

"That in the judgment of this House, in the present condition of the financial affairs of the Government, no subsidies in money, bonds, public lands, endorsements, or by pledge of the public credit, should be granted by Congress to associations or corporations engaged, or proposing to engage, in public or private enterprise, and that appropriations from the public treasury are to be limited at this time to such amounts only as shall be imperatively demanded by the public service."

This resolution, passed by a vote of 205 to 33, gave the country confidence in its Representatives. The policy of economy thus indicated was faithfully carried out, and the subsidy hunters who flocked to Washington were sent home with empty pockets.

The Forty-fifth Congress, at the beginning of its career, cannot do a wiser or more honorable thing than to repeat the pledge made by the Forty-fourth.—*N. Y. Sun.*

NO EXCUSE FOR ANY ONE BEING OUT OF EMPLOYMENT.

Our attention has been called to some new and useful cooking utensils, recently invented which make baking and cooking a pleasure, instead of a dreaded necessity. One of which, the Patent Centennial Cake and Bread Pan, made of Russia iron, is so constructed that you can remove your cake when baked, instantly from the pan, without breaking or injuring it, and you can remove the tube, and convert it into a plain bottom pan, for baking jelly or plain cake, bread, etc. Another—the Kitchen Gem—a plated wire boiler or steamer to hang inside of an ordinary iron pot, for boiling or steaming vegetables, etc., which when done, can be removed perfectly dry, without lifting the heavy sooty iron pot off of the stove, avoiding the danger of burning the hands with the steam in pouring off the hot water, and the vegetables can not possibly burn if the water boils dry, as the steamer does not touch the bottom of the pot. These goods are sold exclusively through agents to families, and every housekeeper should by all means have them. A splendid opportunity is offered to some reliable lady or gentleman canvasser of this county to secure the agency for a pleasant and profitable business. For terms, territory, etc., write to L. E. Brown & Co., Nos. 21 and 23 Elm Street, Cincinnati, Ohio. sep25-1w

Worth of Boots and Shoes thrown on the Easton Market.

The daily increasing demand for a certain quality and style of Boot and Shoe, is an evidence of the popular favor in which our stock is held by the community generally. We keep none but the best make, and sell at the very lowest prices, and we venture to assert that

The "Mongomery Boots" and "Plow Shoes"

have not their equal in the market. We have just received the largest invoice that we have ever before ordered of those celebrated boots and shoes, being almost an impossibility to keep the demand supplied and we are offering them still, at the same low price. Persons in want of a good Boot or Shoe, should examine our stock, and they will be sure to purchase, as they commend themselves to purchasers at sight, to say nothing of the wide reputation by the hundreds who have purchased the same make before. In addition to this class, we have the usual complete stock of

Ladies and Misses, Boys and Youths Boots and Shoes,

of every quality, style and price, and we defy competition. Call early and see for yourselves, as we mean what we say.

Fall & Winter Dry Goods

is very large and complete and goods are marked down low, now, so that all can buy without embarrassment. Our stock of

GROCERIES

was never larger and more complete than at present, and we are selling them very close indeed. An examination will be all sufficient to prove what we here assert. We respectfully invite our many friends and customers to call and see us at our old stand on Market Space.
