—Wealth, position, choice of society and surroundings, everything beautiful and attractive in nature and art may use its influence to produce or increase happiness, yet any lady suffering with those complaints arising from the structural difference between the sexes cannot enjoy life or its pleasures while thus afflicted. Keller's Vegetable Life Drops, judiciously used exert a soothing and efficacious influence.

—The Maryland Legislature meets to-morrow.

—We gave our printers holiday last week, and therefore issue but half a sheet this morning.

—Our Easton boys fired an artillery salute Christmas morning, which waked up the sleepers in the neighborhood of the depot.

—Mrs. Roberts pantry was robbed again on Christmas night. The thieves made a rich haul of eatables.

—Christmas day was very quiet in town There was very little dissipation, thanks to the local option law.

—Samuel Patchett's little son, Harry, was slightly wounded Wednesday morning by the explosion of a pistol, while he was putting it in his pocket.

—The prospectus of the New York *Herald* will be found in to-day's STAR. The *Herald* is too well known to need puffing. It is well known to be the leading paper of America.

—The Methodist Protestant Sunday School held its annual Christmas treat last Thursday evening, and a merry time they had, the children enjoying themselves hugely.

—A heavy wind and rain storm passed over this section on Sunday. The cold wave may soon be expected to strike us, as it is said to be on its march southward.

—Now is the season for settling bills and squaring accounts. Those indebted to us will please come forward and pay their bills, so that we may pay those we owe.

—Gill's theatrical company, from Baltimore, gave a round of dramatic entertainments at the town hall last week. They played "Ten Nights in a Bar Room," "Ticket-of-Leave-Man," and "Toodles."

—Messrs. Thomas & Bateman, trustees, will sell at auction in Easton, on the 22nd inst., the John Wesley Arringdale farm, near Kingston, in Chapel district, well known as one of the most productive farms in the county. Attention is directed to their advertisement of the property in to-day's STAR.

—Try it; keep trying it, and try it again. We say this because we believe that the health, happiness and prosperity of the people depend upon the proper use of these medicines, which have proved so successful in eradicating disease and defeating death. The medicines so effective in its cure of diseases is the great Southern remedy, Simmons' Liver Regulator. Try it; we believe that the first trial will be satisfactory.

—At a meeting of Friendship's Grange No. 63 on the 27th instant the following officers were elected for the ensuing year: Dr. Alex. Matthews, Master; R. R. Butler, Overseer; J. P. —Glass ball shooting is the latest agony among the Easton sports. The balls are about three inches in diameter, and are sent up in the air from a trap, like pigeons. To hit the balls ten times out of fifteen shots is considered good shooting for beginners. John C. Henry, John C. Gale, Jacob Williams, Dr. Edward R. Tripps, C. O. Byerly, Dr. Thomas J. Smithers, C. H. Gibson, Charles H. Stewart, William P. Powell and others have been indulging in the sport. Mr. Gale hit ten out of fifteen the first trial; Mr. Williams his five in succession at the second trial; others made good shots.

### New Year.

We extend to our readers this morning the compliments of the season, and with them all old and young, a happy New Year.

### Christmas Tree.

The Sunday School of Christ Church had its Christmas tree on Christmas eve. The Sunday School of Trinity Chapel had theirs on Friday evening.

### Festival.

On Thursday afternoon the children connected with the Catholic Sunday School of this town assembled at the pastoral residence, adjoining the Church of SS. Peter and Paul, where they found an abundance of delicious cake, confectionery, &c., which had been provided for them by their superintendent and some of the ladies of the congregation, who take great interest in the school.

### A Long Wedding Tour.

A gentleman of this county said to us on Saturday, it was just thirty years that day since he came to Talbot county. He said he came here on his wedding tour, and never left. He was so captivated by our fine oysters, our delicious terrapins, our splendid wild fowl, the richness and beauty of the country, and our intelligent and hospitable society, that he could not tear himself away from them. He is now very independent and has reared a large family of children, but still considers himself on his bridal tour.

### Mill Burnt.

Elbin's Mill, formerly known as Potts's Mill, at the head of Miles River, in Easton district, was destroyed by fire on last Saturday night, together with all the machinery and grain in the mill. The loss is heavy; the exact amount we have not learned; neither have we learned the amount of insurance Mr. Elbin had on the mill. It is believed the fire was the work of an incendiary—that the mill was robbed and fired by the thieves. We understand Mr. Elbin was away from home at the time of the fire. This mill was destroyed by fire a few years ago and rebuilt by Mr. Wm. T. Elbin, the owner of the property.

### Orphans' Court.

The Orphans' Court met on Friday, present Chief Judge I. D. Clark, and Associate Judges John C. Bartlett and Samuel Stewart. Also Deputy Register E. H. Roe.

Benjamin Taylor, administrator of John F. Taylor, presented his final account, which was approved and passed.

[illegible] of additional assets in the estate of Catharine R. Dickinson, [illegible] to Robert H. Kemp, who filed the [illegible] was approved A warrant to appraise the estate was issued.

The court adjourned to meet again next Friday

### The Baltimore Sun.

The prospectus for the Baltimore Daily *Sun* and the Baltimore Weekly *Sun*, will be found in this morning's STAR. As a newspaper, the Baltimore Daily *Sun* has no equal. Nothing in the way of important news, local, general or foreign, escapes it, and it is supplied in such a condensed form, that it can be read in a few minutes. Its advertisements are also valuable to the general reader and the business man. As a news and literary paper, the Baltimore *Weekly Sun* is unsurpassed, and specially adapted to country circulation. We commend the *Sun* to those of our readers who are now making up a list of papers for their present year's reading.

Whalebone, Jr., a bay colt foaled in 1873, bred and owned by James H. Powers, of Hambleton, Talbot county, Md., and by Whalebone, (son of Woodpecker), dam by Geo. M. Patchen, deserves mention as one of the prominent four-year-olds of 1877. At Tioga, New York, Nov. 14, he trotted a match race against Lightning, and although beaten, made a good show. He won the third and fourth heats, and the time of each was 2:29. He has received but little handling, still has a grand way of going, and promises to improve rapidly. He is a stallion, stands sixteen hands, and weighs 1,050 pounds. Mr. Powers says if he had the weal h of a Bonner or a Vanderbilt, Whalebone, Jr.'s name would be heralded throughout the land.

The above is an editorial from *Turf, Field & Farm*, of Dec. 28, 1877, and settles the fact that Whalebone, Jr., has made 2:29.

Facts are stubborn things at times.

### Moving.

Moving in town has commenced. Mrs. Jos. V. B. Wright has moved to her new residence near Col. Hambleton's. Mrs. Shannahan has moved into the house vacated by Mrs. Wright. Mr. Jesse Hughes has moved into Mrs. Grace's house, vacated by Mrs. Shannahan. Rev. Mr. Stryker has moved into the house on Railroad Avenue vacated Mr. Hughes. Rev. Mr. Tyler takes the house vacated by Mr. Stryker, and Mr Charles F. Austin is to come to town and occupy the house rented last year by Mr. Tyler. Mr. James Smith has moved into the Samuel B. Hopkins house, on Dover street, which has been vacant for some time.

### A New Year's Gift Wanted.

If all those in arrears for subscription to the STAR would only come forward now and pay off their arrearages, what a nice New Year's present it would be! We should feel as happy as a lark! It would enable us to pay all our little bills, and lay in a good stock of printing material for the winter. Who will be the first? Who next? and so on through the whole alphabet. Come gentlemen, patrons and friends, come to the rescue, and down with your New Year's dust! We have blank receipts ready to be filled up for all Those out of the county will see the date they have paid to printed on the tab with their name. They can remit by post-office order or registered letter.

### Resolutions of Respect.

Easton Grange has passed the following resolutions of respect to the memory of their late brother, Ninian Pinkney:—

WHEREAS, The members of Easton Grange, No. 627, of M., have to mourn the loss of a worthy brother, who has been suddenly taken from us by death; and we are desirous of placing upon our minutes some expression of our estimate of the deceased; therefore be it

*Resolved*, That by the death of our late brother, Dr. Ninian Pinkney, we have lost an estimable and worthy member of our organization. Possessed of rare gifts and attainments which gave him prominence in his profession, he was endowed with many noble traits of character. He was genial and generous in disposition, as he was manly and forgiving towards his fellow man. Ever ready "to help the needy" and "raise the fallen," his memory will long live, and be revered, both in and out of the Grange.

*Resolved*, That as a mark of respect to our deceased brother, this Grange room be draped in mourning.

*Resolved*, That the sympathy of this Grange be tendered to his bereaved family in their severe affliction. Respectfully submitted.

EDW'D L. F. HARDCASTLE,
GEORGE R. GOLDSBOROUGH,
Committee.

### County Commissioners.

The Board of County Commissioners was in session on Thursday. John L. Hopkins, collector for 1876, paid $1,500 on account. The bondsmen of Joseph V. B. Wright, late collector, appeared before the board to adjust the accounts of Mr. Wright and arrange to pay the balance due, but action was deferred until the board could consult their counsel.

The board passed and paid a number of accounts of supervisors.

No appointments were made of supervisors, and some changes may be made in the rules and regulations for working the public roads with a view to greater economy, before the appointments are made. In some parts of the county the roads are represented to be in a bad condition, especially as to their drainage, and yet the road expenses were greater last year than usual. There is money enough spent on the public roads to keep them in first-rate repair, were it but spent judiciously, and it is the purpose of the present board of commissioners that the levy for roads shall be spent so as to assure a good return for the outlay. How this desirable result can be attained is the all important question with the board.

APPOINTMENTS.

The following appointments were made:—
Counsel to the Board—Thomas & Bateman.
Keeper of the Court House—Wm. H. Bostick

*Constables.*

### DRAMATIC ENTERTAINMENT.

The Easton Mozart Band are preparing for a series of entertainments to continue for five evenings, commencing on Monday evening, Jan. 14th. The services of several noted stage performers from the cities, besides the best talent of the Easton Dramatic Association have been secured. The plays selected for the occasion are very choice, and will not fail to draw crowded houses. These entertainments promise to be first-class, as they are gotten up with a heavy expense. The costumes are gorgeous and the scenery beautiful, and the best male and female talent enlisted. We bespeak for the entertainments abundant success, and to the readers of our paper we would say go and see them. Tickets for the season $2, to be had at Prof. Minnick's, where a plat of the hall may be seen. Secure your tickets at once. dec25-3t

SIMMONS LIVER REGULATOR

ASK the recovered dyspeptics, bilious sufferers, victims of fever and ague, the mercurial diseased patient, how they recovered health, cheerful spirits and good appetite; they will tell you by taking SIMMONS LIVER REGULATOR

The Cheapest, Purest and Best Family Medicine in the World!

This unrivalled Southern Remedy is warranted not to contain a single particle of MERCURY, or any injurious mineral substance, but is

PURELY VEGETABLE,

THE SYMPTOMS of Liver Complaint are a bitter or bad taste in the mouth; Pain in the Back, Sides or Joints, often mistaken for Rheumatism; Sour Stomach; Loss of Appetite; Bowels alternately costive and lax; Headache; Loss of memory, with a painful sensation of having failed to do something which ought to have been done; Debility, Low Spirits, a thick yellow appearance of the Skin and Eyes a dry Cough often mistaken for Consumption.

Sometimes many of these symptoms attend the disease, at others very few; but the Liver, the largest organ in the body, is generally the seat of the Disease, and if not regulated in time, great suffering, wretchedness and DEATH will ensue.

I can recommend as an efficacious remedy for disease of the Liver, Heartburn and Dyspepsia, Simmons' Liver Regulator. LEWIS G. WUNDER, 1835 Master Street, ASSISTANT FIRE MARSHAL, PHILADELPHIA.

"We have tested its virtues personally, and know than for Dyspepsia, Biliousness and Throbbing Headache, it is the best medicine the world ever saw. We have tried forty other remedies before Simmons' Liver Regulator, but none of them gave us more than temporary relief. The Regulator was the last hope, but cured us." Rev.
