LOCAL RECORD.

Baltimore Markets.

Gold $1.02⅝. Grain is dull. Good Red Wheat $1.0. Corn 34 cents, and a steady market. Oats are firm at 38 cents. Rye is dull at 65 cents.

—Try it, for it never disappoints. Dr. Bull's Cough Syrup. Per bottle, 25 cents; large size 50 cents.

—Over 130 car loads of reaping machines were sent east by a single factory at one shipment recently. These will, of course, be immensely beneficial to the farmers, but will at the same time be the cause of innumerable accidents, such as severe bruises, cuts, etc., which can however be most quickly cured by the prompt and continued application of Keller's Roman Liniment, not only unexcelled for the above, but a positive cure for rheumatism, neuralgia, etc.

—A rain storm and thaw on Thursday.

—The thermometer went up last week among the sixties.

—Mr. Charles R. Mullikin, the newly appointed Register of Wills has bonded and qualified.

—Mr. Charles H. Sherwood, an estimable citizen of Trappe district, died of pneumonia on Tuesday.

—The very fine preaching at Trinity Chapel is increasing the congregation. Good preaching never fails to attract a large audience.

—The Middle Convocation of the Diocese of Easton will hold its next meeting at St. Michaels on the 12th of February.

—The Maryland Annual Conference of the Methodist Protestant Church will meet at Easton about the 12th of next March.

—T. P. Baker, Esq., requests us to say that he offers his services to the public as auctioneer of all sales, and guarantees satisfaction by prompt and faithful attendance.

—Dr. E. M. Hardcastle, of Trappe, has been appointed physician of the almshouse in the place of Dr. Barber resigned and removed from the county.

—Mr. Busteed's sale of the Centreville *Observer* has turned out a flash in the pan, and he therefore recalls his valedictory, and announces himself in harness again.

—The storm that passed over this section last Thursday extended all over the Atlantic coast, and up to the lakes. In parts of New York there was heavy snow.

—Mr. J. I. Wiley, artist, has on exhibition at the Odd Fellows' Hall, a number of handsome oil paintings. He has sold a goodly number of his pictures since he has been in town.

—The little son of Mr. George W. Wilson that had its thigh broken two years ago, had its leg broken last week, by his nurse falling on him. He is certainly an unfortunate little fellow.

—Mr. I. W. Jump has sent us a bag of corn meal of fine quality, to show that his new mill at Trappe can grind as good meal as it does flour. It was first-rate, and Mr. Jump will please accept our thanks for it.

—Col. Levin Woolford, State Comptroller, will please accept our thanks for a copy of his report on the finances of the State, submitted to the General Assembly, for the year ending September 30th, 1877.

—The Centreville *Observer* says Bishop Lay preached at the Protestant E. Church in Centreville on Sunday week; and after the sermon congratulated the congregation upon the handsome improvements made recently in the interior of the church.

—Mr. Cola Starr, living in Bailey's Neck, was kicked in the eye by a horse on Friday, while he was leading the animal to water. Dr. Bateman was called in and dressed the wound. We sincerely hope Mr. Starr will not have his eyesight impaired by the accident.

—If there are any local laws needed for this county, there should be no delay in petitioning the legislature for them. After the House gets full of business, it will be difficult to put local bills through it. It is our decided opinion that the dredgers ought to be again legislated out of the Eastern bay, and many others think it would be to the advantage of the county for the legislature to enact for us a good road law.

—How to get a husband—Take of modesty a large portion; unite it with urbanity and good humor; to which add good sense, and plenty of love, with a virtuous heart and a pretty face. Take Simmons' Liver Regulator regularly, that the blood and complexion be pure and health good. "From actual experience in my practice, I am satisfied to prescribe it as a purgative medicine. T. W. Mason, M. D."

Death of Judge Franklin.

Judge John R. Franklin, associate justice of the first judicial circuit, died at his residence in Snow Hill, Worcester county, last Friday. Hon. E. K. Wilson is spoken of as his successor.

Masonic.

The following have been elected officers of Coates Lodge No. 102 for the present term:—For W. M., Charles E. Shanahan; S. W., R. J. Trippe; J. W., Dr. E. R. Trippe; Secretary, W. E. Shannahan.

Marriage Licenses.

J. Frank Turner, Esq., Clerk of the Circuit Court for Talbot county, issued 151 marriage licenses from Jan'y 1st to Dec. 31st, 1877, 95 of which were for whites and 56 for colored, and has already issued 15 this month, up to yesterday morning.

Public Sales.

The sale of Mrs. Henrietta Colescott's half interest in the house, on Goldsboro' street, made on Tuesday by J. R. Bennett, Esq., administrator of Mrs. Colescott, was bought by Mrs. John C. Carmine, of Dover, Delaware, for $180.

The sale of Robinson's mill property, at Royal Oak, made by Messrs. Bateman & Thomas, solicitors for Mrs. Ann Emily Scott, mortgagee, was bought by Mrs. Scott, for $1,000.

It Wants Shelling.

In putting in the culvert on Railroad Avenue, near Mrs. Powell's, last fall, the clayey subsoil was taken from the bottom of the drain and spread over the street. Now, after a rain, or when it is freezing and thawing, the whole street, from Mrs. Powell's to the Chapel gate, is a mass of mud. The street needs shelling at that place to counteract the mud. It is perfectly dreadful in its present condition. If the town commissioners would have it shelled, those of our citizens who use the avenue would make them their very best bow.

Organization of the School Board.

Under the public school law, the county school commissioners are appointed by the judges of the court every two years. At the last November term of our court, the judges re-appointed the old board, Messrs. Henry P. Hopkins, James E. McDaniel and William M. Hollyday. Their new term commenced with the beginning of the new year. On Tuesday last the new board met for organization; present Messrs. Hopkins and McDaniel, Mr. Hollyday being sick and absent. They organized by electing Mr. Hollyday President of the Board, and re-electing A. Chaplain, Esq., Examiner and Secretary.

Special Meeting of the Board.

The Board met on Saturday, present Messrs. William Willis and C. M. Jump.

After duly considering the matter with a view to economy, the board decided to advertise for proposals for keeping the roads and bridges in repair for 1878, each contractor to work one election district, and give bond in double the amount of his bid, the board reserving the right to reject all bids, which must be made by the 1st day of February next.

The bond of Jesse F. Shannahan, Jr., constable, was approved, after which he qualified for business.

Sundry pensions and road accounts were paid.

Orphans' Court.

The Court met on Tuesday, the 8th inst., the judges all present. E. H. Roe, Deputy Register of Wills.

Robert H. Kemp, admr. of Catharine R. Dickinson, presented an inventory of deceased's personal estate, which was examined, passed, and ordered to be recorded. An order to sell said estate was granted, also an order to advertise notice to creditors.

Capt. E. L. F. Hardcastle, admr. of Richard Clark, presented his account of sales, which was examined and passed.

Charles R. Mullikin, the newly appointed Register of Wills, filed his bond, which was approved. He then took the oath of office and entered upon his duties as Register.

Church Festival at St. Michaels.

The ladies of the Protestant Episcopal Church of St. Michaels will give a public supper at the town hall in that town, on Wednesday evening, January 16th, for the benefit of the new church. They extend a cordial invitation to their friends in Easton and elsewhere to aid them, by coming and partaking of the good things of the table. The season is propitious for securing salt-water luxuries; the ladies of St. Michaels know how to serve them up in the best style; and they hope a large assemblage will be present and partake of the good things that will be provided. Supper 50 cents. Lunch 25 cents. Ice cream and cake will be served up to order. The rebuilding of Christ Church in St. Michaels will be a great town improvement, and the new church will be an ornament to the county; and it is hoped that the people will be liberal, and lend a helping hand. The young people of Easton would find a delicious recreation in going to St. Michaels on the 16th and partaking of the supper.

County Commissioners.

The Board of County Commissioners met on Tuesday, the 8th inst., all present, including the clerk. The following constables' bonds were approved:—Charles F. Austin, Thomas P. Hopkins, S. Bruff Edgar, John H. Allen, A. Powell Neal. A number of supervisors' accounts were audited and paid. The board refunded to William Collins, trustee, $2,835.80, (including interest) State tax paid in error to the county, which should have been paid to the State, on account of Joseph V. B. Wright's collectorship. A petition was presented, asking Talbot county to join with Queen Anne's county, and shell the sandy piece of public road this side of Hillsborough bridge. The petition was filed for further consideration. A petition was presented, asking the commissioners to straighten a piece of the public road in Trappe district, so as to avoid the road crossing over the dam at Tarbutton's mill, it being dangerous to travelers at that place when the water is high at the mill.

An error occurred in our last week's report, in giving $600 as the amount paid by collector Hopkins on the 3rd inst., it should have been $1,500.

The American Farmer.

The *American Farmer* for January begins a new volume, and possesses unusual interest to the farmer, the gardener, the dairyman, as well as the housekeeper. A life-like full-page portrait of Joseph T. Moore, Esq., Master of the State Grange of Maryland, serves as a frontispiece to the number, some idea of the contents of which are as follows:

Communications from a number of eminent practical farmers on the application and value of manures and artificial fertilizers; on improved stock, and its care in winter; the advantages to be secured from Experiment Stations; proceedings of the well-known Gunpowder Agricultural Club; Top-Dressing Wheat; Fences, Tramps, &c. A letter from France showing the advance of and discoveries in Agriculture in Continental Europe; a full account of the proceedings of the Maryland State Grange at its recent session, with the reports of the various officers and committees, including an able one on Inspections, as affecting the tobacco interest of our State.

The Poultry Department has practical articles on the winter management of fowls, and a plan, with illustrations, for building a cheap poultry-house. A new and convenient system for setting milk to produce gilt-edge butter is given, with engravings. The Gardening Department is full and varied, giving much useful information on fruits, vegetables and flowers, and an illustrated article from a distinguished source on the improvement of the surroundings of farmers' houses. The Home Department contains contributions which will be found attractive and useful to ladies of country households. Timely editorials, the usual suggestions for seasonable work on the farm, in the garden, greenhouses, &c., are furnished, besides much serviceable matter, valuable recipes, reports of meetings, &c. None of our farmers should be without this old and well-filled journal. Subscription $1.50 a year, or 5 copies $5. Sam'l Sands & Son are the publishers, 128 W. Baltimore St., Baltimore, Md.

The Fish Question.

A meeting was held in town last Tuesday morning, to appoint a committee to meet the committee from Caroline, which met here the same day to consider the Choptank fish question. N. E. Nicols, Esq., was called to the chair, and Mr. Samuel Rice appointed secretary. The following was the committee appointed:—N. E. Nicols, Purnell Todd, Jesse H. T. Hubbard, Ezekiel Corkran, James C. Norris, and William Reedie.

THE FISH CONVENTION.

The Choptank Fish Convention, composed of delegates from Caroline and Talbot counties, met in Easton last Tuesday. The following delegates were present:—from Caroline—Lewis Chaffinch, J. E. Hignutt, Bish. Waddall, and Peter Carroll. From Talbot—N. E. Nicols, Purnell Todd, George W. Parrott, Jesse H. T. Hubbard, Ezekiel Corkran and William Reedie. N. E. Nicols was elected chairman and William Reedie was appointed secretary. After exchanging views as to the best means of preserving the supply of shad in Choptank river, it was resolved to appoint a committee to draft a bill, to be reported to an adjourned meeting of the convention, to take place in Easton on Thursday, the 17th of January, inst., and that Dorchester county be invited to send delegates to said adjourned meeting with a bill containing the views of that county. In pursuance of said resolution the following committee was appointed:—Lewis Chaffinch, J. E. Hignutt and B. Waddall, of Caroline; and Jesse H. T. Hubbard, Purnell Todd and William Reedie, of Talbot. When the proposed bill is agreed upon, the legislature will be memorialized, and the passage of the bill will be urged at the present session. It appears the is a conflict of interest between the stake net fishermen of the lower Choptank, and the float seine operators of the upper Choptank, and it has been suggested that this conflict of interest may be reconciled, by the passage of a law allowing the stake nets to be set at night only, and the float seines to operate only in the day time. This will give a portion of the shad ample opportunity to pass the nets and seines and reach their spawning grounds in and above Tuckahoe Creek. As rock fish on the Choptank in the spring are caught almost exclusively of nights in float-seines, of course the rock, (roller) seines would be exempt from the prohibition. It is to be hoped the discussion of the matter, now that the people are getting interested in it, will result in a salutary law that while it will protect the fish, will at the same time work no detriment to any considerable portion of those engaged in fishing.
