—Shanahan & Clark last week sold Col. Hambleton's farm called "Peach Orchard," situate near Hambleton, 6 miles to C. H. Winnie, of New York, for $1,800.

—Never before have the farmers had such a plentiful water for hauling manure, and if their fields are not well covered, they may charge it to bad management.

—Walker has the brick foundation of his new steam flour mill up, and has collected together enough big timbers to grin it, or build a 74 gun battle ship. Flowers is doing the job.

—The plasterers are plastering Norris' new hotel in Oxford, just put up by Roberts & Son. It will be finished in time for the summer visitors to come.

—The *Cambridge* says a whale was seen a few days ago in the Chesapeake bay, off Poplar Island, by the mate at the helm of Mr. E. S. Shaw's schooner. Wonder if it wasn't one of Hamlet's whales?

—The *Cambridge* says the body of an unknown man, supposed to be a drowned deacker, drifted ashore at Wade's point—the farm of John W. Meekins, Esq.—on Sunday week. Esquire Seth held an inquest over it.

—Many of our farmers are almost done breaking ground for corn. Some are done, and some will plant early in April. It is an unusually early season. The wheat never looked so well at this season of the year. It is as large as wheat usually is the first of May.

—Mr. Thompson, of the firm of Thompson & Kersey, has just returned from Baltimore, Philadelphia, and New York, with an unprecedentedly cheap stock of dom stic dry goods, ladies' dress goods, silks, notions, and ready-made clothing. They are just opening their stock, and now is the time to call and select pretty things.

—In these times of war in the steamboats, there is a great deal of going to Baltimore. Those who go there to buy cloth will save money by calling and making their purchases at the New York One Price Clothing Store, 181 West Baltimore street.

—The Methodist Protestant Conference adjourned about 5 o'clock Wednesday evening, and most of the ministers and lay delegates left here Wednesday night on the steamer Kent, for their homes. This session was a very harmonious and pleasant one. We heard no complaint of any on account of their appointments.

—Bishop Pinkney was badly hurt by a fall in Salisbury street in Washington, a few days ago. His face was much bruised by falling against a curbstone. He afterwards held service in the church of the Ascension, where he was going when he met with the accident.

—The new silver dollar is already in circulation. Last week, at the Philadelphia mint, several thousand silver dollars were exchanged for gold dollars at par. The public are anxious to handle the new coin. Some of them have appeared in Easton.

—From what we have seen, we can say to our readers that Jump & Co's. Philadelphia cutter is an artist. His suits are superb in style and fit. A large line of cloths and cassimeres have been placed in stock to select from, but Jump & Co. do not design to be piggish, but will cut and make goods bought from other merchants without making themselves disagreeable to either customer or merchant.

—Gov. Thomas made a great speech in the Maryland legislature on Wednesday, on the bill to settle the dispute with the Baltimore & Ohio railroad. The Baltimore *Sun* pronounced it an "exhaustive argument" in favor of the bill. The Governor's familiarity with the question, growing out of his being one of the counsel in the railroad suits, gave him a great advantage over Mr. Blair, who opposed the measure. The bill passed the House on Thursday, having previously passed the Senate.

The Best Place to Fish.

The best place we know to catch fish is at Frank Smith's store. They are taken there on the fly, as they come to market.

Passed.

The local option bill for Queen Anne's county, passed the House of Delegates last Tuesday, the 14th, without an amendment, and is now a law. The election will take place in April.

Public Sale of Stock, &c.

Mr. Henry C. Covey, living on the Martin farm, near Easton, has decided farming to go west. He will sell his valuable stock, &c., at auction on Wednesday, the 3d of April. See his advertisement in this issue of the STAR.

Light Wanted.

Wonder if the town commissioners intend to put up another lamp corner Railroad Avenue and Aurora street, in the place of the one destroyed by the steam some time ago? Somebody asked us if they were, the other day, and we could not tell them. Ask the town fathers.

Another Thunder Storm.

We had another thunder storm on Sunday, followed by a high, cold wind Sunday night. There must have been hail or snow not far off, to cause such a sudden low temperature of the atmosphere.

A Liver Disordered for Fifteen Years.

"For fifteen years I was a great sufferer from a disordered liver, during which time I tried many of the best physicians in the country and almost all the patent nostrums recommended, all to no effect, until I used Simmons' Liver Regulator, and from the time I used it to this day, which is now several years, I have been comparatively a sound man, having suffered very little since at any time from the effects of my old disease. Consequently, I heartily recommend its use to the afflicted of liver trouble." Mrs. A. H. Wooley, Montgomery Co., Ala.

Fishing Bills.

Rob. H. Dunning has lately put a new patent machine in his mash factory on Dover street. We have now two planing mills in town. Mr. Wilson at the north end of town, having put up a planing machine in his mill, and sometime ago Ellis Mason, Dunn, & Miles, Street Mill, also have a planing machine at their saw mill.

Good Shooting and Fine Sport.

A. G. Thawly and Wm. F. Watson, Esqrs., killed 40 wild ducks yesterday, the 20th, from a blind near the mouth of Corsica creek. Mr. Thawley bagged 14 and Mr. Watson 26. Late in the evening they were joined by Mr. Samuel Moore, who killed twenty of the all captured.—*Centreville Record.*

The Philadelphia Conference.

The Philadelphia Conference of the Methodist E. Church adjourned last Wednesday. The following appointments have a local interest here: Say, John F. Chaplain, presiding elder of Lehigh District; J. Pasterfield, Shenandoah; T. Stevens, Columbia; W. M. Lapell, Salem; Jacob Todd, Spring Garden, Philadelphia; G. R. Harlock, 11th Street, South, Philadelphia; John Ruth, chaplain of Eastern Conference.

Another Attempt to Break Jail.

Henry J. Chase and his accomplice in the room with him, attempted to break out of jail Wednesday night. They were going through the wall of the north-east corner room at a "two forty" speed when they were detected by Sheriff Griffith, who, at the same rapid speed, had them removed, placed in the dungeon and ironed. If the jail is not regularly guarded during night, it is highly probable that the prisoners will escape before court, as the ring-leaders are a particularly enterprising set of fellows.

Fire.

L. W. Covey's old office, adjoining Samuel E. Shannahan's stables, caught fire yesterday morning from the flue on the South side, and a large part of the roof was burnt before the fire was extinguished. Had the fire not been discovered in time to save the property, as high as the wind was blowing at the time, we might have had a big conflagration in town, and much valuable property destroyed.

We think it would be wise in the Town Commissioners, to have the old, dilapidated and abandoned building removed, corner of Aurora and Dover streets, as it is a perfect tinder box, and dangerous to the neighborhood, besides being an eyesore and a nuisance.

Carlotta.

On the back of every copy of the STAR mailed to subscribers, is a stamp colored tag. On the tag is printed certain abreviated words and figures, such as Sep-76, May-76, Mch-77, Aug-66, Jan-78, which are intended to notify subscribers the time their subscriptions are paid to. Sep-76 mean that the subscription is paid to September 12th, 1876; Jan-78 means it is paid to January 1st, 1878, and so on to the end of the alphabet. We have had to cut off a number of subscribers because they could not, or would not, read the inscription on the tag, or did not attend to the notice, by calling at this office and paying their arrearages. Look at the tags, friends, and call and pay up. Those who can't call can send us the money by mail. The tags save us postage, while they enable us to render each account weekly. We need every dollar due us, and would thank those in arrears if they would pay us what they owe us.

A Big Hail Storm.

A gentleman who was in Dorchester county at the time of the great hail storm two weeks ago, informs us it was much severer than has been reported. He thinks the hail fell to the depth of at least three inches. It was very heavy in Cambridge, New Market, Vienna, and the Neck, in fact all over the county. Larks were killed in the fields by the hundred. Wild ducks were killed flying over the Neck district. A swan was crippled, fell, and was captured. Some house lost as high as forty pane s of glass. One house had a good roof smashed in by the hail. The print of the hailstones could be seen on the weatherboarding of houses, like spent bullet marks. Dogs ran through the streets and howled while the hailstones were pelting them, looking to the right and left to see who was stoning them. The wheat was damaged some, but he thinks it has time to branch and recover.

After passing sundry creditors' bills the court adjourned to Tuesday, 26th of March.

County Commissioners.

The board met on Tuesday, March 19th, present Messrs. William Willis, Charles M. Jump and Joseph Horney. W. H. D. Harper, clerk.

C. H. Gibson, Esq., attorney for the Messrs. Hatten, filed an appeal to the circuit court for Talbot county from the decision of the board, granting a private road to Capt. Whitly and Geo. W. Parrott, through the lands of the said Messrs. Hatten, in Chapel district.

James Cox was appointed supervisor, of the road from the Easton and St. Michaels district line to Royal Oak, in place of James P. Rigby resigned, and James J. Barnes was appointed supervisor of the road from Royal Oak to St. Michaels, vice George H. Graham, resigned.

The board approved a number of supervisors' bonds, and commenced hearing appeals, and making transfers and abatements.

J. Frank Turner, clerk of the circuit bond, returned the alienation list, and a list of judgments for 1878.

A petition was presented by taxpayers of Chapel district, praying the board to have a bad piece of road improved near Wye Landing, which was rejected.

The following pensioners were paid:—Elisa Cain, $20; Sarah Davis, $20.

Joseph Hornay, one of the county commissioners, who was absent on the last pay day, was paid his per diem for 16 days and 15 miles $2.

THURSDAY, March 21st.—The board met to hear appeals. Present as on Tuesday.

James A. Matthews was appointed supervisor of Easton Point road.

The register of wills returned a list of taxable property in the hands of administrators and guardians. The board directed the clerk to notify the administrators and guardians named in the list to come forward and show cause, if they have any, why they shall not be assessed, it being apparent from the tax books that much, if not most of the property, is already assessed.

Two supervisors' bonds were approved. The following pensioners were paid: Sarah A. Harris, $20; and Rosie A. Pallister, $20.

State's attorney's account for November term was paid. Payment was also made to the sheriff on account of boarding prisoners.

[CORRESPONDENCE.]

MR. EDITOR:—Some one very learned in agricultural fairs is writing in the St. Michael's *Crescent* and gives it as his experience and best judgment that a Sixpence is enough to offer for the best kind of a trotting race, at an agricultural fair. He does not say how he would divide it, but I suppose he would give 3d to the first, 2d to the second, and 1d to the third. There can be no doubt that there are plenty of people who would train their horses two or three months, pay a driver to drive the race, pay stable rent and for feed, and bring their horses a long distance by steamboat or rail, to secure his liberal purse. The third horse cap daily would have a splendid time of it. He ought to take out a patent for his invention for the benefit of owners of fast horses and agricultural fairs. Of course, people would gather for miles around to witness the speed of his 3d 5 dyers. HOUSEMAN.

☞ The New York Opera House Company will perform the great moral and religious drama "Uncle Tom's Cabin" at the town hall, Thursday evening, March 28th. The price of admission is 75 cents; reserved chairs, 5 cents. The tickets can be secured without extra charge at Prof. Monteith's book store.

TROTTING STOCK.

Mr. Lloyd Lowndes, as agent for Mr. Shaw, of the State of New York, is about to offer the services of the fast trotting horse "Reindeer" to the breeders of Talbot. Here is a description of his speed, speed and style. Our citizens have seen this horse trot two races at Hambleton Park Fair Ground, and they know what kind of a horse he is and moreover, Mr. Lowndes will give a taste of his speed to-day and Saturday next at 12½ o'clock, on the new road from the Railroad depot. Reindeer comes justly to his speed by inheritance, being a son of Fields' "Royal George," (sire of Byron, record 2.20¾,) he by Royal George, the sire of Toronto Chief, the first horse that ever went to the half mile pole in 1:00, which he did at Buffalo, on the Fashion Course, in a race with General Butler and Dexter. Toronto Chief is the sire of Thomas Jefferson, "The Black Whirlwind of the East," with a record of 2.23¾. It will be thus seen that Reindeer comes of a royal family and is truly "a noble son of a noble sire." He can be seen daily at the stable of Dr. Willson, which Mr. Lowndes has rented for this famous trotter.

Deaths

COOPER.—At Salem, N. J., on the 18th instant, Priscilla B., in the 80th year of her age, beloved wife of Wm. Cooper, formerly of Easton.

REDDIE.—Near Trappe, on Monday, the 18th instant, Mrs. Reddie, wife of Mr. James Reddie.

BANNING.—In Easton, on Sunday, the 17th instant, Mrs. Emma Banning, widow of the late Robert B. Banning, aged 72 years.

GOLDSMITH.—On Wednesday, the 6th instant, Mrs. Emeline Goldsmith, relict of the late J. Goldsmith, in the 75th year of her age.

SPENCER.—Fell asleep, at the residence of her brother-in-law, J. Mason Spainhour, Lenoir, North Carolina, on the 14th of March, 5.30 P. M., Eliza Ella, daughter of the late Matthew and the late Elizabeth A. Spencer, aged 40 years all former residents of Easton.

Although some years have passed since the subject of this short notice resided in Easton, the intelligence of her death will awaken in many minds memories that only the truly good ever deeply implant. It was here that Miss Spencer spent the early years of her womanhood. She was confirmed and admitted to the Holy Communion in Christ Church, while under the pastoral care of the Rev'd. Henry Mason, D. D., ever dear to memory. There, are among us, young people who can attest to her faithfulness as a Sunday school teacher, with abilities above the average. Miss Spencer's taste for literature not only displayed itself in much arduous and varied study, but in many sweet verses, and sketches which found their way into the columns of various periodicals. Perhaps some of her last efforts in this line were contributions to some of her own church papers for the young, in order to secure the little paper to the female Sunday school in the Southern town where she died.

But far above all mental endowments, were traits of character and christian graces that endeared her to all by whom she was truly known. Singularly innocent, sincerely kind, truly good, she filed well and usefully the varied places in life to which she was providentially called. A dutiful daughter, a kind sister, an efficient and patient teacher, a faithful friend, she will, we trust, receive that sweet commendation, "Well done, good and faithful servant; thou hast been faithful over a few things—enter thou into the joy of the Lord."

After long years of disease and suffering, her mortality sweet to our dear sister in Christ to fall asleep, only to awaken in the arms of Infinite Love—to enter into the blessed Rest of Paradise; for "so He giveth His beloved sleep."

Sweet be thy sleep, dear sister! that at dawn of day we may be with the blessed "host of our joyful Easter when

"The morning shall awake,
The shadows shall decay,
And each true-hearted servant
Shall hither at dawn the day.
"There God, our King and Portion,
In fullness of His Grace,
Shall we behold for ever,
And worship face to face."

PEDIGREE.

LIVE OAK is a New York horse. He was sired by Stockbridge Chief, Jr., he by old Stockbridge Chief, he by Hill's Hambletonian, he by Abdallah (of Lexington), Stockbridge Jr. is dam, Lady Kate, by Membrino Patchen; he by Old Membrino; he by imported Messenger. Membrino Patchen's dam by imported Messenger; Lady Kate's dam by American Star; her dam by Henderson's Gray Messenger.

Live Oak is a dark bay, 16 hands high, and is well proportioned. Live Oak is in this county. The owner of one of his colts, a Mr. Norris, of Queen Anne's county, has refused $1,000 for him. Another colt sold at Easton Fair, trotted in his year a quarter in 38 seconds. Another has been offered $1,000 for him. These facts were furnished to Mr. P. G. Wright, of whom I purchased Live Oak, by Messrs. Corsen, Esq., of Queen Anne's county, State Feb. 2nd, 1877. His former owner, Simon S. Westbrook, of New York, only paid $125 for him because he failed.

PROOF THAT ADVERTISING PAYS.

The American public is familiar with the Advertising Agency of Geo. P. Rowell & Co. It is the most extensive concern of the kind in the world, and has a splendid reputation through these parts. Its reputation is known by the entire newspaper fraternity, very largely, and, of course, yet, in view of all these facts, the firm seems to grow more and more, for which there is a reason, and, as money, by the inch, is devoted largely to their business. The order takes no somewhat by surprise, and is a good reason to be more than ever, and to know great about the wisdom of putting business through at the times. We add for the benefit of the Thousands who may not know, that Geo. P. Rowell & Co. make money by knowing all about the advertising business, and of dollars thus appropriated. Another factor is worth to their business, $20,000 a year, and is now doubtless, especially, with the fact that, during the last quarter of a century this firm has grown in the United States.—Chattanooga Times.
