The Easton Star,

TUESDAY, APRIL 30, 1878.

LOCAL RECORD.

Baltimore Markets.

Gold is selling at $1.00¼. Maryland Red Wheat $1.37. Choice Amber Wheat, $1.40. Prime Maryland Yellow Corn [illegible]. Rye [illegible].

—Yesterday was the day set for the trial of the Bright de not [illegible] Bright, but [illegible] Bright's counsel, [illegible] public.

—The murderer, as he is called, is quickly [illegible] who neglects his health and thereby jeopardizes his own life, is allowed to go free. If you are troubled with dyspepsia, sick headache, sour stomach, indigestion, constipation, biliousness or liver complaint, invest 50 cents in a bottle of Kellogg's Vegetable Life Drops, for they do your job quickly.

—The gentle showers last week did the vegetable world a wonderful good.

—Another [illegible] tornado passed over this county last Sunday evening.

—I. N. Elston is himself again and is prepared to do all kinds of tailoring in the best manner. Fit guaranteed.

—At Bethlehem, Caroline county, during the gust on Sunday afternoon, hailstones fell as large as English walnuts. The ground was covered with hail after the storm. As there was little wind, the damage done was not great.

—Mr. J. Prescott Eldridge lectured at the town hall in Easton last Tuesday evening. His recital of "The Raven" and "The Bells," by Poe, and Longfellow's "Excelsior," as well as other popular poems, gave marked satisfaction to the audience.

—The popular New York clothing house, No. 16 W. Baltimore street, is always in the lead in styles and prices for men's and boys' clothing. They carry the largest stock of any house in the city and are doing the heaviest business. Call on them and be convinced.

—Messrs. E. E. Jackson & Co., No. 18 West Falls Avenue, Baltimore, advertise in the STAR this morning their large and varied stock of lumber. They own large tracts of timber land in Maryland, Virginia and North Carolina, and their mills cut 40,000 feet of lumber daily. Their large operations enable them to offer extraordinary inducements to those wanting to buy lumber.

—If the functions of the liver are in any way disordered, the whole body, and not only the body, but the mind sympathizes with the disturbed organ. Bilious complaints are more common than any other disease; and to remove the bile, as well as to regulate the liver, you only have to take Simmons' Liver Regulator, which will impart new life and vigor to the whole system.

—We have tried a great many makes of ink, but the best we have ever tried is the ink made by Henry & Goldsborough. It is a beautiful black, creates no sediment in inkstand, flows freely, and does not corrode the pen. It has been introduced in most of our public schools, and gives more satisfaction than any that has hitherto been tried. It is emphatically the ink for the editorial sanctum.

—The ladies of Talbot and Caroline counties wishing to purchase their millinery or have their bonnets or hats trimmed in the most fashionable style, should, while visiting Easton, call at the great millinery bazaar of Mrs. M. S. Norris, opposite the court house. She has secured the services of a first-class city milliner, whose exquisite taste in all that is fashionable and beautiful, cannot be excelled. See her advertisement in another column.

The Theater.

The Monumental Dramatic Company, from Baltimore, played the Spectre of the Forest—C. K. Mortimer as Chevalier Mauprat—at the town hall last night, and to-night Mr. Wm. H. Bokee, the well-known and popular tragedian, appears in Damon and Pythias.

Hail.

We had a considerable fall of hail here during the storm about noon on Saturday. The hail stones rattled against our office window for about five minutes. They appeared to be about the size of BB shot. As it was quite calm at the time it is not likely the hail did much damage to the growing wheat.

The Roses.

Mr. Frank Robson, of Waverly, Baltimore county, until lately resided near us, thanks for a dozen choice roses from the greenhouse of Messrs. W. F. Massey & Co., of that place. The plants are as fine as we ever saw for their age. If they are a fair sample of Mr. Massey's stock, and they come as such, we advise those wanting roses to send to Mr. Massey for plants. He has a large stock of all the choice varieties.

Sanford Coming!

UNCLE TOM'S CABIN AND TEN NIGHTS IN A BAR-ROOM AT THE DRIP'S HALL.

Uncle Tom's Cabin has lately been played in Easton, but no one in this country can play it like SAM SANFORD, the well-known Philadelphia comedian. The people everywhere rush to see him. Sanford and his inimitable troupe will be here this week, and will play at the town hall next Friday and Saturday evening. They will play "Uncle Tom's Cabin," and "Ten Nights in a Bar-Room." If you want to enjoy fun that is fun, go and see Sanford in Uncle Tom's Cabin.

Sale of Real Estate.

The sales of the two valuable tracts of real estate sold last Tuesday afternoon by Messrs. Jno. B. and Edwin H. Brown, trustees, and R. Palmer Keating, also trustee, attracted quite a number of gentlemen desirous to invest in real estate, from all sections of the county and some also from Delaware. The Massett farm, situate near Wye Mills, containing 283 acres, and sold by Messrs. Brown, was purchased by W. W. Rhodes for $21 per acre. The E. G. Palmer farm situate in Spaniard's Neck, near Centreville, containing 188 acres, and sold by Mr. Keating, was purchased by Wm. J. Price, Esq., for $27.10 per acre.—*Centreville Record.*

Tomatoes.

Mr. Hughey McGinn requests us to state that he has at his green house on Chapel road, a large quantity of tomato plants just right for putting out—also that he has a very large stock of geraniums, verbenas, and other flowers for bedding, and will promptly fill orders at less than similar garden plants have ever been sold here. He may be seen at his stand at Dover street corner, (Mr. Higgins' store) every Tuesday and Saturday morning, and will be pleased to receive the orders of all in want of tomatoes, cabbage or other plants. It is now warm enough to put out all kinds of tender plants, and the sooner they are established in the ground the better.

Maryland Directory.

We have received from the publishing house of Messrs. J. Frank Lewis & Co., Baltimore, their new Maryland Directory for 1878, just issued from the press. The book abounds with information respecting the counties in the State, and the city of Baltimore, and an index for quick reference. It contains all the postoffices in the State; all the leading business houses in the towns; the public offices in the State and counties, and their incumbents; most of the leading farmers; interesting statistics; geographical description of the counties and their leading industries; the newspapers of the State, and a great variety of advertisements, especially of leading city business houses and patrons of the enterprise. It is very valuable as a book of reference.

Orphans' Court—April Term.

EASTON, April 29th, 1878.

The court met, present Judges Clark, Bartlett and Stewart. C. R. Mullikin, Register of Wills.

Louisa Dawson, adm'x of Wm. H. Dawson, presented a list of debts operate, and a first and final account of administration; examined and passed.

S. Amelia Wright, executrix of J. V. S. Wright, who was executor during his life of Joseph Williams, deceased, presented a second and final account of administration; examined.

J. Kemp Bartlett, guardian to William and Margaret Benson, presented his second account with each of his wards; examined and passed, and an order passed that the guardian be limited to the net income of his wards for their support.

James C. Tarbutton, administrator of James Redman, presented a dividend for balance due on his first account of administration and its distribution among the creditors; examined and passed.

J. F. Bateman, executor of E. Jennie Ridgaway, presented an inventory of deceased's real estate; examined and ordered to be recorded.

Willoughby Fountain, adm'r of Isaac Price, or Fountain, deceased, presented an inventory of deceased's real estate subject to collateral inheritance tax, a first and final account of administration, and a distribution of the balance; examined, passed, and ordered to be recorded.

Mary Fountain, administratrix of Jno. C. Fountain, presented her first and final account of administration; examined and passed.

After granting sundry orphans' bills, court adjourned until Tuesday next.

The vestry of St. Peter's parish, Christiana hundred, of the Diocese of Delaware, having learned with profound regret of the death on the 20th and 21st inst., of Mr. William Hackett, aged 77 years, and Mr. J. Frank Slaughter, aged 41 years, (the former for many years a vestryman and senior warden of this parish, and the latter a senior warden for a number of years up to the time of his death,) desire to place on record its appreciation of their character as Christians and gentlemen and its sorrow at their loss.

It can be well said of them that they were generous in thought and deed, sincere in their religious devotions, loyal and true as churchmen, and confidently can we say we do not mourn as those without hope for them.

To their families and relatives we do not offer the consolations of this world, but reverently commend them to the care and comfort of Him who knoweth their necessities and who in His own good time will lift up His countenance upon them and give them peace.

T. T. BARROW,
Sec'y of the Vestry.

April 20th, 1878.

Runaway Horses—Broken Shaft—Loss of a Carriage.

As Messrs. Matthew James and John Price turned into West Street, near the residence of Jerome B. Bennett, Esq., Tuesday morning, coming to town, the horse attached to their carriage became frightened, and started at a full run. The strength of both men was insufficient to stop him. When they reached "the flats," by Mr. F. C. Wright's stable, the horse suddenly turned to the right and ran in among the shops and carriages hitched there, making a general smash up of Mr. James' carriage. As the carriage suddenly turned, both men were thrown out on the hard ground and stunned. Fortunately no bones were broken. Mr. James got his shoulder and arm considerably bruised, and Mr. Price complained that his leg was badly hurt. He was taken into Hopkins & Son's carriage store, where he remained until he recovered his strength. Singular to say, Mr. Price had a bottle in his pocket, containing a Longwood's strengthening plaster, but the bottle was not broken by the fall, which was a great consolation to the former, as its contents materially aided in resuscitating him. You will save money, gentlemen, by coming to the front street and having your horse shod and take out care of at livery.

County Commissioners.

EASTON, April 23rd, 1878.

The board met; present Messrs. William Willis, Charles M. Jump and Joseph Horney. Wm. H. D. Harper, clerk.

The board contracted with Benjamin F. Harrison, lately appointed ferryman at Oxford.

The clerk of the circuit court returned the collector's bonds duly recorded.

John L. Hopkins, collector, paid $20 for interest collected by him in March on taxes.

A communication was received from Dr. William R. Hayward, commissioner of the Land Office, at Annapolis, covering a certificate of a tract of land called The Cliffs, patented by I. D. Clark. Marked for assessment.

A. R. Wheeler, Esq., counsel to the board of commissioners of Queen Anne's county, made a demand on the commissioners of Talbot county for $1619.04, expended by Queen Anne's county on Kent Narrows, stating it as the intention of the commissioners of Queen Anne's county to sue the commissioners of Talbot county in the event of their refusal to pay the claim. The matter was laid over, in order that the board might consult their counsel, Messrs. Thomas & Bateman.

Capt. Wm. E. Turner was engaged to cut down grade, and shell Covey's landing, in Chapel district.

Messrs. Roberts & Sons were engaged to put two ventilators in the court room in the court house.

An appeal was made to the board to re-advertise and have made the new piece of road in Trappe district, crossing Miles' Creek, and leading from Hambrey to Landing Neck. The matter was laid over for further consideration.

Sam'l S. Yeo and W. B. Yeo appeared before the board in behalf of the road they want, running towards Lewistown, west of Robert H. Jump's, and objecting to finishing the connecting link in the Matthewston road through the said Jump's lands. No action was taken in the matter.

Sundry bills were paid, and the board adjourned to Tuesday, April 30th.

A Card to the Public.

It seems that there are certain parties traveling in this county trying to sell sewing machines. Now, I have one way of doing business, and they have another way. I am willing to give all machines the credit that belongs to them; and I do say, all machines, if properly managed, will do good work; but some have advantages over others. Now, it seems the aforesaid parties think they must talk and run down other machines and prove them utterly worthless, before they can sell their machines. And it seems that they have made a deal set at the "NEW HOME," the machine I am selling. They say it is worthless, and made out of soft cast iron, and that they can take a penknife and cut it all to pieces in a few minutes. I have a few "NEW HOMES" left, so if they will bring their knives to my office, they can have a few weeks to prove that they are telling the truth or a falsehood. If such a party was to come to my house, running down all other goods and praising his own, I should really be afraid to trust him, for fear his wife would be worse than the ones he was talking about. One of these parties has told me and others that the "NEW HOME" is the best machine he ever saw, and thought more of it than any other. Now, I would like every lady who wants a sewing machine to try a "NEW HOME" before she buys.

H. S. COOPER,
Dover street, Easton.

April 27th, 1878.

N. B.—I will give $50 for one of those knives, if they can do what is asserted, and want to apply for the agency to sell them. H. S. C.

NEW GOODS.

NOTIONS.

The Champion Grain Thresher

IS THE

MACHINE FOR THE FARMER.

All who use it are Enthusiastic.

No other Thresher has ever Pleased them so well.

Wet grain and damp straw are no hindrance to the Champion.

It works right along in the rain, when other Threshers must stop.

Those who have used it will have no other, because it does better work, gets out the straw cleaner, does not scatter the grain, and when once started there is no delay.

Farmers who know the Champion will wait weeks for it rather than get out their wheat with any other machine.

It is light running, and will thresh more grain than any other machine.

The Farmers of Talbot have only to try it, to give it the preference over all other machines.

N. C. RITTENHOUSE,
Agent for Talbot and Queen Anne's counties, Maryland.

On public days can be found at the Brick Hotel in Easton. All letters addressed to him through the Easton Postoffice will be promptly attended to.

REFERENCES.

Respectfully refers to the following farmers of Talbot, who have used the Champion Thresher or seen it work:

L. J. Catrup, Esq.; John Outram, Esq.; *James M. Warner, Esq.; Robert Bartlett, Esq.; Edward H. Hopkins, Esq.; Solomon S. Hopkins, Esq.; Dr. Edward E. Tripp; Mr. Levi Voshell; Mr. Perry W. Stewart; Jr.; Mr. John Fisher; Dr. J. E. M. Chamberlaine; Mr. James H. McNeal.

* Has ordered a machine.

Machines for sale, and contracts made for threshing the coming season.

Price of the Thresher from $800 to $450, according to size. Every machine guaranteed to do what is promised. No money to be paid, and no notes given, until the machine has been tried and proved satisfactory.

N. C. RITTENHOUSE.
