The Easton Star.

TUESDAY, SEPTEMBER 10, 1878.

LOCAL RECORD.

Baltimore Markets.

Amount of grain in elevator:—Wheat, 739,968 bushels; Corn, 394,785 bushels. There is an active demand of Prime Southern Wheat. Prime to choice Southern longberry amber, $1.06@1.07. Prime to choice Fultz, $1.03@1.04. Lower grades from 90 cents to $1. The demand for Southern Corn was better on Saturday, and the market firm at 54@56 cents. Oats, 28 cents. Rye, 54 cents. Gold was $1.00¼.

—Mr. John Satterfield has received the fall fashions, and is now prepared to make clothes for his customers in the latest style.

—The Democratic Convention last Tuesday nominated Hon. Daniel M. Henry, of Dorchester county, for re-election to Congress.

—Mr. J. A. F. Neal, agent for the Eureka guano, will be pleased to furnish those in want of this well-known and popular fertilizer.

—Major Wm. E. Stewart, of Easton, will deliver an address before the Caroline Agricultural Society, at Bethlehem, on the 3rd of October, the second day of the Bethlehem Fair.

—Mr. Powell Hollyday, son of Wm. M. Hollyday, Esq., of this county, has received an appointment under the Maryland and Delaware ship canal survey.

—A delightful change in the weather took place after the shower of rain Thursday evening, and it has since been cool and pleasant of evenings.

—The best and cheapest in the world. Dr. Bull's Cough Syrup only costs you 25 cents, and if it does not cure your cough you can get your money back.

—The Right Rev. H. C. Lay, Bishop of Easton, administered the Holy Rite of Confirmation at Christ Church, Easton, (Rev. Dr. R. Wilson, rector,) last Sunday.

—Hon. James B. Groome, of Elkton, was on a visit to Easton last week, looking remarkably well, and in fine spirits over the bright prospects of the Democratic party of the State and nation.

—The Republican Convention last Tuesday nominated Col. Samuel A. Graham, of Wicomico county, for Congress. Col. Graham is a Salisbury lawyer. He is said to be a very clever man, but has no show whatever of being elected.

—The failure of the Republican Convention to nominate Mr. Thomas S. Hodson for Congress will be a great disappointment to that gentlemen, as the nomination was desired to strengthen him in his present position, as collector of the port of Crisfield.

—Edwin M. Coates, a member of the U. S. Prison Congress, and delegate to the World's International Prison Congress at London, in 1872, will give a free lecture this evening at the town hall at 7½ o'clock. Subject:—The Interior life of prisons in Europe and America. The public respectfully invited to attend.

—The Methodist Protestant pulpit was filled on Sunday by Rev. Mr. Tagg, the minister appointed to fill the vacancy caused by the death of Rev. Mr. Reed. Mr. Tagg's family will arrive here next Friday. His able sermons on Sunday gave much satisfaction to the large congregation that attends his church.

—With the reduced rates of fare on the railroads it will be possible for many of our citizens to visit Dover during the great fair to be held there during the latter part of September. From the horses which will start in several of the races it may be anticipated that the fastest time ever made on the Peninsula will be done there.

—Last evening at 6, the people on Washington street were as thick as if there had been a fire in town. They turned out to see Henry Faux walk through town. He is certainly some on a walk. He goes like a greased streak of lightning. We publish this A. M. an account of his big walking at Lancaster. But Lady Wright, the brag mare, beat him at Cambridge last Saturday.

—Rev. Mr. Beaven desires to get up a class in German the coming session. German is now a very important language for every boy in the country to understand. Go where we will, we find the country full of Germans, and it is almost impossible to do business without being able to speak German. Young men, by all means, study German.

—As an evidence of the popularity of the Eureka Phosphate, I would call the attention of farmers to the stubborn fact, that the enormous sales of fourteen thousand tons, equal to twenty-eight million pounds, was used with satisfactory results in 1877. For sale and delivered to any part of the county by J. A. Frank Neal, Skipton, Md. Orders by mail will receive prompt attention.

—Hambleton Park Fair, under the auspices of the Talbot County Agricultural Society, commences to-morrow. On Wednesday there will be a grand tournament, and a ball at Eastford Hall, Oxford, Wednesday night. Otherwise the day will be devoted to the exhibition of stock. Thursday and Friday the TROTTING RACES will take place. On Friday, the premiums awarded will be announced. Every arrangement is making to render the fair a grand success.

—Temperance is attracting much attention, showing itself in local option laws, societies, crusades and restrictions upon liquor production; but with all these efforts, the consumption is enormous, and undoubtedly, the reason is, because there is nothing strenuously advocated to relieve and destroy the craving for stimulants. But, if the disease was treated rationally, by arousing the torpid liver with Simmons' Liver Regulator, the dispirited drunkard would find his cravings soon dissipated, and with clear head and active liver, he would not want liquor.

—We call attention to the advertisement of the Delaware State Fair. Our neighbors very properly open up their exhibition to general competition. We trust our citizens will arrange to send over to Dover exhibits worthy of the Shore. We hear that the exhibition grounds are well selected and admirably laid out, with ample provision for sheltering and covering for all kinds of stock and other exhibits. Probably the fair at Dover will be the largest ever held on the Peninsula; certainly no expense or pains has been spared.

—The spirit of improvement is still active in Easton. Mr. R. H. T. Counsell is raising the frame of a large new dwelling house, at the corner of Harrison street and Railroad Avenue. Mr. M. M. Higgins is putting down a new pavement in front of his store. Mr. T. C. Nicols has had a new pavement laid in front of his residence, on Railroad Avenue. A new pavement has also been laid in front of Rev. Mr. Stryker's residence on the avenue, and Dr. J. H. Anderson is about to lay a pavement in front of his residence, on the same street.

—The personal of the Democratic Convention which met here on Tuesday was composed of excellent material, and a number of the members are fine looking, and known as gentlemen of much intellectual force. Among those present from abroad, were Col. Levin Woolford, of Somerset county, (late Comptroller of the Treasury, and present Tax Commissioner of the State) Dr. William H. Gale, Register of Wills of Somerset county, Dr. George W. Bishop, an influential citizen of Worcester county, Col. Clement Sullivane, state senator for Dorchester county, Col. R. C. Carter and Dr. F. M. Willis, of Caroline county, A. R. Weedon, Esq., a lawyer of Centreville, Queen Anne's county, Judge James Whaley, of the Orphans' Court of Worcester county, Dr. E. W. Humphreys, of Wicomico county, and T. A. Hulme, Esq., of Kent county.

Farm Sold.

On Tuesday last, Wm. K. Rathell, auctioneer, sold for Messrs. J. F. Bateman and J. B. Seth, trustees, the Mrs. Mary Harrison farm, near St. Michaels, 158 acres, to Alexander Harrison, Esq., of Lewes, Delaware, for $6,850.

All Kinds of Carriage Work,

Repairing of all kinds, done cheap, by Ab. Larrimore, Easton. Call and get your carriage repaired by a practical workman. Warrants to give satisfaction, particularly in price.

Large Sale of Real and Personal Property.

Attention is directed to the large sale of real and personal property, advertised in this morning's STAR by Charles H. Gibson, Esq., trustee. The property consists of a large livery stable blacksmith's shop, and two most desirable lots, near Easton, and a large amount of valuable stock, including horses, hogs and Alderny cattle. Special attention is directed to the thorough bred Jersey cows and heifers, embraced in the catalogue.

500 Chairs for Sale.

Rev. R. H. Cummings offers for sale the 500 new and substantial chairs, which were bought in Baltimore a few days ago, to furnish the tent lately put up for a religious meeting near the Easton depot. They will be disposed of at the low price of $5 per dozen, or 55 cents each, and will be delivered at the end of the meeting. Here is a chance for everybody to buy cheap chairs.

The Novel Race.

Mr. Marshall having sold his trotting bay mare Topsy to Mr. Stephen V. Leonard, of Oxford, after having made the race with Mr. Faux, the champion walker, and Mr. Leonard having afterwards sold her to Mr. G. M. Lloyd, of Hambleton, the novel race announced to come off at Hambleton Park last Thursday between Topsy and Mr. Faux did not take place. Mr. Charles E. Baker, with Lady Wright, saw Mr. Faux, however, and beat him. The track was in bad order for walking, having been harrowed that morning, preparatory for the coming fair. Mr. Lloyd has renewed the original race, and Topsy and Mr. Faux will try their speed next Saturday afternoon at Bethlehem.

County Commissioners.

EASTON, Sept. 3rd, 1878.

The board met; present Messrs. William Willis, Charles M. Jump and Joseph Horney, commissioners; Joseph S. Robson, clerk.

John W. Kemp, Owen R. Porter, and Henry Wilson, were appointed examiners to lay down a private road, to run from the land of Levi Somers through the lands of John V. Lowe, to the county road, in accordance with a petition filed.

John L. Hopkins paid $1000 on account of taxes collected for 1877.

John L. Hopkins, collector, presented his list of insolvents, errors and removals for the year 1876, and was credited with $870.37 on $60,037 property thus found to be uncollectable.

Jesse E. Shannahan, Jr., paid $5, being amount he had collected as costs.

Accounts to the amount of $478.74 were passed and paid.

The board adjourned to Tuesday next, and then made a visit of inspection to Miles River Bridge.

Tournament.

A grand tournament will be held at the fair at Hambleton Park, on Wednesday next, Sept. 11th, at 2 P. M. A number of entries have been made in the first class, which is composed of gentlemen, who have experience in riding. The second class, for gentlemen without experience, is also expected to be an attractive feature, and the young men of the county should, one and all, endeavor to take part in it and not fear being excelled, as all are to ride without practice. Lances &c., will be provided by the society. The Messrs. Norris, of Eastford Hall, Oxford, have also tendered the knights a grand ball in the evening, to take place at their new hotel at Oxford.

We are authorized to state, that Professor Charles Wetes' celebrated Blues' Brass Band, of Baltimore, will be in attendance at the tournament to-morrow, and that addresses will be made as follows:—

1st Class, O. Tilghman, Esq.; 2nd Class, W. R. Martin, Esq.; 3rd Class, A. F. Tharp, Esq.

The charges to the Knights will be made in 1st Class by J. F. Bateman, Esq., 2nd Class by J. P. Dawson, Esq., 3rd Class by William Collins, Jr., Esq.

Orphans' Court—August Term.

EASTON, Sept. 3rd, 1878.

Court met; present I. Davis Clark, Chief Judge; Samuel Stewart and John C. Bartlett, associates. Charles R. Mullikin, Register of Wills.

E. Amelia Wright, extx of Jos. V. B. Wright, who was in his life time adm'r of P. T. Kennard, presented for her descendent, an additional list of debts sperate due the estate of said Kennard and a third account of administration. Examined and passed.

E. Amelia Wright was appointed guardian to her infant son Joseph, and filed an approved bond in the sum of $200.

John Baggs, guardian to Adeline and Rhoda Woodford, presented his first account with each of said wards. Passed when proved.

Marium Wix, extx. of James Wix, deceased, presented an inventory of the personal estate of said deceased, and also an inventory of his real estate. They were examined and an order granted for the sale of the same under terms in the will.

R. H. T. Councell, adm'r of Mary E. McNeal, deceased, presented an account of the sale of said deceased's personal estate. Examined and praised.

Chas. E. Shannahan was appointed guardian to Eliza Ann Moody, colored, and filed a bond in the sum of $2,000.

Wm. E. May was appointed guardian to his son John T. May.

Testamentary letters on the estate of Sarah Maloney, deceased, were granted to Wm. N. Powell and James Smedly, and an order issued to Robert T. Mullikin and George M. Jenkins to appraise the personal goods of said deceased.

Master John Y. Todd was appointed to a scholarship in Washington College, under Legislative Resolution 31, of 1874, and Act of 1856, and Master William L. Hopkins was appointed under act of 1874.

Miss Hattie T. Calhoun was appointed to a scholarship in the Baltimore Female College.

The court adjourned to meet on Tuesday next, 10th inst., at 10 o'clock A. M.

Broken Down and Torn Away.

The old front of Thompson & Kersey's store has been taken out and replaced by a handsome glass front, together with marble filling, new pavement, awning &c., making it one of the most attractive and marked improvement ever known in our town. So great a change invites us to notice the causes and circumstances attending it. Thompson & Kersey, when commencing business, did not blow a huge bubble of varied colors in order to attract the attention of buyers, but preferred to answer the demands of their ever increasing trade by enlarging and improving at such intervals as indicated the necessity of so important a work. With them the interest of their customers has been a study. The people have recognized the correctness of such a policy, and as a result, no house on the Eastern Shore is favored with so great an amount of patronage. Their growth, in business, has not been sudden, but gradual, covering a period of more than thirty years, in which time they have exhibited a spirit of enterprise unrivaled by any merchants on the peninsula. Obsequious competitors have in time, sought to wrest the honored title "Leaders" from them; and to turn the volume of trade in other channels, but their efforts have proved unavailing, and to-day this old established house, though not presenting marble columns and silver floors, is the largest, handsomest, and best stocked emporium outside the cities; and we predict a future that will do credit to the spirit of push, that characterizes these, the first merchants on the shore who commenced business with a store, twenty feet deep, the present capacity of which is one hundred and ten feet in depth.

We believe the public will appreciate the efforts put forth by the firm to serve them in the best manner; and that not only a continuance but an increase of patronage will crown this last endeavor to be "up with the times." Preparations are being made already to meet the requirements of the coming season and the usual inflow of styles, for fall customers, have made their appearance, and in a few days the most fastidious lady or gentleman may be suited in Dry Goods, Carpets, Ready-Made Clothing &c., at lowest prices. Next week the firm will visit all the cities in search of newest styles at lowest prices; with which to supply their fall trade. A visit to Thompson & Kersey will benefit buyers and no mistake.

[Communicated].

An Ounce of Preventive.

We are daily harrowed by the death-roll from the fever-stricken cities of the South, and in adjacent cities and sections thus far spared the devastations of the yellow fever, we learn, there is prevailing a type of bilious fever so malignant as to prove alarmingly fatal. And here at home, on our own Peninsula, there is already much sickness. Last week three adult members of one family died in Worcester county of typhoid fever, and many others in that county are ill of the same disease, and in Centreville, Queen Anne's county, scarlet fever prevails among the children. A fortnight ago a lovely child died here in our midst of typhoid fever, and her mother is now down with the same disease. There is every sign of a sickly season, and the only reasonable hope we have of escaping pestilence is by keeping the town thoroughly disinfected and clean, but if we will but look around us, we cannot fail to see that we in Easton are doing our level best to foster and court disease. There is almost everywhere rank vegetation and decaying vegetable matter, and in many inclosures an incredible amount of filth an uncleanliness. Therefore, it behooves us for our own personal safety, to take such measures as may, under Providence, insure it.

At any or all costs, the town should be thoroughly cleansed and kept clean, at least, until after frost; not the mud streets alone, but the back streets and alleys.

The town commissioners have the right to make such ordinances as they may deem necessary to cause the abatement of all nuisances, at the expense of those who cause them, and for any violation of such ordinances, the offending party is liable to a fine.

We hope that the town commissioners will make an ordinance compelling every inhabitant (white and black) to have his premises cleansed and disinfected within ten days always bearing in mind that the cellars and back yards, the important features; and the weeds in the lots and gardens especially, should be exterminated—they (the commissioners) making provision to have the refuse hauled off at the expense of the town.

We think, also, that they will do well to procure a hundred dollars worth, or more, of a cheap, but good, disinfectant, and sprinkle our gutters at least once a week with it, and we are confident that all good citizens will heartily endorse any action of the commissioners in this direction.

No careless, uncleanly, irresponsible member of a community has a right to endanger the health, happiness, and life of his unoffending neighbor.

Not long ago, many of the inmates died suddenly at the alms house in Baltimore county, from a violent febrile disease, caused by the accumulation of the refuse matter from the kitchen, designed for a compost bed for fertilizers, and a few years ago a large number of persons died in one alley in Baltimore City, very suddenly, and many more remaining residents were sent ill to a pest hospital, the alley depopulated, and the houses disinfected in order to avert epidemic from the city, and the declared source of this mortality was FILTH. Let us make available our ounce of preventive.

A FELLOW TOWNSMAN.

P. S.—Pig-sties are nuisances intolerable in any town. If they cannot be abated, pass an ordinance requiring them to be cleaned every day

Improved Champion DRILL.

I BEG leave to call the attention of the farmers of Talbot County to the Champion Drill which is considered by those who have used them to be the best Drill in use, for the following reasons:

1. It is the lightest draft Drill made; this is caused by the absence of the usual large amount of cog wheels, and the simplicity of the Fertilizer attachment.

2. It is less liable to get out of order, as there is less machinery about it; some of the most prominent drills have about three or four times as many cog wheels, any one of which is liable to break and stop operation until a new one can be procured.

3. Probably the strongest point of superiority over other drills is the Phosphate distributor—the Champion is the only Fertilizer drill ever yet placed before the farmers that will sow wet and sticky phosphates, no fertilizer remains at the bottom of the box, but is being constantly carried to the top by a bar, the edge of which is a perfect knife There are several worthless imitations of the Champion fertilizer arrangement, but all of them will gum in damp phosphates. It is a force feed drill, giving even flow of the same amount to each hoe in the centennial trial, the Champion sowed nearer the required amount than any other competing machine, beating the Buckeye & Huffman 22lbs, Buckeye 17ozs, Hoosier 35lbs, and other drills of less note in equal proportion.

Before buying I should like the farmers to examine the Champion; the terms are easy, being sold on 12 months time from October 1st, 1878, or a discount of 10 per cent. for the Cash Prices of the Champion, freight added:

8 *Hole Combined Drill, sows Grain and Fertilizer* $105.00

Mortgagee's Sale

OF VALUABLE

Real Estate

SITUATE IN

Bay Hundred District,

Talbot County, Md.

UNDER and by virtue of the power and authority conferred in a Mortgage from William K. Lamdin and Maria L. his wife to James M. Seth, bearing date the 16th day of March in the year of 1866, and duly recorded in Liber A. T. H., No 72, folios 390 & 391.

I am authorized by power of attorney from Charles H. Gibson and Mary F. Lowe, Administrators D. B N, C. T. A. of James M. Seth, dec'd, to sell the property named therein and will accordingly offer at public sale in front of the Court House in the town of Easton, on

Tuesday, September 24th, 1878,

between the hours of 2 and 4 o'clock P. M. of that day, the following property described in said mortgage: All and singular that farm or plantation situate lying and being in Bay Hundred District, of Talbot county, on the waters of Harris Creek, adjoining the lands of John F. L. Wrightson, James A. Stewart, John Kemp's heirs and the lands of Samuel Williams, and supposed to contain the quantity of

360 Acres of Land, more or less,

and being the same tract of land conveyed by Edward Lowe to the said William K. Lamdin by Deed bearing date the 25th day of April, 1871.

This property is improved by a large two story brick

DWELLING,

with usual farm buildings in good repair.

The land is of the finest quality and well adapted to the growth of wheat, corn and grass.

This farm is said to be the best grass farm in Bay Side District. It is splendidly situated on the waters of

HARRIS CREEK,

one of the tributaries of Choptank River. Convenient to mills, schools, churches &c. Wild fowl, fish, crabs and oysters in their season abound. Altogether this one of the finest Salt Water situations in Talbot County

TERMS:

One third of the purchase money to be paid in Cash on the day of sale; the balance in two equal instalments of one and two years, with interest thereon from day of sale—the deferred payments to be secured by bond of purchaser with security to be approved by the undersigned.
