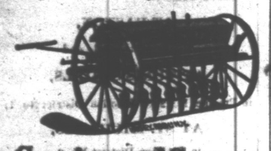
Still Ahead.

We offer for the fall trade of 1878, the old reliable, which has never been found wanting

Farmers Favorite



Grain and Guano DRILL

Still better than ever and it has always been the Best. We have sold this drill in this market for 12 years and never had a complaint.

FERTILIZERS.

We call special attention to our long list of these goods. We meet the demand for a phosphate at least cost price as possible, we have in connection with Dodson and Avery of St. Michaels, manufactured

DODSON'S

Ammoniated Bone SUPERPHOSPHATE,

which gave such general satisfaction last year. We append two certificates which speak for themselves:

ST. MICHAELS, Md., Aug. 14, 1878.

Messrs. Dodson & Avery:

Gents:—The ton of fertilizer you prepared for me by your formula last fall and for which I paid you only $20, was used side by side with one of the best Peruvian fertilizers, costing more than twice as much. I closely observed its effect on wheat and could see no difference whatever between yours and the more expensive. I have now a good stand of clover where it was used. I shall order more this season for my farms.

JAMES H COVEY.

ST. MICHAELS, Md., Aug. 20, 1878.

Messrs. Dodson & Avery.

I applied your Ammoniated Phosphate with drill and hand-seeding side by side with three other high-priced phosphates, applying the same number of pounds per acre. I could observe no difference in the results and will use your fertilizer on our crops this Fall.

R. A. DODSON, M. D.

These goods we propose to sell only for Cash and to make the price the unprecedented low figure of

$20.00.

Try it, if only a single ton.

We also sell all the preparations of **Horner, Whitelock, Reese, Maryland Fertilizing Company, Canton Guano, Ichabo Guano, Orchilla, National Farmers,** and nearly any of the standard fertilizers, as well as bone and chemicals for home manipulation.

Plows, Harrows, Carts, Wagons, Harness, Stoves, anything, in fact, from a fish hook to a Steam Engine. Come and see us. We are headquarters and can show you the largest and cheapest stock on the Shore.

Yours Respectfully,

TOTHILL & AVERY.

Dissolution of Copartnership.

BALTIMORE, March 19th, 1878.

The Copartnership heretofore existing between the undersigned, under the firm name of J. J. Turner & Co., is this day dissolved by mutual consent. Either will sign in liquidation.

J. J. TURNER,
J. Q. A. HOLLOWAY.

The undersigned, engaged since 1858, in the manufacture of FERTILIZERS, as a member of the firm of J. J. & J. Turner, at once the formulas and processes of manufacture of

"EXCELSIOR," AND "Ammoniated Phosphate"

Were *originated*, and since 1864 a member of the late firm of J. J. Turner & Co., relying upon his experience and personal reputation, hitherto acquired in the uniform excellence of these fertilizers, offers them in his own name to the agricultural public.

Having secured the *works of the old firm*, 111 McElderry's Wharf, with the complete machinery specially adapted to the *Excelsior* manufacture, he will resume the manufacture of

"Excelsior" and Ammoniated Phosphate

on his own account, with his office adjoining the works, where he will be pleased to see his friends and patrons, assuring them that the FERTILIZERS manufactured by him shall be of the *same uniform and high standard quality* as sold by the *old firm* since their introduction.

The most concentrated, universal and durable FERTILIZER ever offered to the Farmer—combining all the stimulating qualities of Peruvian Guano and the ever-durable fertilizing properties of Bones, in the dry powder prepared expressly for drilling, and can be applied in any quantity, however small, per acre. An application of 100 pounds of "EXCELSIOR" is equal to 200 pounds of any other fertilizer or guano, and therefore fully 100 per cent. cheaper.

To Boykin, Carmer & Co.

Gentlemen:—About May 1st I bought through your agent, *Mr.* R. J. Trippe, of Easton, the chemicals for making 4 tons of the Home Fertilizer. I confess that the purchase was made more from friendship for *Mr. Trippe* than anything else, but now to my great astonishment, I am prepared to give all the praise to the Home Fertilizer. On a 20 acre peach orchard, already exhausted by 3 consecutive crops, I grew this year by the use of 3 tons, more and better corn than I did the 1st year after a heavy clover lay, the result of which is that I have given my order to Mr Trippe for 10 tons to be applied to my wheat this fall. Very respectfully,

Mrs. M. S. Norris

of Easton, *Md*,

Would again call the attention of the ladies of Talbot and Caroline counties to her immense stock of Millinery, Notions and Fancy Goods just received from the cities, and which she is now opening for inspection and sale. Her stock is exceedingly large, embracing every article in Millinery needed by the ladies, and of the very latest fashions, and she does not hesitate to boast of the cheapest establishment now open on the shore. An inspection in all that is required to verify the above as critics. Call and see her and you will surely purchase.

She would also state that she has secured the services of a lady from the city whose whole time has been spent in the Millinery business and who of course understands getting up a Bonnet or other job of Millinery in the most fashionable city style. The rapid increase of business has compelled me to seek and secure first-class Milliners to assist her in conducting her business, and the ladies may feel assured that they can be accommodated in the most fashionable style.
