J. J. JUMP & CO.

—Dodson & Goldsborough have a beautiful display of Christmas goods. Their fine presents are very attractive while they have goods to suit all tastes, and toys and games in abundance. They make a specialty of fresh fruits and candies.

—The attention of our readers is called to the advertisement of the Maryland Agency "Victor" Machine Company. They put the matter of the purchase of a machine in the right light, and we know them to be responsible for all they say. nov2-4m

—It is very discouraging to the industrious farmer's wife, as well as foolish to have her poultry to die from cholera or other disease, when she can buy of her druggist Roberts' Poultry Powder for 15 cents a package. And guaranteed to cure.

—Dressed chickens and ducks sell in the Easton market at ten cents per pound; live turkeys at 8 and 9 cents per pound; butter, gilt edged, is worth 30 cents per pound; potatoes, both Irish and sweet, retail in market at 80 cents per bushel.

—Stevens & Hayward are pleased to inform their patrons that they have secured a stock of "Pulmona," the celebrated medecine for coughs, throat and lung trouble that has been working such wonderful cures in other sections. It is worth a trial. Price 50c. nov2eow6m

—A number of our citizens were on board the Georgeanna on Thursday night, when she sunk the schooner Chestnut, namely, Col. F. C. Goldsborough, and Messrs. N. Tuthill, Thomas S. Hayward and E. H. Roe. They all did good service in aiding to rescue the crew of the unfortunate schooner.

—Our stores are beginning to display their Christmas goods, and they will have most attractive assortments. Look into the advertising columns of the STAR, and see who has for sale what you desire. Those who have pretty and cheap goods never fail to let the fact be known by publishing it.

—Bishop Lay preached at Trinity Cathedral last Sunday morning and evening. The new assistant Rector, Rev. Dr. Malcolm, reached here yesterday from Providence, Rhode Island. The congregation will give him a reception at the rectory next Thursday evening.

—J. J. Jump & Co. return thanks for the large patronage received by them the present fall and winter. Their stock will be kept full and complete until new year's day. Heavy reductions have been made in many departments, and they offer bargains to those who will call.

—Our town is beginning to don her holiday garb. Prof. Minnick's preparations seem to be more extensive than ever. Another lot of those big boxes just landed yesterday morning in front of his establishment. He is hard at work and we doubt not that he will be well paid. Give him a call.

—At the present time when there are so many worthless liniments in the market, it would be well to inquire which is the best—this will be found in M. B. Roberts' celebrated Embrocation. It is a panacea for all ailments that require rubbing either on man or beast.—For sale by all druggists.

—Mrs. G. W. W. Haddaway has just received and has on exhibition one of the largest and most complete stocks of Christmas goods ever opened in this market. Confectionery in all its branches, American, French and German. Foreign fruits, such as oranges, bananas, figs, dates, raisins, currants, etc. Toys of all classes from the finest to the common, embracing all the latest novelties. 2t

—Liberal advertising has built up the trade of Easton more than anything else. The advertising columns of the local papers is the standard by which to judge the business and prosperity of a town. Our merchants buy close; they keep large stocks of the finest goods; they advertise liberally, and draw trade as far as newspaper influence extends. Our Easton merchants know how to do business and make advertising pay.

—Special attention is directed to the advertisement of Mr. John S. Griffith in to-day's STAR. Mr. Griffith has bought out Thompson & Kersey's grocery, has recently added largely to his assortment, and has now as nice a stock as is usually kept in a first class city retail grocery. Indeed he has a much larger variety, for he keeps a full line of glass and china, and willow and wooden ware. Read his advertisement and give him a call.

—Patrick Ryan, blacksmith, adjoining the gas house, in Easton, informs his customers and the public, that he has secured the services of a fast class horse shoer from the city of Baltimore, as an assistant, and is prepared to accommodate all with first class work, at satisfactory prices. He returns thanks for past patronage, and hopes, by continuing to do first class work, to merit a continuance of the same. 2

—Messrs Hubbard & Brother have contracted with a firm in Wilmington, Delaware, for some new machinery that is guaranteed to grind, seive and sack 150 tons of their Standard Phosphate in ten hours, which is to be completed by April 1st, 1881. They will in early spring erect other large buildings, that they may have sufficient storage room and thus avoid disappointment to the trade. Mr. D. D. Burrows will be the superintendent of their factory next year.

—"Mamma, is the old hen going to be sent away for the summer?" "No, Charley—but why do you ask?" "Well, I heard papa tell the new hired girl they would have a fine time when he sent the old hen away for the summer." Mamma put little Charlie to bed, after giving him a dose of Sines' Wild Cherry and Hoarhound for his cold, telling him he would be well in the morning; and then she "laid" for papa—and only for his having a bottle of Robert's Embrocation in the house, might have been a cripple for life.

—Miss Ellen Wright, Impersonator, (in costume,) the third attraction in the Pinkney Platform Course, is represented as being a remarkably attractive lady, and one of decided dramatic talent. She is one of the leading features of the Lecture and Platform Courses of the largest cities in the Union. The Boston Transcript thus alludes to her: "Miss Ellen Wright's impersonations were wonderful.—Her Queen Catherine was perfect, showing perfect appreciation of one of Shakespeare's best creations, and deep insight, as well as study, of the last sad scene of Catherine's life. She actually was the dying queen, the chaste and tender wife and mother whom we all listened to with tear-dimmed eyes and throbbing hearts. Her power is very great in many ways."

The Voltaic Belt Co., Marshall, Mich.

Will send their celebrated Electro-Voltaic Belts to the afflicted upon 30 days trial. Speedy cures guaranteed. They mean what they say. Write to them without delay. mh16

Slate Mantels.

For the handsomest and cheiapest slate and marble mantels made in Baltimore, go to Coyle & Brother, 359 West Pratt street. They have a secret in the manufacture of slate mantels not known to other workers in slate, which enables them to sell a handsomer article for less money than any other house. Their designs cannot fail to please. nov4-1y

Valuable Farms for Sale.

By advertisement in to-day's STAR, it will be seen that the farm of 618 acres and 84 perches, situate in Queen Anne's county, on Chester river, near Chestertown, owned by the late Judge E. F. Chambers, will be sold at auction by his executor, on the premises, on Wednesday, the 22d inst. This is a very valuable property for those desiring a home on a profitable investment.

A Rare Chance

is offered the readers of this paper to buy clothing in all grades for men, boys, and children at prices that will be satisfactory. The house of C. N. Oehm & Son, 230 W. Pratt st., extending through to 55 Hanover st., is well known in this community for fair dealing, a house that will give you value for your money. They offer new fashionably cut clothes. They carry over no old stock, and to accomplish this they have marked down their whole line, therefore you may expect bargains when you call. Don't put off buying; remember, the choicest styles sell first.

Public Business.

The County Commissioners were in session on Tuesday, and the most of the day was spent in consulting an architect respecting plans for the new jail. Bills to the amount of $1,077.33 were passed and paid.

In the Orphan's Court, Silas A. Simpson, extr of Nancy Faulkner, retured a list of the sales of her personal estate. E. A. Wright, executrix of Joseph V. B. Wright, passed her final account of administration.

The School Board was not in session on Tuesday.

The County Commissioners have lately visited the jails of Baltimore city, Frederick, Elkton and Salisbury, to get some ideas about the cost, arrangements, and management of jails out of the county, to assist them in planning the new Easton jail. The trip was an interesting one.

Sherwood's Mill.

Col. A. B. Hardcastle, the proprietor of the well known "Sherwood's Mill," in Chapel district, has recently, at very great expense, put the mill in the best possible condition, with all the latest improvements for turning out the finest kind of flour and meal. The work was done by Mr. John B. Stillson, of Bridgeville, Delaware, a skillful and thoroughly competent millwright. The mill is running again, not only on custom work, but is manufacturing flour and meal for the trade. Col. Hardcastle is selling the best flour at $6.50 per barrel, meal at 50 cents per bushel, and bran at 25 cents per bushel. The patrons of the mill may be assured that their returns hereafter will be satisfactory in every respect. The machinery is of the finest kind, and the Colonel's large experience and personal attention to the business is aguaranteethat the mill will do all he promises. See his advertisement in the STAR.

Your Versatile Guests.

The second entertainment of the Pinkney Platform Course came off last Tuesday evening, by producing the "Your Versatile Guests Combination." Mr. Pope, Miss Barnicoat and Mr. Green, the last recited with crayon illustrations, which was one of the most novel and attractive features ever in Easton. All were very clever in their respective parts, and the entertainment was good. Miss Barnicoat sang well, and played her parts to the life; Mr. Pope's impersonations were excellent, while Mr. Green brought down the house by the display of his wonderful skill as a sketch artist. After having finished his master effort "Ice Bound," he was twice called before the curtain. The burletta, "Sentiment with Variations," written by Miss Barnicoat, was well acted and well received. People who patronise such entertainments, go expecting to have a good laugh, to work off the blues, and all such were surely not disappointed on Tuesday evening. The second entertainment of the Pinkneys was a success, so far as the performance was concerned, and the house was well filled by an audience that manifested its appreciation by continuous applause.

The third entertainment in the Course will take place next Tuesday, the 14th inst. Miss Ellen Wrigh, a distinguished Boston Impersonator, will be the attraction. She appears in rich costume appropriate to the characters.

Death of Wm. M. Hollyday, Esq.

William M. Hollyday, Esq., a member of the Easton bar, died at his residence near Easton, on Sunday morning, of pneumonia, after a six days' illness. His funeral will take place to-day, at Christ Church, at 11 o'clock, a. m. His sudden death was a great shock to the community. Mr. Hollyday at the time of his death was a county school commisioner, auditor in chancery, and a vestryman of St. Peter's parish, and was highly respected. He was a brother of Col. R. C. Hollyday, late Secretary of State, and was about sixty-three years old.

Third Haven Channel.

On Tuesday Maj. Wm. P. Craighill opened proposals for dredging out several creeks under an Act of Congress, assigning them improvements in Third Haven river, which are to be excavations from near the steamboat wharf at Easton Point to a distance of 7,000 feet below, to be dredged from a mean depth of seven feet at low water. The proposals for this work were: American Dredging Company, to commence March 15, 1881, and complete June 30, 1881 at 20 cents per cubic yard measured in scows; E. W. Ferris, Baltimore, to commence April 1, 1881, and complete July 1, 1881, at 29½ cents per cubic yard measured in scows; D. Constantine, to commence December 16, 1880, and complete February 1, 1881 at 24 cents per cubic yard measuaed in scows, and 28½ cents per cubic yard measured in place.

Fatal Accident on the Patapsco.

As the steamer Georgeanna came down the Patapsco river on Thursday night, she ran into and sunk the oyster boat Chestnut, near fort Carroll. The pungy was beating up the river without any lights hung out, and was not seen by the lookout on the steamer until too late to prevent a collision. The schooner had a crew of eight on board, all of whom were saved except one hand, a German. After the collision, the oyster boat rapidly filled with water, and the hands on board, all except two, jumped on board the steamer—one, the German who was lost, and another German, who climbed up the rigging as the boat went down, and was afterwards rescued from the masthead of the sunken pungy by aboat from the steamer. The captain and crew of the Chestnut were brought down to the Choptank by the steamer and taken to Baltimore Friday night.

Poultry Thieves in Limbo.

On Monday night of last week, D. D. Burrows, the night watchman of Easton, noticed a fire in the direction of Mr. Wm. H. Councell's stack yard, south of the Point road. He and his father, Henry Burrows, the private night watch, proceeded to the fire, and found that two negro men, Jake Davis and James Monroe Thomas, had built a fire in Mr. Councell's stack yard, and laid down by it and were fast asleep. Near by them were eleven live geese tied together in pairs. The Messrs Burrows arrested the negroes, extinguished the fire, put the negroes in jail, notified Mr. Councell of the fire, and then took charge of the geese for safe keeping. On Tuesday morning State's attorney Bateman had the necessary writs issued to hold the prisoners until it could be ascertained whether or not the geese were stolen.—Jake proved to be an old jail bird. He has been in the penitentiary for stealing, and sometime since broke out of the Easton jail, where he was confined to await his trial for stealing beef hides from Mr. Wm. B. Townsend. Thomas is a young man that Jake is educating in the arts of poultry thieving. A number of parties in the neighborhood, Mr. Perry W. Stewart, Jr., Mrs. Pratt and others, have recently lost poultry, and these same negroes have been seen to make several trips to Caroline county, via Dover bridge, lately, loaded with geese and turkeys, where they found sale for them. On Tuesday morning news reached here that Mr. John Warner, of Hambleton had lost 11 geese, the night before, answering in description to those found at Mr. Councell's stack yard. He came to town the same day and identified them, which he had no difficulty in doing as the old geese were marked. On Thursday morning Davis and Thomas had a hearing before Justice Nicols, who committed them to jail in default of bail. The scoundrels drove the geese all the way from Mr. Warner's to Easton in the public road. They were seen driving them through Hambleton by Mr. Tarbutton, about 11 o'clock at night, but he never suspected they were stolen.

The same night of the arrest, Dr. Adkin's barn, near the Friends' meeting house, on Trappe road, was destroyed by fire, and it is believed it was burned by these same negroes, by building a fire there to warm themselves, and after the accident they changed their base to Mr. Councell's stack yard. Dr. Adkins barn contained about 20 tons of clover hay, which was burnt with the barn. The loss is about $400. No insurance.

A night watch is a good thing, and the Messrs. Burrows have proved themselves most faithful officers. The town and county are equally interested in continuing it, and ought to join in justly compensating the watchmen for their dangerous and unpleasant services.

Resolutions of Thanks.

The joint committee of Masons composed of Charles H. Gibson, Dr. E. R. Trippe and I. C. W. Powell, appointed by Talbot Royal Arch Chapter, No. 22, and J. F. Bateman, T. C. Nicols and I. C. W. Powell appointed by Coates Lodge, No. 102, A. F. & A. M., to prepare suitable resolutions expressive of the thanks of those respective bodies, to the ladies and numerous donors whose services and kindly aid at the recent Masonic fair and festival in Easton, contributed so generously toward the complete success of the undertaking, have under the sanction of those respective bodies unanimously agreed upon the following preamble and resolutions:

WHEREAS, Talbot Royal Arch Chapter, No 22 and Coates Lodge, No. 102 of Ancient, Free and Accepted Masons, have erected in the town of Easton, in Talbot county and the State of Maryland a building to be known as the Masonic Temple, which is alike useful to the craft, an ornament to the town and county and a source of just pride to the fraternity.

And Whereas, In order to raise the necessary funds to complete the edifice, it was deemed advisable by the brethren having the matter in charge to hold a fair at Music Hall, in Easton, during the recent terms of the Circuit Court for Talbot county, at which it was essential to have the assistance of "fair women and brave men."

And Whereas, At the call of our committees a prompt and generous response was made by a number of true and public spirited ladies, matrons and maidens, who organized themselves as the Ladies Masonic Fair Association, and for a week or more devoted themselves unceasingly to this work of charity and love; and it is due and proper that we accord to them the humble mite which alone, we have it in our power to give, of an earnest thank offering from grateful hearts for this unselfish service and devotion. Be it therefore,

Resolved, That we tender to the generous and noble ladies, who so kindly and efficiently gave us, as well their cheering presence, encouragement and skill at our festival, so also yet more, the labor of their fair hands and the favor of warm hearts, full of aid and sympathy, this sincere and official expression of our high appreciation and deepest gratitude.

Resolved, Further, that the names of those ladies of the Masonic Fair Association who so wisely andwell, in the true spirit of love and kindnessa, organized, managed and successfully conducted an enterprise productive of such happy and important results, to the Masonic order, be carefully engrossed upon a sheet to be framed and hung upon the walls or the temple they have so materially aided to complete; and that their names together with all that zealous corps of faithful and efficient assistants, who united with them and served at the various tables, be enrolled with these resolutions upon the minutes, both of the Chapter and the Lodge, to be handed down among our archives to our successors in the fraternity, as entitled to a living gratitude in the Masonic heart. And yet further be it

Resolved, That we tender the grateful acknowledgement of Talbot Royal Arch Chapter, No. 22, and Coates Lodge, No. 102, of Ancient, Free and Accepted Masons; to those generous doners, not only within the limits of our county and Shore, but elsewhere who have contributed so largely to the success of the fair, and that a list of their names and donations be prepared by this committee to be recorded upon the minutes of our respective organizations and perpetuated among the archives of the order.

ANNOUNCEMENT.

FALL AND WINTER, 1880.

J. J. JUMP & CO.

EASTON, MD.

For the past six weeks we have been diligently searching the markets and making purchases for the present Fall and Winter.

We pronounce our every department more thoroughly complete, better selected, and goods at better value for the price than ever before; and we plead in every case to make our goods as low in price as in any city in the United States.

Our Ladies and Misses Dress Good Department

embraces the newest and latest effects in Silk, Wool and Mixed Fabrics, from desirable Low-priced Goods to expensive French Novelties. We call special attention to our large stock of

Black and Colored Silks,
Black and Colored Cashmeres,
Camel Hair and Suit Flannels,

which by actual and frequent comparisons are pronounced at *less than city prices*, and invite comparison.

For Dress and Cloak Trimmings,

we have a magnificent assortment of Black and Colored Silk Velvets, Satins, Damasses, Plaids, Skirting Strines, &c. Cord and Tassel, Spikes, Balls, Blackberry Jet and Jet Crochet Buttons, as well as the largest and handsomest line of Fancy Dress and Coat Buttons it has ever been our good fortune to exhibit.

Handsomely Trimmed Cloaks & Polmans,

Beautiful Shawls, Ulster Cloths and Repellants.

Full Lines of New Hosiery, Gloves, Handkerchiefs, Corsets, &c.

In fact every part of a Lady's or Child's wardrobe, (except bonnets and shoes) in great variety. Handsome designs and lowest prices.

Gentlemen's and Boys' Cloths and Cassimeres, and Ready-Made Clothing

is always a large and important feature in our business; and this season the stocks are unusually handsome and attractive prices.

Carpets, Oil Cloths, Rugs and Mats

in such beautiful designs as to please the most fastidious, and at such low prices as to make the heart of the housekeeper happy. In addition to our large stock of Carpets, we continue the practice instituted by us over a year ago, of keeping a large line of samples of Carpet just as they come from the loom. In this way we can show a stock equal to the large city carpet houses, and at less price. Come, and be convinced.

And now we ask your special attention to a few comments on the past and present: For over ten years we have catered to the wants of the people of this peninsula. From the smallest beginning we have become the owners and proprietors of our present handsome establishment. We have done this in the face of continued prophecies of our failure and ruin, and the evil effects such prophecies are sure to make. In spite of all this, the last year was the most prosperous and showed better results than any year of the past. There is always a cause for success. People will continue to go where they find what they want and where they get the best value for their money.

There has been some complaint at our constantly changing clerks, but as we turn out more merchants than all our competitors combined, we must have new clerks to fill the old places, and we get the very best we can find.

We respectfully ask your consideration and patronage.
