—The Supreme Court of New York has granted the order to change the name of the corporation of "Scribner & Co." to "The Century Co."—the order to take effect on the 21st of June. The July issues of Scribner's Monthly and St. Nicholas will have the new corporate imprint.

—The apparatus of the American Dredging Company reached Easton Point on Saturday, and the company under the direction of Inspector J. Riddle, of the U. S. Engineer service, will commence the work of cleaning out Third Haven river, below Easton Point, on the 1st of June.

—We call attention to the advertisement of the Longwoods Baptist church which holds a festival next Friday and Saturday, June 3rd and 4th. Arrangements seem to have been made for unusual entertainment. They desire the attendance of and extend an invitation to their Easton friends.

—A promising young horse has been named Dr. Tanner in hopes that it will make him fast.[—Exchange. That night do for some horses; but we had rather take our chances on a package of M. B. Robert's Horse Powders, as they guarantee a healthy and vigorous constitution, which is essential for any horse's speed and endurance.

—Under our town ordinances cows are not now permitted to run at large in the streets of Easton. Those not having a pasture lot cannot keep a cow. Does not this make a good opening for some farmer in this vicinity to contract to supply green food for cows? We believe that quite a number of people in town with young children would keep cows, if they could with certainty obtain green food for them. A hint to the wise is sufficient.

—The Court of Appeals on Thursday decided the Dr. P. O. Cherbonnier—Butler case, appeal from Caroline, in favor of the Doctor, reversing the decision of the court below. The Court of Appeals vacates the deed of Seth H. Evitts to W. A. Evitts and James A. Butler, 18"6, as fraudulent, and establishes the will of Seth H. Evitts, made in 1875, in favor of Dr. P. O. Cherbonnier. The case involved a farm of over 300 acres of land in Caroline county.

—We understand that all the farmers' horses in this section that are given M. B. Robert's Horse Powders are able to plough from one-third to one-half more acres per day than those that are given any other, owing to their laxative, tonic, and purifying qualities. We advise all those that have not used them to do so. They are not adulterated with bran or cake meal and sold by the pound, but are put up in neat packages from pure drugs and sold for 25 cents by all druggists.

—The proposed National Bank at Denton came very near bursting up the other day before it went into operation. It is said that when $7,000 of the required stock subscriptions were lacking there was a meeting of the stockholders to elect directors, but there was dissatisfaction because the stock was not all taken, and the meeting adjourned without doing anything. Canvassing went on, and the $7,000 was taken, when Colonel Arthur John Willis, who had subscribed a majority of the stock—26,000—withdrew his entire subscription, and the bank was burst, apparently.—Col. Willis's action excited the pluck of some of the warmest friends of the project, and a determined effort was made to get subscriptions to meet his defection. The effort, it is said, is successfull, and in a few days directors will be chosen.

She went to the play of "Olivette,"
And near an open window she set,
And by so doing she there met
The fate of all who rashly get
So imprudent.

She saw a notice in the weekly STAR,
"To cure a cold—Use Sines' Syrup of Tar."
So she went to her druggist, and then and there
Invested with a single quarter
In the article.

Now if you only have occasion to see,
How earnest and vehement she be
When telling how quickly and entirely
She was cured of the cold, caught on said settee
'Twill surprise you.

Dashes Here and There About Town by the Star Reporter.

Delaware trout were quite abundant here last week. They came from cape Henlopen packed in ice.

Strawberries were quite plentiful last week, the dealers peddling them about the streets to housekeepers. They sold at 3 quarts for 25 cents

Mr. Edward H. Roe is about to move to the John L. Caldwell house, on Railroad avenue, which he lately bought, having sold his residence on Hanson street to Mr. R. T. Savage.

Mr. Charles Adams has made an excellent job, in laying the Osage orange hedge around the grounds of Trinity Chapel. He is certainly a nice hand on a hedge.

The enforcement of the cow ordinance by the town commissioners, makes cows on the street rather scarce. Occasionally, however, one may be seen browsing along the sidewalks, and casting sheep's eyes for the town bailiff.

Fire Wanted.

The purchaser will at once enter into a house well furnished and full of boarders. An excellent transient custom is also carried on The business has been successfully conducted by the subscriber eleven years in Easton, and the place has a wide reputation.

A committee of arrangements was appointed to provide the balls, pigeons, lunch, etc. The shooting will be for premium badges, one to be awarded to the best shot at each. It is expected that there will be a large attendance of the friends of the members, both ladies and gentlemen.

Cut This Out.

It is presumed that barely one-fourth of purchasers of clothing are fair judges of their purchases, and it is therefore important to know where you can buy with confidence, that you will get your money's worth. C. N. Odem & Son, 230 W. Pratt st., through to 55 Hanover street, have been in the business in Baltimore for over a quarter of a century; they manufacture every garment sold by them.—Their experience enables them to give satisfaction in quality, prices, material and workmanship, and no one in want of clothing should fail to call upon them. It will pay you

COUNTY COMMISSIONERS.

The County Commissioners met on Tuesday, and were engaged in passing accounts. Bills to the amount of $155.78 were paid. The Board adjourned to Thursday, to consider the new jail matter. The contract with Matthew P. Flowers was executed, he to build the jail for $11,700. The Commissioners rented of Messrs. A. A. Pascault, E. H. Roe, and Capt. C. R. Leonard, the brick dwelling of the late Whittington Cox, at $20 per month, for a temporary jail during the construction of the new jail.

ORPHAN'S COURT.

In the Orphan's Court on Tuesday Mary P. Campbell, guardian to Levin H., Milton and Clarence Campbell, her children, passed her 8th account. George H. Graham, adm'r of Jeremiah Harrison, presented an account of debts sperate, and his 1st and final account of administration.

Convicted of Larceny.

Wednesday morning about 3 o'clock, while night-watchman D. D. Burrows was going his rounds, he discovered a negro stealing wood from Mr. Thomas C. West, on Cabinet street. He had his wheel-barrow in the street, and brought the wood to it and loaded it up by the armful. When the wheel-barrow was full he started off towards the Point road, Mr. Burrows following. He stopped at the house of Jesse Coxen, and commenced to unload, leaving the barrow in the street, and carrying the wood in by the armful. When he had made his first deposit, making a clear case of stealing, Mr. Burrows pounced upon his man, who proved to be Jesse Coxen. Jesse had a fe ready in an instant, and said he was there with a bat to hit a dog. The wood was taken back to Mr. West's and identified in the morning, and Jesse was committed to jail. Friday evening Justice Nicols tried the case, Major Stewart appearing for the accused. The wood was valued at 25 cents, and the proof against him was positive, but as Jesse was an old man with a large family, and this being the first time he had been arraigned, Justice Nicols sent him to jail for 30 days. It is to be hoped it will teach Jesse to keep his hands off of other people's wood piles.

Fish Hatching and Fish Sowing.

Fish Commissioner Hughlett has been busy for some time catching and hatching fish eggs, and sowing them broadcast in the waters of the Eastern Shore. Early in the season he established hatching stations at the following points: Kirby's Landing, Chester river; Kingston, Choptank river; Tuckahoe creek; Sharptown, Wicomico river, and at Salisbury. The Tuckahoe creek station is in charge of Mr. Thomas Hughlett, Jr., and has been very successfully managed. At this station there have been hatched this season 2,188,000 shad, 740,000 perch, and 530,000 herring, distributed as follows:

Choptank river	225,000	shad
Wye river	175,000	"
Miles river	200,000	"
Third Haven river	100,000	"
Tuckahoe creek	1,488,000	"
"	740,000	perch
"	530,000	herring

The Chester River station is in charge of Capt. James Britain and has hatched 70,000 herring, 1,275,000 perch, and 913,000 shad deposited as follows:

Sassafras river	200,000	shad
Bohemia river	50,000	"
Elk river	100,000	"
North East	100,000	"
Chester river	463,000	"
"	1,375,000	perch
"	70,000	herring

The Salisbury station is in command of Capt. Wroton, who up to the 27th of May had secured about 1,000,000 of shad eggs. Where they have been deposited has not yet transpired. The STAR has no reports from the other stations. It appears that the season has been a good one for fish hatching, and Col. Hughlett has made all out of it that the means at his command would allow. He certainly deserves much praise for his indefatigable efforts to restock the waters of the Eastern Shore with food fishes.

Big Strawberries.

Mr. Jesse Shannahan, Jr., exhibited here Saturday night, some Sharpless Seedling Strawberries about the size of Carthouse apples. Quartered, each quarter was as large as a large Wilson Albany seedling. The flavor of the Sharpless seedling is very fine. They have a strong vine and are a prolific variety of strawberry.

Mr. A. J. Hunt will please accept our thanks for some very fine Monarch of the West strawberries. This is one of our most popular varieties.

The Excursion to Annapolis.

The excursion of the M. P. Sunday School to Annapolis, on the 10th of June, gives promise of being one of the most enjoyable affairs of the kind ever offered to the community. Those having it in charge are leaving nothing undone to make it the excursion of the season. We see by our exchanges that excursions from many different points in the State will be made to Annapolis on that day—the unusual exercises at the Naval Academy being the great attraction. Through the courtesy of Admiral Balche, the excursionists from Easton well be permitted to land at the Academy Wharf, a long walk will thereby be avoided. Every one should make it a point to visit at least once in a lifetime the capital of of Maryland, and see for himself its many historic attractions. The boat will return in time to allow all to be at their homes by 8 p. m.
