THE EASTON STAR

TUESDAY, MAY 9, 1882.

T. H. ROBSON, Editor.

L. DEF. [illegible] Newspaper Advertising Agent, [illegible] Baltimore street, Baltimore, Md., are authorized to contract for advertisements [illegible] YEAR, at our best rates.

Ex-POSTMASTER-GENERAL HORACE MAY [illegible] is dead.

The Assembly General Thomas J. McKaig died at his residence in Washington county last week.

MR. GLADSTONE has changed his policy towards Ireland, and released all of the suspects from the Irish prisons, including Mr. Parnell and other members of Parliament. Mr. Parnell says the Land League, which was destroyed by Mr. Forster, is not to be revived. Forster has been superseded as Secretary for Ireland by Lord Frederick Cavendish.

Scarcely any disease to which human beings are objected, is so throughly discouraging as Fevor and Ague. The periodical return of alternate chill, fever and sweating, is terribly depressing. Ayer's Ague Cure is the only remedy known, which can be relied upon permanently, by expelling the malarious poison which produces the disease. It does this surely, and leaves no ill effect upon the system.

THERE appears lately to have been a singular turn-round in the Republican politics of Pennsylvania. While Senator Cameron, stalwart, is now bossing the independents, he has confided to Senator Mitchell, half-breed, the duty of bossing the regulars. Wolfe, the Independent leader, has been manipulated and flattered by Senator Cameron and his henchman Quay, until he has unconditionally surrendered to the machine.

GOV. HARTRANFT's friends and admirers are to give him a public dinner in Baltimore on the 17th instant, when the Governor will explode another bomb and define his future course toward the Democratic party. Of course the affair has been gotten up by the O. L. D.'s, who have not yet been gobbled up by Mayor Whyte. It is reported that Gov. Hamilton aspires to be his own successor in the gubernatorial chair, and afterwards to step into Mr. Gorman's seat in the U. S. Senate.

IT is now pretty certain that Ex-Postmaster-General and Ex-United States Senator John A. J. Cresswell, of Cecil, will be the Republican candidate for Governor in 1883, and at the same time a candidate for United States Senator, should the Republicans carry the next legislature. Mr. Creswell is an able party manager, and as he is known to be backed by the Federal administration, he may succeed in his plans, should the Democrats make an unpopular nomination for Governor.

REPORT says that George Colton will be a candidate for the State Senate in Senator Cooper's district, at the State election in 1883. Mr. Colton has had much legislative experience, and possesses the ability to make the first legislative district of Baltimore an efficient Senator. If it be true that he is a candidate for the Senate, he will be hard to beat, as he does not do things by halves. How his relations are with Gov. Whyte we are not advised, but if the two are pulling together, Mr. Colton's election to the next Senate may be considered certain.

Eminent men.

It may be observed that no attempt is made to hunt up out of the way or unknown places to find names to endorse Simmons Liver Regulator:

John W. Beckwith, Bishop of Ga.,
Hon Alexander H. Stephens.
General Jno. B. Gordon, U. S. Senator
Hon. Jno. Gill Shorter, ex-Governor of Ala.,
Rev. David Wills, D. D., President Oglethorpe Colage,
Bishop Pierce, of Georgia,
Judge Jas. Jackson, Supreme Cort Ga.

And did space and time permit we could fill a volume with the highest testimonials.

MR. ENOCH PRATT has declined to serve as an Election Supervisors, and has had an interview with Gov. Hamilton in reference to the matter. The Governor urged him to re-consider his determination to decline the office, but Mr. Pratt gave good cause for his action and the Governar acquiesced in his declination. Mr. Pratt thinks that a younger man and one who has more time to devote to this matter should be selected. The Governor stated to his friends that he intended to appoint a Republican to fill the vacancy. Mr. William S. Young, the president of the Corn and Flour Exchange, has been named to the Governor for this position, and it is quite likely that he will be appointed. The other two vacancies in the Board of Supervisors of Election will soon be filled.

Assassination of Lord Cavendish, Secretary for Ireland, and Mr. Burke, the Under Secretary.

On Saturday last Lord Frederick Cavendish, the newly appointed Secretary for Ireland, arrived at Dublin, and after dining started for a stroll in the park, and was joined by his Under Secretary, Mr. Thomas Haviland Burke. They had not left the hotel more than ten minutes, and had hardly more than entered the park, when they were brutally assaulted by four armed men and both murdered in cold blood, the murderers escaping undetected. Lord Cavendish had just been appointed Secretary, and Mr. Gladstone having just released all the imprisoned Irishmen, the Secretary had gone to Dublin on a mission of Peace. The great crime has caused the most intense indignation throughout England and Ireland, and is denounced by all, including Messrs. Parnell, Dillon and Davitt, the heads of the Land League, who demand the arrest and punishment of the murderers. The Land Leaguers of this country have also denounced the great crime. It is believed by the friends of Ireland to be a great blow at their cause, as Lord Frederick was a noble, kind-hearted gentleman, who would deal fairly by the unfortunate people he had been sent to govern. It is too soon yet to tell what will be the result of the atrocious crime.

Malaria, Chills and Fever, and Bilious attacks positively cured with Emory's Starchard Cure Pills—an infallible remedy, never fail to cure the most obstinate, long standing cases where Quinine and all other remedies had failed. They are put up expressly for malarious sections, in double boxes, two kinds of Pills, containing purgative and a chill breaker, and contain no Quinine or Mercury, causing no griping or purging; they are mild and efficient, certain in their action and harmless in all cases; they effectually cleanse the system, and give new life and tone to the body. As a household remedy they are unequaled. For Liver Complaint their equal is not known; one box will have a wonderful effect on the worst case. They are used and prescribed by Physicians, and sold by Druggists everywhere, or sent by mail, 25 and 50 cent boxes. Emory's Little Cathartic Pills, best ever made, only 15 Cents. ACTS OF THE MARYLAND LEGISLATURE.

Signing Bills in Baltimore—Approvals by the Governor.

At the residence of Speaker Kellholtz, No. 92 North Greene street, Baltimore, Gov. Hamilton on Wednesday approved over two hundred and forty bills passed at the late session of the Legislature of Maryland, which adjourned April 3. Mr. Kellholtz considered himself sufficiently strong to undergo the labor of signing the more important bills. There were present besides the Governor, the President of the Senate and the Speaker of the House; Col. John M. Miller, secretary of the Senate, and Mr. Joseph B. Seth, chief clerk of the House of Delegates, whose presence is required by law; Secretary of State, James T. Briscoe, James T. Briscoe, Jr., and John Ireland, engrossing clerk of the Senate, all in charge of the bills; Attorney-General Charles J. M. Gwinn; Mr. J. M. Strich, secretary of the jail board, and friend of Mr. Kellholtz; members of the Speaker's family, and representatives of the press. Mr. Kellholtz was prepared to sign his name in attestation of the most important bills, such as the appropriation bills, the reapportionment bill, primary election law for Baltimore, and about a dozen others, and he did so. He then consented to sign a power of attorney authorizing Mr. Seth to sign the Speaker's name, as well as his own, to the remainder of the bills. Everything was conducted as quietly as possible, so as not to excite the Speaker unnecessarily. Mr. Williams attested the bills as they were handed him, and Secretary Briscoe then presented them to the Governor for signature. Col. Miller rubbed the blotter over "Wm. T. Hamilton" and transferred the signed bills to Mr. Ireland, who checked them off. The laws were then carried into the next room, where Mr. Seth attested them for the Speaker. The signing began at 10:30 A. M. and was over in two hours, 241 bills having been approved, which was at the rate of two a minute. The Speaker kept up exceedingly well during the two hours. The bills were repacked in the trunk, and the entire party took their leave. The acts of Assembly were taken to Annapolis, where Secretary Miller, and Chief Clerk Seth went, to send copies of local laws to the several counties. The Governor and the attorney-general will designate which general laws are to be published. Of the 497 bills of the last session of the Legislature 221 were approved before adjournment, making, with the 241 now approved, 462 acts of Assembly, leaving 35 bills unsigned.

Some Choice Books of Wit and Humor.

The book buying public will certainly be delighted, even if the old-line publishers are disgusted, with the work The Useful Knowledge Publishing Company, of New York, is doing. They are just issuing a number of works of the choicest grade of wit and humor. One, "Stanzas, Tints for the Times, Ballads, and Broadsides," is by Orpheus C. Kerr, than whom no American humorous writer has won worthier fame. For keen wit, scathing satire, deep and mysterious plot, purity and nobility of thought, and rollicking, healthy hearty fun, he is quite without a rival in his varied brilliant accomplishment. The millions of the American people who have in times past laughed at his inimitable production will give his new book most heartly welcome. It is issued in a charming little volume at the usual marvelously low prices of The U. K. P. Co., Utility Binding, 20 cts, Extra cloth, 30 cts., Half Russia, 40 cts. At the same time they publish each in a large 12 mo. volume of nearly 800 pages, the complete works of the inimitable wit and essayist, Charles Lamb, the Choice Works of the incomparable Irish Humorist, Tom Hood, and the Choice Works of Dean Swift, whose quality of wit is without its like in the world's literature. All these are books which naturally belong in every man's library. Enterprising booksellers supply them, and canvassers in every county and town, to whom very unusual terms and facilities are given.

LONDON, May 6.—The *Standard's* St. Petersburg dispatch says Lieutenant Danenhower's eyes are so badly affected that he has been advised to postpone his departure from that city for a few days in order to consult and oculist, as it is feared that continuing his journey would risk the complete loss of his eyesight.

American Ladies.

The first impression Sara Bernhardt received of the American ladies manifested itself thusly:—"Oh! za ladies, za are so beautiful, such clear complexion I nevare see before," all of which is due to the universal use of Swayne's Ointment for sick diseases, which insures a clear and clean complexion, and a healthy color. This recalls to mind the divine precept "cleanliness is next to Godliness."
