—The peach crop is now considered out of danger, and will be an abundant one. New is a good time for some one to buy Mr. C. H. Gibson's canning house at Denton. —The Star Club of Easton, Hysore Morris, Captain, and the Manasses Club, Joseph Wooters, Captain, from Hughlett, played a match game of base ball on the Star Club's ground near Easton, on Friday. The innings resulted, Star Club 23—Mannasses 12. The Easton boys were in a gay humor over their victory, but the Manassas boys have promised to be victorious the next time they play.

—Mr. R. H. T. Council has gone into the furniture trade on a large scale. He has stocked his new warerooms on Railroad Avenue full of every variety of furniture, and has his retail store in Mr. Charles H. Stewart's building, next door south of the Masonic Temple. He has some very handsome walnut parlor and chamber sets, which he would like those wanting new furniture to call and see. We direct special attention to his advertisement in the STAR. As a painter and paper-hanger, Mr. Council has excellent taste, and in his selection of styles in purchasing his stock of furniture, he displayed equal good taste in his new business.

—The County Commissioners have appointed Captain Edward J. Stevens, of Oxford, Measurer of Scrape Boats for Talbot county. In the matter of scrape boats, at the late term of our court, the judges decided it to be the duty of the county measurer to ascertain the tonage of all such boats, and in doing so to be governed by the rules of the custom house measurements. But where the owner of the boat, honestly and in good faith secured the certificate of the county measurer, that the boat was ten tons or less, the certificate was a protection against prosecution, although it might be proved that a subsequent custom house measurement made the boat over ten tons.

—Abe Price, colored, was sent to jail for two weeks on Tuesday, for contempt of Court. He had been tried and acquitted for a misdemeanor, (keeping a gambling house) and going to Mr. Rathell, the Crier of the Court, who is also bailiff of the town, and arrested Abe, to get some money in Mr. Rathell's hands, he denounced Mr. Rathell in the presence of the Court, charging him with swearing to what was not true. Mr. Rathell at once arrested him, and Abe knocked Mr. Rathell's arm away from him. He was taken into custody and sentenced as above for contempt. As soon as he was turned into jail, he got into a quarrell with another negro prisoner named Daniel Robinson, who beat Abe unmercifully. The parties were separated by Mr. Cornelius O'Daily, who was also in jail, when Robinson made for Mr. O'Daily and ran him to his cell, O' Daily crying murder, at the top of his voice. Deputy Sheriff Lee restored quiet as soon as he learned of the difficulty.

Special Notice.

If you want a cheap and fashionable suit of clothes made, go to John Satterfield's; get him to choose the cloth for you from his samples; have him order the goods at wholesale price; or at the stores in town, if you prefer. He is a first-rate judge of goods, and if you buy through him, you won't be cheated. He has the latest fashions, and warrants everything he makes to fit and give satisfaction. He also does all kinds of cutting promptly to order. Feb21-tf.

Judges Robinson, Wickes and Stump left here Thursday morning for their homes.

Bishop Lay returned home Wednesday afternoon. Mrs. Lay is the guest of Baltimore county.

Mr. Wesley Baker, of Trappe, had his collar bone broken one day last week, by being thrown from his horse.

Bishop Lay preached at Trinity Chapel on Sunday evening, and administered the Holy Rite of Confirmation to a class of six persons.

United States Senator James B. Groome was at Trinity Chapel on Sunday night, to hear Bishop Lay preach. His family has been visiting Mrs. Ella G. Kennard, of Easton, for some weeks past.

Mr. John H. Lowe, of Talbot county, was graduated a member of the Maryland Bar, at the Commencement of the Law Department of the Maryland University, which took place in Baltimore on Friday.

J. Frank Turner, Esq., went to Baltimore Thursday night, to attend the Commencement of the Maryland Law School, and to be present at the graduation of Mr. John H. Lowe, son of the late John H. Lowe, of Bay Hundred.

Mrs. Carrie Phillips, of Allegheny City, and Miss Florence Gould, of Baltimore, who are visiting Mrs. G. A. Skinner, near Royal Oak, were both badly hurt by the runaway of a pair of horses hitched to a carriage, in Mr. Skinner's yard, on Sunday week. Mr. and Mrs. Skinner and the visiting ladies had been to church. Mr. and Mrs. Skinner had alighted from the carriage, but before the others could get out, the horses ran off, the carriage struck a tree and threw Miss Gould out, and bruised Mrs. Phillips considerable.

An Extraordinary Offer.

There are a large number of persons out of employment in every county. Such as want employment and are willing to go to work with energy, can make from $100 to $500 a month working for us. The amount made by our agents varies, according to their energy and ability, some making $100, while others make as high as $500 a month. With an article of great merit, that should be sold to every House-owner who sees it paying 100 per cent profit to the agent, with no sale less than $400 Any man with energy enough to move himself about to show it cannot make less than $1,500 a year—while a live pushing man working for the most that can be made will make $6,000. We only want one man in each County, and to him will give the exclusive sale as long as he continues to work faithfully for us. There is no competition from any source, as there is nothing like it made by anyone but ourselves. Parties having from $550 to $1,000 to invest can obtain a General Agency of from 10 counties to a State. We want good workers to act for us, and such will obtain, not only a very profitable business, but one that will be permanent and pleasant. We are not paying salaries, and request that those that think of receiving such terms from us that they do not write us, for we only want men who are willing to work for the profits of their energy and ability—let that be what it may. We will mail our descriptive circulars to all out of employment, on the receipt of a 3 cent stamp. The first to comply with our terms will secure the county or counties they want.

Water for the Town.

Mr. Winslow Alderdice, of the Success Pump Company, 59 Exchange Place, Baltimore, is here, trying to make arrangements to supply Easton with water. He proposes to put up works at his own expense, and furnish water for the town, provided he can get 400 subscribers at $15 each per annum, and can make a contract with the town for the exclusive right to supply the town with water for 25 years. Pure water of an excellent quality and an inexhaustible supply can be procured at Mullet Branch, within two miles and a half of town, not only for house keepers, but for the fire department also. With proper effort, we believe the requisite number of subscribers can be obtained. An average of $15 per annum is not much more than it costs families to buy pumps and keep them in repair, and then what a convenience it would be to house keepers to have a plentiful supply of water in their houses. We wish the Success Pump Company success.

The Peach Destroyers.

Examine your peach trees for the peach louse; cut off the branches infested with lice, at once, and destroy them, before they spread over the tree. The best way to destroy them is to burn them. Mr. Jesse H. T. Hubbard showed us yesterday some branches with hundreds of lice on them. They first attack the leaves, then the fruit. They can be detected at a glance by the yellow, curled appearance of the leaves. They attack the lower branches first, and work towards the top of the tree. Now is the time to destroy them.

Man's Ingratitude.

This is an ungrateful world to say the least. A man will act like a lunatic when he has the Itching Piles, and declare that he knows he cant live another day, yet he applies Swayne's Ointment, the intense itching is allayed at once, he gets cured, and goes down to the lodge without one whit of gratitude. When asked why he behaves so foolish, he dodges the question by an indifferent answer. It's just like a man though, isn't it?

Mrs. Jesse James.

The widow of the noted outlaw, since the "removal" of her husband, has been so besieged by reporters and publishers that, in self-protection, she has been compelled to publish a sworn statement denying that she has authorized the use of her name in connection with any pretended history of her husband's life.

In this connection it may not be out of place to suggest that persons desiring to get at the facts in the lives of all the great American highwaymen would do well to examine Col. J. W. Buel's famous "Border Outlaws," which has just been revised and a new edition published from new plates throughout. See advertisement elsewhere in this paper.

Lucy Larcom also contributes an article full of reminiscence and pleasant anecdote of Longfellow and his relations with children, interesting to old and young alike. "Seals and Seal-hunting in the North Atlantic" is an entertaining paper, by Ernest Ingersoll, strikingly illustrated with twelve pictures by D. C. Beard, J. C. Beard, W. Taber, and M. J. Burns.

Lindia W. Bates
vs.
William W. Bates.

In the Circuit Court for Talbot County.
In Equity.

The object of this Bill is to procure a divorce a vinculo matrimonii of the complainant from the defendant William W. Bates.

The Bill alleges that the complainant and defendant were married on the twenty-eighth day of September, in the year eighteen hundred and seventy-five, that they lived together until May 15th, 1879; that the defendant is and has for a long time (more than three years) been a non-resident of the State of Maryland; that the complainant is and has been for a long time (more than three years) a resident of Talbot county, State aforesaid. The grievance alleged in the Bill of Complaint is that the defendant has abandoned the complainant, and that such abandonment has continued uninterruptedly for more than three years and is deliberate and final, and the separation of the parties beyond any reasonable expectation of reconciliation.

It is thereupon ordered by the Court this twenty-ninth day of May, in the year eighteen hundred and eighty-two, that the complainant cause a copy of this order together with the object and substance of the bill, to be inserted in some newspaper published in Talbot county, once a week for four successive weeks before the twenty-eighth day of June next, giving notice to the defendant in said bill and warning him to appear in this Court in person or by solicitor on or before the twenty-eighth day of September next, to show cause if any he has why a decree shall not pass as prayed.

New and Fashionable

MUSIC

FOR

Five Cents

Big Lot Just Received.

This music is NOT the cheaply-gotten-up five cent TRASH of late so largely disseminated in the cities. Neither is it stale, accumulated, shopworn stock. It is

Genuine, Legitimate, Copyright and non-Copyright Popular Music of the Day,

executed in the highest style of the art from Electrotype Plates, on Best Plate Paper, such as formerly sold for 30, 50, 75 and 100 cents, and now sold by us for FIVE CENTS. This departure from long established rates is really a Great Revolution in the Divine Art.

The above big lot, together with the large stock previously on hand makes our collection

Larger than Combined Stock of all Dealers on the Eastern Shore of Maryland.

We will freely give sensible and practical hints in the art of playing any Music bought of us.
