THE EASTON STAR

TUESDAY, JULY 18, 1882.

LOCAL RECORD.

Baltimore Grain Market.

BALTIMORE, Saturday, July 15.

AMOUNT OF GRAIN IN ELEVATORS.

Wheat,	432,631 bushels.
Corn,	257,305 "

PRICE OF SOUTHERN WHEAT.

Fultz,	$1.30@$1.35
Longberry,	1.32@ 1.33
No. 1 Maryland Red,	1.33

CORN.

White,	96@97 cents.
Yellow,	88 "

OTHER GRAIN.

Oats,	64 cents.
Rye,	75 "

—Mules are high.

—Court next Tuesday.

—For stove repairs go to E. J. Hulse.

—Dentristy, Dr. J. N. Baird, Easton, Md.

—Cabbage is again abundant in our market.

—We had green corn in market Saturday morning.

—Mr. Robert Hough's corn is silking and tasseling.

—Soft crabs are worth $2 per dozen in Baltimore.

—Chickens are selling at the old price, $3 per dozen.

—Dr. I. L. Adkins shipped peaches to the city last week.

—No sheeps-heads have yet appeared in our market this season.

—There was a very heavy rain in Trappe district Friday night.

—Farmers are preparing to commence breaking fallow for wheat.

—The wheat is turning out splendidly, from 20 to 40 bushels per acre.

—Preserving Kettles and Ice Cream Freezers for sale at G. W. Beck's.

—Watermelons from Caroline will be in market in about two weeks.

—Huckleberries are getting abundant, and are down to ten cents per quart.

—A large variety of Metal Water Coolers. Ice Picks, &c., at G. W. Beck's.

—There was a big fall in the price of grain and provisions in Chicago on Friday.

—5 good Cork Water Coolers with Stone Jars for sale at cost by Geo. W. Beck.

—Genuine Havana filled cigars at P. G Hoffman's, cor. Railroad avenue & Hanson st

—Our land agents are busy now. Lots of Northern people want to buy Talbot wheat lands.

—Fish in Miles and Tred Haven rivers are biting finely, and the sport with the angle is splendid.

—Mr. Bostick cut the grass on the Court House green yesterday, which improves the appearance of the grounds.

—The New Emerald cook stoves are full-size, heavy, and guaranteed to give satisfaction. For sale at Hulse's.

—Peterson's Magazine for August, a very interesting number, has been received in advance of all contemporaries.

—Owners of engines should have their boilers tested by hydraulic pressure. W. H. Withgott & Brother can do it.

—The blacks are all registering—the whites are not. So it was predicted it would be before the registration law was passed.

—We had a thunder storm Wednesday night that waked up the sleepers, and a shower that rejoiced the corn growers.

—Col. H. E. Bateman made 37 bushels of wheat per acre on his Point Road lot. Calculating the land actually in wheat, the yield was over 40 bushels per acre.

—10,000 Peach Boxes for sale by Shannahan & Wrightson at lowest market price. Peach growers are invited to call and see them before purchasing elsewhere.

—Mr. Benjamin P. Cox has bought a building lot of Dr. Adkins—50 front, on Dover street, next to Mr. Alfred Dawson—and will erect thereon a residence this coming fall.

—We can't begin to tell how much wheat was threshed last week, but the scores of steamers in the county were all busy, threshing from 500 to 1,000 bushels per day each.

—There is great complaint of the scarcity of crabs in our waters this season, which is unusual, considering the mild weather of last winter. Some think they have been destroyed by the army worm.

—Ex-Captain Samuel G. Copper has filed charges against Capt. C. J. B. Mitchell, commander-in-chief of the oyster navy. The Board of Public Works are to investigate the charges at its next meeting.

—Tin roofing and spouting promptly done in the best manner. Prices guaranteed to be as cheap as the cheapest, material and workmanship considered. A full stock of Tinware always on hand. E. J. HULSE.

—Antonio De Pasquale & Brother, the Fashionable Tailors, next door to the Bank, Easton, Md. All garments cut and made by them are guaranteed to fit, and made in the very best manner, and in the most fashionable style. feb28-1y

—The Morgan Sentinel, published at Morgan, Bosque county, Texas, by Mr. George W. Leaverton, is a nicely printed and sprightly paper. Mr. Leaverton is from Easton, and learned the "art preservative of all arts" in THE STAR office.

—The following is the number of voters registered in Trappe district at the late sitting: Trappe precinct—Whites, 145; Colored, 194—total, 339. Oxford Precinct—Whites, 88; Colored, 70—total, 158. Total is district, 497—Whites, 233; Colored, 264.

—Miller Lodge I. O. O. F. has lost its suit against the Mutual Fire Insurance Company of Cecil county, the Court of Appeals having reversed the decision of the Circuit Court for Harford county, under which the Lodge procured a verdict for $2,000 and costs.

—At the registration of voters made on the 11th, 12th, 13th, 14th and 15th days of July, 1882, there were registered in Easton district 623 voters as follows: Easton Precinct—Whites, 269; Colored, 190. Tunis' Precinct—Whites, 54; Colored, 110. Making total vote registered: Whites, 323; Colored, 300.

—We direct special attention to the advertisement in to-day's STAR of Messrs. Hubbard & Brother's Standard Phosphate. If farmers will read their analysis of their fertilizer, they will see at a glance that its commercial value is more than they are asking for it. They have one of the best mills in the country for manipulating the fertilizer for the drill, and their phosphate is certainly beautifully prepared. Those who have used it speak in the highest terms of its effects in growing wheat. If their sales are in proportion to the quality of their fertilizer, they ought to be heavy. Our farmers should order at once so as to secure that manipulated early in the season.

—William Sutton and John Moody, two Miles River Neck negro men, were charged by Sarah Johnson, of Coppertown, with attempting to rape her on the 12th day of September, 1880. Writs for their arrest were issued the next day and placed in the hands of Constable Grace, but they ran off to avoid arrest. They stayed out of the county until recently, when Constable Grace heard they had returned to the Neck. On Monday the 10th, the Constable went over in the Neck and succeeded in capturing both of them. They had a hearing before Justice Wrightson, of Tunis' Mills, and were committed to jail in default of bail for the action of the grand jury next November.

—Mr. J. T. Ringgold, formerly editor of the Baltimore Telegram, proposes to publish a history of the Maryland Confederates based on a series of articles which appeared in his paper some years ago. In this undertaking he has the sanction of Generals Bradley T. Johnson, Geo. H. Steuart, and other leaders. Mr. Ringgold is anxious to obtain the names and post-office addresses of survivors of the "lost cause," to whom prospectuses of the work will be mailed. The price of the book will be five dollars and the publication is conditioned in securing at least five hundred subscriptions. Diaries, rosters, letters, etc., which may serve to elucidate details of the history will be thankfully received and returned to their owners after being used. Subscriptions may be left at this office. Those desiring to aid the preparation of this memorial volume should send their addresses to J. T. Ringgold, 95 Boundary Avenue, Baltimore.

Personal.

Bishop Lay is in Cape May.

Rev. Mr. Larmour has returned from West Point.

George H. Hassler, Esq., of Denton, was in town on Friday.

Mr. William McKenney and family, of Centreville, are at Gettysburg Springs.

Tax Commissioner Col. Levin Woolford visited Queen Anne's last week, looking up untaxed property.

Dr. J. A. Johnson left Easton last night on a trip to Watkin's Glen, Seneca Lake, and the fashionable summer resorts of New York State. The doctor expects to make a two weeks stay of it.

Rev. B. S. Highley, of Trappe Station, who was editor-in-chief of a daily paper at Harrisonburg, Va., during the session of the Sunday School Convention last week, will spend a few days at Rawley Springs, Va., before returning to Maryland.

Miss S. Mabelle Parker, the young and accomplished daughter of Orrin Parker, Esq., an extensive furniture manufacturer of Kansas City, Mo., is visiting friends in Talbot; being en route for Boston to pursue her musical studies, at the Conservatory of Music, in that city.

Since Mr. John W. Cheezum sold out his store last spring, he has been like a fish out of water, and in order to relieve himself from ennui he has recently engaged to clerk for Messrs. Chaffinch & Coney, and is now behind their counters selling goods in his old and affable style.

Colonel Hogan's Tropical Garden.

As the visitor to the Maltby House now enters its hospitable portals, he cannot but be struck with a little scene which opens before him as he advances to place his autograph upon the hotel register. The scene is in the shape of a small (and not so very small either) tropical garden, extending back from the main office of the hotel, and occupying a space but a short time since a sort of desert waste. It is, in fact, the space between the side wings of the hotel, and is about 75 feet long by 25 feet wide, and within which the garden, or rather, series of gardens, has been made. The main or central garden is 60x12 feet, is planted with various and variegated plants, ferns, etc., while from the centre a beautiful fountain, pyramid shaped, throws continuous sprays of water. Around this bed, on all sides, runs a walk about three feet in width, and outside the walk again, next the walls of the hotel, are a series of beds of flowers, plants, etc., and against the walls, all about, running clematis, passion and Madeira vines. All the beds are bordered with beautiful shells, and with here and there swinging baskets of flowers and ferns, and cages of singing birds. The scene is truly one of beauty. Colonel Hogan says the only trouble is, everyone now wants one of the rooms fronting the garden, while before nobody wanted them.—[Baltimore American.

Was it Low Water that Caused the Explosion?

This is the question those running steam engines want answered. Some say it was low water that caused the explosion at Mr. Powell's, and some insisted that the boiler had plenty of water in it when it exploded. From what Mr. H. Harrison Price says, there can be no doubt that the water was very low when the engine was moved. Mr. Price says it pumped twenty minutes after the engine was moved before the explosion. But did the pump work? A barrel full of water was carried to the machine after it was moved. The fires were strong and steam was generated very fast. After pumping twenty minutes the explosion occurred. After the explosion the barrel was found to be more than two-thirds full of water. Our theory is, that when the pump was apparently running, very little if any water was pumped, and as steam was generated faster than the water was pumped in, when the pump did pump, the sudden inflow of cold water on a hot crown-plate caused the explosion.

Death of Col. Earle.

Hon. James T. Earle, of Queen Anne's county, brother of Dr. John C. Earle, of Easton, died at his residence near Centreville last Friday. Col. Earle was one of the largest farmers and most public spirited and charitable citizens of the Eastern Shore. He was educated for the bar, but devoted his life to agriculture, was well known throughout the State, having been a member of the constitutional convention of 1867, and a member of the State Senate from 1864 to 1874, and for several years chairman of the Finance Committee of the Senate. Col. Earle was largely instrumental in organizing the Maryland State Agricultural Society and the Maryland Agricultural College. He was one of the Maryland Commissioners to the Centennial Exhibition at Philadelphia in 1876. He was buried at 10 o'clock on Sunday with the service of the Protestant Episcopal church.

Book-Binding and Blank Book Manufacturing.

One of the largest and most popular houses in the above line in Baltimore City is that of Mr. John R. Edwards, corner of Baltimore and North streets, which was established in 1868, and through skill, perseverance and indomitable energy has become the leading house in this line in Baltimore, and probably one of the largest in the United States. His trade is not only local but is ramified throughout the South, West, South-West and even into the very heart of the New England States, are also doing work by large contracts in Philadelphia, New York and other Eastern cities, and is considered one of the best established of the kind anywhere in the country, as its patronage shows. Constantly availing himself of all the latest improvements in machinery and other appliances with which to execute his work, he has gradually built up a business from a small beginning to one of magnificent proportions and now is second to none in the country.

Among Merchants.

At certain periods it is a prevailing custom among merchants to dispose of the stock accumulations of the "busy seasons" preceding them, and at such times bargains are always the rule. The spring season being about now a thing of the past, Chaffinch & Coney are closing out the remains of Spring Stock among which are many new, handsome and desirable things just suited to this time and which will be sold at prices which are highly interesting to buyers. They have all the season carried one of the handsomest and most desirable stocks in the town, and now these goods can be bought at a sacrifice to make place for Fall Goods which will soon be arriving. To all who have deferred any summer purchases, we would advise that they see the bargains now on exhibition at Chaffinch & Coney's, before making them.

A Bashful Explanation.

Every established local newspaper receives subscriptions from large cities which puzzle the publishers, but which the New York Times lately explained as follows: "A wholesale merchant in this city, who had become rich at the business, says his rule is, that when he sells a bill of goods on credit, to immediately subscribe for the local paper of his debtor. So long as his customer advertised liberally and vigorously he rested, but as soon as he began to contract his advertising space he took the fact as evidence that there was trouble ahead, and invariably went for the debtor. Said he: 'The man who is too poor to make his business known is too poor to do business.' The withdrawal of an advertisement is evidence of weakness that business men are not slow to act upon."

The Results of Necessity.

What the ancients suffered for the want of knowledge in medical science can only be appreciated by contrasting the vast amount of suffering cured and pain alleviated in modern times, by the use of Swayne's Ointment for skin diseases. Its introduction was characterized by the necessary withdrawal of a score or more of illusive, quack nostrums, whose evil effects have left living monuments to denounce them. Thus is exemplified the proverb, Necessity is the mother of Invention.

Special Notice.

If you want a cheap and fashionable suit of clothes made, go to John Satterfield's; get him to choose the cloth for you from his samples; have him order the goods at wholesale price; or at the stores in town, if you prefer. He is a first-rate judge of goods, and if you buy through him, you won't be cheated. He has the latest fashions, and warrants everything he makes to fit and give satisfaction. He also does all kinds of cutting promptly to order. Feb21-tf.

It is go Use

to try to get better clothing, newer styles, more substantial work, more genuine bargains more for your money, or anything else in the shape of bargains or fair treatment than is offered by the reliable and old established house of C. N. Oehm & Son, 230 W. Pratt St., through to 50 Hanover St., Baltimore, Md.

Favorite's Gractorex, No. 5,898,

Sire Gractorex, 4,218; Grand-Sire Rex, 1,330. Dam, Gay Primrose, 10,545. Dropped May 15th, 1881. Bred by Lyman A. Mills, Middlefield, Connecticut.

Among the Jersey families of recognized excellence none stand higher than the Rex family. Gractorex 4,218 stands at the head of the Broadmoor farm herd, Portland, Maine, at $100 per service, and Rex 1,330 is at the head of the Simpson herd, New York, and stands also at $100 per service (see advertisement "Country Gentleman). Rex 1,330 is considered the best bull in America, and was purchased last December by his present owner at a cost of $3,500. "Favorite of the Elms" 1656, the Grand-dam of Gay Primrose, has a better record of 17 pounds 8 ounces per week, and her owner, Mr. John J. Holly, of New Jersey, has refused $2,500 for her.

At the auction sale of the herd of Jersey cattle of Messrs. Corps, Maddux & Co., at New York on Friday, May 12th, 65 head of cattle brought an average of $622.77 per head. This sale shows the present value of high-bred Jerseys.

"Favorite's Gractorex" 5,898 will be permitted to serve a few registered cows this season at $10 per service. Cows for service will be cared for at $1 per week.

NOW COMES OUR TIME

TO HAVE A

GRAND OPENING!

For the balance of the season and we mean to have it too. On and after

Tuesday, (To-Day,) May 16th, 1882,

Unprecedented Bargains for All

WILL BE PERPETRATED BY

THOMPSON & KERSEY.

LISTEN!

HEARKEN!!

COME AND SEE!!!

OUR SUMMER SILKS

which the ladies say have no equal in this market this season, and we believe what they say for they do know.

OUR SURAH SILKS

are a wonder to our patrons, and more so to competitors who cannot understand how

THOMPSON & KERSEY

can sell such silks at the price they do. Our varied assortment of colors in the beautiful

Foule Nuns' Veiling

is also a conundrum of equally difficult solution to some, but very plain to us, and very pleasant to our lady customers, and what is true of this particular item of our DRESS FABRICS holds good throughout our entire line of DRESS GOODS. Our stock of

Parasols, Fans and Sun Umbrellas

was never more complete, and must be seen to be appreciated, and we feel that we are entirely safe in saying (only judging from what we are told at our counters and from the immense quantities sold) that our stock of

Laces, Edges, Hamburgs, Nets, Ladies Neck Ties, Fichus, &c.

is not equaled in this market. We claim to be the originators of the Opera and White 3-BUTTON KID GLOVES FOR 75 CENTS.

in this market. All sizes constantly on hand. Every shade and size of Kid Gloves from the lowest to the highest in stock, and guaranteed. Our stock of

LADIES HOSIERY

is unusually attractive and cannot fail to please. Our

GIANT RIP CORSET

Continues to lead every other in this market.

OUR GRAND OPENING

will continue until our patrons and the public are supplied. We are always happy to show every one through our stock that may favor us with a call.

THOMPSON & KERSEY.

1872. ESTABLISHED. 1882.

HUBBARD'S

STANDARD PHOSPHATE

Acknowledged the Wheat Fertilizer of the Country.

The gratifying results that have been obtained from the use of our Standard for the last 10 years, as well as the present crop, seem to be crowned with larger yields than ever. All goes to prove to us beyond a doubt that we have not failed in the great object we had in view, and that we make our goods a profit to our customers. The value of a Super-Phosphate depends upon the way and manner the combination of material are applied together, which by our scientific process we are enabled to guarantee quality, uniformity and condition, as will be seen by analysis below.

BALTIMORE, September 16th, 1880.

Messrs. HUBBARD & BRO., Easton, Md.

GENTLEMEN:—Sample of your Standard Fertilizer furnished me contains

Ammonia	2.60	per cent.	52.00 lbs at 20	cents,	$10.40
Available Phosphoric Acid	8.17	"	163.40 " 12½	"	20.42
Insoluble " "	4.14	"	82.80 " 5	"	4.10
Potash	3.16	"	63.20 " 8	"	5.04

Approximate Cash value $42.41

☞ This sample is to be classed with the highest grade of the best fertilizers in the market.

Respectfully, P. B. WILSON.

STATE LABORATORY DELAWARE COLLEGE,

NEWARK, DEL., September 14th, 1881.

Approximate Cash value $43.69

DR. F. A. GENTH, State Chemist of Pa.

BALTIMORE, July 15th, 1882.

Messrs. HUBBARD & BRO., Easton, Md.

Sample of your Standard Phosphate sent me contains

Ammonia	3.64	per cent.	72.80 lbs at 20	cents,	$14.56
Available Phosphoric Acid	8.75	"	175.00 " 12½	"	21.87
Insoluble " "	2.75	"	55.00 " 5	"	2.75
Potash	1.84	"	36.80 " 8	"	2.94

Approximate Cash value $42.12

PROF. P. B. WILSON.

The question has been asked us, how can we afford to sell our goods showing by analysis a Cash value of $40 and over for $35 per ton. To which we answer, By producing the large amount of Soluble matter from the materials that is capable of being produced. If from the same materials we only produced half the amount of soluble matter, we would only get half the value. This being the only correct guide for the farmer in selecting his fertilizer, we would suggest that other manufacturers who are selling in our county to publish their analysis, and show to the buyer the value of their goods. We hold all the original copies of our analysis which can be seen at our office. Our stock is heavy, several hundred ton, and in the best of order for drilling. We hope our patrons will send in their orders early, as we have had no failures of any account, and that at the close of the season, and besides give them goods in better order and avoid disappointment.

5 cts. MUSIC 5 cts.

When retrograding o'er the past,
We must confess this age is fast.—
The great desideratum's attained at last
By Goldsborough's 5 cent Music.

Where'er you wander on the street,
The air seems filled with music sweet;
And in almost every house a sheet
Of Goldsborough's 5 cent Music.

The stranger, as he passes by,
With careful, scrutinizing eye,
Is amazed when invited in to buy
Goldsborough's 5 cent Music.

He buys, and to his home repairs,
Laden with all the latest airs,
Astonishes the family when he declares
"Tis Goldsborough's 5 cent Music.

To those who would their parlors grace
Must this great offer now embrace,
And straightway note the only place
To buy Goldsborough's 5 cent Music.
