—For stove repairs go to E. J. Hulse.

—Dentistry. Dr. J. N. Baird, Easton, Md.

—The corn now needs a good soaking rain, to make it grain well.

—Fruit cans at Shannahan & Wrightson's. Large stock just received.

—Hon. Peter S. Hoblitzell, M. C., will accept our thanks for public documents.

—Genuine Havana filled cigars at P. G. Hoffman's, cor. Railroad avenue & Hanson st.

—Eastern Shore peaches are beginning to be sent to the city markets in large quantities.

—We had a nice little shower Friday afternoon, which cooled the air and did a world of good.

—Mr. R. H. T. Councell has bought a new hearse, and is now prepared to officiate at funerals.

—The New Emerald cook stoves are full-size, heavy, and guaranteed to give satisfaction. For sale at Hulse's.

—Chaffinch & Coney have bought Mr. John W. Cheeman's store-house and dwelling, where they do business, for $8,000.

—Wheat Fans—The latest improved Montgomery Wheat Fans for sale by Shannahan & Wrightson, at lowest market prices.

—The thermometer last week ruled at from 90 to 94 in the shade, but it was simply hot. The nights, however, were pleasant.

—Mr. H. W. Talbott, of Montgomery county, is spoken of as most likely to be elected President of the Chesapeake & Ohio canal.

—The temperature was 99 in the shade in New York on Thursday. Here it was only 98. At Peekskill, on the Hudson river, it was 103.

—The leading Plows in this market are the South Bend Chilled and the Remington Plows. For sale by Shannahan & Wrightson at reduced prices.

—Hon. George W. Covington, M. C., will please accept the thanks of THE STAR for a copy of the Congressional Directory, 1st session, 47th Congress.

—Hardly a mosquito has been seen in these parts this season. Easton is seldom troubled by these too sociable pests. But don't say anything about it.

—Godey's Lady's Book for August is a charming number, which cannot fail to interest and charm the many readers of this old and popular monthly.

—The small pox has appeared on Deal's Island, Somerset county. Severe. Webster contracted the disease in Baltimore, and he and his daughter both have it.

—Fertilizers. Shannahan & Wrightson are agents for "O. Oliver & Sons', Lorentz & Rittler's and J. E. Tygert & Co.'s different grade of fertilizers at lowest market prices.

—Mr. N. Tuthill has already received his second car load of Oliver Chilled Plows, which shows that there is to be a large sale of them in this county this season, for breaking fallow.

—Mr. George O. Garey, late of this office, has started a paper at North East, Cecil county, Md., called "The North East Star." It is a well printed and spicy sheet. We wish it success.

—Mr. William Cole, on Mr. B. C. Town's farm, near Easton, made 1120 bushels of wheat. On his corn ground Mr. Cole sowed 38 bushels, and harvested 654, or over 17 bushels for one.

—There was a brilliant hop at Cole Peters' Riverview House, at Oxford, on Tuesday night. The hotel is full of visitors, mostly from Baltimore and Washington; a number of whom are exceedingly clever ladies.

—The addled egg of Mind that broke out hereabouts Friday afternoon, made the flour of oyster shells fly as thick as a fog for a few minutes. The greater half that was bad contrived to look as white as possible.

—All persons indebted to D. C. Avery & Co., are hereby notified to settle their accounts at once, in order to save costs, as they will proceed to collect by law.

D. C. AVERY & Co.

—An enormous snake, full 28 feet long, and as thick as a stove pipe, has been seen in Elk Neck, near Elkton. Such snakes used to be seen in huckleberry season. Cecil ought to start his snakeship as a candidate for Judge.

—A lot of negro excursionists from Baltimore paraded through Easton last Tuesday afternoon with a band of music in front and a wagon load of coffins in the rear. They probably calculated on a street fight, and came prepared to take care of their dead.

—Hon. George W. Covington will have a walk over the course next November, as nobody is likely to oppose his re-election to the next congress. Mr. Covington has made an attentive and efficient member of congress, and his re-election without opposition will be a deserved compliment.

—Blackwood's Magazine for July, reprinted by the Leonard Scott Publishing Company, New York, is a most interesting number, and those going to the mountains or seashore should go to Minnick's or Goldsborough's and order a copy to take with them. Blackwood will at all times be found to be a delightful companion.

—The advertisement of J. O. A. Holloway's "Excelsior" and "Ammoniated Bone Phosphate" will be found in THE STAR. Mr. Holloway is the original compounder of the celebrated "Turner's Excelsior," and his preparations are equal to any fertilizer ever placed in the market. They are perfectly reliable, as he never allows their quality to fall below the high standard he claims for them.

—The new arrangement of the trains on the Delaware & Chesapeake road gives much satisfaction to freighters. While freight for merchants arrives much earlier in the day than formerly, the new arrangement enables fruit growers to have more time to get their fruit to the cars. At the same time persons from points up the road, can come down in the morning train, have two hours to transact business, and can return in the afternoon train, at a very trifling expense.

—Those who experimented last fall with the "Golden Sheaf," are entirely satisfied with the result on their wheat. One gentleman who used 300 pounds to the acre, and nothing else, reaped 22 bushels for one; and with 400 pounds mixed with 80 pounds of dissolved bone, got 32 for one, or 40 bushels to the acre. Keep the "Golden Sheaf" dry and off the ground, and it may be kept bagged any length of time without injuring the bags, but set the bags on the ground, or let the dampness can get to it, and it will eat up the bags in next to no time.

—Mr. E. P. Sangston, from Baltimore, has taken the store next to Mr. John Mason's furniture room, and opened a first-class watch and jewelry store. He has a large stock of watches, jewelry, plated ware, and solid silver goods. He has fitted his store up handsomely, and has everything in his special line to attract a large trade. His advertisement will be found in THE STAR. He is a watchmaker by trade, having learned the business in the city, and is competent to do the finest work. Give him a call. He has a full line of Regers' triple-plated goods, and some very handsome clocks.

—Mr. James A. Roe, who rents General Hardcastle's farm, near Leslie, on the Trappe district, sowed last fall 120 bushels of wheat on 96 acres of land, and makes about 2300 bushels, or 24 bushels to the acre. This farm has not ranked as a number one wheat farm, the soil being more adapted to corn. Mr. Roe used 13 tons of South Carolina bone at $30 per ton. Over 20 bushels for one, on light land, with a chain brilliant, is certainly a good crop. Mr. Roe says he would like to come up late fall, in company with the drought, and see how some farmers raising the ground looked in July last, and what they put on it. How he thinks the bone helped up, and did so well, is a mystery.

—At cost the balance of our coolers and ice boxes, at Shannahan & Wrightson's.

—There were 200 deaths in New York city last week.

—Farmers should be careful not to injure a good corn crop, if it keeps warm and dry enough for weeks to come.

—Tin roofing and spouting promptly done in the best manner. Prices guaranteed to be lower than the lowest, and all work warranted satisfactory. A full stock of Tinware always on hand.

E. J. HULSE.

—Antonio De Pasquale & Brother, the Fashionable Tailors, next door to the Bank, Easton, Md. All garments cut and made by them are guaranteed to fit and sewed in the very best manner, and in the most fashionable style! feb26-1y

—Gov. Hamilton has appointed the following gentlemen supervisors of election in Baltimore city:—James Hodges, Samuel Merritt, and William J. Hooper. Messrs. Hodges and Merritt are Democrats, and Mr. Hooper is a Republican. Not a single straight-out Democrat in the batch.

—J. T. Robinson has just received a new line of lawns, poplins and cellets at very low prices. Also very pretty Cashmeres. Fresh line of groceries, sugar cured meats, mackerel and herring just received. I am closing out my entire stock of plain and fancy straw hats at greatly reduced prices. Come and see them and buy at your own price.

J. T. ROBINSON.

—The lecture of Rev. Mr. Avirett on "Plantation Life in the South before the War," which was postponed some weeks ago, will be delivered on Thursday evening at 8 o'clock at the Protestant Episcopal Sunday School room. This lecture has been highly commended by the city press, and will be very entertaining. Tickets 25 cents. At Minnick's, Goldsborough's, and Stevens & Hayward's.

—Chaffinch & Coney are now offering great bargains in the goods they are closing out at cost. Their store is now the great attraction of the street. They have a perfect rush every public day, but with their efficient corps of polite clerks, all are waited on promptly, and all go away satisfied with their bargains. They have just received a variety of fresh goods suitable to the season, to which they invite special attention. Ladies preparing for the springs, or for camp meeting, will find just the goods they want at their store.

—The Gazette holds the county commissioners responsible for the condition of the Neck Bridge road. We should like to know what the county commissioners have to do with it? It is not a public road worked by the county, and never has been. And we should like to know what the county commissioners have to do with nuisances? If there is any law authorizing the county commissioners to abate nuisances we have never seen it, and would thank the Gazette to show it. If it can be shown that it is the duty of the county commissioners to have the nuisance complained of abated, they will do it in short order, and leave the Gazette to get its "perfumery" elsewhere.

JAYMOR

Cambridge's new bailiff has donned a bright new uniform.

The commissioners of Caroline county have levied $8,500 for the county schools.

The straw-board mill at Chestertown is nearly ready to commence operations.

The next sitting of the registers will commence on the second Monday in August.

Lemuel C. Norris has been appointed overseer of the almshouse of Caroline county.

Oliver Millis, of Kent county, raised three hundred bushels of wheat on six acres of land.

The Seaford Enterprise says a camp meeting will be held at Hurlock's beginning Aug. 14th.

Last Thursday the fishing vessels on the Chincoteague caught ninety thousand pounds of trout.

A factory that will employ a hundred hands is of more value to a town than a score of close-fisted millionaires.

It is estimated that 130,000 baskets of peaches will be shipped over the Dorchester & Delaware railroad this season.

The largest and best church bell on the peninsula hangs in the belfry of the Smyrna M. E. Church. It weighs 2180 pounds.

Wm. McClymonts has purchased the farm of the late W. A. Hull, 204 acres, near Hall's Cross-Roads, Queen Anne's county, for $28.10 per acre.

Personal.

Miss Merrick, of Trappe, is visiting Miss Mary Parsons, at Salisbury.

Hon. Jacob Tome of Port Deposit, is off on a trip across the continent to California and Oregon.

I. N. Mills and family, superintendent of the Delaware Division of the P. W. & B. railroad, arrived at Oxford last Saturday.

The Rev. George S. Fitzhugh has accepted a call to the Protestant Episcopal Church at Lewes, and will enter upon his work immediately.

Mr. James R. H. Graham and family, of Baltimore, formerly of Talbot county, are visiting Mr. Thomas H. Graham and Mrs. Graham's family.

Mr. John W. Stewart, of Baltimore county, and Miss Annie Sewell, of Queen Anne's county, were married on the 12th inst., by Rev. Mr. Speake, at the residence of the bride's father, on the Delaware Division of the P. W. & B. road.

St. Nicholas for August.

August is the great traveling month. In August everybody wants to go somewhere else. But there are a great many people who can only go to four or five places, or perhaps only a very short distance, and some people can not get a day all that year.

So, St. Nicholas has made the August issue a great travel number. Its stories and articles treat of persons and things all over the world. And the stay-at-home folk can pick out a cool corner, when they do come, and go from Norway to Turkey, from Egypt to Lake George, without any of the worry and inconvenience of boats and trains, of stages, sledges, or camels.

Special Notice.

If you want a cheap and fashionable suit of clothes made, go to John Satterfield's; get him to cut you a coat for you from his samples; he will make order the coat at the wholesale price, or at the stores in town, if you prefer. He is a first-rate judge of goods, and if you buy through him, you won't be cheated. He has the latest fashions, and warrants everything he makes to fit and give satisfaction. He also does all kinds of cutting promptly to order. [illegible]

Fire in Wilmington, Del.

WILMINGTON, DEL., July 25.—The large frame barn of Henry G. Banning, president of the National Bank of Delaware, together with the entire season's crops and a lot of agricultural implements, was totally destroyed by fire this afternoon. The loss will amount to $4,000, partially covered by insurance in the Farmer's Mutual Insurance Company of Delaware. The origin of the fire is a mystery.

Excursion to Cape May.

There will be an excursion to Cape May Wednesday, August 2nd, to-morrow, over the Delaware and Chesapeake and Smyrna and Delaware Bay road to Bombay Hook, thence by steamer to the celebrated seaside watering place, leaving Easton at 5.58 A. M., returning at night, giving six hours at Cape May. The fare has been fixed at a very low rate, and the excursion will doubtless be a most delightful one.

Judge Men by Their Works.

A man is judged in this life by his works, and in this connection it may not be inopportune to add, that Dr. Swayne has accomplished more such cures through the medium of his Ointment for skin diseases, than has the entire school of physicians combined. "Its an ill wind that blows nobody good." What the physicians have lost Dr. Swayne has gained.

COUNTY COMMISSIONERS.

EASTON, July 25th.—The commissioners met. Present all the members of the Board, absent Mr. Bartlett made president pro tem. The clerk was directed to notify the Tolchester Beach Company that the road and [illegible] have been placed in or on the roadside of the ditches. The balance of the day was occupied in passing and paying bills.

ORPHANS' COURT.

EASTON, July 18.—The court met. Chas. B. Worrell, administrator of N. P. Gaston, passed his second account. Samuel T. Pleasants, administrator of Harriet Harrison, passed a dividend and distribution of the estate. George S. Lightner, administrator of William D. Rice, presented an inventory of the estate. He was authorized to sell the personal and advertise for creditors to file their claims. The last will and testament of William Coulyn was admitted to probate. The case of Cheesum vs. Cheesum, administrator of Cheesum, was continued one week.

A bill of complaint was filed by Mrs. Mary H. P. Cox and the purchaser of Belleville, Mr. Haecke, against Mrs. Ella G. Kennard, praying an injunction to restrain Mrs. Kennard from disposing of crops on Belleville, and for the appointment of a receiver. Injunction granted, and Col. Oswald Tilghman was appointed receiver, under a bond of $2,000.

After which the Court adjourned until Court in course.

A Destructive Fire in Dorchester County.

CAMBRIDGE, MD., July 25.—The barn of Thos. H. Travers, in Morris Neck, near Cornersville, Dorchester county, was entirely consumed by fire yesterday, together with all its contents, including the year's wheat crop, just thrashed out, and several carriages and farm implements. The origin of the fire is at present unknown.

Arrested for Keeping a Disorderly House.

Miss Rebecca Perry, a notorious cyprian, who lives on West street, was arrested last week for keeping a disorderly house, and held to bail by Justice Nicols to answer the charge to the grand jury. The arrest was caused by a fight that occurred at her house on Monday night of last week.

Notice To Tax-Payers.

The Tax Book for 1882 will be opened for the payment of taxes on Tuesday, August 15.

A discount of five per cent. will be allowed on tax bills paid in August, four per cent. on those paid in September, and three per cent. on those paid in October.

All Tax-Payers are hereby notified to arrange for paying their taxes for 1882 by the first day of January, 1883. The laws of the State, and the method of doing business of the county now practiced, absolutely require this. Immediately after January 1, 1883, delinquents will be proceeded against by advertisement and sale of their property, that all tax bills for 1882 may be closed in thirty days from January 1, 1883.

GEORGE E. HADDAWAY,

"HUBBARD'S"

STANDARD PHOSPHATE

Acknowledged the Wheat Fertilizer of the Country.

The gratifying results that have been obtained from the use of our Standard for the last 10 years, as well as the present crop, seem to be crowned with larger yields than ever. All goes to prove to us beyond a doubt that we have not failed in the great object we had in view, and that to make our goods a profit to our customers. The value of a Super-Phosphate depends upon the way and manner the combination of material are applied together, which by our scientific process we are enabled to guarantee quality, uniformity and condition, as will be seen by analysis below.

BALTIMORE, September 16th, 1880.

Messrs. HUBBARD & BRO., Easton, Md.

PROF. P. B. WILSON.

The question has been asked us, how can we afford to sell our goods, showing by analysis a Cash value of $40 and over, at $35 per ton. To which we answer, by producing the farmer an amount of Soluble matter from the materials that is capable of being produced. If from the same materials we only produced half the amount of soluble matter, we would only get half the value. This being the only correct guide for the farmer in selecting his fertilizer, we would suggest that other manufacturers who are selling in our county to publish their analysis, and show to the buyer the value of their goods. We hold all the original copies of our analysis which can be seen at our office. Our stock is heavy, several hundred tons, and in the best of order for delivery. We hope our patrons will send in their orders early, as we always find some of our goods go off quickly, and that at the close of the season, and besides give their goods in better order and avoid disappointment.

5 cts. MUSIC 5 cts.

When retrograding o'er the past,
We must confess this age is fast.—
The great desideratum's attained at last
By Goldsborough's 5 cent Music.

Where'er you wander on the street,
The air seems filled with music sweet;
And in almost every house a sheet
Of Goldsborough's 5 cent Music.

The stranger, as he passes by,
With careful, scrutinizing eye,
Is amazed when invited in to buy
Goldsborough's 5 cent Music.

He buys, and to his home repairs
Laden with all the latest airs;
Astonishes the family when he declares
'Tis Goldsborough's 5 cent Music.

To those who could the [illegible] price
Must this great offer now embrace,
And straightway note the only place
To buy Goldsborough's 5 cent Music.

MUSIC

FOR

Five Cents

Big Lot Just Received.

This music is NOT the cheaply gotten up five cent TRASH of late, so largely disseminated in the cities. Neither is it any accumulation of worn out stock. It is

Genuine, Legitimate, Copyright and non-Copyright Popular Music of the Day,

executed in the highest style of the art from Electrotype Plates, on Sheet Music Paper, such as formerly sold for 60, 40, 15 [illegible] and now sold by us for Five Cents Each. This departure from long established [illegible] is a Great Reduction in Prices. The above big lot has just been received from our stock previously so famous.

Largest and Confidential Stock of all Dealers on the Peninsula.

We will freely give sensible and practical hints in the art of playing, free of charge to all.
