—For stove repairs go to E. J. Hulse.

—Dentistry, Dr. J. N. Baird, Easton, Md.

—10,000 peach boxes for sale by Shannahan & Wrightson.

—Fire-Place Heaters and Cook Stoves promptly repaired at Hulse's stove store.

—Genuine Havana filled cigars at P. G Hoffman's, cor. Railroad avenue & Hanson st

—At cost for cash—water-coolers, ice boxes and refrigerators, at Shannahan & Wrightson's.

—Hon. A. P. Gorman has the thanks of the STAR for an interesting pamphlet on Chinese Immigration.

—Godey's Lady's Book for September, a charming number of this popular monthly, has just been received.

—The New Emerald cook stoves are full-size, heavy, and guaranteed to give satisfaction. For sale at Hulse's.

—The Centreville Observer says Col. James T. Earle's personal estate, disposed of at vendue lately, sold for $9,800.

—Make your homes cool by using the "Automatic Blind Awning Fixture." For sale by Shannahan & Wrightson.

—The Orphans' Court will meet on the 5th of September to fill the two vacant free scholarships in Washington College.

—Leading plows in this market are the South Bend Chilled, Remington and Peacock New Ground Plows, for sale by Shannahan & Wrightson.

—This section has been blessed with a number of copious showers since Saturday evening, and we think the farmers will now say they have had rain enough for once.

—Shannahan & Wrightson are agents for G. Oker & Sons, Lorentz & Bittler and J. E. Tygert & Co.'s different grades of fertilizers. Call and see them before buying elsewhere.

—Tin roofing and spouting promptly done in the best manner. Prices guaranteed to be as cheap as the cheapest, material and workmanship considered. A full stock of Tinware always on hand. E. J. HULSE.

—Antonio De Pasquale, the Fashionable Tailor, next door to the Bank, Easton, Md. All garments cut and made by him are guaranteed to fit, and made in the very best manner, and in the most fashionable style feb28-1y

—If you want genuine nutmeg cantelloupes, buy them of Mr. John H. Craft. He has a thousand, and they are as nice as you ever tasted. If you want any for preserving, or for sweet pickles, engage them of him at once. He will be in market this morning.

—The Baltimore Day has been suspended as a morning journal, but is now published as an evening paper. Senator Warfield, the business manager, will return to Howard county, to practice law. The Day makes a good show as an evening paper. We wish it success.

—The Democrats of Delaware have nominated Mr. Charles C. Stockley, of Sussex, for Governor, and Mr. Charles B. Lore, of Wilmington, for Congress; a strong ticket, that will carry little Delaware with a rush, even if Dick Harrington is chairman of the Republican State Committee.

—We print this morning a list of the white voters registered at the August sitting, to aid our friends who are looking up those Democrats who have not yet registered. It will require considerable work to be done between now and the September sitting to get the full Democratic vote in this county registered next month.

—The Greenbackers of Maryland are about to enter the coming campaign with a will. They have already made two nominations for Congress—W. Frank Mitchell, of Towsontown, in the second district, and E. S. Calvert, of Prince George's county, in the fifth district, and nominations are shortly to be made in the other districts.

—Mr. Thos. C. Nicols, secretary of Griffin Council, No. 513, American Legion of Honor, received on Friday last a draft for five thousand dollars, to pay beneficiaries on the death of the late A. W. Fountain. The order of American Legion of Honor is in a most flourishing condition, paying their death losses with commendable promptness. The order in this town numbers eighty members. We recommend it as a cheap and perfectly reliable life insurance company.

—Night watchman Caleb Griffin captured Elias Dickinson, colored, between midnight and day Friday morning, as he came into town with Mr. L. G. Dawson's horse and wagon, which he had stolen for a trip to a negro camp. Elias is now in jail. Mr. Dawson was certain, from the appearance of his horse, that some one used it of nights, and got Mr. Griffin to look out for the transgressor. When he caught Mr. Elias he was walking the horse so slowly he could hardly be heard across the street. He had been for sometime in the employ of Mr. Dawson in the market as a carrier of meat.

From the Denton Journal.

Shot Through the Breast.

Thomas G. Atkinson, a young man about twenty-three years old, is in jail, on the charge of shooting William Ringgold late Thursday afternoon. The principals in the tragedy lived on adjoining places in Tuckahoe Neck; Ringgold as a tenant on the farm of Dr. E. E. Atkinson, the father of Thomas, and the son was left in charge at home with the family while the father has been employed in the Baltimore Custom House. The Atkinson family and the tenant had a misunderstanding as to their rights to peaches raised on the farm rented to Ringgold, and this caused the trouble Thursday afternoon. The particulars of the shooting as told by an eye witness, a young man named Cohee, are that the Atkinson children, several small girls, had been ordered out of the peach orchard belonging to the rented place. This they did, and Ringgold went about his work of putting away hay. The young man Atkinson was soon afterward seen to approach and go into the peach orchard and commence gathering the fruit. He was hailed by Ringgold who said "I don't want you to take those peaches; they are mine and my wife wants them to preserve. You must stop." Whereupon Atkinson replied with an oath that he would gather them as long as there was one left; that his father in renting the farm to Ringgold had reserved the privilege that his family should have enough fruit from the orchard for their use, and he continued to help himself, in spite of repeated remonstrance from Ringgold that there was no such agreement. Meanwhile the tenant had advanced on Atkinson, who drew a pistol and fired, but without effect. Atkinson then retreated, and being followed by Ringgold, he threw down the weapon which he still held and drew from his pocket another and larger one and used it on Ringgold as he was about to close in on him. The ball was a 32 calibre, and took effect in the left breast just below the heart, passing through the lower part of the chest and lodging near the surface in the back. After the second shot Cohee interfered and held Atkinson until he wrested himself loose and ran, leaving a part of his clothes and one pistol behind. Ringgold had fallen from his terrible shot.

The other side of the affair as given by young Atkinson is: He had gone over to get the peaches as stated and was ordered off, but failed to go, when Ringgold approached with a pitch-fork in a threatening attitude; he fired on him and left.

Immediately after the tragedy Atkinson came to town, apparently for the purpose of surrendering himself, but on the representations of a messenger who had preceded him into town from the scene of the shooting, he was apprehended and lodged in jail.

Dr. George answered the summons for a surgeon, and found that Ringgold had been shot as stated. Ringgold was raised in Tuckahoe Neck, where he bears the reputation of being honest and industrious.

Drs. Hackett and George Friday morning made a careful examination of the injured man's wound, but the bullet was not found.

Personal.

Mr. and Mrs. John C. Harper are at Deer Park.

Mr. J. Kemp Bartlett is visiting friends in this county.

Mr. Joseph H. White and wife have gone to Gettysburg.

Mr. Dallas B. Hayward, of Philadelphia, is spending his vacation in Easton.

Mr. Frank Buchanan, of Savannah, Ga., is visiting his mother at "The Rest."

Mr. R. J. Trippe and wife have gone to Gettysburg and Monterey Springs.

Mr. James Banning was visiting his father at Wilmington, Delaware, last week.

Bishop Lay has returned from Ocean City. He preached at Centreville on Sunday.

Miss Clara Downes and Miss Sallie Jump, of Denton, are visiting Mrs. Dr. Smithers.

Dr. William Caulk and wife and Mr. and Mrs. H. K. George have been to Ocean Grove.

Capt. L. M. Hudgins, general agent of the Potomac Steamboat Company, was in town last week.

Mr. Robert Dalrimple has our thanks for a late number of The Drummer and other Cincinnati papers.

Mr. John R. Robinson, of New York, arrived here on Tuesday, to visit his plantation in Bailey's Neck.

Mr. Thomas Dixon, of Baltimore, was in Easton on Thursday, taking measurements for the new hotel.

Mr. Charles Emory, of Philadelphia, is on a visit to his sister, Mrs. Robert Bartlett, of Island Creek Neck.

Professor A. Chaplain has gone to Western Maryland to visit the coal regions and attend the State Teachers' Association, which meets at Cumberland to-day.

Mr. G. Lacy Eaton, from the well-known clothing house of Chas. N. Oehm & Son, Baltimore, was in town last week looking after the interests of his house.

John A. Murray, Esq., of the reportorial corps of Baltimore Sun, spent Saturday and Sunday in Easton. He was on his way to Oxford to report the proceedings of the editorial convention.

Mr. D. C. Heidinger, a member of the compositorial corps on the Baltimore Sun, is rusticating in Island Creek Neck, at Mr. Jonathan H. Leonard's. He was in Easton and called at the STAR office on Friday.

Mr. Conrad, of the Wilmington News, Mr. Roberts, of the Centreville Record, and Mr. Woodall, of the Chestertown Transcript, came up from Oxford on the steamer Sunday evening, spent an hour in Easton, and returned by the 9 o'clock boat.

The Railroad.

MR. EDITOR:—I have occasion to visit Talbot county two or three times a year. My residence is in the city of New York. The distance from this city to Easton is 200 miles by rail and should require but six hours travel. A few days since I took the earliest Baltimore and Washington train—5.30 A. M.—and reached Philadelphia ten minutes after the regular train for Delaware and Maryland had left. After a delay of a few minutes we started and arrived at Wilmington nine minutes after the peninsula train had left. After a stay over at Wilmington of four hours I took the train at 1.05 P. M. and was informed that I could not reach Easton that day as there was no connection at Clayton. If the railroad companies had made it a special study how to make the travel between New York and Easton unaccommodating they could not have arranged plans more successfully. There must be a war between the New York and Philadelphia line and the Philadelphia, Wilmington and Baltimore line; and as in all wars, the public are the sufferers. That the train leaving Philadelphia for Easton should start ten minutes before the New York train arrives; and again leave Wilmington 9.10, when the train from New York is due 9.19, is to be understood, of course, as a war measure; but why the Delaware and Chesapeake Railroad should so arrange the running of the two trains that leave Clayton as to make it impossible to arrive at Easton the same day you leave New York—you will explain, Mr. Editor? According to the "Spring Arrangement," published in THE STAR, I must leave New York 7 55 P. M. to reach Easton 10.31 the next day. Thus a part of two days are required to go 200 miles. I know of no town on the Peninsula more beautiful or more important than Easton, and I submit whether such railroad arrangements are not injurious to the town as well as annoying to the traveler. The train that leaves New York 5.30 A. M. sometimes connects with the train that leaves Philadelphia 8 A. M.; but the connection is an accident and not an appointment.

NEW YORK.

[As the New York papers reach here the same day they are printed, there must be an early train that makes connections through from New York to Easton. If our correspondent will take the early morning mail train at Jersey City, and come through direct to Wilmington, and there take the Delaware train for Clayton, he will arrive at Easton at 1.12 P. M. If he takes the train to Philadelphia he may miss the Delaware train. The best way is to come to Wilmington, and there take the cars for Clayton.—EDITOR STAR.]

A Daring Piece of Villany.

On Sunday night week, between 8 and 9 o'clock, a negro man called at Dr. Sarah Braithwaite's, near Royal Oak, giving his name as John Henry, and pretending to want a prescription. As there was no gentleman in the house, only a neice of Mrs. Braithwaite being with her, she declined to admit him into the house. Being foiled in his purpose of gaining admittance under pretense of sickness, he then said he would come in any way, and commenced to batter down the kitchen and dining room doors. Dr. Braithwaite lives in a lonely neighborhood, but she gave the alarm, which was heard as far as the mansion at Plain Dealing, but no one came to her assistance. She and her neice took refuge up stairs, and kept the scoundrel at bay by firing at him with a pistol. He climbed up a peach tree that stood near the house and tried to get into a window of the second story. The ladies might have shot him while up the tree, but they were afraid to open the window blinds. He kept up the attack all night, and only left about daylight Monday morning. A negro named John Henry was arrested for the offence and taken before Justice Robinson, but it was clearly proved that he was not the offender, the guilty scoundrel having used his name to hide his own and his high-handed crime. The officers at Royal Oak are still on the lookout for the offender, but as yet have no clue. It is to be hoped that the guilty party may yet be arrested and dealt with as his crime deserves.

Public Business.

COUNTY COMMISSIONERS,

EASTON, Aug. 22.—The Board met, and nothing done except auditing and paying bills.

ORPHANS' COURT.

EASTON, Aug. 22.—The court met and passed the final administration account and distribution of B. P. and S. O. Cox, administrators of Tristram Cox. E. H. Roe and Frank W. Conlyn, executors of William Conlyn, presented an inventory of the personal estate. The court passed an order for the sale of the estate and directing the executors to give notice to creditors to file their claims. Margaret A. Kemp, guardian to her children, Annie J., Robert L. and William H. Kemp, passed her 6th and 7th account with each. James C. Mullikin, administrator of Nathan Mills, presented an account of sales. John W. Jump, administrator of Charles H. Stewart, presented an inventory of the real estate of the deceased. The Register of Wills was ordered to advertise a notice that the court, on the 5th of September, would fill the two free vacant scholarships in Washington College.

Public Sales.

Mr John Seemer, at "Wye Heights," on Wednesday, the 6th of September, will offer at public sale a large quantity of valuable live stock and farming implements.

On Thursday, September the 7th, M. T. Goldsborough, Esq., agent for Mr. Joseph R. Price, will sell at auction the live stock and farming implements on "Ship's Head" farm.

On Thursday, September the 14th, Messrs. E. H. Roe and Frank W. Conlyn, executors of William Conlyn, will dispose of at public sale all of the personal property belonging to the estate of Mr. Conlyn, in Chapel district.

Mr. L. Eugene Ross, in Bambury, having rented his farm, will sell at auction on the 13th of September all of his valuable live stock and farming implements.

It is so Use

to try to get better clothing, newer styles, more substantial work, nicer fitting garments, more for your money, or anything else in the shape of bargains or fair treatment than is offered by the reliable and old established house of C. N. Oehm & Son, 230 W. Pratt St., through to 50 Hanover St., Baltimore, Md.

Gala Day at Oxford.

The Peninsula Press Association held its first session at Eastford Hall, yesterday. This morning the members will make an excursion to Bayly, spending the morning in looking over the many points of interest in our town. This afternoon they will hold a business meeting, and this evening the members will participate in a social at the elegant dining room at Eastford Hall. After the literary programme is completed Mr. Norris, the genial proprietor of the hotel, has arranged for a grand hop and it is expected that it will be a successful affair. Good music has been provided, and supper will be served at one o'clock. Several of our young people from Easton will doubtless join in the festivities.

PENINSULA.

Thos. Smith, while on his way to Ridgely with a load of peaches, Monday, was thrown from his wagon and received probably fatal injuries.

Wm. B. Earle's canning factory at Centreville Landing employs 300 hands.

The annual recurrence of sickness on Kent Island is attributed to bad water, and artesian wells are soon to be sunk.

S. H. Flaherty, of Caroline county, has sold his farm, 197 acres, to Chas. H. Todd for $6,000.

Saulsbury Hobbs, of Caroline county, cleared $262 on 26 acres of wheat land this season.

The Chestertown Transcript says: "Sassafras river and other rivers and creeks that indent the coast of Kent county have been familiar during the last three months with a novel sort of bar-room, where chain-lightning could be always procured by the pint, more or less. The aforementioned bar-room consisted of a sloop, and the captain of the sloop and the retailer of the chain-lightning was John Proctor, a man about fifty years of age. When business grew dull in one place Proctor would run his sloop to waters where it was brisker. Recently he anchored in Sassafras river, off Georgetown, and opened up trade. On last Monday morning officer Jacoby, armed with a writ from Squire Miller, put out to Proctor's sloop to take him in charge. Proctor claimed that he was not selling and had never sold whisky on Kent county territory, and that he was not violating the local option law. He was, however, arrested and lodged in Chestertown jail. Proctor's will be a test case, and if it be established that the law does not apply to a floating grogery we may expect many such to spring up in our bordering rivers and creeks."

Judge Men by Their Works.

A man is judged in this life by his works and in this connection it may not be inopportune to add, that Dr. Swayne has accomplished more good through the medium of his Ointment for skin diseases, than has the entire school of physicians combined. "Its an ill wind that blows nobody good." What the physicians have lost Dr. Swayne has gained.

Special Notice.

If you want a cheap and fashionable suit of clothes made, go to John Satterfield's; get him to choose the cloth for you from his samples; have him order the goods at wholesale price; or at the stores in town, if you prefer. He is a first-rate judge of goods, and if you buy through him, you won't be cheated. He has the latest fashions, and warrants everything he makes to fit and give satisfaction. He also does all kinds of cutting promptly to order. Feb21-tf.

What Easton has Needed and Now Has.

A large and handsome jewelry store has been opened by E. P. Sangston, on Washington street, next to Mr. John Mason's. The largest and best stock of watches, clocks, jewelry, silverware, bronzes, etc., ever known in Easton. Special attention given to the repair of fine watches, clocks and jewelry. Spectacles and eye-glasses in gold steel and rubber frames. Rodger's knives, forks and spoons. Ladies' and gent.'s handsome gold watches. Everything kept in a first-class jewelry store.

It Seems to Satisfy a family want, and I wonder how we ever got along without Parker's Ginger Tonic. It cured me of nervous prostration, and I have used it since for all sorts of complaints in our family.—Mrs. Jines, Albany.

HUBBARD'S

STANDARD PHOSPHATE

Acknowledged the Wheat Fertilizer of the Country.

The gratifying results that have been obtained from the use of our Standard for the last 40 years, as well as the present crop, seem to be crowned with larger yields than ever. All goes to prove to us beyond a doubt that we have not failed in the great object we had in view, and that to make our goods a profit to our customers. The value of a Super-Phosphate depends upon the wanted manner the combination of material are applied together, which by our scientific process we are enabled to guarantee quality, uniformity and condition, as will be seen by analysis below.

BALTIMORE, September 16th, 1880.

Messrs. HUBBARD & BRO., Easton, Md.

GENTLEMEN:—Sample of your Standard Fertilizer furnished me contains

Ammonia	2.60 per cent.	52.00 lbs at 20 cents,		$10.40
Available Phosphoric Acid	9.17 "	183.40 "	12½ "	22.87
Insoluble " "	4.14 "	82.40 "	5 "	4.10
Potash	3.19 "	63.20 "	8 "	5.04
Approximate Cash value				$42.41

☞ This sample is to be classed with the highest grade of the best fertilizers in the market.

Respectfully, P. R. WILSON.

STATE LABORATORY DELAWARE COLLEGE,

NEWARK, DEL., September 14th, 1881.

Result of Analysis of a sample of Fertilizer received from HUBBARD & BRO., Easton, Md., marked Standard Bone Super-Phosphate.

Ammonia	2.34 per cent.	46.80 lbs at 22 cents,		$10.12
Available Phosphoric Acid	9.66 "	193.20 "	12½ "	24.07
Insoluble " "	3.26 "	65.20 "	5 "	3.25
Potash	2.67 "	53.40 "	8 "	4.24
Approximate Cash value				$41.68

DR. T. R. WOLF,
HARRISBURG, PA., April 25th, 1882.

Messrs. HUBBARD & BRO., Easton, Md.

Sample of your Standard Phosphate found at New Cumberland, Pa., contains as follows.

Ammonia	2.49 per cent.	49.8 lbs at 20 cents,		$ 9.96
Available Phosphoric Acid	10.78 "	215.16 "	12½ "	26.89
Insoluble " "	2.98 "	59.02 "	5 "	2.98

Approximate Cash value				$42.09

PROF. P. R. WILSON.

The question has been asked us, how can we afford to sell our goods showing by analysis a Cash value of $40 and over for $35 per ton. To which we answer, By producing the largest amount of Soluble matter from the materials that is capable of being produced. If from the same materials we only produced half the amount of soluble matter, we would only get half the value. This being the only correct guide for the farmer in selecting his fertilizer, we would suggest that other manufacturers who are selling in our county to publish their analysis, and show to the buyer the value of their goods. We hold all the original copies of our analysis which can be seen at our office. Our stock is heavy, several hundred ton, and in the best of order for drilling. We hope our patrons will send in their orders early, as we have but one time of settlement and that at the close of the season, and besides give them goods in better order and avoid disappointment.

HUBBARD & BRO., Easton, Md.

THE BEST IN THE MARKET!

Adapted to all Requirements. Priced to suit all Purses.

5 cts. **MUSIC** 5 cts.

When retrograding o'er the past,
We must confess this age is fast.—
The great desideratum's attained at last
By Goldsborough's 5 cent Music.

Where'er you wander on the street,
The air seems filled with music sweet;
And in almost every house a sheet
Of Goldsborough's 5 cent Music.

The stranger, as he passes by,
With careful, scrutinizing eye,
Is amazed when invited in to buy
Goldsborough's 5 cent Music

He buys, and to his home repairs,
Laden with all the latest airs;
Astonishes the family when he declares
'Tis Goldsborough's 5 cent Music.

To those who would their parlors grace,
Must this great offer now embrace,
And straightway note the only place
To buy Goldsborough's 5 cent Music.

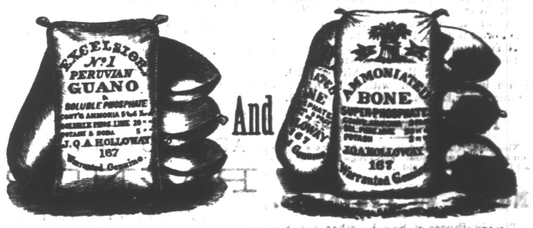
TO WHEAT GROWERS.

The undersigned, PIONEER in the manufacture of FERTILIZERS in this city, and ORIGINATOR in 1858 of the formulas and processes of manufacture of

"EXCELSIOR" AND AMMONIATED PHOSPHATE,

So well and favorably known by the agricultural public, relying upon his experience and personal reputation hitherto acquired in the uniform excellence of these FERTILIZERS as manufactured by him, continues to offer them to the Farmers and Planters of Maryland and Virginia, with the assurance that the HIGH STANDARD of each will be maintained as heretofore.



The above are the most conbentrated FERTILIZERS ever offered to the farmer, combining all the stimulating qualities of Peruvian Guano and the ever durable fertilizing properties of Bones in fine, dry powder prepared expressly for drilling.

For growing wheat, it is the universal opinion of the farmers of Maryland and Virginia, after over twenty years experience in the use of these Fertilizers manufactured by me, that an application of 100 pounds is equal in its effects to 200 pounds of an other Fertilizer or Guano, therefore fully 50 per cent. cheaper.

With my present advantages and superior facilities for manufacturing, I challenge competition with any Fertilizer sold in the United States, in quality, mechanical condition and price.

By strictly adhering to my original formulas, using only the most concentrated materials and superintending in person the manufacture, as for the past twenty-four years.

UNIFORM QUALITY IS GUARANTEED.

☞ Farmers, to secure the ONLY GENUINE EXCELSIOR and PHOSPHATE prepared according to my original formulas established in 1858, should see that every bag is branded as above, with the ANALYSIS and my name in RED LETTERS.
