T. N. MILLS, Supt.

July 17, 1882.

Skipton Packet Line.

CAPT. JOHN A. CATRUP, Master, Capacity 5,500 bushels, plies regularly between Wye River and its tributaries and Baltimore. Grain and all other kinds of Freight taken on moderate terms. Large store room for grain at Skipton Landing. Orders left with George E. Bowdoin & Co., Bowley's Wharf; Kerley & Tilghman, Bowley's Wharf; Maury & Nesvitt, 83 South street, Baltimore, will receive attention. The patronage of my friends and the public is respectfully solicited.

N. B.—The Granary at Skipton landing has been raised two feet above tide, thoroughly repaired and strengthened, and made perfectly secure for the storage of grain. Having leased the granary for a number of years, and embarked permanently in the boating business, I have ample granary and boating facilities for accommodating the business of the neighborhood, and respectfully solicit the patronage.

JOHN A. CATRUP.

TO FARMERS.

I have for sale a new variety of wheat which has been grown in the counties of Queen Anne's and Talbot for the past six years. The yield has never been less than 18 bushels for one seeding and has been as high as 44 for one. The grain in appearances like "Fultz." The great virtue of this wheat lies in the strength of the straw, and the size of the head which is heavily bearded; some of the heads in my field this year contained as many as 85 grains. I have a limited quantity which I desire to sell for seed, and shall be glad to give further particulars to any desiring to try what I consider an unusually productive wheat. Price at my barn $3 00 per bushel. Samples may be seen at Dawson & Bros., and the office of this paper.

R. C. FORMAN.

L. S. TURNER.

Easton, April 25, 1882yr

Agricultural.

The last census figures report 472,307,200 lbs. as the quantity of tobacco produced in the United States in 1880. Of this quantity consumed here, the large amount is exported. Probably most people would name Virginia as the largest grower of tobacco, but Kentucky, much more than doubles her, as follows:

	Lbs.		Lbs.
Kentucky	111,121,[illegible]	25,[illegible]	788
Virginia	[illegible]	12,[illegible]	573
Pennsylvania	[illegible]	27,[illegible]	1,240
Ohio	34,[illegible]	3[illegible]	1,031
Tennessee	29,[illegible]	41,[illegible]	707
North Carolina	29,[illegible]	57,215	471
Maryland	29,[illegible]	38,174	665
Connecticut	14,044,[illegible]	8,[illegible]	1,620
[illegible]	[illegible]	[illegible]	775
[illegible]	[illegible]	[illegible]	1,[illegible]
[illegible]	[illegible]	[illegible]	745
[illegible]	[illegible]	[illegible]	1,237
[illegible]	[illegible]	[illegible]	1,[illegible]
[illegible]	[illegible]	[illegible]	[illegible]
[illegible]	[illegible]	[illegible]	506
Total	469,[illegible] lbs.		

[illegible] hogsheads; average, 748 lbs.

Kentucky grows over one-third (36 per cent.) of the entire tobacco crop of the country, and the above 15 States supply 99 lbs. out of every 100 lbs. grown; 22 other States and Territories report a small amount—together only 1 per cent. The yield varies all the way from [illegible] to [illegible] per acre, in which State fertilizers are largely used.—*American Agriculturist for August.*

Useful Tables.

Here are a few tables, etc., which will be of use to our young readers some day, we think, so we publish them to commit them to memory, so that should an opportunity present itself when they can be used, they will be in a safe and convenient place—the mind:

A barrel of flour weighs 196 pounds.
Barrel of pork, 200 pounds.
Barrel of powder, 25 pounds.
Barrel of oil, 40 gallons.
Firkin of butter 56 pounds.
Tub of butter, 84 pounds.

60 drops make a drachm,
8 drachms make an ounce,
4 ounces make a gill,
16 ounces make a pint,
60 drops, a teaspoonful,
4 teaspoonfuls, a tablespoonful,
2 tablespoonfuls, an ounce,
8 ounces, a gill,
gill a coffee cup or tumbler,
8 fluid ounces, a teacupful.

4,840 square yards make an acre,
640 acres make a square mile.

There are 2,750 languages,
Two persons die every second.
A generation is fifteen years,
Thirty-one years is the average of life.

CREAMERIES.

Creameries enable farmers to convert all the milk of the farm into butter or cheese at times when the operation of buttermaking is a difficult one. It is not every farmer who can keep milk and cream at the exact temperature all seasons but the difficulties in the way are overcome at the creamery by the possession of all [illegible] and by systematic arrangements they encourage not only a [illegible] quantity of milk, but tend to [illegible] better butter on the market [illegible] individuals would, they are benefiting both city and country. In some creameries butter and cheese are made from the same milk while in others only butter is manufactured, the [illegible] being sold to the farmers for feeding. In [illegible] sely settled districts only the cream is collected. The capital required to operate a creamery need not be large, and one should be established in every agricultural neighborhood. Creameries not only encourage an interest in first class dairy cows but also the keeping of other kinds of stock. They save much labor to farmers' wives, find the best markets for products and furnish employment to quite a number of hands.

Migration of Fish.

Dr. Keller, in a communication sent to the Swiss Geographical Society, from Suez gives some interesting points on this subject. In the twelve years that have elapsed since the opening of the Suez Canal, the interchange of animal life between the Mediterranean Sea and the Indian Ocean has not reached the dimensions at first anticipated, still a number of smaller fish have found their way from the Mediterranean to the Red Sea. A greater desire to travel in this direction than in the opposite one seems to prevail. A very interesting fact has, however, been established, namely, that the real pearl oysters are traveling through the canal, not a few straggling outposts, but large trains moving regularly along. As they have not yet reached the Timsah lake, it will be one or two decades before they will be established in the Mediterranean.

For many years old John K., of Houston, Texas, has been known as a miser. He died a few days ago of starvation, resolutely refusing to the last moment. He left at least [illegible] estate and in [illegible] property in Houston. [illegible] mind, and [illegible] he would not [illegible] of them. When [illegible] voluntarily to the [illegible] candle lighted, but old [illegible] his head and with his dying breath expostulated and forgave the extravagance.

PLANTS IN THE HOUSE.—Mr. J. M. Ashmun, in the *American Naturalist* for December, 1878, shows that the transpiration from plants has an appreciable influence upon the humidity of the air. It [illegible] furnishes an additional reason than the aesthetic one for the cultivation of house plants, and is especially worthy of the consideration of invalids who are confined to the house, and of those of sedentary occupations.

An acre of soil one foot deep contains 4,000,000 pounds. An average acre of American soil six inches deep, is estimated to contain 17,888 pounds of potash, 12,800 pounds of lime, 16,000 pounds of magnesia, 6,000 pounds soda, 2,780 pounds sulphuric acid, 4,000 pounds phosphoric acid, and 600 pounds chlorine.

Malaria, Chills and Fever, and Bilious attacks positively cured with Emory's Star dard Cure Pills—an infallible remedy: never fail to cure the most obstinate, long standing cases where Quinine and all other remedies had failed. They are prepared expressly for malarious sections, in double boxes, two kinds of Pills, containing a strong cathartic and a chill breaker, sugar-coated; contain no Quinine or Mercury, causing no griping or purging; they are mild and efficient, certain in their action and harmless in all cases; they effectually cleanse the system, and give new life and tone to the body. As a family remedy they are unequaled. For Fever and Ague Complaint their equal is not known; one box will have a wonderful effect in the worst cases. They are used and prescribed by [illegible] and sold by Druggists everywhere. Price, $1 per box, mail, 25 and 50 cent boxes. Emory's Little Cathartic Pills, best ever made, only 15 cents. Standard Cure Co., 114 Nassau Street, New York. 4:18,6m

THE BEST REMEDY

FOR

Diseases of the Throat and Lungs.

AYER'S CHERRY PECTORAL

In diseases of the pulmonary organs a safe and reliable remedy is [illegible] such a remedy, and no other so eminently merits the confidence of the public. It is a scientific combination of the medicinal principles and curative virtues of the finest drugs, chemically united, of uniformity and to insure the greatest possible efficacy and uniformity of results. It strikes at the foundation of all pulmonary complaints, gives immediate relief and rapid cures, and is adapted to patients of any age or either sex. Being very palatable, the youngest children take it readily. In ordinary Coughs, Colds, Sore Throat, Bronchitis, Influenza, Clergyman's Sore Throat, Asthma, Croup, the Catarrhal stage of Acute Consumption, the effects of Ayer's Cherry Pectoral are marked and decisive, and it will usually prevent from serious illness by its timely and faithful use. It should be kept at hand in every household for the protection it affords against these affections. In Whooping Cough and Consumption there is no other remedy so efficacious, soothing, and helpful.

Low prices are indulgences to try some of the many mixtures, compounds, made of cheap and inoperative materials, now offered, which, as they contain no curative qualities, can afford only temporary relief, and are sure to deceive and disappoint the patient. Diseases of the throat and lungs demand active and effective treatment; and it is dangerous experimenting with unknown and cheap medicines, from the great liability that these diseases may, while so tried with, become deeply seated or incurable. Use Ayer's Cherry Pectoral, and you may confidently expect the best results. It is a standard medical preparation, of known and acknowledged curative power, and is as cheap as its careful preparation and fine ingredients will allow. Eminent physicians, knowing its composition, prescribe it in their practice. The test of half a century has proven its absolute certainty to cure all pulmonary complaints not already beyond the reach of human aid.

SOLD BY ALL DRUGGISTS EVERYWHERE.

THE GOLDEN SHEAF.

A Fertilizer specially adapted to the Soil of the Eastern Shore of Maryland.

$30 PER TON.

Sold at a very small profit on cost of production and clear of Agents' commissions.

THE COMPOSITION NO SECRET.

Made without Horse or Mixer.

FOR SALE BY

THE OXFORD GUANO CO., Oxford, Md.

W. H. SETH, Secretary.

The attention of Farmers who desire to secure a good fertilizer at a reasonable price, is respectfully called to the above named brand.

The object of the manufacturers has been to originate a compound of plant foods directly adapted to the soil of the Eastern Shore of Maryland, and to fix the price therefor at the lowest possible figures, utilizing of all agents fees of 45 and 60 per ton, and adding to the actual cost only a very small profit. We think this fertilizer as an overall fertilizer, takes as most of the high price manures, and feel confident that farmers who may think proper to use it will say, that in its effects upon the soil, it will equal them.

Responsibly, as made by Prof. G. A. Liebig, shows it to contain:—

Ammonia, from	.75 to 1.25 per cent.
Phosphoric Lime, from	5.00 to 7.00 "
Lime	28.19 "
Carbonic Acid	26.07 "

The lime and carbon, which are essential to plant growth, are obtained from oyster shells ground to powder, instead of being burnt. This combination not only dispenses with the necessity for dirt or sand to hold the chemicals, but it's most valuable ingredient is their action.

We are also manufacturing ground lime, which we propose to put upon the market at a low price.

Favorite's Graetorex, No. 5,898,

Sire Graetorex, 4,218; Grand-Sire Rex, 1,330. Dam, Gay Primrose, 10,545. Dropped May 15th, 1881. Bred by Lyman A. Mills, Middlefield, Connecticut.

Among the Jersey families of recognized excellence none stand higher than the Rex family. Graetorex 4,218 stands at the head of the Broadmoor farm herd, Portland, Maine, at $100 per service, and Rex 1,330 is at the head of the Simpson herd, New York, and stands also at $100 per service (see advertisement "Country Gentleman). Rex 1,330 is considered the best bull in America, and was purchased last December by his present owner at a cost of $3,500. Favorite of the Elms' 1656, the Grand-dam of Gay Primrose, has a butter record of 17 pounds 5 ounces per week, and her owner, Mr. John J. Holly, of New Jersey, has refused $2,500 for her.

At the auction sale of the herd of Jersey cattle of Messrs. Corps, Maddux & Co., at New York on Friday, May 12th, 65 head of cattle brought an average of $622.77 per head. This sale shows the present value of high-bred Jerseys.

"Favorite's Greatorex" 5,898 will be permitted to serve a few registered cows this season at $10 per service. Cows for service will be cared for at $1 per week.

JOSEPH B. SETH,

John Mason,

Cabinet Maker,

Furniture Dealer,

AND

Practical Undertaker

OF LONG EXPERIENCE.

I would respectfully inform my friends and the public generally, that I am now better prepared to furnish everything in the furniture line, than I have been in the past.

My ware-house contains 3500 square feet of flooring, which is at all times covered with stock pertaining to my business, and which will be sold as cheap or cheaper than can be bought here or elsewhere.

Having no other trade or profession, I am in the business for life, health permitting, and do not intend to be undersold or excelled in any particular pertaining to my business.

Myself and son Harry will give our personal attention to the business, and I recommend him as capable to attend to all business in my absence.

REPAIRING

done neatly and with dispatch. Stock of

PICTURE FRAMES

always on hand made to order. Thanking you very kindly for your patronage in the past, I earnestly solicit a continuance in the future.

Undertaking a Specialty.

I shall continue to give the undertaking department of my business my special attention, and having had thirty odd years experience in the business, I feel sure I can give satisfaction to the attention of all funerals entrusted to my care

I have one of the best hearses and keep in stock everything necessary to furnish the best funeral.

Corpses preserved in ice when requested. Remember my prices shall be as low as the very lowest. Respectfully,

JOHN MASON.

To the Farmers.

THE TALBOT COUNTY PAPER MILLS COMPANY will now contract for WHEAT STRAW, to be delivered at a convenient time hereafter. A little more care in stacking and ricking, will insure no much better keeping as to enable farmers to spare at least half of their straw, the cash for which would nearly pay for their phosphates. Apply to

R. S. DIXON, Treasurer.

BOOTS & SHOES,

BOOTS & SHOES

COLLINS & WILSON

Wish to inform their friends and the public generally that they have just returned from the city with the largest stock of Boots and Shoes that they have ever had the pleasure to show. Our goods are bought strictly for cash, and we will offer you goods for less money than you have been paying for them

Coarse, Medium and Fine

BOOTS.

We keep Hand-Made Boots and Shoes for Men, and Fine Hand-Made Shoes for the ladies.

Groceries.

Sugar, Coffee, Flour, Fish, Lard, Bacon and everything kept in the Grocery Line. Call and see our prices.

COLLINS & WILSON,

Dover Street, Easton.

Meat Market.

This is to inform the public that I have purchased the stand in the Easton Market lately occupied by Mr. Caleb Griffin, and will be in the market every Tuesday, Thursday and Saturday, with a well-stocked stall of the best of meat—veal, lamb, mutton, beef, pork, &c. I solicit a share of the public patronage. The highest market price paid for beeves, goats, lambs, muttons and porkers. Shall be glad to hear from those having well fatted stock for sale.

L. G. DAWSON.

REMOVAL.

JOHN D. CRANCE, House and Sign Painter and Paper Hanger, notifies his friends and customers, and all wanting work done cheap, and in the *best manner*, in his line of business, that he has moved his PAINT SHOP next door to Tuthill's hardware store, near THE STAR office, and opposite the jail, where he is prepared to do, or contract to do, all jobs in his line, and respectfully asks a call from all wanting work done.

jan27 80

BRICK AND TILE,

Salmon Brick, Arch Brick, Red Brick, Paving Brick, Well Brick, Pressed Brick, and

TILE

from 2 to 7 inches vent, at all prices, from $17 to $75 per thousand.

WE are now prepared to deliver bricks in any part of Talbot county, or anywhere on the water or or railroad out of the county, at 20 *per cent.* BELOW OLD PRICES, *for the cash.* We have a heavy stock on hand, of splendid quality, and are determined to command the the brick trade of this section, if SUPERIOR PRICES and LOW PRICES will do it.

Our stock of Tile is very heavy, and we sell it very low for cash; but are prepared to enter into arrangements with farmers, who may want to put in tile, and who may not have the cash, to give them six or nine months credit. The tile ought to go in, and the spring land be made productive, and we are willing to help those who are short of money.

We invite a call from all those in want of either brick or Tile.

JOSEPH B. WHITE, Easton.
