THE EASTON STAR

TUESDAY, NOVEMBER 14, 1882.

T. H. ROBSON, Editor.

L. JEPP, MILBOURNE & CO., Newspaper Advertising Agents, 116 West Baltimore street, Baltimore, Md., are authorized to contract for advertisements for THE STAR, at our best rates.

We call your attention to the advertisement of Simmons Liver Regulator. This standard remedy, the only genuine of which is manufactured by J. H. Zeilin & Co., and of which they are the sole proprietors, is one of the very best preparations in use, and is recommended by the regular practitioners of medicine. Its judicious use is almost sure to prevent a bilious attack if taken when the symptoms first show themselves.

For the first time since the colored people have been voters, they swarmed at the polls on Tuesday in a drunken condition, clearly showing that somebody had been violating the law, which forbids the selling or giving away of whiskey on election day. We do not pretend to say who was at the bottom of this business, but others believe that some of those most prominent in enforcing the local option law hereabouts, had a hand in it. If one party may disregard the law in this respect, the other will do it also; and the next thing will be the cooping of voters as in old times, and then voting them while dead drunk. It is a bad business, and we hope never to see it again, but what one party does in this respect, the other will do to counteract it; and the result may be deplorable. It may prove a very bad thing for both parties for the Republicans to inaugurate this kind of electioneering.

THE *Gazette* says, "the vote of the election held in Talbot county on Tuesday last, shows that the Democratic vote in this county is diminishing." This is not true. If the democratic vote was "diminishing," the republican vote would be increasing, which is not a fact, as the figures we publish in another article this morning conclusively shows. The vote of Tuesday only shows, that the Republicans, under the false pretense of intending to make jurymen of all the colored men who voted the Republican ticket, worked harder to carry the county than the Democrats did. This is all there is in it. But now that the Democratic party is coming into power in the General Government, and Democrats will have something worth contending for, the absentee Democrats will swarm at the polls at the next election, and the Republicans will have to stand from under, for the big majority will then be on the Democratic side.

THE Republicans are crowing over their great victory in this county last Tuesday. At first glance their 214 majority does seem a big thing for them; but when the matter is looked into, their majority will be found to be fictitious, and the great battle to decide the fate of the county is yet to be fought. In 1881, on the vote for Sheriff, the Republicans polled 2,038 votes. Last Tuesday, on their vote for congressman, they polled but 2,004, less than they polled in 1881 by 34 votes. In 1881 Mr. Bridges, the Democratic candidate for Sheriff, on a short Democratic vote, defeated Mr. Camper, the Republican candidate, by 3 votes; showing that there are in this county at least 37 more Democrats than there were Republicans who voted the Republican ticket last Tuesday. The truth is, the Democrats were defeated by a short registration and a still smaller vote. It was the absentees that defeated the Democratic party, and not the Republicans.

Now that we have the *Gazette's* opinion or THE STAR'S "indecent attack on Col. Mullikin," who was a candidate, and whose opinions were his game, we should like to have the *Gazette's* opinion of last Saturday's *Gazette's* attack on Mr. J. Frank Turner, who was not a candidate, and who has always treated his opponents fairly and with consideration. Does the *Gazette* consider its attack on him decent or "indecent?" Our candid opinion is, that it is about as rankly indecent a personal attack as we ever saw made on any gentleman, wholly unprovoked, and absolutely unjustifiable. It is simply a piece of unmitigated malignity, uttered without provocation, sound and fury (Editorially) and thrown off with a recklessness that is a disgrace to journalism. Mr. Turner must be considered in the way of some aspiring Republican to be thus complimented by the Republican organ. But if its aim is to break him down, it has most assuredly gone the wrong way about it, for such diatribes do no hurt, but always recoil on the heads of their author.

Several attempts were made to buy colored voters, but only five or six colored men voted the Democratic ticket. One colored man was taken into the "transformation office" and in a short time was marched up to the polls by a prominent Democrat, and it is said the colored man did not know the ticket, that it was handed to the judges by the Democrat. It is to be hoped the Democracy do not intend to inaugurate the system of voting by proxy.—*Easton Gazette of Saturday.*

We are authorized to pronounce the above absolutely false. The colored man alluded to went away from the polls with the party mentioned, who left him behind before he voted, because there was a contention before the judges at the time about an unregistered claimant to vote, and he did not want to be tormented. After the contention was over, he went to the table and voted as any other man would vote, the judges receiving his ticket from his own hand, and not from his escort, as is falsely alleged. The intimation that he voted by "proxy" is a base slander, and a libellous reflection on the judges of election. The colored man voted the Democratic ticket because he wanted to vote it, and not because he was bought, as intimated. We have rarely seen a baser paragraph than this one clipped from the *Gazette*. It is a lie manufactured out of whole cloth with a malicious intent.

The Inconsistency of Man.

Scheming, diverse, and manifold advertisements of worthless goods will never attract profitable customers, only meritorious articles such as Swayne's Ointment for skin diseases, are appreciated and applied after by the people. Real worth always receives its just merit. A man may profit for a while by imposing upon the public, but it is only a question of time when he will reach the efficacy of this great vegetable Ointment.

What Eminent Physicians Say.

The celebrated London Physician, Erasmus Wilson, says: "Several cases of incipient consumption have come under my observation, and they have been cured by a timely use of Hagan's Liquid Beef Tonic."

ERASMUS WILSON, M. D., F. R. S.

"I have had the process explained by which the best of its properties are preserved and rendered soluble by the brandy employed, and I am satisfied this combination will prove a valuable adjunct to our pharmacopeia." (Signed) Alex. Ure, M. D., Marshall, M. D., F. R. S. Pres. Royal Analytical Association, London, Russell Square, London, W. C. 3d January, 1882.

Since the date of the above analysis, and by the urgent request of several eminent members of the medical profession, I have prepared the wholesome of this preparation into a syrup of Soluble Citrate of Iron. T. COLDEN.

Chapman, Crow!

THE GREAT REVOLUTION!

Next House Democratic!

THE EARTHQUAKE SHOCK EXTENDS ACROSS THE CONTINENT, FROM MASSACHUSETTS TO CALIFORNIA, AND FROM THE LAKES TO THE GULF.

Glory Enough for One Day!

THE REPUBLICAN PARTY ROUTED!

Democrats Clean Up the Country!

Democratic Gains all Along the Line!

THE REPUBLICAN PARTY'S DOOM SEALED.

Next President Will be a Democrat.

Robert E. Pattison sweeps Pennsylvania by 40,000 Majority.

Grover Cleveland's Walk Over in New York by 200,000 Majority.

Gen. Benjamin F. Butler Carries Massachusetts by 18,000 Majority.

Democratic Governors Elected in Delaware, Connecticut, Tennessee, California, Colorado, Nevada, Kansas, Michigan, and Many Other States.

THE NEW SENATE DEMOCRATIC.

In the election last Tuesday we hear what the people have to say about Jay Hubbell and his assessments; what they have to say about President Arthur's meddling in State politics; what they think of the reckless squandering of $100,000,000 by a Republican congress; and what they say about the Republican refusal to reduce the tariff and other taxes. "Weighed in the Balance and Found Wanting" is the verdict of the people, who have again called upon the Democratic party to take control of Federal affairs. The uprising of the people against the Republican party on Tuesday was even greater than it was in 1874. Twenty odd States of the thirty-eight in the union are now democratic with every prospect of the Democrats holding them, and electing their president in 1884. We feel like shouting hallelujah!

THE ELECTION IN OTHER STATES.

THE REPUBLICAN WATERLOO

NEW YORK.

The State of New York gives Grover Cleveland, Democrat, for Governor 200,000 majority, burying Folger out of sight. Both branches of the State legislature are democratic. Edson, Democrat, is elected Mayor of New York by over 20,000 majority over Allen Campbell, the fusion candidate. The Democrats gain 10 Congressmen.

NEW JERSEY

Elects a Democratic Legislature, and defeats that great Republican corruptionist, George M. Robeson. The congressional delegation will not be changed, as the Democrats lost two districts and gained two.

MASSACHUSETTS.

General Benjamin F. Butler, Democrat, is elected Governor of Massachusetts by over 13,000 majority. The Democrats gain 3 members of Congress. The State legislature is Republican.

CONNECTICUT.

Waller, Democrat, is elected Governor of Connecticut, and the Democrats gain 2 members of Congress, including Ex-U. S. Senator William H. Barnum, from the Hartford district.

PENNSYLVANIA.

Robert E. Pattison, Democrat, sweeps Pennsylvania by over 40,000 plurality. Beaver is nowhere. The Independent vote for Stewart was large enough to bury Don Cameron forever. In Pennsylvania the Democrats gain 6 Congressmen, and have a majority of the Legislature in both branches.

DELAWARE

Elects a Democratic Governor, member of Congress and Legislature, thus insuring the the re-election of Hon. Eli Saulsbury or some other good Democrat to the U. S. Senate.

NORTH CAROLINA

The Democrats have swept this State, effectually balking the attempt of the Republicans to Mahonise it.

SOUTH CAROLINA

Holds her own, the Republicans making no impression on her unterrified democracy. Only one Republican is elected to Congress.

GEORGIA

Went overwhelmingly democratic, electing all the Congressmen.

FLORIDA.

There is also a clean democratic sweep in Florida.

LOUISIANA

Elects 6 Democratic Congressmen and one Republican.

TEXAS.

The Democrats have made nearly a clear sweep in Texas; electing the Legislature and all the members of Congress except one.

TENNESSEE.

The Democrats have redeemed Tennessee, by electing General Wm. B. Bate, the regular nominee, governor, a majority of the legislature, and 8 out of the 10 Congressmen.

WISCONSIN.

The Democrats have gained four members of Congress in Wisconsin. The legislature is Republican.

MISSOURI.

In Missouri the Democrats elect their whole State ticket and 13 out of the 14 Congressmen, a gain of five.

MISSISSIPPI.

The Democrats have swept the State; electing six members of Congress, the Republicans only elect one. Genl. Chalmers, who renegaded to the Republicans, is defeated.

COLORADO.

The Democrats elect their whole State ticket in Colorado by 10,000 majority, also the Congressmen and Legislature, which is a gain of a U. S. Senator.

ARIZONA.

The Democrats made a clean sweep in the Territory of Arizona, electing T. H. Oury to Congress by 700 majority.

KANSAS.

St. John, the Republican Governor of Kansas, who was a candidate for re election, is defeated by 7,000 majority.

CALIFORNIA.

The Democrats have swept California, electing their State ticket, the Legislature, and all the Congressmen.

NEBRASKA.

Democrats and anti-monopolists will control the legislature of Nebraska, and can defeat the re-election of the Republican United States Senator.

MINNESOTA.

In this State one Democrat and four Republicans are elected to Congress.

MICHAGAN.

The Democratic and Greenback fusion defeats the Republicans, and elects Begole, Democrat, Governor, and a Democrat to Congress from the Detroit district.

INDIANA.

Indiana has gone Democratic by 10,000 majority, and the Democrats gain four members of Congress.

RHODE ISLAND

Has gone Republican as usual, a large portion of the Democrats being excluded from voting by a property qualification.

VIRGINIA.

The Democrats of Virginia made a noble fight, but did not entirely redeem the State. Mahone, however, will not be able to deliver all the goods he contracted to deliver. The Democrats elected a majority of the members of Congress; but Massey, Congress at large, is defeated.

ILLINOIS.

The Democrats have evenly divided the Congressmen with the Republicans which is a democratic gain of four. The Republican State ticket is elected.

NEVADA.

The Democrats re elected George W. Cassidy to Congress by 700 majority over Plowman, Republican.

NEW HAMPSHIRE.

The Republicans carried this State by a greatly reduced majority. Hale, the Republican candidate for Governor, failed of an election by the people, but as the Legislature is Republican it will elect him Governor when it meets.

The Next Congress.

In the present house there are 150 Republicans, 127 Democrats, 12 Greenbackers, and 1 Independent. The next House will consist of 325 members. If the returns of the elections just held are correct, it will consist of 204 Democrats and 121 Republicans, a Democratic majority of 83.

The next Senate will undoubtedly be Democratic, as several States now represented by Republicans elected Democratic legislatures last Tuesday, which will elect Democratic Senators to succeed Republicans.

THE
HANCOCK INSPIRATOR
THE BEST FEEDER KNOWN,
—FOR—
Stationary, Marine & Portable Boilers.
Has No Rival For Pumping Purposes
IS SIMPLE, RELIABLE AND ALWAYS IN ORDER.
CONSUMES LESS STEAM THAN ANY OTHER BOILER FEEDER KNOWN.
REQUIRES NO OILING.

They will lift water 25 feet, and deliver to boiler at comparatively High or Low Pressure, as desired. No adjustment required for varying steam pressures. Has no movable parts to get out of order.

One important advantage of the Inspirator over a pump is that all the steam required to operate it is condensed in the water, thereby heating it and returning it all into the boiler, and enabling us to feed hot water to the boiler without the use of a heater (although a heater can be used with the Inspirator as well as with a pump). The Inspirator requires no repairs, no oiling, and is noiseless in its operation, whereas a pump requires repairs, it has to be oiled, is usually noisy, and all the steam used in operation is wasted. The only loss of steam by using the Inspirator is by radiation from the pipes, and this is no greater with the Inspirator than with the pump.
