—Rev. Henry T. Lee, the Protestant Episcopal minister at Berlin, Md., died on Saturday week.

—Col. O. Tilghman went to Baltimore last week to attend a meeting of the Society of the Cincinnati.

—"All that a man hath will he give for his life." To prolong it, look at Charles A. Miller's advertisement.

—Quite a number of sociables and parlor entertainments were held in town on Washington's Birthnight.

—We had a very heavy rain here Saturday night, which did very much to thaw out and settle the public roads.

—The New Emerald cook stoves are full-size, heavy, and guaranteed to give satisfaction. For sale at Hulse's.

—Hon. Charles M. Jump, of this county, is spoken of in connection with the nomination for State Comptroller of the Treasury.

—Last week we had a week of good weather. Let us be thankful to the clerk of the weather for even small favors of this kind.

—The Centreville Record says, "a better and more competent candidate for Comptroller than Mr. J. Frank Turner can not be found in the State."

—The well-known firm of D. F. Attwood & Co., are advertising with us for men. This is a good opening for any man who wishes a permanent situation.

—Father Carey of the Roman Catholic church in town is having a nice picket fence built around the church lot on Aurora street, which will be a great improvement to the property.

—Professor A. S. Marye has been in town for several days past, canvassing for a Rochester nursery firm. He will be pleased to fill the orders of all who may want trees or flower plants.

—The Annual 22d of February parade of the Easton Fire Department did not take place this year on account of the muddy streets and the sickness in Capt. Roberts' family. It will take place sometime in the Spring.

—Decided steps ought to be taken to cure a Cold or Cough at once. We should recommend Dr. Bull's Cough Syrup. This valuable medicine is indorsed by the physicians and you can rely on its doing the work every time.

—Antonio De Pasquale, the Fashionable Tailor, opposite M. P. Church, Easton, Md. All garments cut and made by him are guaranteed to fit, and made in the very best manner, and in the most fashionable style. feb28-1y

—A negro man, named John Dennison, had a hearing before Justice Nicols, on Wednesday, charged with stealing a pocket-book and $11 from Jenkins Bailey, colored. He was held to answer at the May term of the Circuit Court.

—In preparing seed corn don't "nub" it. Experiments have proved that the small grains at the ends of the ear will produce more and better corn than the large grains on the middle of the ear. Those at the small end of the ear are the best of all for planting.

—Farmers should not fail to read the "agricultural column on the 4th page of THE STAR. It always contains something valuable, if observed and attended to. An old subscriber told us the other day that that column alone was worth the price of the paper to him.

—Arrangements are making by order of the county commissioners, to have the worst part of the Glebe road poled. Some two thousand poles have been hauled, and they will be put down as soon as the road is fit to work. If done right, a corduroy road will last a long time.

—Nathan S. Chance, now confined in the Denton jail, on the charge of complicity in the Beachamp poisoning case, has appealed to Judge Robinson, of the Court of Appeals, for a release under a writ of habeas corpus. Judge Robinson will hear the application at Denton on Wednesday next.

—How to buy Clover Seed.—A prominent farmer says the best plan yet in buying Clover Seed is to examine it before buying. Shannahan & Wrightson's is the place to go where you can find choice Clover, Timothy, Orchard Grass and Kentucky Blue Grass Seeds at prices that cannot be beat.

—Some infamous vandal one night last week cut off nearly all the young trees at Oxford planted a year ago by the Delaware & Chesapeake Railway Company, on their grounds near the Oxford depot. It was a pure piece of maliciousness, for which the scamp ought to swing on a sour apple tree, if he could be found out.

—Mr. Isaac A. Ireland died at his residence in Oxford on Saturday week. For many years past Mr. Ireland has been living in Chapel district, near Hillsborough; but last fall he built a house at Oxford and moved there about Christmas. His death resulted from a bad cold he took a short time ago from sleeping in a newly plastered house, and by getting wet while fitting up his new premises.

—We are indebted to Fish Commissioner Thomas Hughlett for a copy of the Report of the Commissioners of Fisheries of Maryland, made to the Governor of Maryland, for the year ending January 1st, 1883. The report is illustrated, giving cuts of a number of well-known food fishes, such as different varieties of herring, shad, mackerel, cod, salmon and trout. The report gives the number of fish eggs hatched and the number of young fishes put out in the waters of the State during the year. We have already published the statistics appertaining to the waters of the Eastern Shore.

—Geologists can find no mercury in Simmons Liver Regulator.

—Nausea relieved and Sick Headache cured by taking Simmons Liver Regulator.

—Sam Sanford's old-time minstrels were a complete sell out. Outside of Eph Horn's banjo picking the performance was miserably poor. It is safe to say that Sam is getting too old for a performer.

—John Satterfield announces to his friends that he has received the spring fashions for 1883, and invites all to call and see them; and he would like a goodly number of them to leave their measure for a new spring suit.

—Major W. E. Stewart will address the missionary meeting of the M. E. Church, St. Michaels, on Thursday evening. Besides the address there will be choice singing by the choir and Sunday school scholars, and a class offering.

—Thousands in this State are dying by inches by that dreadful disease Dyspepsia, ignorant of the fact that there is a certain cure to be had. Wilsonia Magnetic Appliances never fail. Cure guaranteed or no charge made. See advertisement on another page.

—The infant class of the Methodist Episcopal Sunday School held their annual re-union and festival at the M. E. Parsonage on the evening of the 22nd of February and spent a most delightful evening. The affair was gotten up by Mr. L. Dodson, Sr., the superintendent of the class, who furnished the ice cream, cake, etc., for the entertainment. The visit was greatly enjoyed by the pastor of the church and his interesting family.

—The annual Sunday School festival of the Methodist Protestant Church takes place next Thursday evening, when the scholars, teachers and friends of the school will have a delightful time. The festivities will be varied with musical exercises by the school. On Friday evening there will be a re-union of the members of the church, when there will be a free supper and addresses by the pastor, Rev. Mr. Tagg, and others. A cordial invitation is extended to all friends of the church.

Something New.

The Portable Electric Light; price only $5; an instantaneous light and electric call bell and burglar alarm, made by the Portable Electric Light Company of Boston, is a new machine which is attracting much interest at the present time at the North, and it is claimed that it is destined to come into general use as a "household necessity." The Boston papers speak in unmeasured terms of praise of the invention, and a corporation with a $100,000 capital has been formed to manufacture the latent. The following article from the Boston Traveler, of January 2, 1883, will give our readers an idea of the article:

"Of all the attempts which have been made of late to utilize the wonderful resources of electricity for domestic purposes, none have been more strikingly successful, and few are so interesting to a wide range of readers, as the new invention of the Portable Electric Light Company, whose manufactory at 79 Water Street, is now a scene of the greatest activity, both day and night. The instrument from which this company takes its name is a small and compact piece of mechanism, occupying a space only five inches square, and it can be readily carried from room to room, as it weighs but five pounds. It is so constructed as to furnish electricity whenever desired for a large number of important and constantly recurring domestic uses. When provided with simple window, safe or door attachments, it serves as an unfailing and startling burglar alarm, the trespasser being confronted with light and bell instantly, and is equally adapted for the ordinary uses of a call bell. As a lighter, it is perfect, being capable of producing instantaneous light in any part of the house, by adjustments furnished by the company. It can also be attached to a medical galvanic coil by which a powerful current of electricity can be conveyed. Many prominent business men are interested in the company, which was incorporated under the laws of Massachusetts, and is enjoying already a most gratifying success. Orders or inquiries should be addressed to the business office of the company, No. 22 Water Street. We understand that this instrument is sold at the low price of $5 for the lighter; $10 complete with attachments."

Public Business.

COUNTY COMMISSIONERS.

EASTON, Feb. 20.—The Board met, President Willis presiding, Commissioners Tarbutton and Bartlett present.

The Board was engaged all day in hearing appeals, making abatements, and noting transfer. Adjourned to meet again on Friday.

FRIDAY, Feb. 23.—The Board met, and continued the hearing of appeals, after which it adjourned to Tuesday, the 27th, when the hearing of appeals will be concluded.

ORPHANS' COURT.—FEBRUARY TERM, 1883.

EASTON, Feb. 20.—The court met, Chief Judge O. Hammond presiding, Associate Judges Rose and Merrick present.

Gen. Richard Thomas, administrator of Thomas P. Smith, presented an account of sales of stock belonging to the estate.

O. Tilghman and Mary N. Reynolds, administrators of Thomas J. Reynolds, presented an account of sales.

The sale of the real estate of Rachel J. Bowdle, reported by J. C. Mullikin, executor, was ratified.

John W. Dawson, guardian to James R. Pratt, passed his thirteenth account with his ward.

Gen. Richard Thomas, administrator of George W. Smith, presented an account of sales of stock in the Maryland Fire Insurance Company.

Ann M. Jackson, administrator of Wm. P. Jackson, returned an appraisement of the property, and obtained an order to sell the same, and also an order to publish a notice to creditors to file their claims.

Game Association—A Stringent Enforcement of the Fish and Game Laws.

The meeting of the Maryland Association of Talbot county for the Protection of Game and Fish, held at its rooms in the Odd Fellows building, last Monday, was an interesting and important one.

Members brought it to the attention of the association that the fish laws applicable to Talbot county were being violated by seine haulers fishing with seines with meshes smaller than allowable by law, and by non-resident seine haulers; also that the duck laws were being violated by parties shooting ducks with the aid of artificial lights, and also by trapping them.

After discussion, a resolution was passed authorizing the executive committee to offer a reward of $25 for information that will lead to the arrest and conviction of any parties violating the law prohibiting the trapping of wild fowl, and the shooting of the same by the aid of artificial lights.

In regard to fish matters, a resolution was passed authorizing the chair to appoint a committee to wait on any party or parties violating the fish law, and if they do not immediately stop so doing the committee shall be required to prosecute all offenders, in the name of this association.

The association also determined to pay a bounty of twenty-five cents for the head of every partridge-hawk and red-tailed hawk killed in Talbot county, the fact of the killing to be established by affidavit before a justice of the peace, and the exhibition of the head.

First-Class Store For Sale.

It will be seen from an advertisement which we publish this morning, that the Dry Goods establishment of Messrs. J. J. Jump & Co. is for sale. We understand the store will be sold at a bargain, and on very easy terms. We know of no better opening for any one who may wish to go into the dry goods trade. The room is one of the handsomest and best arranged on the Shore. The store is most desirably situated, and has done a heavy business from the start, and is now doing a heavy business. It is a splendid stand and best opening in the State. Mr. Jump does not want to renew the stock, on account of his age, but must do so in the Spring unless he sells out this winter. He offers a long lease on the store room to any one who may purchase the stock. We consider this a rare chance for a number one stand.

TRUNEY
Mr. Turner in Wicomico.

The Salisbury Advertiser, of the 17th inst., contains the following complimentary notice of our fellow townsman, J. Frank Turner, Esq:

"Talbot county will probably present the name of J. Frank Turner before the Democratic State Convention as her candidate for the Comptrollership. Mr. Turner made a very favorable impression here last fall, and his nomination would be well received. His experience as Clerk of the Circuit Court for Talbot would be valuable in the office to which his friends desire to elevate him."

Sergeant.

George J. Meekins, Esq., of Cambridge, was in Easton on Thursday. By the way, Mr. Meekins is prominently spoken of in connection wit the office of State Comptroller.

Mr. Julius A. Johnson, former editor of the Easton Ledger, but now a resident of the State of New York, is visiting friends in this county. His two daughters, Miss Lucie and Miss Sophie, accompanied him to Easton.

J. Frank Turner, Esq., spent the 22d of February in Baltimore. He was in Washington on Wednesday.

The Agricultural College.

The Board of Directors of the Maryland Agricultural College met at Barnum's Hotel, in Baltimore, on the 14th inst., for the purpose of electing a President for the College. On Thursday a report of the meeting appeared in the daily papers stating that Mr. Augustine Smith had 5 votes, Capt. McBlair 3, and Mr. W. F. Massey 2 This was correct as to the first ballot, but we learn that two other votes were taken, and on the final ballot the vote stood Smith 4, Massey 4, and McBlair 2. The Board then adjourned to meet again on the 9th of March. Mr. Massey is the only candidate who has been in any way connected with agriculture or horticulture. He was educated at Dickinson College, is a practical florist, gardener and farmer, and devoted to his profession. His election as President would go a long ways in removing the prejudice that exists against the College as an agricultural school. It is perfectly absurd to have a man at the head of an agricultural college who knows nothing about agriculture or horticulture. A man cannot teach what he does not know, and it is a waste of money to run the College any longer as the tail to the Naval Academy kite. If the State is expected any longer to contribute to the support of the College, it must be an agricultural school in fact as well as in name. We hope Mr. Massey may be elected President of the College, in order that the school may have a practical agriculturist at the head of it.

Important.

1. Subscribers who do not give express notice to the contrary, are considered wishing to continue their subscription.

2. If subscribers order the discontinuance of their paper, the publishers may continue to send them until all arrears are paid.

3. If subscribers neglect or refuse to take their paper from the office to which they are directed, they are held responsible until they have settled their bills and ordered them discontinued.

4. If subscribers move to other places without notifying the publisher, and the papers are sent to the former direction, they are held responsible.

5. The courts have decided that refusing to take papers from the office, or removing and leaving them uncalled for, is prima facie evidence of intentional fraud.

9. Any person who receives a newspaper and makes use of it, whether he has ordered it or not, is held in law to be a subscriber.

7. If subscribers pay in advance, they are bound to give notice to the publisher, at the end of the term; if they do not wish to continue taking it: otherwise, the publisher is authorize to send it on, and these subscribers will be responsible, until an express notice, with payment of arrears are paid.

Rev. F. T. Tagg.

His time having expired, it is understood that the Rev. F. T. Tagg will leave Easton after the meeting of the next annual conference. He has proved himself a most efficient and worthy minister since he has been in Easton, and on Tuesday evening last the Quarterly Conference of his church passed the following complimentary resolutions.—

WHEREAS, Brother F. T. Tagg, having endeared himself to the membership and congregation of the Methodist Protestant Church, of Easton, by his efficency as a pastor, his untiring efforts in building up the church, his great zeal in the Sabbath School work and his wise counsel and industry in the prosecution of the last improvement in the church edifice, be it

Resolved, By the Quarterly Conference now assembled that it is with deep regret that his labors here are so near their close, and be it further

Resolved, That wherever his new field of labor may be, his memory will be cherished by our people and the prayers of the Church will attend him and his beloved family.

Resolved, That the Methodist Protestant be requested to publish the above preamble and resolutions.

The "Pinkney's" Revived.

A number of the old members of the "Pinkney Literary Society" of Easton, which was organized in 1878 but, after several years of usefulness went down from lack of interest, was revived on Friday evening last with the following officers: President, C. G. Wright; Vice-President, F. G. Mason; Secretary, H. M. Mason: Treasurer, W. M. Coney, and Librarian, C. E. Morris. This Society starts out with about a dozen new members; it is designed to make it a permanent organization also. The Librarian will be at the rooms of the Society, in the third story of the Music Hall building, on the evenings of Monday, Thursday and Friday of each week from 7 to 8 o'clock, to issue and receive books, in accordance with the rules of the library, and it is requested of all persons having books of this organization to return them at once to the Librarian. We hope that the young men will shortly favor us with some of the public discussions which made them so popular in the past.

The St. Michaels Comet.

The St. Michaels Comet of Saturday announces the change which has taken place in the ownership of the paper. Mr. George E. Haddaway, who has been connected with the Comet as its editor for seventeen years past, announces its sale to Mr. Fayette Gibson, and Mr. Gibson and Mr. J. W. F. Cooper are announced as its future editors. Mr. Gibson is a young lawyer and a sprightly writer, and Mr. Cooper is an editor of twenty-five years experience. They will no doubt make the Comet a sprightly and interesting journal. The paper is to be remodeled, and as its advertisements are all to be put into new type, the Comet will not appear next Saturday. We most cordially wish its new editors success. It is still to be an independent paper, but while it will freely discuss political questions it will be neutral in nothing.

Smart Rats.

We have some extra rats about THE STAR office. For some time past we have been missing twine from the balls used in tying up the bundles of papers to be mailed. Where it went we could not imagine. Last week our printers found the missing twine in a rat-hole, a large handfull of it. It had been cut off into pieces about eight inches long—every piece the same length—and twisted into cords, exactly resembling the wick of a miner's lamp, each containing about twenty strands. In some cases two or three of the cords were twisted together, making a heavy slack twisted rope. We can't imagine what they wanted with such ropes, without they make a business of hanging such of the gang as do not do their full share of stealing. But rats are queer things, and know about as much as one-half of our college professors.

Horse Runaway.

About 9 o'clock, A. M., on the 22d inst., quite an excitement in town was caused by a runaway horse. Mr. Harry Shannahan got a horse and buggy from Covey's stable to take a ride in the country. In turning around opposite Shannahan & Wrightson's store, he allowed the reins to get loose, when the horse took advantage of the situation, and started up town at a rapid speed, going by the hotel at a full run. Everybody rushed into the street to see how it would end. At the north end of town the vehicle struck the lamp-post near Fountain's carriage factory, the lamp-post being wedged in between the wheel and the body of the carriage. Mr. Shannahan was thrown out but not much hurt, the horse breaking away from the carriage and going pell mell up the Centreville road. The harness was torn up, but the carriage was not much damaged.

To Publishers and Editors.

Many Newspapers and Magazines have been established in the United States and Canada within the last two years, the names of which do not appear in any newspaper Directory or Catalogue. The publishers and editors of such are invited to send copies and a full description of their respective publications to the Editor of Hubbard's Newspaper and Bank Directory of the world, New Haven, Conn., U. S. A., that they may be properly catalogued and described in the forthcoming edition of that work for 1883. Editors who kindly give this notice an insertion in their columns will confer a favor upon the Press of America.

An Odd Street Scene.

He was seen in front of the office rubbing himself against the telegraph post like a flea-bitten dog. "What is wrong?" we ventured to ask. "Got 'em, gent," he said laconically; "have 'em every Spring, small lumps form about the rectum; sore to the touch; they itch like blazes; a telegraph pole's like an oasis in the desert to me." Here then was poor humanity suffering from a complaint which a few applications of Swayne's Ointment for Itching Piles would have thoroughly eradicated.

You Shall Have It

If you want. If your druggist or grocer does not sell New Life and you are in reach of rail or water communication, forward $1.50 by postoffice money order and I will send by express, or other method, charges prepaid, three bottles of New Life—and six for $2.50. A. R. Mettee, Proprietor, No. 122 W. Fayette street, Baltimore, Md.

Going it Barefooted to the Frozen to Save Shoes.

There is an old woman about town some 80 years old named Rose. She used to be called "Coal Black Rose," but more generally of late years, "Aunt Rose." She now lives in the country about a mile from town. Saturday week it was cold and muddy, but Rose came to town and paraded the streets barefooted and barebreasted, and carrying her bonnet in her hand. Some ladies met her and said to her: "Aunt Rose, what are you doing barefooted and barebreasted such weather as this?" "Laws, honey," the old woman answered. "it's not cold, and I go barefooted because my shoes are so heavy, and it saves shoe leather. Rose was not born to be frozen to death. If she can travel barefooted such a day as Saturday week she must be pneumonia proof.

Quite-ly Boisterous.

One night last week, some miscreant threw the head of a barrel through the bay window of Mr. Peter Stevens' residence, corner Cabinet and West streets, smashing a large window glass, and making a great crash in the house. It was done after Mr. Stevens and his family had retired, and although waked by the noise, Mr. Stevens did not discover the mischief till next morning. Mr. Stevens did not know that he had an enemy in town, and has no idea who committed the outrage. But if the scamp attempts to repeat it, he had better wait until the moon goes down, or he will get a bullet in him, as he will be looked for hereafter. It would be well for our night watchman to look out for and jug all midnight prowlers.

Removal of the Telegraph Office.

Our citizens have long felt the inconvenience of having the telegraph office at the depot, nearly a half mile from the business centre of the town. Arrangements have lately been made to bring the business office up town; of course an office will remain at the depot for railroad purposes. The office will be located at Mr. R. J. Trippe's drug store, and Mr. Trippe's niece, Miss Hambleton, having lately learned the business, will be the operator.

Death of Mr. John W. Catrup.

Mr. John W. Catrup, an old and highly respected citizen of Chapel district, died at his residence near Skipton on Saturday last. Mr. Catrup was a most estimable gentleman, and "the noblest work of God, an honest man." His death will be greatly lamented by the community in which he spent his long and useful life. He had been in very bad health for a long time and, therefore, his death is not a surprise to his family.

On Thirty Days' Trial.

The VOLTAIC BELT CO., Marshall, Mich., will send Dr. Dye's Celebrated Electro-Voltaic Belts and Electric Appliances on trial for thirty days to men (young or old) who are afflicted with nervous debility, lost vitality and kindred troubles, guaranteeing speedy and complete restoration of health and manly vigor. Address as above. N. B.—No risk is incurred, as thirty days' trial is allowed. jan2-y.

1868. X-MAS. 1882.

Every citizen of the counties of Talbot, Queen Anne's and Caroline is hereby invited to come to our commodious and well supplied establishment and judge for themselves whether or not they can get better supplied in Holiday supplies and staple articles in our line than anywhere else on the peninsula.

In Books alone we have a larger and better selected stock than all the dealers on the shore combined.

In Fancy Articles we have the finest display of any store between the two bays.

In Fine and Staple Stationery, we carry the fullest stock of any house south of Philadelphia and Baltimore.

Our Holiday stock is selected from the largest and best importing houses in New York and other great cities. Come and see us and we will try to make you happy. Send us your address and we will send you a copy of our new and humorous illustrated paper, "Easton Christmas Bells."
