LOOK out for a big dynamite explosion at Moscow when the coronation of the Czar takes place. A mine was recently discovered under the Kremlin.

THE United States would make money by letting her thieves go scot free. It costs more to prosecute the Star-routers than they stole from the treasury, big as their steal was.

THE Czar of Russia has published a ukase ordering the arrest of all suspicious foreigners who may enter Russia before his coronation. A native Nihilist he can stand, but a foreign one never.

OVER sixty South Carolina Democrats have been arrested, and are to be prosecuted, for alleged violation of the Federal election laws. This will give the Attorney General an excuse for employing 60 Republican attorneys to prosecute them, at a cost of from $1,000 to $5,000 apiece. This is Republican reform.

The colored voters of the second election district of Caroline county held a mass meeting recently at which resolutions were adopted condemning the action of the Republican party, declaring that they "will hereafter support no man or set of men, let them be ever so Republican or Democratic, who will not give recognition to our race, national and local."

Conviction of Brady.

The trial of the Phœnix Park murderers has commenced in Ireland. Joe Brady has been convicted and sentenced to death, for murdering Lord Cavendish and Mr. Burke. The trial of the others will quickly follow. Ireland has lost a great deal by her policy of murder. The temper of English public opinion against the dynamite fiends and murderers, is such that no ministry, however liberal, can do any more for the relief of Ireland until the island is tranquil.

THE most of the trouble in the Democratic party of this State seems to be in Baltimore city, and instead of the efforts [illegible] 10,000 Democrats which bolted the judicial ticket last fall, to outvote and outmanage, the 23,000 who voted the ticket straight. Its a difficult feat to perform, yet the 10,000 are disposed to try it on. If the 23,000 would only stay away from the primaries, and let the 10,000 rule the party, and make the nominations, and then do, not as the 10,000 did, bolt, but vote the ticket straight, as they did last fall, there wouldn't be a bit of trouble. But it will take a great deal of honeyfugling to carry the thing through as the 10,000 bolters want it. The 23,000 good and true have not been heard from but they will be at the primaries, and then if they show their strength, and triumphantly jump over the pitfalls which the 10,000 have dug for them, look out for squealing. The primary elections in the city take place next month.

GOV. BENJAMIN F. BUTLER has lately kicked up a bobbery, by unearthing another Andersonville. It has been found in the State Almshouse of Massachusetts; an institution whose especial duty it is to provide for the care and support of destitute infant children. Of the 75 infants committed to the care of this truly benevolent institution and its humane keeper in one year, 74 died, or were *starved to death*, and their bodies sold to the medical colleges. The business of murdering [illegible] Democratic Festivals [illegible] "Sub." [illegible] from New England, Many Southern States should be asked if it was treating negro babies! But it seems it is all right for Massachusetts to do it, and the preachers of Boston are calling the Governor all sorts of hard names, and charging him with flagrant impiety, for daring to attempt to put a stop to the nefarious business. This is a queer world, certainly, especially the Yankee part of it, which contains more moral pretentions and bald hypocrisy, and down right selfish wickedness than all the balance of the globe put together.

Two Maryland Towns in Ashes.

The first of last week the papers brought the news of a terrible conflagration at Westminster, Carroll county, Md., which destroyed 18 houses, including the Lutheran church, a hotel, a large livery stable, stores and dwellings, aggregating a property damage of $150,000. Two men were burnt to death in the livery stable.

Saturday Evening's Baltimore *Day* brought the news of another dreadful fire at Crisfield, Somerset county, Md., which destroyed 16 houses, including two newspaper offices and a number of fine dwellings, aggregating a loss of property estimated at $100,000, only about one-half being covered by insurance.

Preventive of Malarial Diseases.

OPINION OF EMINENT DR. H. R. WALTON, OF ANNAPOLIS, MD.

"COLDEN'S LIQUID BEEF TONIC is a most excellent preparation. It is *par excellence*, superior to cod-liver oil or anything I have ever used in *wasted or impaired constitutions*, and extremely beneficial as preventive of *malarial diseases*." (Remember the name, COLDEN'S—*take no other.*) Of druggists generally.

Is It You?

Reader, who said you would buy a good, nice fitting Clothing, Gents' Furnishing Goods, rather than the wholesale prices we are now selling in most stores? This will tell you how to do it. The very large increase in our business the past season allows us to make a still lower scale of Prices than ever before, and you can save enough in buying from us to pay for your trip to our City.

The Garments we sell are manufactured under our personal supervision, upon the premises, thereby securing the best sewed and Ratin Clothing we produce. Our Goods are made for the individual trade of our patrons, and not for wholesaling. We sell them with a positive guarantee; therefore, no one runs any risk in buying at our house. We indulge in no kind of show or pretension, that can only result in increased prices, but depend on the merits of our Goods and genuine Low Prices to hold and gain patronage. Upon these statements we invite you to call and look through our immense Stock of New Styles and Fashionable Designs. Any Garment not entirely satisfactory will be gladly exchanged or money refunded.

THE CHAMPION

GORD BINDERS,

MOWERS,

Single Wheel Self-Rake

AND

DROPPERS.

Having accepted the agency for this justly popular Harvesting Machinery I now have the pleasure to offer the same in the greatest confidence.

The Champion Dropper and Mower are too well known to need any remarks, and the One-Wheel Self-Rake Reaper has given such great satisfaction, that to use one is to be immediately convinced of their great utility.

Of the Champion Binder I will state that what was really an experiment of the past two seasons, is now a pronounced success. The great reduction in weight of the Harvester, and the complete adjustment of the Binder, make it now beyond question what the manufacturers always intended it should be, a perfect success.

The Champion Self-Binder is now in EVERY RESPECT RELIABLE, and its LIGHTNESS, SIMPLICITY and STRENGTH, will commend it to all practical farmers

These machines are now on exhibition, and all are invited to an inspection of them, ESPECIALLY those who contemplate a purchase of any kind.

The McCormick Self-Binder, after being in use in this county for four years, is strongly backed by every farmer using them, *without a single exception*, for lightness in draft, durability, simplicity, and the faultless manner in which it has done its work. No other Binder in this market can show such a record. It is truly the standard Binder of the day. For reference, apply to Col. Edward Lloyd, Dr. Chas. H. Tilghman, Capt. Hedge Thompson, Dr. I. L. Adkins, Hon. Jas. B. Seth, Messrs. John W. Martin, John W. Knotts, Thos. G. Reynolds, John H. Allen, Edward W. Hopkins, John K. Caulk, E. Howard Lloyd and Chas. Rathell.
