THE EASTON STAR

TUESDAY, MAY 6, 1883.

T. H. ROBSON, Editor.

L. JEFF. MILBOURNE & Co., Newspaper Advertising Agents, 125 West Baltimore street, Baltimore, Md., are authorized to contract for advertisements for THE STAR, at our best rates.

IN the article in the *Ledger* of Thursday week which THE STAR noticed last Tuesday, was not an echo of those people in Baltimore who are opposed to Mayor Whyte exercising his personal influence at the primary elections, then we entirely misapprehended its import; and we do not think we did. It was either that or it was pointless.

WE think the *Gazette* does not treat Mr. Collector Ditty fairly. Mr. Ditty in his controversy with Mr. Daniel deals entirely with the question of revenue, and not with the question of consumption. He offered Mr. Daniel the inspection of his books, and granted him the privilege of taking such copies as he might desire. The books are the best evidence to show whether or not the revenue from the liquor traffic had increased or diminished in his district; and the fact that the revenue has diminished in Mr. McIntyre's district is no proof that it had not increased in Mr. Ditty's district as the *Gazette endeavors* to make it appear, to the prejudice of Col. Ditty. Commissioner Raum's letter to the Collector only directs him to do what he had already previously granted to Mr. Daniel, namely the privilege of inspecting the books of his office and lists of names to whom permits to sell liquor had been granted. We fail to see what all the hubbub is about. Local option does not profess to interfere with anybody's right to drink; it only forbids the issuing of a license by the State to sell liquor, and punishes a party selling in violation of law. A person may order liquor from anywhere it may be lawfully sold, and drink as much as he pleases after it is obtained, and it is no violation of the local option law, as we understand it. A person may handle the article in his business without profit, and not violate the local option law; but if he handles it at all in his business, he must first procure an internal revenue permit, or suffer a heavy penalty. This we presume is why the revenue is not diminished in the local option counties in Col. Ditty's district.

AT least 500 tons of hay, worth somewhere about $10,000, have been imported here this season, to supply the local trade of Easton. Now, with all due deference to our farmers, we venture to express the opinion that it is bad farming, when not enough hay is raised here to meet our local demands. Growing hay is well known to be one of the most profitable branches of agriculture. Our lands will grow as good hay as any lands, and if enough ground bone and other manure and seed enough are put on the land, they will grow as much per acre as any lands in the State. Then why is it, that we do not grow as much hay as we consume? The truth is, many of the farmers of Talbot ought to be growers and exporters of hay instead of buyers. We are not aware that there is a single hay press in the county. There may be, but we do not know of one. This shows that our farmers are behind the times. Until very recently there was not a single clover huller in the county. Now there are a few, and a few of our farmers are saving their own clover seed. But all the clover seed used in the county ought to be grown at home. A big pile of money goes out of the county every year to buy clover and timothy seed, and yet they do not raise hay enough to sell, to pay even for the seed, to say nothing about the fertilizer. We call this very bad farming. It is very hard to get farmers out of the old ruts. They get into the habit of growing wheat and corn, and they will grow nothing else, however low prices may be, and however high hay and potatoes may be. While other sections are getting rich growing hay, potatoes, or fruit, our farmers stick to wheat and corn, whether they make anything or not. They must excuse us for rasping them a little. We think they need it. They ought to diversify their crops somewhat more. They certainly ought to raise all the clover seed and hay and potatoes and fruit consumed in the county, and yet they do not. The county is a large buyer of all these articles from abroad. Apples are a very profitable crop—there are few crops more profitable; yet nearly all of our winter apples come from the North. And yet we grow as fine apples here as are grown anywhere. Talbot sixty or seventy years ago was a great apple county, but the old orchards are gone, and new ones have been planted to only a very limited extent. We ought to-day to have hundreds of acres in apples where we can't count a tree. And then experience shows that pears are very profitable, and yet our farmers are paying very little attention to the cultivation of pears. We would not want any larger income than a hundred acres of the best Talbot land would yield well set out in Bartlett pears. Our advice to our farmers is, and they may take it for what it is worth, to raise more hay and potatoes, and save their own clover seed, and plant more fruit. If you don't live to reap the profit of the fruit, your children will. This is a glorious fruit county if our farmers would but utilize their natural advantages. They can put their summer apples into the New York market several weeks in advance of the Jersey apples, and secure good prices. Northern people live mostly on pies, and anything that can be made into a pie will always sell in New York, and the earlier it is in the market the better price it will bring. We are here in a country where summer apples, sweet and Irish potatoes, pie plant, asparagus and such truck may be grown early, sold at the top of the market, and made immensely profitable if our farmers would only avail themselves of their natural advantages of soil and climate. It is time for them to turn over a new leaf.

The Culture of Beauty.

Although nature alone can produce perfect beauty, art may lend a great measure supply nature's deficiencies. We see this instanced in the clearness and lustre imparted to even a sallow skin by GLENN'S SULPHUR SOAP. *The lady of forty, who uses this beautifier, drops at least ten years of her age.* Unlike the dangerous cosmetics which obstruct the pores, it is entirely harmless. See that "C. N. Crittenton, Proprietor," is printed on each packet, without which none is genuine. Sold by druggists and fancy goods dealers.

HILL'S HAIR AND WHISKER DYE, 50c.

From Dr. C.C. Clark, Oswego, N. Y.

I have made sufficient experiments of COLDEN'S LIQUID BEEF TONIC to enable me to say it is by far the best of all the preparations of the kind (*food and tonic*) that I have ever used. To the sufferer from chronic diseases, or the convalescent, it is invaluable, as it is both *nourishing* and *strengthening*. (Remember the name, COLDEN'S—*take no other.*) Of druggists.

Fire in a Dry Time

is not more destructive than Consumption. Arrest it with HALE'S HONEY OF HOREHOUND AND TAR. Sold by druggists.

PIKE'S TOOTHACHE DROPS cure in one minute.

Is It You

Reader, who said you would like to get such nice fitting Clothing as we produce, rather than the wholesale goods commonly sold in most stores? This will tell you how to do it. The very large increase in our business the past season allows us to make a still lower scale of Prices than ever before, and you can save enough in buying from us to pay for your trip to our City.

The Garments we sell are manufactured under our personal supervision, upon the premises, thereby securing the best sewed and fitting Clothing ever produced. Our Goods are made for the individual wear of our patrons, and not for wholesaling. We sell them with a positive guarantee; therefore, no one runs any risk in buying absent home. We indulge in no kind of show or pretension, that can only result in increased prices, but depend on the merits of our Goods and genuine Low Prices to hold and gain patronage. Upon these statements we invite you to call and look through our immense Stock of New Styles and Fashionable Designs. Any Garment not entirely satisfactory will be gladly exchanged or money refunded.

The New Improved

CHAMPION

CORD BINDER

FOR 1883.

All Farmers using CHAMPION MACHINES say they surpass all others of every name and make, and that is just what's the matter.

The *CHAMPION BINDER* for the approaching *Harvest* will be complete with all the

Latest Practical Improvements.

By a liberal use of malleable iron, much of the cumbersome weight incident to other Self-Binding Harvesters, has been dispensed with. The Machine is considerably lighter than last year, and very much stronger. The adjustments of the Machine to

Pick Up, Cut, Elevate and Bind Down, Tangled Grain, are far in advance of others.

No matter how badly the grain is lodged, straw broken or leaning,

by the aid of our new tilting device the finger bar can be easily lowered, and the reels let down to save every head of it. In strength, durability, ease of management, light draft, solid construction, perfection of work and general character, the

CHAMPION CORD BINDER

takes precedence over all other machines of a similar class. Built from the latest designs, and equipped with special improvements and practical inventions not found or obtainable on other Binders, the CHAMPION is rendered a peculiarly valuable implement. The

WARRANTY

given each purchaser is broad and protecting; he assumes no risk whatever in purchasing, as the machine is guaranteed to operate successfully in all kinds and conditions of grain, or no sale.

THOS. C. NICOLS,

Agent.

To Road Builders.

Notice is hereby given that the County Commissioners of Talbot county will receive at their office sealed proposals for the making of the new public road near Easton, till noon, Tuesday, May 8th. The road begins near Mrs. Margaret Kemp's gate, runs in a south course 100 perches, and opens into Aurora street, Easton. The road is 60 feet wide, will have one bridge 6 feet span, and a trunk to be covered by earth. The cuts, fills and entire work on road will have to be done according to the plan submitted by Mr. N. Goldsborough, engineer, which can be seen at this office. The entire road is through open ground, and most of the work can be done with plow and scoop. The contractor will be required to give bond and security for the faithful performance of his contract, and the road completed at such times as may be agreed upon by the contracting parties.

By order of the Board,

may1-2t J. S. ROBSON, Clerk.

Notice to Creditors.

Notice is hereby given, that the subscriber hath obtained from the Orphans' Court of Talbot county, in the State of Maryland, letters testamentary on the personal estate of

DOROTHY FEDDEMAN,

late of Talbot county deceased. Cowgill's Walnut Stain makes a rich brown shade of walnut. It is put up in 25, 40 and 75 cent bottles. For sale at R. J. Trippe's.

THE WALTER A. WOOD

IMPROVED

Twine Self Binding Harvester

THE FIRST SUCCESSFUL

Twine-Binder Put Upon the Market,

AND

Acknowledged the Best in the Country.

This Self-Binder first perfected in 1880, and proved by three successful harvests to meet the utmost desires of farmers, enabling them without trouble to harvest their wheat crop independently of labor combinations, is again offered to the farmers of Talbot and adjacent counties with the confident assurance that it will give them entire satisfaction. Of the numerous Walter A. Wood Twine-Binders sold in Talbot county in 1882 and warranted, *not one single machine was returned.*

One of the machines has been put up and may be seen at the Carriage Factory of Wm. Mason & Sons, near the Easton Market House, and farmers are invited to call and inspect it.

TESTIMONIALS.

We append a few certificates of Talbot farmers who bought and used the Walter A. Wood Twine Self-Binding Harvester in 1882.

TRAPPE, MD., April, 1883.

Messrs. Roe & Roe—Gents: The Walter A. Wood Self-Binder I purchased of you last season works to my entire satisfaction cutting about 100 acres without breaking or getting out of order. It is so simple that any person that can drive a team can operate it. It is as light draft as any machine I know, and binds three sizes of sheaves, all uniform and tight.

SAMUEL J. GRIFFIN.

LANDING NECK, Talbot co., April, 1883.

Messrs. Roe & Roe—Sirs: The Walter A. Wood Self-Binder I purchased of you last season gave me perfect satisfaction. I cut my crop with very little labor to myself or my team. I witnessed the trial at Col. F. C. Goldsborough's of several of the leading machines sold here and am satisfied that my machine is the peer of any machine I have yet seen work, and I would cheerfully recommend the Wood to any person that may need a Binder, believing as I do that it is the lightest and most desirable machine on the market, and the easiest operated, the driver having complete control of the binder.

CHARLES UNDERWOOD.

EASTON, April, 1883.

Messrs. Roe & Roe—Gents: Desiring to purchase a Self-Binding Machine last year, it was something before I could decide what machine to buy. I finally settled on the Wood, and I am free to say I have never regretted my choice. The machine worked to my satisfaction, runs light, ties tight, and binds a uniform sheaf.

ABNER MORTON.

EASTON, April, 1883.

Messrs. Roe & Roe, Agts.—Sirs: The Walter A. Wood Self-Binder purchased of you last season gave me perfect satisfaction. I cut 17 acres in seven days, using at no time more than 3 horses, and they all small, weighing about 800 pounds each.

Trustees' Sale

OF A

VALUABLE FARM

1½ MILES FROM THE

TOWN of EASTON.

Under and by virtue of a decree of the Circuit Court for Talbot county, in Equity, the undersigned will offer at public sale in front of the Court House, in Easton, on

TUESDAY, MAY 1st, 1883,

between the hours of 2 and 4 P. M., of said day, all of that

Farm or Plantation,

situate on the southeast side of Railroad Avenue extended, opposite the Catholic Cemetery; about one and a-half miles from the town of Easton, adjoining the lands of Chas. E. Shanahan and S. Kelly Shannahan, being a part of the

"LOUD" TRACT,

of which John Symons died possessed, containing the quantity of

Sixty-One and Two-Thirds Acres of Land,

more or less. The land is a red clay subsoil and in good heart, susceptible of rapid improvement. The

Dwelling House

is nearly new, with necessary outbuildings.

The farm will present a rare opportunity for speculation owing to its character of soil and proximity to Easton.

TERMS OF SALE.

The terms of sale prescribed by the decree are, One-half of the purchase money to be paid in Cash on the day of sale, and the balance in twelve months from the day of sale, the credit payment to bear interest from the day of sale, and the payment thereof to be secured by the bond of the purchaser or purchasers with surety or sureties to be approved by the trustees. On the payment of the whole purchase money a good title will be conveyed, the purchaser paying for title papers.

For reference, apply to Messrs. Solomon Brinsfield, Samuel Stewart, Chas. H. Denny, John W. Seemer, D. C. Trimble, Wm. J. Adams, W. J. Marvel, Owen R. Porter, Joseph O. Kemp.

The above machines have made a wonderful record in this county, and stand ahead of all competitors

McCormick Harvester and Twine Binder,

Daisy Single Reaper, Combined Self-Rake, Dropper and Iron Mower.

The McCormick Self-Binder, after being in use in this county for four years, is strongly backed by every farmer using them, *without a single exception*, for lightness in draft, durability, simplicity, and the faultless manner in which it has done its work. No other Binder in this market can show such a record. It is truly the standard Binder of the day. For reference, apply to Col. Edward Lloyd, Dr. Chas. H. Tilghman, Capt. Hedge Thompson, Dr. I. L. Adkins, Hon. Jes. B. Seth, Messrs. John W. Martin, John W. Knotts, Thos. G. Reynolds, John H. Allen, Edward W. Hopkins, John K. Caulk, E. Howard Lloyd and Chas. Rathell.

We respectfully invite you to call and examine our line of Machinery. We are confident we can suit you. Your friends,

SHANNAHAN & WRIGHTSON.
