THE EASTON STAR

TUESDAY, MAY 15, 1883.

EDITOR AND PROPRIETOR.

L. JEFF. MILBOURNE & CO., Newspaper Advertising Agents, 139 West Baltimore street, Baltimore, are authorized to contract for advertisements for THE STAR at our best rates.

Roster of the States and Governors this year.

Of the five historic "G's"—Gladstone, Gambetta, Grant, Garfield and Gortschakoff—all alive a year ago, only two remain.

THE Democratic State Central Committee has been summoned to meet in Baltimore, on the 23rd inst., to fix the date for holding the Democratic State Convention, to nominate candidates for Governor, Comptroller, and Attorney General.

THOMAS A. EDISON and others, representing $2,500,000 capital, have filed articles of incorporation at Albany, of the Electric Railway Company of the United States. The object is to develop electricity as a motor for the propulsion of railroad trains.

THESE are busy days for customs officials. The new Tariff Act makes many changes in the classification of dutiable articles, as well as in rates, and the preparation to execute the law involves hard work. Besides, under the new order of things, a great many of the old customs decisions are valueless as precedents, and the innumerable inquiries from merchants and importers as to the interpretation of various clauses are likely to give some of the officials the headache.

ON Friday week the Baltimore *Day* published a cock-and-bull story, about a corrupt bargain between Gov. Hamilton and Mayor Whyte and their friends having taken place the day before at the House of Correction. The article was given with such particularity as to cause concern; but Gov. Hamilton, Mayor Whyte and the others implicated having denounced the whole story as false and without a shadow of foundation, the *Day* took the back track and dropped it. The hoax seems to have been the work of a wicked reporter.

A NUMBER of the Democratic editors of the State held a consultation in Baltimore last Tuesday over the political situation. They spent their time in the most harmony, but as they represented nobody but themselves, and were without any powers to do anything beyond passing resolutions, the meeting amounted to little more than a pleasant reunion. What they said and did were in the right spirit. No expression in favor of or against any individual or faction was indulged in. Their desire for harmony is sincere, and they will do nothing to peril a great Democratic victory in this State in November. If all others will do as well as the editors to assure a Democratic victory, the Republicans will be literally wiped out next fall.

THE Democratic city convention of Baltimore reassembled on the 10th inst., determined to withdraw the primary election law, appointed the 19th of June as the time for holding the primary elections for a new city convention, ordered the election of a delegate from each election precinct, and confided to Gilmor Meredith, Wm. H. B. Fusselbaugh, Findley H. Burns, James L. McLane and Bernard Carter, the duty of appointing judges and clerks and managing the primary elections. The commission selected is unexceptionable, was appointed by the convention with unprecedented unanimity, and appears to give very general satisfaction, which augurs well for harmony in the party the coming campaign. The mischief makers appear to have taken a back seat in the city lately.

The Culture of Beauty.

Although nature alone can produce perfect beauty, art may in a great measure supply nature's deficiencies. We see this instanced in the clearness and lustre imparted to even a sallow skin by GLENN'S SULPHUR SOAP. *The lady of forty, who uses this beautifier, drops at least ten years of her age.* Unlike the dangerous cosmetics which obstruct the pores, it is entirely harmless. See that "C. N. Crittenton, Proprietor," is printed on each packet, without which none is genuine. Sold by druggists and fancy goods dealers.

vs.
Samuel J. Rolph, Elizabeth A. Rolph, Ann E. Mansfield, George W. Rolph, Mary Rolph, Ida O. Rolph, Anna E. Rolph and Susan M. Rolph.

In the Circuit Court for Talbot county.
In Equity.

The object of this suit is to procure a decree for a sale of certain Real Estate situated in Talbot county, of which Mary A. Rolph died seized and possessed.

The Bill states that on or about the third day of January, in the year eighteen hundred and eighty-three, Mary A. Rolph, of Talbot county, departed this life intestate, seized and possessed of certain Real Estate, which is particularly described in the Bill and its accompanying exhibits, which has descended to the Complainant and certain of the Defendants as her heirs at law, who are seized thereof as tenants in common, according to the shares or proportions of the same to which they are severally entitled.

That the said Real Estate is not susceptible of division, and that no division could be made without loss or injury to the parties interested, and that the said Samuel J. Rolph, one of the Defendants resides out of the State of Maryland.

It is thereupon ordered by the Court, this fifth day of May, in the year eighteen hundred and eighty-three, that Complainant cause a copy of this order, together with the substance of the Bill, to be inserted in some newspaper published in Talbot county, once a week for three weeks before the thirteenth day of June next, giving notice to the said defendant Samuel J. Rolph and warning [illegible] in person or by solicitor, on or before the thirteenth day of September next, to show cause, if any he has, why a decree should not be passed [illegible]

Automatic Piston Rings.

We publish below four letters from parties who are using the Automatic Piston Rings, sent us in compliance with a request from us of their opinions of the rings. The letters speak for themselves:

CENTREVILLE, MD., Dec., 1883.
W. H. WITHGOTT & BRO., Dear Sirs:
I have been running my engine four years and have had a great deal of trouble with the piston until this year, when I had you put in the solid piston. It has given me no trouble since, and gives me more power. Would rather have it than any other.
Yours respectfully,
N. H. GREEN.

EASTON, September 19, 1882.
MESSRS. WITHGOTT & BRO., Dear Sirs:
Your letter of the 6th instant received, and it gives us pleasure to comply with your request. The solid piston and self-adjusting rings give entire satisfaction. The engine did well in general and took less steam.
Yours respectfully,
GEO. W. GRIFFIN,
ROBERT A. BLANN,
CHAS. H. UNDERWOOD.

TUNIS MILLS, Talbot co., Md., Apr. 25, '83.
MESSRS. WITHGOTT & BRO., Gentlemen:
Replying to yours of to-day, would say that we have used the Automatic Piston Rings for 16 years, and still use no other kind. Our experience has been such that under no circumstances would we use the ordinary piston. The Porter Allen Engine, the best in the world, uses the ring.
Very truly yours,
W. W. TUNIS & BRO.

EASTON, Md., July 1, 1882.
MESSRS. WITHGOTT & BRO., Gentlemen:
After testing thoroughly the Self-Adjusting or Steam Packing Springs you put in for us, we are prepared to say, that we are getting on increase of power from our engine, at least ten per cent., and feel confident that the two months we have used them, our gain has been such as will overpay the cost. Being self-adjusting we have no need of looking after them, and consider it the greatest and most satisfactory improvement we have had yet.
Yours respectfully,
HUBBARD & BROTHER.
