THE EASTON STAR

TUESDAY, AUGUST 7, 1883.

T. E. NORRIS, EDITOR.

L. JEFF MILLENBURNER & CO., New Space Advertising Agents, 119 West Baltimore Street, Baltimore, Md., are authorized to contract for advertisements for THE STAR, at our best rates.

SENOR BARCA, the Spanish Minister to the United States, committed suicide, by shooting himself with a pistol in New York on Saturday night week.

MR. J. FRANK MORRISON, of Baltimore, denies the charges made against his official integrity by Fire Marshal Heiskell. The *Sun* of Saturday contained his denial.

JAMES CAREY, the Irish informer has been assassinated. He was shot dead by a man named O'Donnell, on board of a ship in the waters of South Africa. Carey had left Ireland for Africa, under protection of the British Government. His disguise was detected by O'Donnell, who followed him on to another steamer and shot him. O'Donnell was arrested. The news of the murder of Carey was received in Ireland with wild shouts of joy.

THE Young Democracy of Baltimore are in a pickle. They are professed reformers, and improvers generally of the morals of the Democratic party. They have the latest patent in this business, and are advertising it extensively throughout the State.

Believing all was not right in the Fire Department, Mayor Whyte had the old organization abolished, and appointed Mr. Heiskell Fire Marshal. As soon as he was installed, Mr. H. commenced an examination into the affairs of the purchasing bureau of the Baltimore Fire Department, and found certain transactions calculated to compromise Messrs. J. F. Morrison and S. W. Register, two of the leading city politicians who recently went into the Young Democratic organization against Mayor Whyte. Mr. Heiskell's expose looks very bad for Messrs. Register and Morrison, and the affair is now undergoing investigation by the grand jury of the city.

The matter is creating a good deal of excitement in the city, and it now looks as if the primary elections would turn on the Morrison, Register, Whyte question. Messrs. Morrison and Register having united with the Young Democracy against the Mayor, because of Fire Marshal Heiskell's turning over a new leaf in the Department, the Young Reform Democracy are expected to defend the alleged peculations and corruption of the Ex-Fire officials, while Gov. Whyte, charged with being the head centre of the City Hall ring, will sustain Fire Marshal Heiskell's reform measures. The campaign will present the curious spectacle of the Young Reform Democrats championing the cause of the leaders of the old ring and justifying their peculations, while the old Ring champions, with the Mayor at their head, will fight for genuine reform and the protection of the Baltimore taxpayers from ring robbery. The county Democrats will anxiously watch the progress of the campaign and its results. The way things are going in the city are well calculated to destroy all confidence in the clap trap cry of reform which is the war cry of the Young Democratic Association.

The Pennsylvania Ticket.

The Democrats of Pennsylvania at their State convention on Wednesday last nominated the following ticket:—For Auditor General, Robert Taggart, of Warren county; for State Treasurer, Joseph Powell, of Bradford county. Of the candidate for Auditor General we are not very well informed, but of the one named for State Treasurer we wish especially to speak. Mr. Powell is one of the best fitted men in every respect for the position. He is pre-eminently a self-made man, and has the universal respect of all parties. As instancing his popularity, in the election of 1874 he was nominated for congress in his district, the 15th, one that usually gives from 3,000 to 3,500 Republican majority. His opponent was a granger, and that being a farming district, it was thought that there was no possible doubt of his election by a large majority. Both resided in the same county, and both were equally well known. When the returns from the election came in, it was found that their own county, Bradford, which usually gives about 3,000 Republican majority, had given but a little over a hundred majority for his opponent, while Mr. Powell was elected in the district by 101 majority. While in congress Mr. Powell made a very useful member, and became well known throughout the State. His one term in congress is the only official position he has held, he never having sought, and it was with great reluctance that he accepted that. He is one of the leading merchants in his own town, President of the First National Bank, and is actively engaged in other large enterprises, all of which he has obtained by his own energy and talents. He is certainly a proper man for the position for which he has been named, and the people of Pennsylvania will look to their best interests if they elect him in November, and we expect to see that result.

The platform adopted has a tariff plank very nearly like those of Ohio and Virginia, and denounces the Republican idea of taxing the people to raise a surplus to distribute among the States.

POLITICAL.

H. K. Stallings has been nominated for Sheriff by the Democrats of Anne Arundel.

The Democrats of Anne Arundel have nominated John Ireland for State's Attorney.

Anne Arundel county has elected anti-Hamilton Delegates to the Democratic State convention.

Dr. George Wells has been nominated for re election to the State Senate by the Democratic county convention of Anne Arundel county.

Dr. Eli J. Henkle professes not to approve of Mike Bannon's course. Governor Hamilton has not been heard from on the question.

Mr. Albert Constable, of Cecil, wants Governor Groome's place as U. S. Senator, and the fight in Cecil between Groome and Constable is very bitter.

New Hampshire has at last elected a United States Senator to succeed Senator Rollins. After slaughtering the bosses Rollins and Chandler, Austin F. Pike was elected Senator on the 42d ballot.

Gov. Hamilton's friends, claim that Montgomery county will vote for the Governor's nomination in the State convention, but the other side say Montgomery will vote against the Governor.

The following are the Democratic nominees for the House of Delegates from Anne Arundel county:—two Bannon and two anti-Bannon men:—Dr. Joseph H. Owens, William A. Shipley, Harry H. Brogden and Dr. Mitch Williams.

Michael Bannon has declared his purpose to bolt the ticket nominated by the Democrats in Anne Arundel county. Better let Mike go, and have no more trouble with him in the party. He would be less harmful as an open Republican than as a Democratic disturber of the party's harmony. All such should be driven out to sea, and thrown overboard.

The Democrats of Harford nominated their county ticket on Saturday on the Crawford county plan. The ticket nominated is said to be an excellent one.

The contest in Cecil at the Democratic primary elections last Saturday, resulted in a triumph for Senator Groome over Mr. Albert Constable. Six districts went for Groome, three for Constable.

A Tilt With Time.

LADIES in their attempts to baffle old Time are bound to receive some wounds in the encounter. These, however, they can conceal, as far as the complexion is concerned, by a timely and regular resort to the use of "GLENN'S SULPHUR SOAP." Without obstructing the pores, or in any way injuring the health of the skin, it removes from the surface *pimples, redness, and the curious disfigurements* caused by increasing age or exposure to the sun. See that "C. N. CRITTENTON, Proprietor," is printed on each packet, without which none is genuine. Sold by druggists and fancy goods dealers.

HILL'S HAIR AND WHISKER DYE, black or brown, fifty cents.

PROF. JAMES A. SEWELL, A. M., M. D., of Medical Faculty, Laval University, Quebec, states: "I have found COLDEN'S LIQUID BEEF TONIC particularly useful in advanced stages of *Consumption, Wasting, Dyspepsia, and all Nervous Affections.* In pregnant women it has been retained when every other article of food was rejected. I can recommend it as convenient, palatable, and easy of digestion." (Remember the name, COLDEN'S—*take no other.*) Of druggists.

STATE OF MARYLAND,
OFFICE OF THE SECRETARY OF STATE,
ANNAPOLIS, August 2nd, 1883.

To all Whom it may Concern:

Notice is Hereby Given, That application has been made to the Governor for a Pardon in the case of the State vs. George L. Tyler, convicted in the Circuit Court for Talbot County at May Term, 1883, for Assault, and sentenced to confinement in the County Jail for the period of six months and fined one dollar, upon the recommendation of the Clerk of the Court, the Sheriff, members of the Bar, and numerous respectable citizens.

The Governor will take up the said case for final decision, on or after Thursday, August the 16th, 1883, until which time protests against the said application will be heard, and the petition in the case open to inspection, at the discretion of the Governor.

By order of the Governor,
JAMES T. BRISCOE,
aug7-2t. Secretary of State.

Order Nisi.

In the matter of the sale of the Real Estate of Charles H. Stewart, dec'd.

Orphan's Court for Talbot County,
June Term, A. D. 1883.

It is ordered, this 6th day of August, A. D. 1883, that the sale of the real estate of Charles H. Stewart, dec'd, made and reported by John W. Jump, Executor, be ratified and confirmed, unless cause to the contrary thereof be shown on or before the 10th day of September, prox.; *Provided* a copy of this order be inserted in some newspaper published in Talbot county for at least once a week for three successive weeks before the 10th day of September next.

The Report states the amount of sales to be $4,000.00

Machine Oils.

Pure Winter Lard Oil, Golden Machine Oil and Black Oil for sale at R. J. Tripp's.

Ely's Cream Balm for cure of Catarrh for sale by R. J. Tripp.

Order of Publication.

I. Davis Clark
vs.
Sarah Ann Merrick, Samuel J. Merrick, Ellen M. Lowery, Almira E. Collins and Garrison R. Collins her husband, Olender M. Merrick, Thaddeus O. Merrick, Wm. E. Lowery, Ada J. Lowery and John A. C. Lowery.

In the Orphan's Court for Talbot County, In Equity.

The object of this suit is to obtain a decree for the sale of certain Real Estate in Trappe District of Talbot County, of which Daniel Merrick, late of said county, died seized and possessed.

The Bill alleges that the said Daniel Merrick departed this life sometime in the month of July, in the year eighteen hundred and eighty-two, intestate, seized and possessed of Personal Estate of small value and the Real Estate mentioned in these proceedings and leaving Sarah Ann Merrick widow, and Samuel J. Merrick, Ellen M. Lowery, Almira E. Collins wife of Garrison R. Collins, Olender M. Merrick, Thaddeus O. Merrick, Wm. E. Lowery, Ada J. Lowery and John A. C. Lowery, his heirs at law surviving him. The Bill further charges that letters of Administration were granted to Samuel J. Merrick on the personal estate of the said Daniel Merrick, and that the said Administrator charged himself with the entire personal estate, and that it appears from the Records of this Court that the same was not sufficient to pay and discharge all the debts due and owing by the said intestate at the time of his death.

The Bill further states that William E. Lowery, one of these respondents, does not at present reside in the State of Maryland.

It is therefore adjudged and ordered, this tenth day of July, eighteen hundred and eighty-three, that the Complainant, by causing a copy of this Order to be inserted in some newspaper published in Talbot county for four successive weeks before the seventh day of August next, give notice to the said William E. Lowery, absent Respondent, of the object and substance of said Bill of Complaint, and warn him to appear in this Court, in person or by solicitor, on or before the seventh day of August next, to answer the premises and show cause, if any he has, why a decree should not pass as prayed.

EASTERN SHORE DOMESTIC GUANO WORKS,

EASTON, MD.

F. H. NICKERSON & CO., Proprietors.

The Eastern Shore Domestic Guano is justly styled the complete wheat manure of the age. It is acknowledged by all who have used it as having no superior, if any equal. It is a highly concentrated wheat manure, combining all the fertilizing qualities of PERUVIAN GUANO and the permanency of PURE RAW BONES, and contains all the elements that are necessary to nourish the wheat plant from the time the seed germinates until it matures.

F. H. Nickerson & Co., Easton, Md.—Gentlemen: The past four years your fertilizer has proved satisfactory. I consider it the best commercial manure on the market for wheat and clover. From 12 acres last year I cut 34 tons of hay, and the second crop yielded 20 bus. of seed. Please ship me 10 tons for this fall.

Yours truly,
W. P. POWELL.

F. H. Nickerson & Co., Easton, Md.—Gentlemen: I have used your "Eastern Shore Domestic Guano" on my wheat crops (light lands) for the past four years, and am pleased with the results. The crops of wheat have been good, and the clover that followed has always been excellent. You will please send me 10 tons for my wheat this fall. Yours truly,

J. P. REESE.

BROAD CREEK NECK, MD., July 23, 1883.

Messrs. F. H. Nickerson & Co., Easton, Md.—Gentlemen: The Eastern Shore Domestic Guano I purchased of you last fall has proved entirely satisfactory. I need other standard fertilizers which I considered the best on the market. The wheat from your fertilizer was equal, if not the best, notwithstanding it was used on my thinnest land. I shall use it exclusively this fall. Yours truly,

THOS. F. BRIDGES.

ST. MICHAELS, July 17th, 1883.

Messrs. F. H. Nickerson & Co., Easton, Md.—Gentlemen: The Eastern Shore Domestic Guano I purchased from you last fall acted first-class. I made more wheat than ever before, notwithstanding I had in less ground. I regard it a first-class fertilizer, and shall use it again.

SAMUEL H. WRIGHTSON.

TRAPPE, MD., July 28, 1883.

Messrs. F. H. Nickerson & Co.—Gentlemen: In response to your inquiry concerning the results of your Eastern Shore Domestic Guano on my lands, I cheerfully give you the following: I have used your fertilizer on land which was very thin; 200 lbs application each year on an 18 acre field that has been in wheat successively for five years; the first year I raised therefrom 255 bushels, and have increased that yield every year, with 460 bushels this season.

jul31-3m

As a clover producer and a permanent improver I consider it has no equal, and has always given me a strong growth for the last six years.

Yours truly,
JONATHAN LEONARD.

CAMBRIDGE, MD., July 17, 1883.

L. Eugene Ross, Esq.—Dear Sir: It gives me great pleasure to report that the effect of Nickerson & Co.'s phosphate, which I purchased of you in October last, has been very satisfactory. I applied it, as nearly as I could, at the rate of 200 lbs to the acre, to my wheat, both in fallow and corn ground by the side of "Sea Island Guano," which I regard as an excellent fertilizer, and its effect was fully equal to and I am inclined to believe better than that of the latter. My crop averaged 20 bushels to the acre, without the application of any compost or other manures to either field during the year. Yours truly,

DANIEL SHERBY.

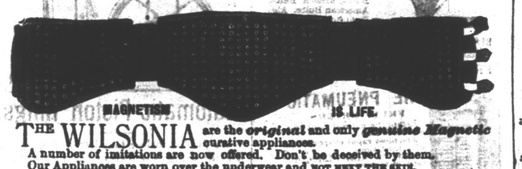
EASTON, MARYLAND.

F. H. Nickerson & Co.—Gentlemen: My experience with your Eastern Shore Domestic Guano has convinced me that it is one of the best fertilizers on the market, and I recommend it to all farmers who may be undecided as to the kind of manure to apply to their wheat lands.

Yours truly,
J. E. M. CHAMBERLAINE.

Mr. Wm. A. Kirby, Trappe, Md.: "I have applied Eastern Shore Domestic Guano to my wheat crops for eight years with good results. I am satisfied it is a good manure or I should have discontinued the use of it. I have tested it by other fertilizers to my satisfaction. My great fear is that when the Eastern Shore Domestic Guano is used has always been good."

Mr. James H. Willis writes: "In reply to your inquiry as to results of my trial of Eastern Shore Domestic Guano, side by side with several of the best brands in the market I have to state that, early in the spring the Eastern Shore made the best start; at harvest I could not see much difference in the stand between the Excelsior and the Eastern Shore were used, but the Eastern Shore yielded better. I consider it the cheapest kind best fertilizer I ever used."



MAGNETISM IS LIFE.

THE WILSONIA are the *original* and only *genuine Magnetic* curative appliances.

A number of imitations are now offered. Don't be deceived by them. Our Appliances are worn over the underwear and NOT NEAR THE SKIN. WILSONIA alone has made the wonderful cures which give to Magnetic Appliances their great reputation.

This system of cure, which for three and a half years has been growing so popular in this country and in Europe, has proven itself to be the greatest discovery of modern times.

MEDICINE IS NOT REQUIRED.

Thousands of men and women who had exhausted all the usual remedies without relief, have been cured by WILSONIA after a few weeks' application. Our Illustrated Pamphlet sent free. It should be read by all who value good health. It explains the process of cure, with price list and contains many testimonials and sworn statements from persons cured of *Bronchitis, Catarrh, Dyspepsia, Constipation, Neuralgia, Rheumatism, Paralysis, Locomotor Ataxia Asthma, Nervous Debility, Sleeplessness, Diseases of the Liver and Kidneys, Diabetes, Dropsy, Chronic Diarrhœa, Tumors* and others that cannot be mentioned here.

Appliances made for all parts of the body, Belt and Insoles sufficient in many cases.

Lady or Gentleman's Belt and Insoles, $11.00; Do., Second Size, $6.00.

WILSONIA MAGNETIC CLOTHING CO., 826 Broadway, cor. 12th St., New York.

TO WHEAT GROWERS.

The undersigned, PIONEER in the manufacture of Fertilizers in this city, and ORIGINATOR in 1858 of the Formulas and processes of manufacture of

"EXCELSIOR" AND AMMONIATED PHOSPHATE,

So well and favorably known by the Agricultural public, relying upon his experience and personal reputation hitherto acquired in the uniform excellence of these Fertilizers, as manufactured by him, continues to offer them to the Farmers and Planters of Maryland and Virginia, with the assurance that the high standard quality of each will be maintained as heretofore.

For growing Wheat, it is the universal opinion of the farmers of Maryland and Virginia, after over twenty years experience in the use of these FERTILIZERS, that an application of 100 pounds is equal in its effects to 200 pounds of any other Fertilizer or Guano, therefore fully 50 per cent. cheaper.

With my present advantages and superior facilities for manufacturing, I challenge competition with any Fertilizer sold in the United States, in Quality, Mechanical Condition and Price.

By strictly adhering to my Original Formulas, using only the most concentrated materials, and superintending in person their manufacture—as for the past

TWENTY-FOUR YEARS,

Uniform Quality is Guaranteed.

☞ Farmers, to secure the ONLY GENUINE EXCELSIOR and PHOSPHATE, should see that every Bag is branded as above, with the ANALYSIS and MY NAME IN RED LETTERS.

Whitelock's Vegetator.

BALTIMORE, July 20, 1883.

We are prepared to supply you *in dry and fine condition for drilling*, our *Celebrated Fertilizer*, the

'VEGETATOR.'

Its continued *large yields* of *Wheat, &c.*, are a guarantee, the quality is always uniform, and it has no equal as a

Grass and Clover Producer.

We add the following suggestions:

See that a fertilizer is in a *fine* and *dry condition for drilling; if too damp to drill*, you are buying 100 to 300 pounds of *moisture* in each ton.

See that every bag of fertilizer contains the number of pounds marked on the bag; *short weight* in each bag will cost you a sum of money.

Count the *cost* of the fertilizer by the *cost* of the *application* to the *acre*. Our customers say the same amount of money expended in the "*Vegetator*" will pay better and prove cheaper than to purchase fertilizers at a lower price per ton.

Buy the "*Vegetator*," and old established fertilizer of well known reputation. It has been tested and found satisfactory. Then you will run no risk.

Please Read the Following Letters:

CORDOVA, July 24, 1883.

MESSRS. W. WHITELOCK & CO.:
Gentlemen: Where I used the "*VEGETATOR*" on my WHEAT, I am exceedingly gratified at the *yield*. My neighbors, who applied it on WHEAT at the same time, say they have *done well*. There will be an *increased quantity* used here this *Fall*.
Yours, &c.
[Signed.] N. C. FITZJARRELL.

KNIGHTLY FARM, TUNIS MILLS POST OFFICE, July 18, 1883.

MESSRS. W. WHITELOCK & CO.:
Gentlemen: I have just threshed the *largest yield* of WHEAT I have ever had. My *Fallow* of *Forty Acres* produced 1,425 *bushels*, which is 35½ bushels to the *acre*. Your "*VEGETATOR*" certainly did the business for me, *as it has always done*. Very hastily, &c.
[Signed.] ROBERT HOUGH.

PERSEQUILE, July 23, 1883.

MESSRS. W. WHITELOCK & CO.:
Gentlemen: I have applied to my WHEAT the *past two years* your "*VEGETATOR*," and am well pleased with it. I intend using it again this Fall on my WHEAT. Truly yours,
[Signed.] CHAS. S. WINDER.

TUNIS MILLS, July 23, 1883.

MESSRS. W. WHITELOCK & CO.:
Gentlemen: Your "*VEGETATOR*" has given me complete satisfaction on my WHEAT crop. I have *just threshed over* 30 bushels per *acre*, *grown on stubble fallow*.
Yours, &c.
[Signed.] J. H. WHEELER.

COL. R. C. CARTER, of Denton, Md., says the seeding season with him last Fall *was very wet*, and before harvest remarked if he obtained 1,000 bushels of WHEAT he would be doing well. He has just *threshed* 1,000 *bushels, to his surprise.*

We have for sale the following brands, our own manufacture:

"SUNNYSIDE" PURE BONE & PHOSPHATE DISSOLVED.

PURE DISSOLVED BONES.

SOLUBLE PHOSPHATE AND POTASH COMPOUND.

A'so can furnish materials, &c., for making home fertilizers.
