Sport on the Diamond.

CENTREVILLE VS. EASTON.

The third game of the series between the Easton and Centreville clubs was played at the latter place on Friday afternoon, and resulted in a victory for the Easton club, by a score of 18 to 14. The club were handsomely entertained by the Centreville club, and were again the recipients of many favors. After the game they were treated to refreshments at Mr. Harmon's store. The game commenced at about 4 o'clock and ended at 8 in the afternoon. It commenced with the Centrevilles at the bat, who were blanked. Mason opened for the Eastons with a base hit, and five runs were made in the first inning. The best batting was done by Shannahan, who made two three base hits. The home club done better batting in this game than they have done this season. The club is certainly improving, and can improve much more, which we expect to see them do. This game makes two out of three won by the Eastons. To those who are familiar with scores, the following will explain the game:

SHORT STOPS CAUGHT ON THE FLY.

Somerset county has seven base ball clubs.

The Stars of Easton have received a challenge from the second nine of Washington college, to play them at Centreville to-morrow.

The Eastons play the return game with the Federalsburg club, at that place next Friday.

The date of the next game with the Centrevilles has not yet been arranged. We expect to see a large crowd of Eastonians witness the game when it occurs.

The Eastons expect to play at St. Michaels next Tuesday.

Murder on Kent Island.

A colored man named William Robinson, about 25 years of age, was shot and killed on Kent Island on Saturday by Benj. F. Legg. It seems that Robinson was at work for Legg's father threshing wheat, when some difinlty occurred between him and Legg, which led to angry words, Robinson cursing Legg and Legg cursing Robinson, and it is said Robinson made an attack upon Legg with a pithfork. Legg then ran to the house and procuring a gun returned to the threshing yard and fired at Robinson, inflicting a mortal wound in the groin, from which Robinson died in about two hours. Justice Phillips held an inquest over the murdered man, the jury rendering a verdict that "Benjamin F. Legg feloniously, voluntarily and of malice aforethought shot the said William Robinson in the groin, inflicting a mortal wound with a shot gun, of which wound the said William Robinson shortly after died, within two hours after he was shot, and before he could be taken to his home, and so the said Benjamin F. Legg then and there killed and murdered the said William Robinson."

Legg is about 45 years of age, unmarried, and has heretofore been regarded as a quiet, well-disposed gentleman. He has not yet been arrested. The officers are in search of him.—Centreville Observer.

Montrose Fair Grounds.

Mr. T. T. Martin is engaged fitting up his trotting track and fair grounds, on his farm, "Montrose," a mile from Easton. The lot contains 25 acres. The track was made several years ago but was not used. It is a half mile track, and was surveyed and laid down by Prof. Chaplain. Mr. Martin has widened the public road, opposite the entrance, at the corner of Park woods, put in a brick culvert at the gate, and otherwise improved the premises, giving the entrance an inviting appearance. He has tiled the track, where it was low, made it perfectly dry, and Montrose Fair Grounds when finished, will have one of the best half mile tracks in the State. It is now fit for use, and doubtless there will be many trials of speed there the coming fall. We understand it is the intention of Mr. Martin to rent the grounds, or, if not rented, to conduct the business himself.

Such a track is much needed here, and our horse men will doubtless appreciate and patronize it. The grounds are well suited for a county fair and cattle show, and one may be held there this fall, if our farmers have not outlived their interest in fairs. We are satisfied that a suitable man might rent these fair grounds and make money by running them properly in connection with a training stable.

On Thirty Days' Trial.

The VOLTAIC BELT Co., Marshall, Mich., will send Dr. Dye's Celebrated Electro-Voltaic Belts and Electric Appliances on trial for thirty days to men (young or old) who are afflicted with nervous debility, lost vitality and kindred troubles, guaranteeing speedy and complete restoration of health and manly vigor. Address as above. N. B.—No risk is incurred, as thirty days' trial is allowed. jan2-y.

—A grand nuisance—the pumping arrangements and sloppy pavement in front of the Court House, on the principal thoroughfare of the town. We would stop this dampness, were we the town fathers, if we had to "bust" the town to do it.

—Mrs. S. N. Cheezum having rented her farm on Goldsborough's Neck road for the ensuing year, will sell all of her live stock and farming implements and machinery at public auction on the 5th of September. The invoice embraces a large variety of valuable property. See advertisements in THE STAR.

—Another chance to secure many and great bargains in Millinery and Fancy Goods. Everything at cost. Zephyrs, Ribbons, Worsteds, Collars, Buttons, &c., &c., at Mrs. S. F. Tower's, on Dover street. She is anxious to close out to remove from Easton and the stock must be sold. Remember that cost will not be considered.

—On Thursday afternoon, near Marydel, the Jersey City freight train struck a colored girl who was on the track, injuring her quite severely. The girl was supposed to be crazy, because when the train struck her she had a rope wrapped all around her, and it was believed she had been tied but in some way managed to get loose. At last accounts she was still alive.

—'Throw Physic to the Dogs' is a command, disobedience to which has cut short many a useful life. The remedy called Wilsonis advertised on another page, strikes us as a most reasonable one.

Treatment by electricity has often been found beneficial, and could it be applied constantly might do more.

By the Wilsonia method, mild, almost imperceptible, currents of magnetism are constantly given, which in an almost marvellous way restore health. Its achievements in the past are the universal theme.

Letters from Talbot County Wheat Growers.

Easton, Md., Aug. 10, 1883.

Messrs. Hubbard & Brother—Dear Sirs: Having used your Standard Phosphate for the last three years, I am thoroughly convinced that there is nothing better on the market. My land has been greatly improved and crops more than doubled. This year I got 22½ per acre on my entire crop. Will use 10 ton this fall. Yours respectfully,

A. A. PASCAULT.

McDaniel town, Aug. 7, 1883.

Messrs. Hubbard & Bro.—In reply to your inquiry as to the effect of your phosphate that I bought of you last fall, through the agent, Jas. E. McDaniel, I applied it at the rate of 275 lbs. per acre on stalk ground. The result was 30 bushels per acre, weighing 61 pounds per bushel. WM. E. LOWE.

Easton, Md., Aug. 10th, 1883.

Messrs. Hubbard & Brother—Dear Sirs: I have used your Standard Phosphate for the last three years with results to my satisfaction, and from my crop harvested this summer can give the following test: From one field I threshed 825 bushels—21 acres—S.C. Bone gave me 160 bushels, or at the rate of 109 bushels to the ton; three tons of your Standard gave me 440 bushels, or 147⅓ bushels to the ton. Wheat sold at $1.10—after deducting the difference between Standard and S. C. Bone, $15 per ton, your Standard give me a profit of $34.13 per ton over the other goods. My order for fall has been given for your Standard. Yours respectfully,

C. H. HARDEN.

Bay Hundred, Aug. 7, 1883.

Messrs. Hubbard & Bro.—Dear Sirs: For the past two years I have used Hubbard's Standard Bone, bought of James E. McDaniel, Esq., and obtained the most satisfactory results I have ever obtained from the use of any fertilizer, and that, too, in comparison with the most approved and costly brands of fertilizer. Yours truly,

JOHN H. LOWE.

Easton, Md., Aug. 8th, 1883.

Messrs. Hubbard & Bro.—Gentlemen: Answering to your inquiry, would say I used your Standard Phosphate on my wheat last fall with four other kinds. The result on my crop was decidedly in favor of your Standard. Also in repeated conversation upon the use and result of fertilizers, I find several of our best farmers have the same opinion of your goods. I shall use it this fall. Yours respectfully, WM. C. SMITH.

Wittman P. O., July 8th, 1883.

Messrs. Hubbard & Bro.—Gentlemen: I have been using your Standard Bone, bought of J. E. McDaniel, for the last three years. I think it has doubled my crop every time. I made 30 bushels of wheat to the acre on very thin stalk land, with an application of 200 pounds to the acre. Would say to everyone wanting a good Standard Phosphate to try it. Yours truly, B. F. SHERWOOD.

Cordova, Aug. 9, 1883.

Messrs. Hubbard & Bro.—Dear Sirs: It gives me pleasure to reply to your request, and say that your Standard Phosphate is in every respect satisfactory. Since I have been using it, my crops have been largely increased, which can only be attributed to the superior quality of your goods. I shall use the Standard this fall. Yours respectfully,

ALEXANDER BOOTH.

Killed by a Pistol Shot.

On the afternoon of August 4th, Kate Williams, colored, residing in Scott town, near Wye Mills, was accidently shot by Mary Frances Homier, also colored, while the latter was carelessly handling a pistol. The particulars of the shooting, as gleaned from the evidence at the inquest, are that Henry Homier had been using the pistol and thinking that he had discharged all the chambers, placed it under the bolster on the bed. Mary Frances Homier went to the bed to make it up, and discovering the pistol, took it up and pointed it at Kate Williams, who asked her not to shoot her, to which she replied that she would not. While thus talking the pistol was discharged, the bullet striking Kate Williams on the left side of the head, penetrating the brain. The unfortunate girl only lived a few hours after the accident. A jury of inquest was summoned by Constable S. C Jump, with Thomas W. Hopper, as foreman. After hearing the evidence they rendered a verdict that Kate Williams came to her death by a pistol ball, shot from a pistol in the hand of Mary Frances Homier, and from the evidence, believed it to be an accidental shooting. Mary Homier was held to bail to appear at court.—Centreville Observer.

Literary Notices.

FRANK LESLIE'S SUNDAY MAGAZINE.

The September number could scarcely be excelled in the variety and excellence of the contents. Rev. C. E. Cheney, Bishop of the Diocese of Chicago, contributes No. VIII. of "Religious Denominations in the United States —What is the Reformed Episcopal Church?" The editor has a charming article, "The Ministry of Tears"; "The American Pilgrim in Palestine" and "Among the Natives of the North," are continued. Besides, there are the usual, short stories, sketches, essays, poems, a sermon by Rev. Dr. Talmage, etc. The number is profusely and beautifully embellished. Price 25 cents per number; $3 a year, postpaid.

Address, Mrs. Frank Leslie, Publisher, 53, 55, and 57 Park Place, New York.

Building in Oxford.

There is considerable building going on at Oxford. Mr. Wm. J. Shehan has just finished three handsome plate glass front stores, which is a great improvement to Morris street. Dr. Wilcox built a handsome brick drug store last winter, which he now occupies, and Mr. H. N. Beall an enterprising young druggist is now just completing a new drug store, which has an ornamental front which takes down any store in the town. Mrs. Ireland is just about completing her new residence, which is certainly a very pretty house. Mr. Thomas A. Markland is the master builder, and the work does him great credit. Mr. N. B. Stevens is doing Mr, Beall's work. Mr. Charles Leonard has also commenced a new dwelling. Mr. Jas. Nicols is the builder. Mr. Blades has also recently built a handsome new house.

Retiring from the Old Stand.

On account of ill-health, I have been compelled to give up blacksmithing, at the old stand on West-street, and seek a more congenial business. After being engaged for so many years in the blacksmith business in Easton, and having had such pleasant business associations with the people of Talbot county, it causes me some regret to be compelled to retire from the old place, but trust that I may still retain their patronage in the business that I am about to embark, which I shall announce shortly. Thanking my customers for their kind patronage in the past, I am,

Very Respectfully,

It LG PATRICK RYAN.

New Millinery Store.

Mrs. Rosa V. Leonard has taken the store and dwelling on Dover street, lately occupied by Mrs. Halstean, next door to the office of the Building Association, and is now fitting up the room for a Millinery and Fancy Goods Store. Having had 12 years experience with Mrs. Street, Mrs. Stewart, and Mrs. Tower, she feels confident that she can give satisfaction to all who may favor her with a call. She will open with a new stock of goods, about September 1st.

The Crops.

The dry weather and cool nights last week were not at all favorable to corn.

The peach crop is much smaller than was expected. There will be about a half crop. Apples promise a good crop. The pear crop promises well. Grapes are better than last year. Tomatoes promise to be the paying crop in this county.

Handsome Lot of Fruit.

Mr. R. A. Burns, on Dover street, sold 50 baskets of peaches, and lots of other fruit, on Saturday. He intends to make his place the fruit headquarters of Easton. He will keep on hand and supply all kinds of fruit of the best quality. Give him a call.

For Bargains.

Just think of 10,000 yards of goods sacrificed because of lack of room. Chaffinch & Coney want to add largely to their stock for the fall trade and will make the above sacrifice for the sake of room.

Sale of Stock.

Mr. R. H. Roe has bought Mr. Cooper's stock, on the south side of Dover street, and Mr. John G. Bartlett's, 15 cows, for $1,000.

Farm Sold.

Prof. A. Chaplain sold his farm in Trappe district, at auction last Tuesday, to James H. Leonard, Esq., 161½ acres, for $8,100.00.

—Seekers after health can find it. See advertisement of Simmons Liver Regulator.

EASTON MARBLE AND CARRIAGE WORKS,

OPPOSITE BAYSIDE ROAD.

R. S. FOUNTAIN, Proprietor.

The largest stock of new carriages to be found on the Eastern Shore.

All work made by hand, of the very best material, and in the best manner, and warranted to give satisfaction.

Always on hand, a large lot of second-hand carriages, which are offered cheap.

All kinds of repairing done promptly to order.

None but the very best and thoroughly reliable mechanics employed.

A full line of factory work from the cities always on hand, and sold at prices which defy competition.

Orders solicited for Cemetery Work, and estimates given on application. A full line of MONUMENTS, TOMBSTONES, CURBING, &c., kept in stock and lettered to order. Prices much less than city marble works.
