PROMINENT readjusters all over Virginia are leaving Mahone and joining the Democratic party. The little repudiator must go.

THE Dynamiters have been at work again in England. There were two terrible explosions in one day last week. They appeared in railroad tunnels. Nobody can tell anything about them. Great alarm exists in London.

AS STATE after State all over the land are wheeling into the Democratic column, preparatory to the great presidential contest of 1884, let not the good old State of Maryland wheel out of line. Every Democrat must put his shoulder to the wheel to-day, and keep old Maryland true to the Democratic faith. If we but stand firmly together we shall conquer a glorious Democratic victory.

HART B. HOLTON was one of the party who tarred and feathered the abolition Quaker, James L. Bowers, in Kent county, in 1858. He was at that time teaching school in Kent county, and was the bitter enemy of the negroes. Bowers was accused of helping slaves to run away, and was tarred and feathered for the sin. Now Holton pretends to be the friend of the negroes and the Society of Friends. Down with the hypocrite.

DEMOCRATS, before you vote, read the odious record of Hart B. Holton, which we publish this morning from the Baltimore Day, and then give him the height of the market. Such a man is not fit to be Governor of Maryland. A man who would overthrow republican government, and substitute in its place military rule, in time of peace, is not worthy to fill the executive chair of this grand old State—one of the original thirteen, which achieved American independence. Out upon such a panderer to military despotism.

AT one time it looked as if there was going to be considerable cutting of the Democratic ticket in this county. That danger, we are glad to say, is pretty well past. The cutting will be light to-day. Most of the dissatisfied Democrats have reconsidered the matter, and determined to vote the whole ticket. Those who are out, if any are, will more than make up their losses in this respect. The abuse the Republicans heaped on the Democratic party last Monday has determined Democrats to stand by their party and vote the full ticket. Vote the whole ticket.

THE Republicans having clutched power in this State during the war, attempted to retain it by disfranchising Democrats, through the constitution of 1864. Failing in that, they struggled to establish through congress a military despotism here, to keep them in power. Failing also in that, they inaugurated negro suffrage, hoping to keep themselves in office by the votes of the colored people. Failing in that, too, they are now frantic for power, and have mounted the reform hobby. But it won't do. As well might we expect the Devil to reform the infernal regions, as these desperate tramplers upon constitutional government to reform anything. They are destroyers, not reformers.

DEMOCRATS, this is no time for cutting candidates. The Republicans and their black allies are making a powerful effort to overthrow the democracy of Maryland and reinstate themselves again in power in this State. We all know what it means; and it amounts virtually to negro rule. Their only hope of getting into power is through Democrats cutting their tickets. Disappoint them for once, and prove to them you vote for principle. Remember, the next Legislature elects a United States Senator. Do you want to see a Democrat or Republican sent to the United States Senate? If they gain a Senator from Maryland, the Republicans will probably control the Senate through the next administration; if the Democrats continue to be in power in this State, and elect a Senator, the Democrats will probably control the next Senate. The issue is a vital one. It is one of paramount principle. Stand by your colors, Democrats, vote the whole ticket, and you will never regret it. Now is the time to overthrow the negro party.

NOT TRUE.

We understand that a report is being circulated over the county as a Republican campaign lie, for the purpose of injuring Colonel Edward Lloyd, of the Democratic legislative ticket, to the effect that Col. Lloyd is in favor of breaking up the oyster business for five years, in order to force the oystermen to quit their business and engage as farm hands, so that farm labor may be cheaper. Strange as it may seem, some men believe the report, although there is not a word of truth in it. Col. Lloyd was eight successive years in the legislature, and never suggested anything of the kind, and never dreamed of suggesting it. On the contrary, all the time he was in the Senate he was the reliable and steadfast friend of the oystermen, and everybody knows that he is not a selfish man, and would be the last man to injure the farm laborers, many of whom he has often befriended. We hope no Democrat will be influenced by this monstrous and unnatural lie to vote against Col. Lloyd. We know not how far it has been circulated, or how many people have heard it, but we assure all who may have heard the report that it is wholly untrue, and gotten up by his enemies to injure his election. We hope the Democrats in the several districts will take pains to put the Colonel right, if they should hear the false report.

A WAR between France and China appears to be inevitable.

THE country to-day expects every Democrat to do his duty.

GEN. TIDBALL has assumed command of the Artillery School at Fort Monroe.

GEN. SHERMAN has been retired, and Gen. Sheridan is now the General in command of the United States armies.

SENATOR BAYARD made one of his grand Democratic speeches in Baltimore Thursday night. The ball goes it in two columns.

THE Democrats of Baltimore have nominated William Shepard Bryan for Judge of the Court Appeals, to fill the vacancy caused by the resignation of Judge Bartol—a most excellent nomination.

THERE was a fearful riot in Londonderry last Thursday. The orangemen seized the city hall and would not let the Lord Mayor of Dublin speak to the Nationalists in it. The military restored order.

THE Gazette warns colored voters "not to vote for a man for Governor who will necessarily be the tool of a corrupt ring." Then they must not vote for Hart B. Holton. C. Irving Ditty says Holton and his backers are corrupt and rotten to the core. We don't see how honest voters could touch him with a forty foot pole.

THE Gazette says "the Democrats make a great ado in regard to State rights." We should think the Republican Supreme Court has made some "ado" about them also, which proves that they have not been "shot to atoms" by a great deal. It seems that "civil rights" is under the guarantee of "State rights," the Gazette to the contrary.

ALL know and admit that our Orphan's Court has been faithful for the past four years, that the interests of the widow and the orphans are safe in their hands. We cannot improve the Court by electing Republicans. It is a good Court, and an honest Court.

VOTE FOR HAMMOND, MERRICK AND ROSE.

THERE is streng hope that the Democrats will carry a majority of the middle and northern states to-day. Let old Maryland not be behind to-night at the general rejoicing. And we hope that old Talbot will come out of the conflict with an untarnished record, with every Democrat on the ticket will be triumphantly elected.

DON'T forget, Democrats, when you vote to-day, that Col. J. C. Mulliken, the Republican candidate for Comptroller was one of those who aided and justified the disfranchising of Democrats after the war, and of test oaths and proscription of all Democrats during the war. Remember these things and

VOTE FOR TURNER.

REMEMBER, most of the patronage of the Commissioners' office. The collector of taxes, the road supervisors, the trustees of the poor, the constables and judges of the election are appointed by them, by them. The Democrats have these offices. The Republicans want them. If you want to keep them in white hands you must work to-day, and

VOTE FOR SIMPSON, KNOTTS AND WILSON.

VOTERS of Talbot! it is very important we should have a good Sheriff. The Sheriff has very important interests entrusted to his care. Democrats, we shall make a great mistake if we elect an indifferent Sheriff. We all know that Mr. Thomas P. Hopkins has made a good constable, and believe he will make a good sheriff. Of Mr. Wright as a public officer we know nothing.

VOTE FOR HOPKINS.

KEEP it before the people that Hart B. Holton, when in the Maryland Senate, defeated the bill, which had passed the House of Delegates, limiting the working time of children, employed in factories, to ten hours per day. He wanted to continue to work them fourteen hours per day to fill his coffers. This was as mean and inhuman as his tarring and feathering James L. Bowers, of Kent county, for helping slaves to run away. Remember this, voters of Talbot, and

VOTE FOR McLANE.

THE County Commissioners office is perhaps the most important office to tax payers in the county. The Commissioners fix the tax rate, levy the taxes, pay the county expenses, and protect the county credit. The Democrats have nominated a good ticket. They are all careful, economical, intelligent men, who will take care of the credit of the county if elected. Democrats owe it to the gentlemen nominated; they owe it to their party; they owe to the county, to

VOTE FOR SIMPSON, KNOTT AND WILSON.

BEFORE this reaches some of our readers, the voting will have commenced. Let us implore every Democrat to do his duty. Stand by your party. Stand by the ticket. Stand by the polls. See that every Democrat votes. See that no votes are overlooked or lost. Give the day to the cause. Let the young Democrats be vigilant, let them be active. Show your ability to take the place of your fathers when they retire from active work. If you all, old and young, do your duty today, and vote the ticket and nothing but the ticket, a glorious victory in Talbot will crown your labors.

VOTE THE WHOLE TICKET.

IF THE people of Talbot want the State's Attorney's office ably and faithfully filled for the next four years; if they want virtue protected and crime punished; if they want honesty to prevail and thieves locked up;

VOTE FOR STEWART.

This is no trifling matter. Every man is interested in this office; interested in his life and property; interested in his children; interested in his religion and morality; interested in a thousand ways it is not necessary to name. And every voter knows he can best promote all those vital interests by voting for the Democratic nominee.

VOTE FOR STEWART.

THE *Gazette* says the salary of a United States Senator is $10,000 a year, and that Gov. Thomas' received that sum of the state for his one year's attendance on the Senate pending its decision respecting his seat. The *Gazette* states what is not true on both propositions; the salary of a Senator is only half the amount stated by the *Gazette*, and Governor Thomas was only paid a year's salary after the Republicans refused to pay him. His was the only case of the kind that the Senate refused to pay. After refusing to pay Gov. Thomas the $5,000 he was entitled to, having been legally elected, the Republican Senate turned right around and paid the negro Pinchback, from Louisiana, over $15,000 for prosecuting his claim to a seat to which he was not elected, after his rejection by his own party. Why didn't the *Gazette* ventilate the iniquity of the Pinchback appropriation, while exhibiting its austere virtue? We suppose it thinks it right for Republicans to lavish on Republicans all they want, while it is wrong to pay Democrats their legal dues. The *Gazette* need not be uneasy; the state of Maryland will get back the $5,000 the legislature justly paid Gov. Thomas, if the Democrats ever get into power.

THE Democrats of Maryland to-day will not give [illegible] votes [illegible] less than [illegible] majority [illegible] and it may be [illegible] full vote in [illegible]

ALL that a man can do the Democrats have on their ticket, in Charles B. Roberts, the candidate for Attorney General. He is a good lawyer and every way worthy the support of the Democratic party.

VOTE FOR ROBERTS.

WHILE voting to day, don't forget the County Surveyor. The office is not one of much profit, but the vote on the surveyor usually exhibits the strength of parties. Remember this, Democrats, and

VOTE FOR CHANCE.

IT WILL be the pride of old Talbot next winter to have Philip F. Thomas, Edward Lloyd and Joseph B. Seth in the legislature. There is scarcely a doubt that they will be elected! However, to make it sure, every Democrat must

VOTE FOR THOMAS, LLOYD AND SETH.

THE Republicans boast that they have $5,000 to spend on the election in this county to-day. If they have anything like that sum they intend to bribe the voters fore and aft, right and left; so, Democrats, look out for and catch those who may attempt to use the money for the purpose of bribery. But money cannot buy the honest Democrats of Talbot. Spurn their bribes, Democrats, and

VOTE THE WHITE MAN'S TICKET.

MEAN, VERY MEAN.

About the meanest thing we have seen this campaign is the putting of old Capt. Ridgaway forward, in the *Gazette*, by the Republicans to make a malicious and libellous charge against Mr. J. Frank Turner. It is a small, mean business. Capt. Ridgaway cannot verify the matter personally, except by hearsay, and all know it is not true. We understand that the meanness of the thing has made a number of Republican votes for Mr. Turner, the parties saying that they will not countenance such scandalous electioneering. A party must be desperate, indeed, to resort to such methods.

TO THE polls! Democrats, to the polls! The time for argument is past. There is nothing left now to be done but to work. Go to the polls early, vote early. Then give the day to seeing that others vote. If any hesitate persuade them to stand by the old flag. Look up the sick. Encourage the timid young voter. Go with him to the polls and see that he is not challenged—that he votes all right. Look out for spurious tickets. Examine your ticket before voting. See that all the Democratic names are on it and no others. Do not allow any one to put a scratch upon your ticket. Vote the ticket, the whole ticket, and nothing but the ticket.

IS THERE any good reason why a Democrat should cut his ticket and vote for a Republican? There is none. There can be none. Then, if you are a Democrat in principle as in name, stand by your party and vote for its nominees. This is the only way to gain success. It the only way to consolidate a party and keep it together. It is the only way to establish Democratic principles in the State and Federal governments. Keep the Republicans out by not voting for them. Keep the Democrats in by voting solidly for them. It is a very simple proposition and Democrats ought all to understand it. The vital essence in all party organizations is in voting the ticket and voting it whole, in voting the ticket as it is printed.

VOTE THE WHOLE TICKET.

THE *Gazette* is in great error in supposing that, because the STAR did not controvert its nonsense of Saturday week respecting the Democratic candidates, therefore the STAR endorsed what it said. It did no such thing. On the contrary, the thing was perfectly ridiculous. If a bill was sent to the legislature in an imperfect shape, which is emphatically denied, there is no excuse for the editor of *Gazette*, who was then in the House, in passing it in an imperfect shape. He ought to have amended it and made it right. Others might complain of the passage of an imperfect law, but certainly those who passed it have no right to complain. The *Gazette's* strictures paid such a poor compliment to its editor as a legislator, that we cannot see how his modesty allowed their publication.

J. MORRISON HARRIS is now the great Republican champion of reform. Mr. Harris, it will be remembered, held a seat in Congress in Know Nothing times, and was sent there by frauds perpetrated by the Plug Uglies and Blood Tubs. He would have no objection to *reform* himself into Congress again, or into the gubernatorial chair of Maryland, through the same agencies, if he could get rid of the Democratic police of Baltimore. There never was a more corrupt politician than the aforesaid J. Morrison Harris, who has more than once sounded the depths of every species of political rascality, and occupied a seat in Congress in defiance of a large majority of his constituents. As soon as there was an honest vote in Baltimore J. Morrison Harris went under water, clean out of sight.

An effect existing without a cause is an impossibility; tickling in the throat, hoarseness of the voice, violent coughing, etc., are the effects of a severe cold. Dr. Bull's Cough Syrup cures the cold at once and removes its serious effects.

Its efficiency in all forms of LIVER DISEASE has been tested and approved by thousands of the most prominent citizens of Baltimore, who have used it successfully in combating the above complaints, all of which arise from a derangement of the Liver and Disordered Stomach. We therefore say to you confidently if you have *Dyspepsia, Suffer from Sick or Nervous Headache, have Chills, Bowels are Constipated, or you feel generally Played Out and don't care a continental whether you live or die, try J. M. Laroque's Anti-Bilious Bitters*, and our word for it, a single dose, taken either at night on retiring or in the morning before breakfast, will make you feel like a new man. If you live in a malarious section, where Chills and Fevers abound, it will be found a most effectual Remedy in guarding the system from all attack. The price, too, is reasonable and within the reach of all; 25 cents for the Herbs in packages, or $1.00 for the bottles ready prepared.

To the Public, Property Owners and Consumers of House Paints.

During the past ten years every gallon of our paints have been sold under our *Positive Guarantee*—that any building would be repainted at our expense if not satisfactory for a proper term of years thereafter. In view of the *apparently low prices* at which cheaply made *benzine and water paints* are offered, and the difficulty experienced by inexperienced buyers in discriminating between the *best paints* and *paints of inferior character*, we now add to our previous guarantee the additional guarantee of cost, thus placing the *low price of our paints beyond doubt.*

We authorize any dealer to furnish our paints free of cost to any buyer, who having painted his building with our paints, can demonstrate that our paint has not cost 10 per cent. less for paint used, than cost would have been for either pure white lead and linseed oil or any other mixed paint in this country.
