THE CASH SYSTEM.

At an adjourned meeting of the Newspaper Publishers of Frederick City, held on Monday, the 7th of December, 1868, the following Resolution was unanimously adopted:

RESOLVED, That from and after the 1st day of January, 1869, the subscriptions for our respective Newspapers must be paid CASH, or within three months of the commencement of the subscriber's year, otherwise Fifty Cents additional will be charged—that whenever practicable the CASH will be demanded for all Job Work and Advertising—that no work will be undertaken unless for substantial and responsible persons, and that the CASH in advance will be required in every case from strangers and those whose disposition and ability to pay for work is not well known.

Report of the Superintendent of Labor and Agriculture.

We are in receipt of the report to the General Assembly, made by Dr. William S. McPherson, the Superintendent of the Department of Labor and Agriculture, which we have had time to glance at cursorily, only. If we could flatter ourself, that our views on the questions discussed by this State Officer, would be likely to effect the action of the General Assembly, we might be induced to comment at length on the facts and recommendations of the Superintendent. But this we are not vain enough to imagine. We may be permitted to say, however, that it *being once conceded*, that there is now actually needed, in Maryland, an increase of labor, and especially *farm labor*—and that in view of the demoralized condition of nogro labor—this want can only be supplied by *white labor from Europe—then* it is manifest, from the facts stated, in the report, in this connection, that the assistance asked for by the Superintendent should be promptly granted by the Legislature. So, also, IF the successful pursuit of agriculture, by those who are engaged in it, is a matter which claims the guardianship of the State, *then* again, we think it is clearly the duty of the Legislature to protect the farmers of the State against the frauds which have been practised upon them in the sale of worthless fertilizers; and, to this end, we think a law should be passed providing for the inspection, by officers of the State, of all fertilizers sold to citizens of Maryland, whether manufactured in or out of the State. But we have not space to go into detail on these or other subjects presented in the report for the information and consideration of the body to which it is addressed,—we merely indicate our views and say, that if the department is to be continued, it ought to be rendered efficient—where it is now impotent—by investing it with ample powers and sufficient means to accomplish the purposes for which it was created.

THE OBSEQUIES OF GEORGE PEABODY, the world renowned philanthropist, will take place at Peabody, his native village in Massachusetts, on Tuesday next. His remains arrived there on the 1st inst. The city authorities of Baltimore, as well as the General Assembly of Maryland, have adopted proper measures to signify to the world the grateful esteem and veneration in which the memory of this great and good man are held by the people of Maryland. Committees have been appointed by the city of Baltimore and by the General Assembly of the State, to be present and unite with other States and city authorities in the solemn and imposing obsequies on Tuesday next.

EDWIN M. STANTON—IS IT TRUE?—The New York Democrat, in its leading editorial of the 24th, ulto., states that Edwin M. Stanton died of suicide by cutting his own throat, in remorse for the murder of Mrs. Surrat. The suddenness of the death, and the fact that no one was permitted to see the face, as is usual at funerals, give color to the report. The Democrat speaks positively; and declares: "We personally know that he has "told a gentleman in this city, a gentle-"man high in judicial position, and who "is known as the soul of truth and honor, "that since the murder of Mrs. Surratt "he had not known one hour of peace; "and said that woman was murdered to "appease the wrath of a party—and I "was the coward that struck the blow for "those who demanded this wrong." He said, "Her ghost haunted him; asleep and awake."

Whatever be the truth, we suppose it will one day come out.—*Prince Georgian.*

HORSE THIEF.—A few days ago, says the Carlisle (Pa.) Volunteer, John Green received a printed bill, offering a reward for a sorrel horse which had been stolen from the vicinity of Harper's Ferry, Virginia. Learning that such a horse had been seen in Perry county, he started thither, and when near Bloomfield, met a young man from this town, named Taylor Morrison, riding a horse which answered the description. As soon as Morrison saw Green he jumped his horse over a fence and took to the woods.—Green aroused the neighborhood, and chase was given. Being sorely pressed after a chase of four or five miles, Morrison abandoned his horse in the mountain and took to his feet.—He was finally captured at the lower end of Perry county, near Bridgeport, and lodged in the Perry county jail.

In Louisville a negro charged with ravishing a white woman, was tried and acquitted. When the verdict was announced the woman drew a pistol and fired at him, taking off a piece of his ear.

PUBLIC SALE.—Attention is called to the following sales advertised to take place prior to our next issue:

To-morrow, the 5th inst., at 2 o'clock p. m., Fred. J. Nelson, trustee, will sell on the premises, near Mt. Zion Church, an interest in a tract of mountain land, containing 10 acres.

On Tuesday, the 8th inst., at 1 o'clock p. m., Mary E. Liggett, adm'x, will sell in the village of Georgetown, 7 miles north of Frederick, horses, cattle, farm implements, and household and kitchen furniture.

REAL ESTATE SOLD.—Last Saturday, Wm. B. Tabler, Auctioneer, sold at the City Hotel, on account of the Frederick County Building Association, the House of Mr. Thomas Fagan, situated in W. Patrick St., to Mr. Samuel Maught, for the sum of $1,910. Mr. Phillip Reich has sold his valuable residence in South Market street, to Mr. Andrew J. Delashmutt, for $4,200.

JUSTICES OF THE PEACE.—Under the law passed by the present Legislature, providing for the appointment of two additional Justices of the Peace for Frederick district, the Governor appointed Mr. Wm. Mahoney and Mr. J. T. C. Miller. The Senate, it appears, confirmed the appointment of Mr. Mahoney, but rejected Mr. Miller. Why the latter was rejected we are unable to state.

WARD MEETINGS.—It has been suggested that the democrats of the several wards of the city meet in their respective wards at 7 o'clock on MONDAY, THE 17TH INST., for the purpose of nominating acceptable candidates for the Common Council, to be voted for at the approaching corporation election. With good men there can be no doubt of our success. Let all democrats attend these meetings, and participate in the nominations in their respective wards; and the nominations having been fairly made, in accordance with the popular sentiment, then let all good and true men, who are opposed to radicalism, go to work and elect them by a triumphant majority.

TURNPIKE.—A large meeting of the citizens of Jackson district was held at Myersville, on Friday last, for the purpose of considering the necessity of building a Turnpike road from the Frederick and Hagerstown pike through Myersville to the Washington county line. Mr. D. V. Harp was called to the chair and Geo. Koogle acted as secretary. Messrs. Joseph Brown, James Garver, Cyrus Routzahn, J. J. Smith, Isaiah Toms, Geo. Koogle and David Ausherman were appointed a committee to procure a charter and obtain subscriptions for the road. This is a road very much travelled, and at this season of the year is almost impassable. A good pike is indispensable for the convenience of the people of that neighborhood, and if they properly appreciate their interests they will not flag in pushing on the good work.

NOT EASILY DECEIVED.—Shrewd, enquiring business men generally find out what is to their interst, and will not long be deceived by false pretenses on the part of those with whom they deal. If the advertising community could believe the incessant boastings of certain newspapers in this city, they would have to take it for granted that their circulation equals the most favored metropolitan dailies. NEW subscribers do not pour in upon *us* daily by tens and twenties—if paying subscribers we should rejoice at such a state of things, but would be reluctant to mention it lest we should lose something of our reputation for truthfulness. But without boasting on our part, the claims of the Citizen as a *first class* advertising medium, we believe, are frankly recognised by all shrewd business men. Our experienced city agents for the sale of real estate—never fail to avail ot the columns of Citizen in advertising farms or city property for sale, for they know of its circulation and of its value as an advertiser, independent of any boasting on our part.—We call the attention of the public to the vast amount of personal property advertised in our issue of to-day.—Those who may have property to sell, if they wish the great public to know of it, will act wisely—and *get their money back*—by advertising in the Citizen.

CITY COUNCIL.—A correspondent of the Republican recommends as candidates for Common Council—Levi Vanfossen of the 1st ward, S. L. Geisinger, 2nd ward; John Wallace, 3rd ward; W. B. Tabler, 4th ward; James Hergersheimer, 5th ward; Aaron Davis, 6th ward; and B. F. Winchester, of the 7th ward. Another programme suggests Jas. Hopwood, for the 1st ward; Peter Baer, 2nd ward; M. H. Haller, 3rd ward; W. B. Tabler for the 4th; G. W. Cramer for the 5th; George Hoskins for the 6th; and Arnold Vanfossen for the 7th ward. It is assumed that these republicans can be elected at our approaching election for City Councilmen by the aid of the "new recruits under the fifteenth amendment." The radicals confess that they are politically without hope in our city corporation, as they are in all the counties of the State, on the white basis. In order to attain power they have united with the enemies of their State and section in overthrowing the social institutions and government established by the fathers of the republic. Having identified themselves with the abolition party about nine years ago, under the pretense of preserving the Union, they consented to the abolition of slavery because it was the policy of their Northern masters, to whose behests they submitted the more cheerfully, as they expected reimbursement for their losses in slave property, and compensation for their subserviency, in the spoils of office. In the same spirit they have approved each successive innovation upon the constitution, and each new dogma of radicalism, until the full measure of the political equality of all men, without regard to race or color, (except Indians not taxed) has been reached. They claim the merit of having *aided* in making the negro a freeman and a citizen; and yet, now consider the whole negro race, in these States, as the bound slaves of the radical party. They assume the right to dictate to the negro how and for whom he shall vote. They do not expect the negro to exercise any judgment, any free will, in casting his ballot; but on the contrary, that in all political matters he shall render a blind and unquestioning obedience to the commands of the leaders of the radical party. It is upon this theory that the radicals *here* base their only hope of getting a portion of the loaves and fishes—after the adoption of the XVth Amendment. They will find, possibly, to their chagrin, that the "NEW RECRUITS" will not all bow to the yoke which they would impose.

FOUND DEAD.—An infant child of Mr. Hezekiah Skeggs, of this place, was found dead in its bed on Sunday morning last—Supposed to have strangled to death sometime during the night.—*Val. Reg.*

BASE BALL.—We have been requested to state that a game of base ball will be played at Adamstown, to-morrow, the 5th inst., between a club from Licksville and the Adamstown club.

THANKS.—Messrs. Senator Biggs, Senator Clark of Baltimore county, Mr. Gasaway, Secretary to the Senate, and Messrs. Ritter and White of the House, will please accept our acknowledgements for their courtisies during the present week—in sending us public documents and Senate and House journal.

BREAK IN THE CANAL.—A few days since, the river broke in on the tow-path of the Chesapeake and Ohio canal, at Georgetown, and completely carried away seventy-nine yards of the Southern bank. The damage, however, will not now be repaired, at present but will be taken in its turn, as the working force, which numbers nearly two hundred, proceeds along the line.

ENTERTAINMENT AT JUNIOR HALL.—To-morrow, Saturday evening, Prof. Collier will give one of his splendid entertainments at Junior Hall. The Professor is spoken of by the press wherever he has performed as being an expert in feats of Legerdemain and Ventriloquism, and during two weeks performance in Baltimore was greeted with crowded houses. As the professor formerly resided in this city, it is hoped his friends will show a proper appreciation of his merits by giving him a full house to-morrow night.

STREET BEGGARS.—Our citizens cannot be too careful in their treatment of street beggars, as many of them are theives. Many who go about from house to house asking for charity are unworthy of countenance and should be in the work house or the penitentiary. One night last week one of these characters called at the front door of Mr. Calvin Page and asked for something to eat. While the servant was gone to procure him some food the beggar snatched a garment hanging in the passage and departed without waiting for the return of the benevolent servant. Officer Levy was promptly informed of the facts, and soon after arrested the thief. He was lodged in jail for the action of the Grand Jury.

PEABODY LYCEUM.—This association will hold its regular weekly meeting in United Hall, this (Friday) evening at 7 o'clock. Members are urgently requested to be present, as business of importance will be transacted. Owing to the wellknown ability of the gentlemen who are to participate in the exercises, a rich literary treat may be expected by the public who may favor the Lyceum with their presence. Subject for debate: "Should a Representative in Congress be compelled to obey the instructions of his constituents?" Affirmative, Messrs. John Ritchie and M. E. Smith; negative, Messrs. H. G. Sleeper and Wm. P. Maulsby, Jr. Declamation—C. V. S. Levy. Original composition—Dr. James J. Smith. Criticism—John W. Page.

KEEPING HOTEL.—We observe from an article in the Daily Miama Times, published at Piqua Ohio, that George F. Stayman, Esq., who learned to set type in the Citizen Office about forty years ago—who published and edited a paper for a number of years in Delaware Ohio, and who during the Buchanan Administration was postmaster in that city—has turned landlord and is successfully catering to the comforts of the guests of the Lelan Hotel in Piqua Ohio. Our old friend was a Buchanan democrat, then a Douglas Democrat, then a Union preserver, and is now a reconstructed conservative democrat and hotel keeper. G. F. S., is, in spite of his political idiosyncrasies, a good fellow, and we wish him abundant success in hisnew vocation

A YOUNG THIEF CAUGHT.—For some months past, Mr. N. D. Offutt, merchant of this place, has been missing, at different times, small sums of money, until, it amounted to something over a hundred dollars, without being able to account for its disappearance. On Friday of last week, he again missed six dollars and fifty cents, but yet no one was suspicioned. Upon questioning one of his clerks as to who had been in the store, when it was first opened that morning, he was informed that a negro boy named Gabe, formerly the property of the Misses Bell, was the first to purchase, and that the article purchased was salt, which was kept in an adjoining room to the store. Mr. O. immediately suspected Gabe, and set to work to catch him. He marked six dollars in small currency, being half of the usual amount left over night in the store, with the initials of his name upon each note, and left it in the drawer. Saturday there was no money missing. Early Tuesday morning last, when Mr. Bonic, one of the clerks, reached the store to open it, he found Gabe waiting in want of more salt. After opening the store, he went into the room where the salt was kept to wait on him; and after a short absence, he returned, and handed the salt to Gabe, who, in return, handed him a dime, which Mr. B. carried to the drawer to get him his change, when he discovered that four dollars and seventy-five cents of the marked money was missing, and immediately followed Gabe out of doors and collared him, at the same time calling for Mr. Offutt, who came to his assistance, when Gabe was searched and the missing marked money was found upon him, and also the six dollars and fifty cents stolen on Friday. He was committed to jail to await the action of the Grand Jury.—*Rockville Sentinel.*

A cruel parent in Cynthiania, Ky., snatched his daughter from the charge of a young fellow with whom she was eloping, even after they were seated in the cars. The lover tackeled the old man just outside the depot, and held him while the girl ran back to the train, and then after the cars were in motion, he broke from the parent, rushed aboard and went on his way with the bride to the wedding.

HOUSE.—Annapolis, Jan. 28.—Mr. Thomas, of F., presented a petition from J. Hightman and ninety-seven other citizens of Frederick county, for a law to prohibit the sale of intoxicating liquors in Petersville, in said county.

Mr. Bowlus presented a bill that the use of the hall be granted to Mr. D. Cooke, Principal of the State Deaf and Dumb Asylum, for the purpose of giving a free exhibition by the pupils of said asylum, on Thursday evening, February 3d, to which the members of the General Assembly are especially invited. Objection was made to the adoption of the order, on the ground that on all occasions when the use of the hall has been granted, the hall is filled by persons not members, to the exclusion of the latter, and therefore the purpose intended is not gratified. Mr. Bowlus accepted an amendment providing that no person be admitted but members of the General Assembly and those they may invite. The order was then adopted.

Mr. Ritter reported a bill from select committee to amend the act of 1828, chapter 119, for the making of the several turnpike roads therein mentioned, &c.

Mr. Morse reported a bill from Committee on Corporations to amend the act of 1868 relating to the powers and duties of the corporation of Frederick.

Mr. McCrery offered a message to the Senate, proposing to adjourn the respective Houses of the General Assembly of Maryland at 12 o'clock, midnight, of Thursday, March 10th, *sine die.*

CATCHING COLD—Is a common phrase for an attack of catarrh, but it is a very incorrect one. One year I suffered so severely from a series of "colds," that my attention was drawn especially to them. I was then a lecturer on medicine, and nearly every night, from five to six, during the winter months, had to turn out from a warm room to go through all weathers, lecture for an hour in a theatre heated by a stove and lighted by gas, and then return to my snuggery at home. When I felt a fresh cold beginning, I tried in vain to account for it, until I accidently saw in Copeland's dictionary that the most fertile cause was coming from a moist cold air to a hot and dry room. This at once explained to me the reason of my frequent suffering, for I had invariably gone into my hot room straight from the cold. I lingered in the hall while taking off my great coat, perambulated the rooms in which I had no fire, went up stairs, and the like, ere I went into my study, whose temperature was also reduced.—Since then I agree with a friend, who says, "that a cold comes from catching hot," and I am disposed to think that there is a strong analogy between a chiblain on a child's toes and a cold in a person's nose, throat and lungs.—*Dr. Inman, Med. SIXTH WARD.

Irritable Invalids.

Indigestion not only effects the physical health but the dispositions and tempers of its victims. The dyspeptic becomes, too, in a measure demoralized by his sufferings. He is subject to fits of irritation, sullenness, or despair, as the case may be. A preternatural sensitiveness which he cannot control, leads him to misconstrue the words and acts of those around him, and his intercourse even with those nearest and dearest to him is not unfrequently marked by exhibitions of testiness foreign to his real nature. These are the mental phenomena of the disease, for which the invalid cannot be justly held responsible, but they occasion much household discomfort. It is to the interest of the home circle, it is essential to family harmony as well as to the rescue of the principal sufferer from a state not far removed from incipient insanity, that these symptoms of mental disturbance be promptly removed. This can only be done by removing their physical cause, a derangement of the functions of the stomach and its allied viscera, the liver and the bowels. Upon these three important organs Hostetter's Stomach Bitters act simultaneously, producing a thorough and salutary change in their condition. The vegetable ingredients of which the preparation is composed are of a renovating, regulating and *alterative* character and the stimulant which lends activity to their remedial virtues is the purest and best that can be extracted from the most wholesome of all cereals, viz: sound rye.—No dyspeptic can take this genial restorative for a single week without experiencing a notable improvement in his general health. Not only will his bodily sufferings abate from day to day, but his mind will recover rapidly from its restlessness and irrability, and this happy change will manifest itself in his demeanor to all around him.
