Notice to Bridge Builders and Contractors.
The County Commissioners for Carroll county, will receive proposals for building a Bridge over Double Pipe Creek, between Carroll and Frederick counties, Maryland, until July 14th, 1870, and opened on the 15th of July.
The Bridge will be of the following dimensions: One hundred and eighty feet span between abutments, with a centre pier. The abutments to be twenty-two feet eight inches long at the foundation, and battered to twenty feet long at the top, by ten feet thick at the base, with a batter of one inch to the foot to the top. The abutment on the Carroll county side to be connected with the old stone factory. The wing wall on the lower side to be three feet high above the road bed and 35 feet long, and to be continued with a curved wall twenty-five feet further, as high as the filling of the road bed; and on the Frederick county side the wing wall to be flared so as to connect with the corner of Mr. T. F. Cover's mill, and 50 feet, to be raised three feet above the bed of the road, the lower side to be seventy-five feet long and to be raised three feet high above the road bed for a distance of 50 feet from the floor of the Bridge. The wing walls to be three feet thick at the bottom and 20 inches at the top, well capped with good stone, and bound down securely with iron staps and screws.
The middle pier to be eight feet thick at the base, and battered to five feet thick at the top, twenty-two feet eight inches long at the bottom, and twenty feet long at the top, with the projection of an ice breaker upon the upper margin of seven feet to centre and covering the upper face of the pier, with the same batter as the pier. The pier to be eighteen feet high above low water mark. The abutments and pier to be built of large stone, laid with good lime and sand mortar; also, the wing walls to be finished in the same manner, the filling to be of earth at a grade of 20 inches to the rod.
The proposals will be received in the following manner and form: For an Iron Bridge 16 feet wide with iron floor beams covered with three inch Hemlock; also same bridge with wooden floor beams.
For a Wooden Bridge, same dimensions with frame covering, thirteen feet high and covered with No. 1 Cypress or Pine Shingles, three courses thick, to be painted.
Each proposal shall be accompanied with a diagram or draft of the work and a description of the material to be used therein, in order that the Board may judge of its strength and durability.
Also proposals will be received for the masonry seperately, for the abutments and pier by the cubic yard; also the wing walls by the cubic yard.
Proposals will be received for the filling of earth either by the cubic yard or by contract.
Suitable stone can be had in the rock free of charge, at a distance of four or five hundred yards from the Bridge.
The site of this bridge is within two hundred yards of Double Pipe Creek Station, on the Western Md. Railroad.
Mr. Saylor, living near by will give any information to parties wishing to contract, or for information thereto in relation to the foundation.
By order of Board,
JAMES BLIZZARD, Clerk.

The above property has been seized and taken as the property of Charles Zimmerman, at the suits of Casper Trapp and Andrew Snyder and for officer's fees.
TERMS CASH.
H. BARTGIS,
je3 Sheriff of Frederick County.

To the Agricultural Society of Frederick County.
June 8th, 1870.
GENTLEMEN:—Your Committee, in fulfilment of the duty assigned them, desire to state that they have supervised, with careful attention and impartiality, the trial of Mowers as by appointment of your Committee, and report the results of their observation as most gratifying.
The field selected was in the vicinity of the Fair Grounds, and owned by Mr. Brengle, and the clover was in such a condition heavy, wet, and badly lodged, as to challenge the merits and capacity of the most perfect mower.
Much interest was elicited and many farmers were in attendance during the progress of the trial.
Eight machines entered into competition, and although *all* accomplished their task satisfactorily and well, the attention of your Committee was specially directed to the extraordinary performance and execution of the "Champion" and the "Hubbard," fairly outstripping all competition.
So evenly and smoothly did both do their work, both being light of draught and easily adjusted, so equally and well did both mow their grass upon surfaces even or uneven, with such facility of cut and ease of motion, both being simple in construction and of equal side draft, and equal facility of throwing in or out of gear, that your Committee was equally divided as to which the premium should be awarded. With either machine a farmer may feel assured of accomplishing his work safely, swiftly and satisfactorily.
The vote of the Committee stood:
FOR THE CHAMPION.
Cornelius Staley, Chairman; Abraham Hargate, John S. Best, Jos. G. Miller.
FOR THE HUBBARD.
Benj. J. Snouffer, Jonathan Routzahn, Ezra M. Thomas, Elias Coblentz.

Trial of Reapers.
There will be a trial of Reapers on JUNE THE 24th, in the field of W. Abraham Hargate, opposite the Agricultural Grounds.—The above Committee will act as Judges, and request that parties will be on the ground at ten o'clock.

ACHILLES BALLARD'S
CHAMPION SHOE,
Pattened May 29th, 1866, designed especially for Farmers, Mechanics and Laborers' use.
No more Lacing or Breaking of Laces.
Here we have reached the great desideratum—a Shoe doing away entirely with lacing, made so as to be absolutely secure against ripping, and with seams at such points as can never hurt the feet; formed precisely on the same principle as the ordinary boot, and needing only to be closed at the top by a simple Buckle and Strap, thereby saving time, trouble and vexation. Go and see them. For sale only by
