DISSOLUTION OF PARTNERSHIP

Notice is hereby given that the partnership heretofore existing between R. E. C. Lowe and F. Asbury Bartlett, trading as Lowe and Bartlett was dissolved on March 28th, 1936, by the withdrawal of the said R. E. C. Lowe. Grateful to the public for their past patronage, a continuance of their custom is solicited for F. Asbury Bartlett, who will continue this business under the name of Bartlett Hardware Company.

In order to enable us speedily to close the business, those indebted to Lowe and Bartlett are requested to make as early a settlement as practicable.

R. E. C. LOWE
F. ASBURY BARTLETT
Late Trading as Lowe & Bartlett.

NEW FIRM

The undersigned hereby gives notice that he will continue and conduct the Hardware and Agricultural Implement Business as heretofore conducted by Lowe and Bartlett at their old stand in Centreville, Queen Anne's County, Maryland, under the name of Bartlett Hardware Company.

Soliciting a liberal support and patronage from the public it will be my effort and pleasure to give satisfaction to my customers.

F. ASBURY BARTLETT.

March 28h, 1936.

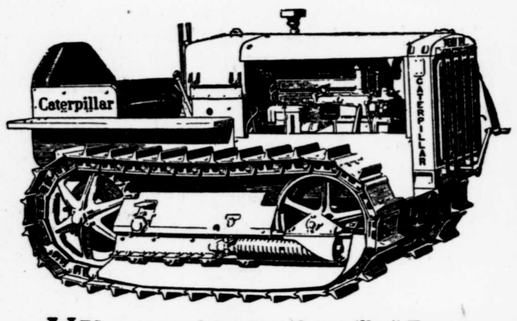
TURNS
80% OF ITS ENGINE POWER
INTO STEADY DRAWBAR PULL



YES, every model of the "Caterpillar" Tractor has the correct balance — the simplified transmission — the anti-friction design — the positive traction — to turn over 80% of its engine's steady drawbar pull!

For the broad tracks gear it to the ground so efficiently that useless slip is eliminated. Likewise, this tractor doesn't waste power to propel itself — its tracks stay on top of the soil like planks, and its weight rolls along on smooth steel formed by the tracks.

Such geared-to-the-ground traction saves you non-productive wear on your tractor — needless waste of fuel — costly waste of time. Nearby are owners who will gladly tell you in terms of superior work done and extra satisfaction gained just what the "Caterpillar" track-type Tractor offers you!
