Stevensville Hi-Lights

VICTORY FOR THE GIRLS
By Eva Chance

Yes, again, Stevensville High School won—due to excellent teamwork. The ball went through the goal 9 times. The result was an 182 score against Church Hill with Stevensville on the big end. Yes sir, our Captain, Agnes Clendaniel, threw six of them. "Emmie" threw one, "Becky" threw another, and Amy Thomas made a long shot and it went through. BRAVO! Good sportsmanship was displayed by both teams. The game was fair and square from start to finish.

Now, Stevensville will have to play Sudlersville again to decide who will be the champions of Queen Anne's County in field-ball. You will remember that Stevensville tied Sudlersville by a score of 8-8 when first they played.

BOYS TIE IN LAST GAME
By Calvert Jones, Jr.

We played Church Hill on our own grounds to the tune of 2-2 last Friday.

Stevensville scored in the first minute of the first quarter with a good shot from the left side of the forward line. All through the first quarter Stevensville kept the ball on Church Hill territory but the strong defensive team of Church Hill prevented further scoring in the first period.

The second quarter was scoreless. The ball was kept in the center of the field during most of this quarter. The half ended with the score 2-0 in favor of Stevensville.

Church Hill was quick in starting the third quarter, which caught the S. H. S. team napping. The result was a field-goal for Church Hill which tied the score 2-2. Inspired by the vigor of Church Hill, Stevensville swept down the field only to be sent back by the Church Hill backs to defend their own goal. The remainder of the game was truly a defensive one for Stevensville. The game ended with the score 2-2.

Out of four games this year, Stevensville has been defeated three times and tied once. Each defeat was by the small margin of a field goal only. In four games, Stevensville has scored five points and has had eleven points scored against her.

The beginning line-up for Stevensville Friday was:

Left outside, J. White; left inside, S. Chance; center, I. Drummer; right inside, W. Lane; right outside, C. Jones; left halfback, E. Porter; center halfback, H. Dadds; right halfback, G. Shaffer; left fullback, J. Marks; right fullback, J. Grollman; goal, J. Palmer. Captain, E. Porter; Referee, Spry.

Those of Stevensville High who have seen service in soccer this year are: Seniors—S. Chance, H. Dadds, J. Palmer, J. Marks; Juniors—W. Lane, W. Thomas, J. Haspert, G. Shaffer, J. Grollman, C. Jones; Sophomores—E. Porter, I. Drummer, and J. White.

Clifton Lowe, unable to play this year because of a knee injury, was captain. The acting captains during each game were: J. Haspert against Tri-County, C. Jones against Centreville, S. Chance against Sudlersville, and E. Porter against Church Hill.

SENIOR PLAY
By Clara Bryan

A committee has been appointed to select an appropriate senior play. The members are: Lois Cockey, Isabel Baxter, Edna Cockey, Carrie Della Hoxter, Reba Jones and Clara Bryan. Each member is to read all of the plays that we have received and then select the one that she thinks is best suited to the pupils of the Senior Class. The plays are: "A Prince to Order", "Sonny Jane", "$10.000 Reward", "Oh, Professor!", "Wedding Spells", and "He Had A Past."

SOPHS ENJOY ELLIOT
By Virginia Gardner

We enjoyed "Silas Marner" very much because of its many interesting points. We were disappointed to learn that Silas was never cleared of the robbery, so we decided to write a conclusion making the story end as we would have liked it to end. There were many good ones, but Virginia Gardner's was voted the best.

Those quiet innocent little Sophomore girls like Doris Legg, Catherine Benton, and Rosemary Butler—Well, you can't tell by faces.

Some of the girls in our class reported they saw what they thought was a falling star while out skating one evening.

We are glad to see that a certain Romeo has returned to school after a few days absence.

DEFEATED AT SOCCER 1-0

On Friday Greensboro came here to play a practice scrimmage on the soccer field with us. Although we put up a game fight we were overcome by the manpower of the Greensboro players.

The lone score of the game came in the second quarter when the ball touched the hand of one of our halfbacks and Greensboro was awarded a penalty kick. Atlhough beaten by Greensboro we feel that we have more than an equal chance to defeat Sudlersville on our local field next Thursday.

GIRL SPORTS

Friday we challenged Greensboro in a field ball game. Even though the teams were evenly matched, a score of 16-2 was run up against us.

A few days ago we played St. Michaels. This game ended with a score of 16-10 in our favor. It took every bit of our effort to defeat the St. Michaels girls who live on a diet of oysters.

GIRLS ADD ANOTHER VICTORY

Another week of hard practice and another victory for the girls have been added to the history of Sudlersville High School.

The game on Thursday started off showing plainly that the S. H. S. girls could out -play,out-throw, and out-jump the Queen Anne girls.

The final score was 16-2. Tri-County scored two penalty shots. This is the first time a team has scored against Sudlersville by penalties in a regular game this year.

Sudlersville can play field ball; but the Tri-County girls have been learning something that will be far more valuable to them in life. They can take defeat with a smile and be just as nice to their opponents as they are to their team-mates. They must have gotten this attitude from their coach and referee Mrs. Moore.

So, Tri-County, we take our hats off to you. Such good sports we haven't seen since last spring when we played volley ball with you.

PRINCIPAL IN ACCIDENT

Miss Anna C. Harrison, our principal met with a painful accident last Monday evening while returning home from school. She was on the Crumpton road when her car collided with Mr. T. Nickers[illegible] ough there were no bones brol[illegible] as been unable to resume her duties of teaching school as yet. We all wish her a speedy recovery, and hope that she may soon return among our midst.

FRESHMEN GIRLS TO PLAY

The Freshmen of S. H. S. as well as the upper grades have a field ball team. During their practice against the upper grades they have proven to us that they have some very good talent. This talent will come in very good next year because this year's field ball team is made up mostly of Seniors. They have two games with the Junior High School of Clayton the first week of November. So let's hope that they have the same luck and success that the upper grades have had with their team this year.

GIRL ATHLETIC ASSN. MEETS

A meeting of the Girls' Athletic Association was held Monday. At this time the girls decided to hold a bake the last of the week. The money raised to be used for the purpose of hiring a state referee when the play-off of the tie with Stevensville to decide who has the championship in field ball. By having a state referee they will avoid having all the confusion and argument which they usually have when home referees are used.

PUNCH AND JUDY
By Betty Armstrong

It's only a nickel, a half of a dime! That's the call that hastened the student body to the assembly hall at 3:00 Monday afternoon. The students and faculty were entertained for an hour by Mr. Chaffey with his Punch and Judy and Puppet show.

Mr. Chaffey introduced Jerry to his audience first. This wooden figure sat on Mr. Chaffey's knee and carried on a very snappy conversation with him. C. H. S. will remember Jerry for his wisecracks.

The next performer was a little black and brown dog. Some of his tricks included walking on his hind feet, saying his prayers, and playing dead to show the audience what he would do for his country.

The exciting Punch and Judy show next held our attention. Punch, as Judy said, was certainly a scoundrel. He succeeded in getting away with several murders. However, with all these murders, the play, contained too much comedy to be morbid.

Last but not least, came the puppet show. The characters in this were the announcer who was always singing, Sambo, Mr. Goldstein, Charlie Lee, the Chinaman, O'Reily the opera singer, dancing ghost, Happy Hooligan and Dynamite, the acrobatic dancer. The characters in both this and the Punch and Judy show were so life-like that we felt as if we were being entertained by real actors.

The whole performance was good, and we can't say we didn't get our money's worth.

TENNIS COURT HELPS
By Carlyle Blevins

Little has been said about the tennis courts as a wonderful entertainment for many high school students.

Several can now play tennis during noon instead of loafing around until afternoon periods begin. I want to take this opportunity as representing the Centreville High School to heartily thank the tennis club for their splendid achievement. Such improvements as this afford us a bigger and better playground on which to pass away our otherwise idle hours.

CARRY A CALENDAR

A certain boy in 1B class had better carry a calendar along with him so he won't have to be asking the girls for the date of the month and be misunderstood by a teacher as to the kind of date.

LOSE AT STEVENSVILLE
By Virginia Walls, '37

The fieldball girls last Thursday journeyed to Stevensville only to meet failure again. Before arriving we had all hopes of winning but after a few minutes of playng we saw that they were the better team. Instead of our rolling up the score as intended they did it for us, the final score being 18-2.

We didn't seem to be able to score as you see though the game did not affect us too much. We got much pleasure out of playing the Stevensville girls and we also pay tribute to the referee.

When the game was over the Stevensville girls were so surprised to find our girls not living up to the name, as being the roughest girls in the county as one of our rivals told them.

By this defeat we have Stevensville and Sudlersville to fight for the championship. Good luck to the winner. We also will meet Tri-County to fight for last place.

JUNIOR-SENIOR ENGLISH
By Catherine Councell, '37

During the month of October we have been studying "The Canterbury Tales". Miss Merrick has offered us three ways to receive extra credit: first, read to tell before the class one of the stories told by a pilgrim who was on the pilgrimage to the Shrine of Thomas a Becket; second, draw a diagram of the route taken by the pilgrims; or third, write a modern crusade somewhat on the order of Chaucer's pilgrimage.

The project first completed was the telling of the stories. Francis Hall volunteered to tell two stories: The Pardoner's and The Clerk's. Clara Elizabeth Dudley did not surprise the class at all in the type of story which the wife of Bath would tell. The Prioress' Tale was given by Lauretta Hall, and the Knight's by Catherine Councell. The knight's Tale was a long complicated love affair which was solved by a tournament, while the Pardoner's Tale dealt with men who wished to murder "Death".

Our class room is adorned with the clever drawings of the Juniors and Seniors who drew the route of the pilgrimage. They used the Tabard Inn as the starting place and, of course, the Canterbury Cathedral as the destination. Among the best drawings were those done by Virginia Cole, Lauretta Hall, Pauline Kendall, Virginia Morris, and Thomas Crouch.

Since it is much harder to write a short story of a modern pilgrimage, only three themes were written. Francis Hall worked faithfully to write his Elderberry Tales in verse form and deserves much credit. One of the others was of a journey to Ober-Ammergau, Germany, to see the Passion Play, by Catherine Councell. Pauline Kendall took her pilgrims to Mt. Vernon. The latter ones were not written in verse, but in a much easier form, proes.

These extra projects finished our work on Chaucer and now we shall pass on to the Period of Transition with Wm. Caxton and Queen Elizabeth and The Renaissance with the life and works of Shakespeare, the Enlgish writer who has not been surpassed even in the 20th Century.

RELATED BIOLOGY
By Sherman Councell, '40

Many of the boys in the Related Biology class have discovered facts about plant and animal life which they did not know before. These interesting statements lead us to a helpful study of bugs and insects.

Mr. Graham required us to make a collection of at least twenty bugs including seven varieties. This collection is due November 1 and those who started their work late will find it difficult to fulfill their project.

We are sure that with these insects we can better study the various facts and habits of each one. We shall study the structure of their cells, bodies, eyes, legs, heads, and other characteristics. The study of Biology and Agriculture likewise help to advance the Future Farmers of America.
