Annual Show To Be Presented By Local Seniors

"The Whole Town's Talking" Starring Vehicle For Young Thespians

"The Whole Town's Talking" is the starring vehicle for the Senior Class of the Centreville High School to be presented tonight and tomorrow night at the school auditorium.

The class has been rehearsing for several weeks under the direction of Miss Sarah Spencer Roe.

The play centers around attractive Ethel Simmons, protrayed by Betty Armstrong. Miss Simmons has just returned from a Chicago school accompanied by Roger Shields, handsome young man, in the person of Bill Anthony.

Her father, Henry Simmons, is anxious for Ethel to marry Chester Binney, his business partner, in order that the business may remain in the family. Chester immediately falls into the plans by becoming infatuated with Ethel and proposing. He is as promptly refused on the grounds that he has never sowed any wild oats. When Simmons hears this, he arranges pretty good evidence that Binney has had a love affair with Letty Lythe, famous movie star.

The whole town starts talking about Chet Binney and Letty Lythe. Ethel is trapped by the scheme, and falls in love with the business partner.

The situation is complicated when Letty Lythe makes a personal appearance to the little town of Sandusky, but from this point the play is a riot of fun, until the happy ending.

The cast in order of appearance will be: Hattie Simmons, Priscilla Brown; Annie, Betty Bartlett; Taxi-Driver, Charles Roe; Henry Simmons, Royden Powell; Ethel Simmons, Betty Armstrong; Roger Shields, Billy Anthony; Chester Binney, Albert Wharton; Sallie Otis, Evelyn Dulin; Lila Wilson, Louise Allen; Letty Lythe, Eleanor Whiteley; Donald Swift, Edward Tabler, and Sadie Bloom, Shirley Dewing.

THE LIME FOR CORN RECORDS

In 1935, in Queen Anne's County, a well known farmer of the Second District grew sixty bushels of CORN per acre average on his whole field, with

"LI-MA"

No other plant food was used. He never grew that much corn before. Li-Ma is the purest form of agricultural lime. Therefore, you get much more lime for your money. Li-Ma is the only lime made that can be sown with a grain drill, as well as with a lime spreader.

Use Li-Ma this year for corn, tomatoes, sweet corn, soy beans, all grass crops, cantaloupes and truck crops.

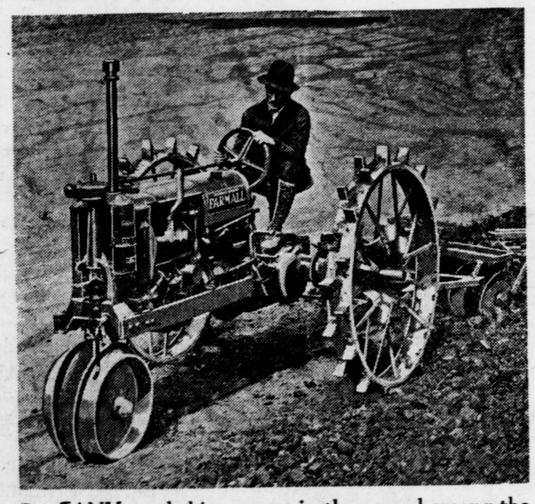
The Famous FARMALLS Come in THREE SIZES



MANY good things come in threes and among the very best from the farm point of view is FARMALL power—in THREE sizes—F-30, F-20, and F-12. Each of them is ready not only to plow but to plant, cultivate, run belt machines, and handle all row-crop and general-purpose work.

All of them have these exclusive patented Farmall features—quick-dodging ability, forward location of gangs, and braking either rear wheel through the steering gear for square turns.

Call us and we will come out and demonstrate any or all of the Farmalls.
