GAS SERVICE FOR EASTERN SHORE HOMES

Thousands of Homes Are Now Using This Clean, Dependable Gas Service For Cooking, Refrigeration and Water Heating.

You, too, Will Want to Learn About This Modern Service.

No Matter Where You Live - Now You Can Cook With Gas!

Don't envy your city cousins the convenience and care-free comfort of gas for cooking. Have it right in your own kitchen — no matter how many miles you live from the gas mains!

Forget that there ever was such a thing as coal to carry, wood to chop, ashes to empty, smelly liquid fuels to slosh around. Say good-bye to soot and dust and dirt in your kitchen. For now, with SHORGAS Service and an up-to-the-minute gas range, you can make your kitchen and your cooking all pleasure and no drudgery.

There's nothing "tricky" about a SHORGAS installation, either. A simple unit, located outside of the house, connected by gas piping right to your range. Exactly like city gas service—exactly as if you lived right on Main Street. A tank truck comes around regularly, determines how much gas you used the past month and fills your tank up again. The driver presents your bill which if paid at once entitles you to a worthwhile discount. And you pay only for the amount of SHORGAS you've used—not a nickel's worth of fuel do you buy in advance.
