Three Named To Handle Farm Tenant Loans

County Committee Appointed. Not More Than Ten Loans To Be Made

Still moving swifty to set up machinery for establishing a program for aiding a certain number of farm tenants in Queen Anne's County to become farm owners, a committee of three consisting of J. Edgar Bryan of Queenstown Ernest B. Brown of Church Hill and Fred B. Sylvester of Queen Anne have been appointed by Secretary of Agriculture Henry A. Wallace to adminster the project in this county.

Queen Anne's is the only county in Maryland and one of 300 in the United States in which the Tenant Aid program of the Farm Security Administration is to be tried out. A short time ago a committee of nine, including Mr. Bryan, was appointed to direct the work in Maryland. Following the selection of Queen Anne's on the basis of its farm population and prevalence of tenancy as the Maryland county in which the Federal allocation of $45,244 is to be spent, the county committee named above was recommended by the State committee.

The county committee will serve voluntarily in selecting the farmers who are to receive Federal loans for the purchase of farms. It is planned to make not more than ten loans in Queen Anne's or any other county where the program is being tried out.

Eligibility qualifications for tenants seeking loans are that the applicant must be a citizen of the United States who is a farm tenant or farm laborer or who obtains most of his income from farming. No loans will be made to persons who can obtain an adequate loan for the purchase of a farm from other sources at reasonable terms.

Applications may be made through the office of County Agent Kenneth W. Baker, or through the office of B. W. Anspon, rural rehabilitation supervisor of Salisbury.

The county committee will certify which applicants by reason of character, ability and experience are likely to succeed in carrying out the requirements specified in the Bankhead-Jones Act underlying the program. . .

Under the plans to be tried out in Queen Anne's county farms are to be bought with Federal money for a limited number of tenants who will repay the government over a forty-year period by payment of 4½ percent on the money annually.

WHEELER IS DARK SECRET IN "HIGH FLYERS"

The cigar-smoking Bert Wheeler of the famous Wheeler and Woolsey comic pair looks a trifle woe begone as he edges into a scene with Marjorie Lord and Jack Carson in this scene from "High Flyers", a comedy film of course which features the noted film buffoons. The film comes to the Stevensville Opera House this week.

YOUR FRIENDLY McCORD ROUTEMAN SAYS:
"McCord divides every bundle into as many as 16 different classifications. By washing each group separately the way it should be washed—there's not a chance for fading.

"THAT'S WHY I SEND OUR LAUNDRY TO McCORD"

"Fading, ugly discoloring is costly. Only from clothes that retain their original color and "new look" through many washings do you get your money's worth. Another reason why McCORD laundering is more economical."

DAMP WASH
Everything beautifully washed and PASTEURIZED and returned just damp enough for easy ironing.
