LOCAL MATTERS.

WEDNESDAY, April 26, 1871.

☞ Our friends throughout the county are earnestly requested to furnish us with all items of local interest transpiring in their immediate neighborhoods.

BLOODY AFFRAY.—On Saturday morning last, the quiet of our town was broken by a desperate encounter between Mr. Joseph D. Richards of this place and William Grason Esq., of Wallachs Landing in our County.

There has been a feud of some standing between the parties, and as Mr. Richards was passing up High street in company with some friends, he espied Mr. Grason walking behind him & upon turning and demanding why the latter was following him, he received an indignant denial, whereupon after a few words between them the former wheeled and fired a pistol at Grason, the ball striking the latter in the centre of the head just above the ear and glancing upwards, passing between the scalp and bone, and out at the top of the head. Immediately upon firing, Richards retreated into Mr. Todds store followed by Grason with a drawn pistol in his hand, who, remarking that "he could kill him but did not wish to," beat the former over the face and head with the but-end of his pistol in a fearful manner.

Mr Wm. F. Hicks., Constable, summoned citizens to his assistance and fortunately succeeded in parting the combatants before any mortal injury was inflicted, and physicians report the wounds of both as doing well. They are each well connected, and the affair has caused a good deal of feeling in the community. Mr. Richards has, been held to bail in $1000, to answer to an indictment for assault with intent to kill at the hands of the Grand Jury.

SPECIAL.—We are requested to notify his former patrons and fellow citizens generally that Mr S. G. A. Burnett, painter, is at, and will for a short time sojourn in Philadelphia No 452, North 9th street, and on his return will be happy to accomodate his former patrons and the citizens at large with any requirements in his line and profession that they may desire, he feeling confident that he can give the same satisfaction he has hitherto rendered, as his design is to improve with the march of progess and to strive for perfection in his profession, designing to keep the lead as he has heretofore done in his calling, and stand second to none.

FIRES.—On Friday week a good substantial dwelling occupied by Henry Stevens, took fire and was entirely consumed. The dwelling was situated in the Neck district, and owned by Mr. Joseph Spedden. No insurance.

On last Wednesday night week the granary and meat house of Mr. Perry Cannon, Straights district, was broken open, robbed and then set on fire. The building and contents were entirely consumed. In a few hours after the fire, a shoulder of meat was found three or four hundred yards from the burned building. In their hurry the thieves had dropped a part of their plunder.—*Dem & News.*

ERROR.—Owing to mis-information, we stated last week that the Ennalls Camp meeting would be held at Ennalls Spring next July as usual. This is a mistake, the managers will hold the camp this year at Hurlock's Station on the Dorchester & Delaware Rail Road.

Farmers will do well to read the advertisement of J. S. Simmons Esq., in the preceding column. An unusually good opportunity is offerd then to procure fertilizers through the agency of a gentleman whose character is a guarantee of what he sells, and at most reasonable prices.

According to the *Transcript*, Mr. Henry Carter, of Willow Grove, in this county, owns a duck that always lays black eggs.—*Smyrna Times.*

We regret to infer from the above that radical principles are spreading in the state of Delaware-even the ducks are catching the mania. How intensely *lo'il* Mr Henry Carter must be!

Gentlemen needing solace in misfortune or wishing to partake of a social glass with a friend, can always find the choicest Liquors at the bar of Mr Wm. T. Phillips on High Street.

We have received an interesting letter from Federalsburg which will appear in the next issue, our space not permitting its publication this week.

MONUMENT TO GENERAL R. E LEE,

Thomas H. Handy, Jr, Esq., has been appointed, by authority of the Lee Monumental Association. agent, for this county, to solicit subscriptions to raise money to build a Monument over the tomb of Goneral Lee. Each contributor of $5 will receive one of Walter's celebrated life-size steel engraved Portraits of General Lee, $3, a cabinet size. The portraits thus offered for sale are declared by Mr. Jefferson Davis, General Breckinridge and many other distinguished Southerners, to be the finest likenesses of General Lee which have yet come under their observation. They are also of more than usual merit as works of art, and deserve to find a place in every household where the name of General Lee is held in reverence.

Call at the Clerk's office and see sample and subscribe at once.

THANKS.—The Easton Star, Peninsular Record, Preston Surprise and Easton Gazette will please accept our thanks for friendly notice and good wishes. Also Denton Journal.

Messrs Henry & Sulivane, Trustees, sold 125 acres of Summer House farm, on Monday the 17th inst, for the sum of $2000. Mrs M. L. Wright was the purchaser.

We call the attention of such as wish their Spring Clothing made up in a workman like manner and in the very latest styles, to the card of I. N. Elston in another column.

See advertisement in the last column of a fine building lot in Cambridge, and a valuable store house, dwelling &c., in Bucktown.

A WHITE MUSKRAT was killed in Bynum's Run, near this place, last February, by Edward Moores. No one in the neighborhood, we believe, ever saw one of a like color before.—*Bel-Air Aegis.*

See B. Hainebachs advertisement in todays paper, and give him a call—no one has ever yet left his store dissatisfied with either styles or prices.

The Dorchester & Delaware Railroad will run two trains a day during Court, and probably each Monday afterwards.

THE FRENCH CIVIL WAR.—The capture of Neuilly by the communists on Monday, with 2,000 prisoners is announced from Paris, whence also comes a jubilant report that the rebel army is steadily advancing on Fort Valerien, in whose walls several breaches have been made. On the other hand, the Versailles government is as hopeful as ever, but announces no material change in the situation. Reports of intended Prussian interference are repeated and denied. The rumor that provisions are growing scarce in Paris is offset to-day by the statement that the city is supplied without interruption by the northern and eastern railways.

JOHN BROWN'S Soul is marching on, but his family are widely scattered. His widow lives in Humbold, county' California, with her son Salmon, and her daughter Sarah and Ellen Anne, who was with her father at Harper's Ferry, is married in California. The two sons John and Jason live in Ohio, Owen in Pennsylvania, and Ruth remains at the old place North Elba.

THE NEXT PRESIDENT.—Justice Davis, of the Supreme court of the United States, and a resident of Illinois, is the latest man talked of as the democratic candidate for President in 1872. He is a conservative, and not an extreme democrat. He is an uncle of the late Hon. Henry Winter Davis of Baltimore, and a gentleman of fine abilities.

HELMBOLD'S COLUMN.

TO PHYSICIANS.

NEW YORK, August 15th, 1868.

Allow me to call your attention to my

Preparation of Compound Extract Buchu.

The component parts are BUCHU, LONG LEAF, CUBEBS, JUNIPER BERRIES.

MODE OF PREPARATION.—Buchu, in vacuo. Juniper Berries, by distillation, to form a fine gin. Cubebs extracted by displacement with spirits obtained from Juniper Berries; very little sugar is used, and a small proportion of spirit. It is more palatable than any now in use.

Buchu, as prepared by Druggists, is of a dark color. It is a plant that emits its fragrance; the action of a flame destroys this (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates; the smallest quantity of the other ingredients are added, to prevent fermentation; upon inspection, it will be found not to be a Tincture, as made in Pharmacopœa, nor is it a Syrup—and therefore can be used in cases where fever or inflammation exist. In this, you have the knowledge of the ingredients and the mode of preparation.

Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation,

With a feeling of confidence,
I am, very respectfully,
H. T. HELMBOLD,
Chemist and Druggist,
of 16 Years' Experience.

[From the Largest Manufacturing Chemist in the World.]

NOVEMBER 4, 1854.

"I am acquainted with Mr. H. T. HELMBOLD; he occupied the Drug Store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise."

Firm of Powers & Weightman,

Helmbold's Fluid Extract Buchu

Is the great specific for Universal Lassitude, Prostration, &c.

The constitution, once affected with Organic Weakness, requires the aid of Medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU invariably does. If no treatment is submitted to, Consumption or insanity ensues.

Helmbold's Fluid Extract of Buchu,

In affections peculiar to Females, is unequalled by any other preparation, as in Chlorosis, or Retention, Painfulness, or Suppression of Customary Evacuations, Ulcerated or Schirrur State of the Uterus, and all complaints incident to the sex, or the decline or change of life.

Helmbold's Fluid Extract Buchu and Improved Rose Wash

Will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure; completely superceding those unpleasant and dangerous remedies, Copaiva and Mercury, in all these diseases.

Use Helmbold's Fluid Extract Buchu

In all diseases of these organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action, and more strengthening than any of the preparations of Bark or Iron.

Those suffering from broken-down or delicate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to affect the bodily health and mental powers.

All the above diseases require the aid of a Diuretic. HELMBOLD'S EXTRACT BUCHU is the great Diuretic.

Sold by Druggists everywhere. PRICE —$1.25 per bottle, or 6 bottles for $6.50. Delivered to any address. Describe symptoms in all communications.

Manhood:
How Lost, How Restored.

Just published, a new edition of Dr. Culverwell's Celebrated Essay on the *radical cure* (without medicine) of SPERMATORRHŒA or Seminal Weakness, Involuntary Seminal Losses, IMPOTENCY, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, CONSUMPTION, EPILEPSY, and FITS, induced by self-indulgence or sexual extravagance.

☞ Price, in a sealed envelope, only 6 cents.

The celebrated author, in this admirable essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and *radically.*

☞ This Lecture should be in the hands of every youth and every man in the land.

Sent, under seal, in a plain envelope, to any address, *postpaid*, on receipt six cents or two post stamps.

GREAT FORTUNES
AND HOW THEY WERE MADE. By J. D. MCCABE, Jr. Profusely illustrated and beautifully bound. The most univerally sought after book issued for years. It shows how a poor schoolmaster made $40,000,000; how a poor, half-blind sailor became a great banker, a butcher's apprentice the wealthiest man in America, an unknown mechanic a millionaire in seven years—with many more such examples; how energy, talent, and patient industry have always met with success when properly exerted; how money can be made honestly and without sacrifice of principle. The Mammoth Dent Corn.

FARMERS, LOOK TO YOUR INTERESTS!

THE BEST IS NEVER TOO GOOD.

CORN is second to no other product of the earth, yet there is less attention paid to its production than any other of the cereals. In corn that yields largely, there are three points to be observed, viz.: large ears; depth of grain; and well filled at both ends. Farmers can rest assured that the MAMMOTH DENT is far superior to all other corn in these respects. It has from twenty to forty rows to each ear, and will weigh sixty pounds to the bushel. It is the largest early field corn produced in America and will ripen in from ninety to one hundred days. It is acknowledged by all who have tried it, and they are numbered by the hundreds, to be the very best corn produced.

☞ In circumference of ear and depth of grain, it far surpasses any corn we ever saw.—N. Y. BEE JOURNAL.

Price, by mail: 2 pounds for one dollar, or six packages, to pounds each, five dollars. By express, one peck for $2.00; half bushel, $3.00; one bushel, $5.00; six bushels, $25. No corn sent C. O. D. Send in your orders at once as the demand is great, and much time will be required to fill the numerous orders.
