## LOCAL MATTERS.

WEDNESDAY, May 31, 1871.

We took a trip over the Road to Federalsburg, on Saturday 20th inst., and we were gratified to see that the wheat in the upper section of the County had not suffered so severely from the fly as might have been expected from the destruction here.

It particularly pleased us to note various evidences of an awaking up on the part of the people. All along the road, young orchards, strawberry beds &c., meet the eye, and at every station more or less "truck" was shipped to market. But Federalsburg is the crowning glory of the Rail Road. Not only there (as in East New Market) have several handsome buildings been added to the town, but every thing evidences the march of enterprise. We were particularly struck by the enlightened energy of Tilghman Hubbard Esq. who has reclaimed what was a bed of cripples in the valley of the Nanticoke, drained, tyled it &c., and is putting it in beautiful order for a cranberry crop—the most productive, according to the Patent Office Reports, in America, cranberries netting on the average $600. per acre. We have not the slightest doubt of his success, and we trust that his enterprise may arouse others to emulate his example.

MUSICAL SOCIETY.—Several weeks back a number of ladies and gentlemen of this place associated themselves together for the purpose of holding musical re-unions from time to time. They adopted the name of "The Concordian" and meet once in each week, and as there is an extraordinary amount of musical talent in the community the Society has really become one of the most attractive features of the town.

☞ The Festival of the M. E. Church of this town came off on Wednesday & Thursday, and as usual under its efficient managers was a complete success. The grounds of the Church were beautifully illuminated and the Supper, refreshments &c. provided, were of the first order. The Large Cake was voted to the Rev. Mr. Williams, by a great majority. The Cambridge Brass Band added largely to the interest of the occasion. We understand the profits to have amounted to nearly $350.

P. S. We take up our pen since writing the above to acknowledge the receipt of a handsome slice of the cake from the Rev. Mr. Williams. He will please accept our sincere thanks for the remembrance.

SALUTARY MOVEMENT.—We are glad to see a disposition on the part of many of our merchants to act a good part by their employees and themselves by closing their stores at 8 o'clock P. M. during the Summer months. There is not a great deal of business transacted after that hour anyway, and if it were generally understood that the evening's purchases *must* be made by 8 o'clock, there would be ample time for all classes to buy what they wish after sundown. After the confinement and heat and toil of the day, clerks and the merchants themselves would find it greatly conducive to health as well as comfort to adopt the rule suggested. Shall we make a begining, say on the 5th of June?

THE INTERNAL HARBOR.—M. Hatton, Esq., Civil Engineer and assistant to Col. Craighill, has arrived in our waters with a competent force, and is now engaged in surveying the Creek & channel, and mapping out their work for the mud machines which will arrive during the week. We take the liberty of throwing out a suggestion.—Would it not be well to follow *the course of nature* as closely as possible in constructing the channel? In other words would it not be safer to widen and deepen the channel which the experience of a century tells us will not fill up, than to build an *artificial* channel for the sake of beauty?

GODEY'S LADY'S BOOK continues to lead the monthly fashion journals, and is as good as ever. The literature of GODEY is never trashy, nor will any subscriber think her money foolishly spent when she examines the book for herself.

[For the Chronicle.]

**The Late Festival.**—The late festival in the M. E. Church of this town was quite a success. Every thing was as favorable as could be desired; and the friends of the Church labored with a zeal that gave evidence of their abiding interest in the cause of religion in general, and in the Church of their choice in particular. It affords me unqualified pleasure, too, to return thanks to those friends of the Protestant Episcopal Church who were good enough to lend us their assistance. Indeed with very little exception I believe that we enjoyed the sympathy and abetment of all. For this in the name of our common master I desire to return thanks.

The grounds were decidedly more beautiful than any festival-grounds that I ever saw. The heavy shade and green grass, supplied by nature, were very materially beautified by the taste and labors of the committee of arrangements. Of this committee too much cannot be said in commendation of the efficiency & perseverance with which its chairman, James Straughn, jr., performed the duties that he assumed. Many of the ladies on other committees also worked with a determination to succeed.

The festival was continued for two evenings, and netted about two hundred and twenty-five dollars. This places the Church upon a good financial basis.—While I believe this to be the most tiring and expensive way of raising money, and while I would by no means advise it by way of economy, still it is better than not to raise it at all; than too it affords no little amusement to many. J. M. W.

THE BRICK HOTEL.—EASTON.—About 10 days or two weeks ago, quite a number of our citizens went over to Easton to attend the Masonic Festival held at that place. They had an exceedingly pleasant visit on general principles, but all are loud in their expressions of praise of the manner in which The Brick Hotel is conducted by our former fellow townsman, Charles W. Bennett, and of the cordial and friendly hospitality extended to them by that gentleman who insisted upon considering them his guests and not as boarders during their stay in Easton. They predict for him a successful business career in Talbot.

MR. EDITOR.—I desire to express publicly my appreciation of the very handsome manner with which I was treated by the members of Handenburgh & Co's Circus, recently in our town.—I have entertained Circus Companies at my house for 20 years and I can say with truth that I have never known one that made so favorable an impression on me and our community generally by the polite and gentlemanly demeanor of its members. From O Campbell Esq., the enterprising Manager, throughout, all conducted themselves with the greatest propriety while in our town and left us with the unqualified good wishes of the community. SOL. T. WILSON, Hotel.

THANKS.—We are in receipt of a fine slice of the cake voted to Miss Lottie S., as the beauty of the evening during the recent Church Festival, and the fair donor will please accept many thanks for the compliment. We can understand the enthusiasm of the young gentlemen on the occasion alluded to, who declared that she is as good as she is ——

THE TROTTING MATCH.—Our 'Sports' will be disappointed to hear that the projected match between Messenger and The Trip Patchen will not come off as announced, Col. Small, part owner of the Patchen, admits unequivocally that his horse is not able to trot with Messenger and therefore declines the race. This settles the championship of the Peninsula.

☞ James R. Partridge, Esq., of Baltimore City, formerly Secretary of State during Gov. Hicks' gubernatorial term, has been appointed Minister Plenipotentiary to Brazil.

The County Commissioners will meet in Cambridge on Tuesday June 13th, to complete the Levy for 1871.

That excellent Journal, the Kent News of Chestertown comes to us in a new and enlarged form this week.

HELMBOLD'S COLUMN.

## TO PHYSICIANS.

NEW YORK, August 15th, 1868.

Allow me to call your attention to my

**Preparation of Compound Extract Buchu.**

The component parts are BUCHU, LONG LEAF, CUBEBS, JUNIPER BERRIES.

MODE OF PREPARATION.—Buchu, in vacuo. Juniper Berries, by distillation, to form a fine gin. Cubebs extracted by displacement with spirits obtained from Juniper Berries; very little sugar is used, and a small proportion of spirit. It is more palatable than any now in use.

Buchu, as prepared by Druggists, is of a dark color. It is a plant that emits its fragrance; the action of a flame destroys this (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates; the smallest quantity of the other ingredients are added, to prevent fermentation; upon inspection, it will be found not to be a Tincture, as made in Pharmacopœa, nor is it a Syrup—and therefore can be used in cases where fever or inflammation exist. In this, you have the knowledge of the ingredients and the mode of preparation.

Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation,

With a feeling of confidence,
I am, very respectfully,
H. T. HELMBOLD,
*Chemist and Druggist,*
*of 16 Years' Experience.*

[From the Largest Manufacturing Chemist in the World.]

NOVEMBER 4, 1854.

"I am acquainted with Mr. H. T. HELMBOLD; he occupied the Drug Store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise."

**Helmbold's Fluid Extract Buchu**

Is the great specific for Universal Lassitude, Prostration, &c.

The constitution, once affected with Organic Weakness, requires the aid of Medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU invariably does. If no treatment is submitted to, Consumption or insanity ensues.

**Helmbold's Fluid Extract of Buchu,**

In affections peculiar to Females, is unequalled by any other preparation, as in Chlorosis, or Retention, Painfulness, or Suppression of Customary Evacuations, Ulcerated or Schirrus State of the Uterus, and all complaints incident to the sex, or the decline or change of life.

**Helmbold's Fluid Extract Buchu and Improved Rose Wash**

Will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure; completely superceding those unpleasant and dangerous remedies, Copaiva and Mercury, in all these diseases.

**Use Helmbold's Fluid Extract Buchu**

In all diseases of these organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action, and more strengthening than any of the preparations of Bark or Iron.

Those suffering from broken-down or delicate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to affect the bodily health and mental powers.

All the above diseases require the aid of a Diuretic. HELMBOLD'S EXTRACT BUCHU is the great Diuretic.

Sold by Druggists everywhere. PRICE —$1.25 per bottle, or 6 bottles for $6.50. Delivered to any address. Describe symptoms in all communications.

**NATURE'S**

## HAIR RESTORATIVE

CONTAINS NO LAC SULPHUR—NO SUGAR OF LEAD—NO LITHARAGE—NO NITRATE OF SILVER, and is entirely free from the Poisonous and Health destroying Drugs used in other Hair Preparations.

Transparent and clear as crystal, it will not soil the finest fabric—perfectly SAFE, CLEAN and EFFICIENT—desideratums LONG SOUGHT FOR AND FOUND AT LAST!

It restores and prevents the Hair from becoming Gray, imparts a soft, glossy appearance, removes Dandruff, is cool and refreshing to the head, checks the Hair from falling off, and restores it to a great extent when prematurely lost, prevents Headaches, cures all Humors, cutaneous eruptions, and unnatural Heat. As a dressing for the Hair it is the best article in the Market.

DR. G. SMITH, Patentee, Groton Junction, Mass. Prepared only by PROCTER BROTHERS, Gloucester, Mass. The Genuine is put up in a panel bottle, made expressly for it, with the name of the article blown in the glass.—Ask your Druggist for Nature's Hair Restorative, and take no other.
