LOCAL & PERSONAL.

WEDNESDAY,.....Feb. 14, 1872.

THE Highland Light is advertised to come to Choptank waters on Saturday. The ice however has broken up and many persons expect her down to-day.

SCHOOL EXHIBITION.—The school children, under the care and instruction of their teacher—Mrs. Sarah H. Thomas—will hold an exhibition, at Friendship, on the 15th inst. From what we can learn of the programme to be carried out, we have no doubt that it will be very entertaining.

THE LEGISLATURE.—Such full and accurate reports of legislative doings at Annapolis are furnished by our intelligent and well posted correspondent at that point that it is unnecessary for us to do more than refer our readers to his letters. The first one would have appeared in our last week's edition but for accident.

GENERAL NEWS.—The Amnesty Bill has been defeated in the Senate on account of its being coupled with Mr Sumner's civil rights bill which had been previously passed by a vote of 29 to 28 The latter provided for the complete social and civil equality of the black with the white race in the Union.

NEW NEWSPAPER.—We have received the first number of the *Maryland Courier*, published at Federalsburg, and, the start is very highly creditable both to Mr. Baker its Editor and the town which it represents. It is of good size, well printed and full of well selected reading matter, and as a home institution worthy of patronage we wish it every success.

WOOD'S HOUSEHOLD MAGAZINE.—We have received from this admirable magazine one of its pocket magnifying glasses, which with various other objects of utility and ornament are from time to time sent free to its subscribers. It is certainly the most liberal magazine in America, in its offers to its patrons.

THE WICOMICO BOND CASE.—The Talbot Court has announced its decision upon the preliminary points in this case. It declares the bond a valid one and that it is binding on the obligors—in short, sustains the plaintiffs in every point but one, which is that the plaintiff's before bringing suit should have made demand for payment and alleged the fact that they had done so in their declaration. The declaration will be amended to that effect and the trial of the facts involved will come off at the May Term.

DEATH OF CHARLES S. WALLACH.—Mr. Charles S. Wallach died at his residence, No. 402 6th street, about 4½ o'clock this morning, after a lingering illness. He was in the 55th year of his age. Deceased was a brother of the late W. D. Wallach (former proprietor and editor of this paper), and of ex-Mayor Richard Wallach, and C. P. Wallach, Pay Director in the Navy.—*Wash. Star, Feb. 3.*

PROPOSED SHIP CANAL.—The *Easton Star* advocates the route from Cabin Creek, via Seaford and Georgetown to Lewes as the proper one for the proposed ship canal. It says the nearer the terminus is to the mouth of the Delaware Bay the better for the interests of Baltimore. A meeting was held at Easton Tuesday afternoon to consider the subject,

THE ARABIANS have a pretty story concerning Nimrod the founder of the city of Babylon, which is worth relating for its suggestiveness as well as for its beauty. It is as follows:

On one occasion Nimrod called his three sons together for the purpose of conveying some practical lesson, in the manner which marks Oriental intercourse with its symbolism and expressive imagery. To each he gave a vase. One was of gold, another of amber and the third was earthen. On the golden vase was inscribed "Empire."—On the vase of amber "glory" was engraved. But on the third or earthen vase, there was no inscription. When the son who held the golden vase looked into it, he found it filled with blood. He of the amber vase sought for the contents of his, and saw in it nothing but the dust of the mighty; and lo! the vase upon which there was no inscription was empty—but looking further, the gazer saw at the bottom the name of God. Lo, said Nimrod, the thirst for *empire* perisheth; so *glory* wasteth; so *humility* exalteth.

THE GREAT BOSTON PEACE JUBILEE is a fixed fact. Mr. P. S. Gilmore, the great jubilecist, says so. His visit to Europe to recruit for minstrels has exceeded expectations. The English Grenadiers are coming. P. S. G. also received the strongest assurances from the monarchs of Belgium, Austria, Russia and Prussia that their best military bands will be boxed up and sent over in due course, to add their brass to the native production.—In June next—always providing the $160,000 are guaranteed—all Boston will gather to the Coliseum, and the doubters of the grand enterprise will hide their heads in shame.

An Anti-Low-Neck Association has been started in England by a Boston woman. The members of the association are to pledge themselves never to reveal, under penalty of immediate expulsion, a single square inch of cutaneous tissue below the crevical junction with the superia thorax, and to refrain from going to court until her Majesty rescinds the rigorous rule which excludes high-bodied dresses on state occasions

CHICAGO, February 3.—In the Criminal Court, yesterday, Judge Freer overruled a motion for a new trial in the cases of Alderman Busse and ex-Alderman Montgomery, and they were sentenced each to six months' imprisonment and a fine of $1,000.

Large bows of ribbon or silk, trimmed with lace on each shoulder above the sleeves is the latest style of ornamenting the waist of house dresses.—They are called "shoo-fly bows."

Rail Road Meeting.

Pursuant to notice given through the county press and by posters stuck up at various public places a large and enthusiastic meeting was held at the Hotel in Vienna on the 10th inst., for the purpose of considering the practicability of building a R. Road to connect Vienna with some point on the D. & D. R. R. to be hereafter determined upon.

On motion Thomas Higgins, Esq., was called to the chair and Dr. R. J. Price appointed Secretary, Mr. Higgins on taking the chair explained the object of the meeting and indulged in some other remarks appropriate to the occasion in his usually practical and business-like manner.

On motion, the following preamble and resolutions were adopted.

We farmers, mechanics, merchants and tradesmen generally of this portion of the County feeling the need of greater railroad facilities in order to develop our resources and successfully carry on the enterprises in which we are already engaged and having cheerfully contributed both by taxation and private subscription to the building of a rail road running through other portions of the county and feeling a willingness still to do so whenever it shall appear that they are really needed. Therefore

Resolved that it is the sense of this meeting that we petition the General Assembly to empower the commissioners of Dorchester County to issue bonds of said county to the amount of $40,000 or as much less as in the judgment of said Commissioners may be deemed necessary to assist in building a R. Road from Vienna to the most practicable point on the D. & D. R. R. and that said bonds shall be redeemed as are the bonds issued by the county for the construction of the D. & D. R. R.

In accordance with the above resolution, on motion a committee of five was appointed consisting of Messrs. Thos. Higgins, T. H. Webb, Ira R. Corkran, J. W. Lord and Dr. E. Hodson to draft memorial and solicit signatures thereto to go before the General Assembly. After some discussion of a promiscuous character it was resolved to hold another meeting at Vienna on Saturday 17th inst., at 10 o'clock A. M. and that the Secretary invite the President and Directors of the D. & D. R. R. to be present and participate in the meeting.

On motion it was ordered that the proceedings of the meeting be published in the County papers. After which on motion the meeting adjourned to meet again at the time and place aboved named. Vienna Feb. 10th 1872. R. J. PRICE, Sec.

MANHOOD:
HOW LOST, HOW RESTORED,

JUST published, a new edition of **Dr. Culverwell's Celebrated Essay** on the *radical cure* of certain weaknesses, the effects of Errors and Abuses in early life.

The celebrated author, in this admirable essay, clearly demonstrates from a thirty years' successful practice, that the alarming consequences of such errors and abuses may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, & effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and *radically.*
