## *The St. John's Church Lottery.*

THE Managers of St. John's Church Lottery feel themselves under great obligations to the public, and their friends in general, for the encouragement they have met with in the sale of their tickets; they also inform the public, that they have yet on hand, from a correct statement, 985 tickets, from which the managers wish the adventurers in this scheme to judge whether they have acted with impropriety or not in postponing the drawing. The managers do not pretend to continue drawing until a sufficient number of tickets are sold to warrant its completion; but when half the number on hands is disposed of, they will again commence; and the public may then depend that they will continue to draw at least 500 tickets or upwards a day, until the drawing is completed.

A little more than one and one-third of a blank to a prize—subject to a deduction of *fifteen* per cent.

From the advantages of the Scheme itself, there being only a little more than 1⅓ blank to a prize, and the certainty of the drawing being finished the first of any that is at present offered in the city, the managers are induced to believe that the tickets remaining on hand will be disposed of in a short time.

Timely notice will be given of the commencement of the drawing.

The prizes in the above lottery will be paid to the fortunate adventurers thirty days after the drawing is completed—those prizes not demanded within twelve months after the drawing, will be considered as relinquished for the benefit of the church.
