THE Valuable ESTATE called Cearns Point—It contains about one thousand acres of land, situated on Patapsco river, about eight or nine miles below this city, in Baltimore county. One tract extends on the river more than a mile from the mouth of Bear creek, to another creek below, and contains about seven hundred acres of very uncommon fertile soil, with a valuable proportion of timber land, on which are various kinds of the most valuable trees. Also is offered,

Another tract not half a mile distant from the above, containing about 300 acres of soil equally valuable, with a considerable proportion of heavy timber.

To accommodate purchasers the above tracts may be divided into smaller farms. "Air-Pump Vapor-Bath."

THE following are a few cases out of a great number which have occurred during the proprietor's practice in America, and which he flatters himself will be considered sufficient to convince the afflicted in particular, and the public in general, of its efficacy in disease, more especially in *many* where medicine can have no beneficial effect without its powerful agency:

GOUT.

A gentleman about 60 years of age, who had been troubled with this disease upwards of 35 years, was relieved from a severe paroxysm by three applications.

Another about 45 years of age, who had been subject to this disease many years, was also relieved from a severe paroxysm in the course of a few applications. It is to be remarked, that when this apparatus is applied to persons afflicted with this disease, that debility (the general consequence) does not ensue.

Another about 35 years of age, who had been lame upwards of three months, after a fit of this disease, arising from debility, was perfectly relieved by three applications.

Another about 25 years of age, who had been lame upwards of three months, arising from debility succeeding a fit of the gout, was relieved by two applications.

PALSY.

Another about 40 years of age, who had been afflicted with this disease upwards of 15 months, during which time he never articulated a single word, or even turned in bed without assistance, was cured by the application of this apparatus. His whole right side was affected; the fingers of his right hand were much contracted; his leg he could raise no higher than to carry his foot to his mouth; his left side was also affected from the knee to the extremeties—In the course of a week his speech was restored, in one month he walked with the assistance of crutches, at the end of two he needed only the assistance of a stick.

A lady about 40 years of age, who had been afflicted with this disease upwards of three years and an half, in the course of which time she had not recovered the use of her feet; the use of her right hand was, however, not restored, for during that space of time, she had never been able either to cut her victuals, use a pen, or even pick a pin in any part of her dress; her side had not recovered but very little of its natural warmth; her hand she could raise no higher than the crown of her head—In the course of one month the lady was restored to health and the use of her limbs.

RHEUMATISM.

A gentleman about 27 years of age, who had been afflicted upwards of 21 months with the disease, after trying various remedies without success, had recourse to this apparatus. He was affected in his feet and ancles, in his back, shoulders and loins, to a most violent degree, and at the same time labored under a very severe strangury. He was so extremely ill that he could not remain from off the bed more than half an hour at a time—In less than one month he received perfect cure

Another about 30 years of age, who had been afflicted more than six months with violent constrictions across the chest, rheumatic pains in the neck, back and loins, accompanied by a general debility; his skin parched, hard and dry—was cured by three applications.

Another about 50 years of age, who had been afflicted upwards of five years with rheumatic pains in his head (and that to a most violent degree at every change during the winter month from open to cold weather) was cured by three applications.

Another about 45 years of age, who had been afflicted upwards of three years with swelling his legs and ancles, attended with inflammation, for which he had found no relief, was cured by six applications.

Another about 36 years of age, who had been lame upwards of six months, in consequence of a sprained ancle, and which was very much swelled and inflamed, was cured by three applications.

A young woman about 22 years of age, who had been deprived of the power of using her needle for upwards of nine months, (of the cause she could give no account) was cured by two applications.

Aware of the delicacy necessary in mentioning names, their insertion is omitted, as the proprietor has the privilege of making personal references whenever he finds it requisite. All persons desirous of further information respecting the nature and effects of this Bath, will please to apply to Mr. HEBERT, (Proprietor,) No. 1 Calvert-street.
