THE Valuable ESTATE called Sparrow's Point—It contains about one thousand acres of land, situated on Patapsco river, about eight or nine miles below this city, in Baltimore county. One tract extends on the river more than a mile from the mouth of Bear creek, to another creek below, and contains about seven hundred acres of very uncommon fertile soil, with a valuable proportion of timber land, on which are various kinds of the most valuable trees. This, with its convenience to so flourishing and well established a market, must render it an interesting object to any who may be inclined to purchase land so truly valuable.

Also is offered,

Another tract not half a mile distant from the above, containing about 300 acres of soil equally valuable, with a considerable proportion of heavy timber.

To accommodate purchasers the above tracts may be divided into smaller farms. And the many advantages that they command will be better ascertained by viewing them, than offering any further description, as they are too numerous to be pointed out by an advertisement. Apply to the subscriber at No. 11, Charles-street, who will furnish plats of the above, and treat with any who may be disposed to purchase.

VALUABLE LANDS

FOR SALE.

On the 23d day of May next, will be exposed to public sale, on the premises, all that very valuable body of LAND, usually called the White Marsh, lying in Sassafras Neck, in Cæcil county—containing about 1075 acres, part of the real estate of colonel James Brice, late of the city of Annapolis, deceased.

THIS Land is esteemed by those who are best acquainted with it, to be equal, if not superior, in quality and situation, to any in that county, and is peculiarly well adapted to the cultivation of wheat, corn, and other grain. It is at present divided into three handsome Farms, each of which has abundance of wood, and a suitable proportion of meadow-lands. The improvements on the middle farm consist of a good Dwelling-House, Barn, stables, and other out-houses. Those on the other two consist only of Negro-quarters, built of logs. On a corner of the middle farm is a Store-house, Granary, and a comfortable dwelling-house, situated at the intersection of two public roads. The Store, &c. with about three acres of ground, is at present under rent at 60l. per annum, and is esteemed an excellent stand for business, especially in the Grocery line.

The above land is situated about six miles from Frederick-Town, on Sassafras River, and about thirteen miles from Appoquiniminik, the latter of which is a steady good market for Wheat. It is probable that the Canal, which it is in contemplation to cut between the Chesapeake and Delaware, will enhance its value. This property will be sold on one body, or divided in such parcels as may best suit the purchasers. The terms of sale, will be, one half of the purchase money, to be paid in 15 months, the residue in 2 years; the whole to bear interest from the day of sale, and bonds, with approved security, to be given for the same—Mr. Gasaway Walkins, manager, residing on the middle Farm, will shew the Lands to those inclined to purchase.

ITCH.

TO lessen the miseries of mankind, and to raise a reputation on the broad basis of doing good has long been the study of the scientific and humane. The satisfaction of serving the afflicted is a charming treat to the feelings; and too delicious ever to be rejected. Though the disorder is not dangerous, yet its consequences are must to be dreaded, as an afflicted applicant, in such a case, would be denied the privilege of a bath. This disorder has met with a specific in Dr. Church's SCOTCH OINTMENT, which radically cures in four hours, contains not a particle of mercury, and may be applied to the tender infant at the breast. Sold by appointment at RICE's Bookstore, No. 57, corner of Market and South-streets.

December 19. eo6t‖

"CHILDREN are like arrows in the hand of the Giant: blessed is the Man that hath his Quiver full of them, he shall not be afraid to meet his enemies in the Gate."

NUPTIAL CEREMONY

AS few disorders have been more fatal to children than Worm Fevers, it is high time to put a stop to its malignancy. Much has been expended in miniatures and profiles to preserve a silent likeness; but to retain the sweet original has been the duty of those, who, well acquainted with the Materia Medica, have kindly interfered, and rescued those pretty creatures from early fate. Can there be a more pleasing sight than to behold a man surrounded by his family, pledges of his affection, and rising pillars of future hope? and yet some, somehow or other, from want of confidence or attention, have lost the opportunity of preserving what has been acknowledged too late, was dearer than life. Whatever has been of service to the afflicted, is entitled to commendation; but among the numerous candidates for public esteem, (without depreciating the merits of others) permit us to select the name of James Church, M. D. whose medicines have stood the test, and whose reputation has exceeded his envied span of life.

These salutary preventatives, under the name of VERMIFUGE LOZENGES, are faithfully prepared from the doctor's original recipe.

A fresh supply of the Lozenges are just received from Church's dispensary, New-York, and for sale by J. RICE, No. 87, corner of South and Market-streets, Baltimore.
