— Fertilizer —
In order to promote the growth of grass in sodding it is necessary to have a pit where lots of stuff could be thrown to rot & make fertilizer. Ordered

— Rustic Chairs —
That the old seats at the cemetery were behind the time and thought it in order to look around for something cheap in that line.

— Public Ground. —
Something to take the place of — Thought it practicable to do away with the unsightly portion used for that purpose at present. Suggested two remedies, one for graves in select ground under perpetual care to be numbered & sold for $15 a grave; or a portion subject to such a plan as the trustees may draft with $1.50 added to present rates for marble marker to be numbered. Ordered.

— Mrs. Wright —
Committee reported that they had waited on Mrs. W. & that she had to divide the silver offering with Trinity choir.
