Sept. 6, 1906.

Bimonthly meeting of the Trustees of Sharp St. Ala. M. E. Church

Present:- Rev. Hughes, Keene, Tripp, Butler, Hardy, Amack, Smith

Opened according to rule.

Secretary stated that Messrs Miller & Hoshall in drilling for water, had struck solid rock. Mr. Miller was present and had sought talk with trustees about the matter. He did not think it advisable to attempt to drill through the rock. If we did the charge would be $3.50 per foot which is 50 cents less than the usual price. That in digging before they struck a stream about 60 feet which he thought would yield 5 galls. per minute. The Board ordered Mr. M. to dig in another place. In consequence of our troubles he agreed to reduce the price to $2 per foot for labor & 2½ inch galv. pipe.
He will furnish the small pipe & pump and put it in working order for which the charge will be extra.
