and that we shall never have any more trouble hunting for water.

Members Supporting the Church.

We are credited with having 1100 members. We find by reference to our subscription list under this new plan, that we have 509 subscribers, only about 400 of whom have paid. About 50 who have not subscribed have contributed in the rallies, showing that only 450 members out of 1100 are supporting the work so far as the Trustees' branch of it is concerned.

Cemetery.

Our cemetery has not only held its own, but has shown a small increase over previous years. A great many of the visitors speak in favorable terms of the improvements and of its present condition. We hope to be able to continue the improvements.

Hullville Mission.

The male members were called together a short time ago by order of the board of Trustees to consider the question of backing certain necessary improvements on Hullville Mission. We are pleased to note that the work is now well advanced, and if the weather will permit, we think it will be completed within 2 weeks. Through our influence they obtained a loan of $600.00, which will about complete the work.
